## **Introduction**

### **ANALYSIS OF THE PUBLIC ACCOUNTS**

DEPARTMENT OF FINANCE,  
OTTAWA, December 20, 1946.

The Honourable D. C. ABBOTT,  
Minister of Finance.

SIR,—In accordance with section 38 of the Consolidated Revenue and Audit Act, 1931, I have the honour to submit to you herewith the Public Accounts of the Dominion of Canada for the fiscal year ended March 31, 1946.

## INTRODUCTION—ANALYSIS OF THE PUBLIC ACCOUNTS

### A. INTRODUCTORY REMARKS

The purpose of this introduction is to present in summary and comparative form the Dominion's financial transactions for the fiscal year 1945-46 in such a way as to assist the reader to grasp the significance of the voluminous details to be found in Parts I and II of the Report. With reference to war expenditures, although hostilities ended during the early part of the fiscal year, actual outlays on account of war and expenditures pertaining to demobilization continued on a large scale throughout the greater part or all of the year. It is impossible to separate the accounts as between "war costs" and "demobilization costs." Accordingly, the war expenditure tables appearing in this introduction which include cumulative totals from 1939 up to March 31, 1946, will show the combined war and demobilization costs. Most of the figures on these pages have been rounded off to the nearest hundred thousand dollars. Those who wish to pursue details will find them within Parts I and II.

The pages that follow will present, with appropriate comments upon the more significant aspects of each item: the Dominion's balance sheet; a brief summary of the expenditure and revenue statement; a statement of the budgetary deficit or the increase in net debt; a more detailed summary of expenditure; a similarly expanded summary of revenue, the percentage distribution of revenue and expenditure; a statement showing total requirements for, and sources of, cash by fiscal years in the period April 1, 1939 to March 31, 1946, divided between "war and demobilization" requirements and "non-war" requirements and showing how these were financed, and the indirect or contingent liabilities of the Dominion. Comparative figures are given for the fiscal year, 1944-45, and wherever practicable comparative totals for the seven fiscal years ended March 31, 1946.

### B. THE BALANCE SHEET AS AT MARCH 31, 1946.

The first table to be shown is the balance sheet of the Dominion of Canada in summarized form for the fiscal years ended March 31, 1946, and March 31, 1945, and for the last pre-war year ended March 31, 1939.

#### (1) Important Items in the Balance Sheet as at March 31, 1946.

The balance sheet of the Dominion is shown in Part I, pages 2 and 3. It is given on a comparative basis, disclosing not only the amount of each item at the close of the fiscal year 1945-46, but also the corresponding amount at the close of 1944-45, and the change during the year. A reference number is given to each item, and, on pages 4 to 7 there is an explanatory note for each. Table I gives the same information in abbreviated form and the position at March 31, 1939 as well; the same reference numbers have been used as in Part I.

It will be noted that the aggregate liabilities of the Dominion amounted to \$18,959·8 million at March 31, 1946, an increase of \$3,247·7 million during the year. Nearly 89 per cent of the aggregate liabilities is represented by funded debt (including Treasury Bills, Deposit Certificates, and the estimated refundable portion of the personal income tax and the excess profits tax). Fortunately, however, the part of the funded debt which is payable in foreign currencies is less than 1·1 per cent of the total—the equivalent of \$11·8 million in London and \$178 million in New York out of a total of \$16,807·2 million. Floating debt (which consists of outstanding cheques

and interest, matured funded debt outstanding, and similar demand liabilities) was only \$182.4 million, an increase of \$17.3 million from the comparable figure a year previously. Sundry funds deposited with the Receiver General or held in trust for various purposes amounted to \$1,366.4 million, and the amounts at the credit of a number of insurance, pension and guaranty funds totalled a further \$458.0 million. The remaining items on the liabilities side of the balance sheet are: deferred credits (balances whose ultimate accounting treatment is known, but which are held until certain conditions are met), \$25.3 million; sundry suspense accounts (where some uncertainty as to disposition exists), \$66.5 million; provincial debt accounts (settlements arising out of the agreements at the time of Confederation), \$11.9 million; and reserves for certain contingencies (excluding the reserve for the revaluation of active assets), \$42.1 million.

NOTE: Due to rounding off, the columns may not add exactly to the totals shown.

<sup>1</sup> See page 2 for full details with respect to 1945-46 and 1944-45.

<sup>2</sup> Less than \$50,000.

<sup>3</sup> See also item 15, reserves for certain contingent liabilities, and footnote thereto.

<sup>4</sup> Excluding the reserve for possible losses on ultimate realization of active assets, which has been deducted from total active assets.

Offsetting these liabilities (and in a measure explaining their existence, because a substantial portion of the Dominion's debt is attributable to the loans, advances, and investments which form a large part of the assets) are what are known as Active Assets. Essentially, they consist of earning assets (that is, assets which yield interest, profits or dividends) together with very liquid assets such as cash and bullion.

The principal active assets at March 31, 1946, were: cash, \$808.6 million; departmental working capital, \$9.3 million; recoverable loans and advances, \$3,535.9 million (including loans and advances of \$699.5 million to the Canadian National Railways, of \$1,550.0 million to the Foreign Exchange Control Board, and of \$817.3 million to the United Kingdom and various foreign governments, all arising largely out of the war); investments, \$214.7 million; provincial debt accounts (like the liability item already mentioned, this is part of the settlements arising out of the Confederation agreements), \$2.3 million; deferred charges (the cost of loan flotations, in process of being amortized over the life of the loans), \$92.5 million; and sundry debit suspense accounts, \$1,025.0 million.

The non-active assets will be described in Section D below, in connection with the net debt.

### **(2) Balance Sheet Changes during the Fiscal Year 1945-46.**

The changes in the balance sheet in any year are of two distinct types: (a) changes in the net debt (item 8 of Table I), which result from the net effect of the annual revenue and expenditure in producing a deficit or a surplus; and (b) more or less autonomous changes in assets and liabilities. The former type will be explained in Section D below, which is entitled "The Deficit or Increase in Net Debt." With respect to the latter type of change, the Government is frequently called upon to make loans or investments of various kinds in carrying out its policies, or otherwise to acquire active assets, and from time to time it realizes on assets previously acquired. These activities are quite outside the field of annual expenditures and revenues in the strict accounting sense, though of course they must be authorized by Parliament in exactly the same way as expenditures and normally they are related to or complement them. Similarly the changes in liabilities, while they may be affected to an important degree by governmental actions, are in most cases quite unrelated to the annual revenues and expenditures.

The fluctuations in cash need no explanation since it is a residual item dependent mainly on the timing of the receipt of revenues and the proceeds of borrowing operations, on the one hand, and the rate of cash outlay, on the other. Similarly, changes in departmental working balances relate mainly to changing volume of work in progress.

The annual changes in loans and advances for 1944-45 and 1945-46 are given in Table II, with a summary of the principal changes in loans and advances from 1939-40 to 1945-46. Some further detail is given in Section H of this Introduction, which analyses total requirements for and sources of cash. Complete details will be found in the departmental sections of Part II insofar as 1945-46 is concerned, and in the corresponding sections of the Public Accounts for 1944-45. The table follows.

<sup>1</sup> Less than \$50,000.

<sup>2</sup> Includes some departmental accounts too small to appear in this table.

<sup>3</sup> Composed largely of Department of National Defence accounts for the United Kingdom and other governments.

<sup>4</sup> Balance outstanding at December 31, 1945, repaid out of advance to Central Mortgage and Housing Corporation.

<sup>5</sup> In addition to the two items shown there are write-offs of Canadian Farm Loan Board stock each year, also of Department of Mines and Resources, seed grain and relief accounts, but the amounts are relatively small.

It will be noted from Table II that the net change in Loans and Advances to the United Kingdom and Other Governments during the year was a reduction of \$334.5 million, or from \$1,151.8 million to \$817.3 million. Schedule F to the Balance Sheet gives the details by countries, and of course further details concerning these loans and advances may be found in Part II of the Report. The largest single change in this category during 1945-46 occurred in Item No. 17 of the table. This reflects the cancellation, under authority of the United Kingdom Financial Agreement Act, 1946, of the amount charged as a liability of the United Kingdom to Canada under Air Training Plans Nos. 1 and 2. The amount of the United Kingdom's liability under Plan No. 1 had been established at \$200 million. The amount of \$249.5 million previously carried as an indebtedness under Air Training Plan No. 2 was reduced to \$225 million by eliminating expenditures properly chargeable to other appropriations. Under the terms of the Act, therefore, the aggregate amount owing under the two plans was agreed to be \$425 million and this amount was cancelled.

The United Kingdom repaid \$63.9 million of its loan under the War Appropriation (United Kingdom Financing) Act, 1942, leaving a balance outstanding at the fiscal year end of \$538.6 million. The Government of the Union of Soviet Socialist Republics repaid \$2.5 million of the \$10 million loan made for the purchase of wheat. Advances made to the Government of the United Kingdom under Section 3 of the War Appropriation Acts for the purchase of food and other essential supplies decreased during the year by \$10 million.

Advances made during the fiscal year to foreign governments and their agencies pursuant to agreements made under the Export Credits Insurance Act, totalled \$67.4 million made up as follows: Belgium, \$25 million; Czechoslovakia \$3.2 million; the Netherlands \$25.1 million; the Netherlands Indies \$1.8 million; Norway \$9.5 million, and the Union of Soviet Socialist Republics, \$2.8 million. Other large advances made under Section 3 of the War Appropriation Acts and outstanding at the end of the year were: Belgium \$2.0 million; France \$88.3 million; the Netherlands \$12.9 million; the Union of Soviet Socialist Republics \$8.8 million, and the United Kingdom \$32.2 million.

There is another item in the table—Item No. 1, Loans and Advances to the Canadian National Railways—which is of sufficient interest to warrant more detailed treatment for the fiscal year 1945-46 especially as the figure in this table is the net result of many transactions, some of which also appear in the revenue and expenditure tables. These transactions are summarized as follows:

#### Advances—

Under Canadian National Railways Refunding Act, 1944—for retirement of called or maturing issues.....	\$ 65,500,000
Under Canadian National Railways Financing and Guarantee Act, 1940—Purchase of Grand Trunk Railway Company of Canada 4 per cent Perpetual Consolidated Debenture Stock.....	79,645

--	---------------------------

Net Total Payments on account of Loans and for Equipment Purchased...	<hr/> \$ 43,613,797 <hr/>
---	---------------------------

It will be noted that the amount of the 1945 Net Income Surplus of the Railway applied to advances was \$24,756,130. This item less a capital loss on abandonments of \$2,125,088 appears on both sides of the revenue and expenditure statement and is a bookkeeping adjusting entry to show the value of the C.N.R. Securities Trust Stock on the Dominion's books at the same amount as on the books of the company. It records the change in the Dominion's equity in the railway.

The changes in the remaining items on the asset side are largely self-explanatory, except for changes in the net debt which will be dealt with in Section D.

On the liability side of the Dominion's balance sheet the changes are also largely self-explanatory. Floating debt increased by \$17.3 million. Deposit and Trust accounts increased by \$372.8 million, of which the two special accounts in the name of the Minister of Finance opened for custody purposes accounted for \$312.4 million. Insurance, Pension and Guaranty accounts increased by \$51.5 million. The increase in the Funded Debt reflects the excess of expenditure over revenue as well as the increase in active assets. This will be discussed in more detail in connection with the analysis of requirements for and sources of cash presented in Section H.

## C. SUMMARY OF EXPENDITURE AND REVENUE

The heavy war and demobilization expenditures and the large increase in revenues to finance in part such expenditures reflect the magnitude of Canada's participation in the war in terms of dollars. In 1939-40 total expenditures were \$680.8 million including war expenditure of \$118.3 million or 17.4 per cent of the total; in 1945-46, total expenditures were \$5,136.2 million, of which war and demobilization expenditures were \$4,002.9 million or 77.9 per cent. For the period of seven fiscal years ended March 31, 1946, total expenditures were \$23,906.7 million, of which war and demobilization expenditures were \$18,942.6 million, or 79.2 per cent. Revenues rose from \$562.1 million in 1939-40 to \$3,013.2 million in 1945-46. In 1939-40 the excess of expenditure over revenue was \$118.7 million. This contrasts with a corresponding excess of \$2,123.0 million in 1945-46. For the seven-year war period this excess amounted to \$10,268.8 million. Table III follows:

<sup>1</sup> The distinction between "war" and "non-war" is arbitrary; "war expenditure" means charges to The War Appropriation Acts and "non-war" means all other expenditure.

<sup>2</sup> Excluding administration which is included in item 7.

In any analysis of the foregoing table, it should be remembered that "war expenditure" simply means those expenditures charged to the various war appropriations. Certain increases, such as payments under the Dominion-Provincial Taxation Agreements, and increases in interest on the public debt, to mention only two items, are directly attributable to the war, but are included in the non-war expenditure section. Of course, certain pre-war expenditures have either been reduced or have disappeared entirely because of the war. One case in point is the improvement in the finances of the Canadian National Railways which resulted in a deficit being converted into a surplus.

Table IV which follows shows the cumulative expenditure and revenue figures from September 1, 1939, to March 31, 1946. Due to the fact that the books of the Dominion are kept on a fiscal year basis, and also because certain earlier expenditures and commitments were made but not recorded at September 1, 1939, the figures which appear in this statement must only be regarded as approximate.

Subject to the qualification that certain entries after August 31, 1939, may be considered to relate in part to the period from April 1 to August 31, 1939.

## D. THE DEFICIT OR INCREASE IN NET DEBT.

### (1) The Nature of the Net Debt.

The net debt is made up of two parts. One of these comprises capital and non-active accounts. Included as "Capital" are only those items paid for out of appropriations classified as Capital Expenditure in the annual estimates. Non-active accounts are those items of expenditures by way of advances, investments and accounts receivable which, in the main, are neither consistently revenue producing nor of a liquid nature. The other part of the net debt is the Consolidated Deficit Account which is the account to which the annual deficits or surpluses since Confederation have been carried. A deficit in any fiscal year must result in a corresponding increase in the net debt of the Dominion, for it can only be covered by an increase in liabilities or a decrease in active assets. Conversely a surplus of revenue over expenditure reduces the net debt.

### (2) The Increase in Net Debt during the Fiscal Year Ended March 31, 1946.

For the fiscal year ended March 31, 1946, the deficit or increase in net debt was \$2,123.0 million. Table VI shows how this increase in net debt was made up and compares it with that of the preceding fiscal year. It also gives the total increase in net debt during the seven fiscal years commencing with the year ended March 31, 1940, the first year reflecting war expenditures. As will be explained more fully in Section H below, the deficit should not be confused with the cash deficiency or the net cash requirements. It is simply the net amount by which the liabilities of the Dominion have increased during the year assuming that all active assets are realizable.

## E. ANALYSIS OF EXPENDITURE.

## (1) Ordinary Expenditure.

Interest on the public debt continues to be the largest single item of ordinary expenditure, amounting to \$409.1 million in 1945-46. This is not a large proportion of total expenditures of \$5,136.2 million or of total revenues of \$3,013.2 million—only 8.0 per cent and 13.6 per cent respectively. It is a much smaller proportion of national income, and this is a much more significant comparison as the interest payment is important mainly as a claim upon income.

It has already been noted moreover that a substantial portion of the Dominion's funded debt is attributable to the acquisition of earning assets. That being so, it is proper to deduct the interest or other return from these investments from the total interest paid out and examine the remainder or net interest payment. The amount will be found at item 2, Table XVI, page XXXIV under the heading "Return on Investments". In 1945-46 it was \$70.9 million, so that the net interest payment was only \$338.2 million. This is 6.6 per cent of total expenditures or 11.2 per cent of total revenues for the year.

Table VII presents the figures relating to the gross and net burden of interest on the public debt for the last ten fiscal years. It will be noted that as a proportion of total expenditures the net interest burden has declined from 23.5 per cent to 6.6 per cent and that there has also been a more rapid decline in the interest which is payable in foreign currencies.

<sup>1</sup> Including interest payable optionally in Canada or New York.

Adding the annual amortization of bond discounts and commissions, the cost of new loan flotations, and certain service charges to the figure of \$409.1 million of interest payments, gives a total of \$437.6 million for all public debt charges during 1945-46. In addition, however, \$20.7 million in discounts and commissions on loans issued during the year were added to Deferred Charges, to be amortized over the life of the respective loans. The comparable figure for public debt charges in 1938-39, was \$133.1 million; the increase during the intervening period is attributable to borrowings for war purposes.

Table VIII which follows gives a comparison of Ordinary Expenditure for the fiscal years 1938-39, 1944-45 and 1945-46, and for the seven fiscal years ended March 31, 1946.

## (2) Capital Expenditure.

Charges for expenditures classed as Capital amounted to only \$4.5 million during the year. Details will be found on page 10 of Part I and in the sections of the Departments of Public Works and Transport in Part II.

## (3) Special Expenditure.

Special Expenditure in 1945-46 amounted to \$17.3 million, compared with \$7.5 million in the previous fiscal year. This increase was due mainly to the increased payments under the Prairie Farm Assistance Act.

## (4) Government Owned Enterprises.

Expenditures under this heading may be divided into two types; payments to meet the operating deficits of business enterprises wholly owned by the Dominion of Canada which had been established before the war, and non-active loans and advances made to such enterprises. Expenditure of the former type during 1945-46 was \$0.7 million for the Prince Edward Island Car Ferry and Terminals and a relatively small amount (\$85,859.07) for the harbour at Churchill—both figures being for the calendar year 1945. An amount of \$0.6 million was provided to the National Harbours Board in non-active advances.

## (5) Other Charges, Including Write-Down of Assets.

Total charges so classified aggregated \$48.2 million. The largest item in this category is the amount of \$25 million, which has been added to the reserve to meet possible losses on the ultimate realization of active assets. This is the same amount as has been provided in the five previous fiscal years and the total reserve therefore now amounts to \$150 million. The annual write-off from active assets of Soldier and General Land Settlement Loans amounted to \$35.517 and the cancellation of Canadian Farm Loan Board Capital Stock amounted to \$962. Provision was made for a reserve of \$464,175 for conditional benefits under the Veterans' Land Act. These reserves, and the two write-offs resulted in a proportionate increase in the Dominion's net debt.

There was written-off from non-active assets an amount of \$45,436 representing the yearly established losses on Seed Grain and Relief account administered by the Department of Mines and Resources. As this account is classified as a non-active asset and therefore included in the net debt of Canada it is offset by a similar amount on the Revenue side under "Other Receipts and Credits."

The remaining items in Other Charges totalling \$22.6 million, relate to the Canadian National Railways Securities Trust Stock. The value of this stock which represents the Dominion's equity in the Canadian National Railways increased during the year by \$24.7 million, due to the surplus earnings of the System for 1945, less \$2.1 million due to capital loss on line abandonments and retirements of rolling stock during the year. The Canadian National Railways Securities Trust Stock is carried in the Dominion's books as a non-active asset, and thus the net debt of Canada is not affected by these transactions.

### (6) War and Demobilization Expenditure.

Total expenditures from the War Appropriation Act, War Expenditure and Demobilization Appropriation Acts and other acts authorizing expenditures for war purposes amounted to \$4,002.9 million during the fiscal year 1945-46. The total war and demobilization expenditures, not including amounts charged to Active Assets from the beginning of the war to the close of the fiscal year 1945-46 amounted to \$18,942.6 million. Table IX which follows shows the more important items under the various departments for the fiscal year 1945-46 together with corresponding figures for 1944-45 and for the total war period.

<sup>8</sup> \$19.1 million included in Ordinary Expenditure.

As previously mentioned Table IX does not include recoverable outlays made under the provisions of Section 3 of each of the War Appropriation Acts, which are classed as Active Assets rather than expenditure. Under this section the Government of Canada was empowered to act as the agent of an allied government for any purpose designed to aid directly or indirectly in the prosecution of the war and to pay out of unappropriated moneys in the Consolidated Revenue Fund any obligations or costs temporarily incurred or assumed.\* In addition, the Government of Canada was authorized to pay out of unappropriated moneys any expenditure required to be made under any contract for war supplies entered into for the purpose of enabling any company wholly owned by the Government to fulfil its obligations in respect of orders received by such company from an allied government. For these reasons war and demobilization expenditures as used in table IX must not be confused with total cash requirements for war purposes during any fiscal year. It is the total of all outlays including those that will be recovered or which reduce previously existing liabilities which must be taken into account when considering financial requirements.

From Table IX it will be noted that total war and demobilization expenditures for 1945-46 amounted to \$4,002.9 million compared with \$4,418.4 million for the previous year. Aside from the increase in expenditures by the Department of Veterans Affairs, particularly on account of gratuity payments, there were a few new items of expenditure which call for special mention.

Item No. 56 of the table covers an amount of \$425 million representing the cancellation under authority of the United Kingdom Financial Agreement Act, 1946, of accumulated liabilities of the United Kingdom under the British Commonwealth Air Training Plan previously carried in the Dominion's books as advances.

A new item (No. 41) under the Department of Reconstruction and Supply represents the costs in connection with termination of war contracts, more fully dealt with under Part II of the report. The amount involved was \$151.8 million.

Expenditures by the Department of National Defence for its three services amounted to \$1,715.7 million, compared with \$2,938.4 million in the previous fiscal year.

The amount of gratuity payments and re-establishment credits paid out by the Department of Veterans Affairs during the year totalled \$239.5 million. This represents a substantial increase over the expenditure of \$20.2 million incurred for the same purposes in 1944-45.

Expenditures to provide Canada's contributions to UNRRA amounted to \$142.9 million during the year. This amount, together with \$11.1 million expended during the previous year, completed the total of \$154 million which Canada agreed to provide.

Mutual Aid expenditures, including the settlement of outstanding accounts for deliveries in the previous year and the cost of certain supplies on hand and surplus at the end of hostilities, amounted to \$766.9 million. A table giving an analysis of these expenditures appears in Part II of the report. The distribution by countries was as follows:

## F. ANALYSIS OF REVENUE.

### (1) Total Revenue.

The grand total of revenues of the Dominion Government for the fiscal year ended March 31, 1946, was \$3,013.2 million, representing an increase of \$325.8 million from the previous year. Revenue from tax sources increased by \$47.7 million, revenue from non-tax sources increased by \$15.3 million and from special receipts by \$262.8 million.

Tax revenues again reflected the predominance of direct taxes on incomes and profits characteristic of the war years. Almost 63 per cent of total tax revenue was derived from direct taxation as compared with 32.6 per cent in 1938-39, the last pre-war year.

The amount of reserve established in the fiscal year under review for the refundable portion of income and excess profits tax was \$72.5 million of which \$5.0 million was in respect of personal income tax and \$67.5 million in respect of the excess profits tax. This reserve has been deducted in arriving at the revenue total given above. When added to the reserves previously set aside, this addition brings the gross total liability established at March 31, 1946, to \$265.0 million for refundable personal income tax and \$252.0 million for excess profits tax, or a gross total of

\$517.0 million. After deducting repayments of refundable taxes made to March 31, 1946, the net liability as at that date amounted to \$515.7 million. The distribution of the gross reserves of the two taxes by the taxation years to which they relate is now estimated as follows:

Taxation Year	Refundable Personal Income Tax	Refundable Excess Profits Tax
	\$	\$
1942.....	58,000,000	31,200,000
1943.....	135,000,000	67,500,000

\* Corporation fiscal years ending in 1946 prior to March 31st.

Revenues for the year classified by major categories are presented in Table XI with corresponding figures for previous fiscal years. The table also shows total revenues by major categories for the seven fiscal years ending March 31, 1946 and the seven fiscal years ending March 31, 1921, corresponding roughly to the war and demobilization period of World War II and World War I respectively.

<sup>3</sup> After deducting \$517.0 millions in respect of refundable taxes.

**(2) Direct Taxes on Incomes.****(a) Taxes on Personal Incomes.**

The personal income tax which yielded \$691.6 million, was again the largest single source of tax revenue, although yielding \$76.2 million less than during the previous year. This decrease reflected the 16 per cent reduction in tax effective from October 1, 1945, as provided in the budget of 1945 and in part the moderate decline in incomes which followed the end of the war. The decline due to these causes was, however, partly offset by the recovery of family allowance payments from taxpayers through deduction at the source, which was in effect during nine months of the fiscal year 1945-46.

Mention has been made previously of the reserves now established for the refundable portion of the personal income tax. The additional amount of \$5.0 million set aside in 1945-46 represented an increase in the reserves provided previously against the years 1942, 1943, and 1944, when this tax was in effect and brings the net total liability at March 31, 1946 to the amount of \$263.7 million.

**(b) Corporation Income Tax and Excess Profits Tax.**

Corporation income tax and the excess profits tax are both levied on business profits and may appropriately be discussed together. The yield of the corporation income tax amounted to \$217.8 million, and revenue from the excess profits tax to \$494.2 million, giving a combined total of \$712.0 million compared with a combined total of \$742.2 million in the previous year. This decline reflected principally a moderately lower level of corporation profits in 1945 and to a minor degree the changes in the excess profits tax introduced in the 1945 budget. The nature of these changes was such that their main effect will be felt in the fiscal year 1946-47.

The amount of refundable excess profits tax reserve has been shown previously in tabular form by the individual taxation years to which the total applies. The liability to pay this tax has been lifted in respect of profits earned after January 1, 1946, but must be paid by any company having a fiscal year ending after that date on the proportionate part of its profits falling in the calendar year 1945. The full final liability for the refundable excess profits tax, therefore, has not yet been established, as companies having a part of their fiscal year falling in the calendar year 1945 will be required during 1946 to pay this tax on a part of their profits proportionate to the portion of their fiscal year which was included in 1945.

**(c) Taxes on Interest, Dividends, Rents and Royalties.**

Revenue under this heading is derived from special taxes imposed largely on income going to non-residents of Canada under authority of Section 9b of the Income War Tax Act. In 1945-46 revenue under this heading amounted to \$28.3 million and was derived principally from the 15 per cent tax on interest and dividends paid to non-residents.

<sup>3</sup> Excluding the estimated refundable portion amounting to \$265 million for Individual Income Tax and \$252 million for Excess Profits Tax.

**(3) Succession Duties.**

The Dominion Government has levied succession duties only since 1941, and revenue from this source has shown a gradual increase from year to year. This revenue was \$21.4 million in 1945-46 compared with \$17.3 million in 1944-45, \$15.0 million in 1943-44, \$13.3 million in 1942-43 and \$7.0 million in 1941-42.

**(4) Indirect Taxes.****(a) Customs Duties.**

Gross revenue from customs duties in 1945-46 amounted to \$174.1 million compared with gross revenues of \$173.7 million in the previous year while net revenue, after deducting refunds and drawbacks, amounted to \$128.9 million compared with \$115.1 million in 1944-45.

Very substantial amounts of customs and excise revenue have been remitted in recent years in respect of munitions and war supplies exported from Canada to allied governments either as cash sales or under the Mutual Aid Acts. These remissions reached their peak in the fiscal year 1944-45 and their decline to a lower level in 1945-46 accounted almost entirely for the increased net revenue in the latter year. In the fiscal year 1946-47 refunds and drawbacks of customs revenue will return to a normal level with the cessation of the shipment of war supplies abroad.

**(b) Excise Duties.**

Excise duties are levied exclusively on alcoholic beverages and tobacco products under the Excise Act. Total revenue in the fiscal year 1945-46 amounted to \$186.7 million an increase of \$34.8 million over the previous year. Of this increase \$19.1 million was contributed by alcoholic beverages due to an increase in consumption following the rescinding of the restrictions imposed by the Dominion Government under the Wartime Alcoholic Beverages Control Order, while tobacco products contributed \$15.1 million. The extent of the smokers' contribution to the federal treasury is indicated by the over-all revenue from tobacco products (including the yield of the additional taxes imposed under the Special War Revenue Act on tobacco, cigars, cigarettes, cigarette papers and tubes, pipes and smokers' accessories) which amounted in the fiscal year 1945-46 to over \$174.0 million, a sum equal to about 40 per cent of the total tax revenue of the government in the last pre-war year 1938-39.

**(c) Excise Taxes.**

Under this heading are included the wide variety of taxes on commodities and services levied under the Special War Revenue Act of which the sales tax and the taxes on tobacco products were the largest sources of revenue in 1945-46. Gross collections of \$610.9 million were lower by \$126.9 million than during the previous year, due in substantial part to the exemption of building materials from sales tax effective in May, 1945, and the further exemption from sales tax of machinery and apparatus used in production; and the rescinding of the War Exchange Tax in the budget of October 12, 1945. Refunds of excise taxes declined from \$194.7 million in 1944-45 to \$114.0 million in 1945-46, due to reduced remissions on munitions of war exported to our Allies, with the result that the net revenue declined by only \$46.2 million as compared with the decline in gross revenue of \$126.9 million.

The tax sources which showed the largest reductions in 1945-46 and the amounts by which revenue was reduced in each case are set forth below:—

Sales Tax .....	\$77.9 million
War Exchange Tax .....	57.0 "
Beverages .....	2.8 "
Electric and gas appliances .....	2.8 "
Sugar .....	1.8 "

Curtailment of available supplies of sugar accounted for the decline in the sugar tax and the tax on beverages. The tax on electric and gas appliances was repealed in May, 1945, and was therefore, not in effect during the greater part of the fiscal year. The reason for the reduction in sales tax and War Exchange Tax receipts has already been mentioned.

Tax sources from which increased revenue was derived, and the amounts of the increase in each case were:—

Cigars, cigarettes and tobacco .....	\$ 7.9 million
Stamps, including taxes on jewellery, chinaware, cabaret attendance, etc. ....	3.4 "
Transportation and communication .....	2.7 "

In Table XIV will be found comparative figures for revenues from the various excise taxes for the fiscal years 1945-46, 1944-45, and 1938-39, and for the seven fiscal years ended March 31, 1946.

**(5) Miscellaneous Indirect Taxes.**

Small amounts of tax revenue are derived from the tax on the note circulation of the chartered banks which decreases from year to year with the decline in notes as provided by statute; from taxes on the net premium income of insurance companies; from a tax on the export of electric energy from Canada; and from a tax on the export of furs from the Northwest Territories. Revenue from all these taxes amounted to \$9.0 million in 1945-46.

**(6) Non-tax Revenue.**

Non-tax revenues for 1945-46 amounted to \$160.8 million, an increase of \$15.3 million over 1944-45. Receipts from the Post Office totalled \$68.6 million, an increase of about \$2.6 million. The receipts from the Post Office exceeded the cost of operations by about \$10.9 million without taking into account any credit for service rendered other departments free of charge and without adding to the cost of operations, rentals and other costs of premises occupied by the Post Office. Return on Investments realized \$70.9 million, an increase over the previous year of about \$10.2 million. The larger items making up this total are: interest on advances to Canadian National Railways, \$20.6 million; Bank of Canada profits, \$22.5 million; interest on loans to Foreign Exchange Control Board, \$8.2 million; interest on bonds held in Securities Investment Account, \$9.6 million; interest on loans to National Harbours Board, \$3.9 million; interest on loans to Provinces, \$2.9 million; interest on loans to Canadian Farm Loan Board, \$0.7 million; Soldier Land Settlement loans, \$0.6 million.

**Bullion and Coinage—Royal Canadian Mint**

The revenue from Bullion and Coinage for 1945-46 as shown in Table XVI is \$5.0 million. This represents the revenue receipts, as shown by the Dominion's books, derived from the bullion and coinage operations of the Royal Canadian Mint and of the Dominion Assay Office, a branch of the Mint maintained at Vancouver for the receipt and assaying of deposits of gold produced in the Western provinces, Yukon and the Northwest Territories. (For a detailed explanation of the operations of the Royal Canadian Mint, from the accounting point of view, see the Public Accounts for 1942-43, pages xxxvii-xxxix.)

Details of these receipts for 1945-46 will be found in the Department of Finance section of Part II of this Report and may be summarized as follows:—

**Coinage operations—**

### (7) Special Receipts and Credits.

The total of Special Receipts and Credits for the fiscal year 1945-46 is \$650.0 million as compared with \$387.2 million for the previous year. Of this total \$626.6 million represents receipts developing from war expenditures and consists of Refunds of Previous Years' War Expenditures, \$496.1 million; sale of Surplus War Assets, \$42.6 million and Miscellaneous War Revenues, \$87.9 million.

A breakdown of Refunds of Previous Years' War Expenditures by Departments, with details of the larger items, follows:

Canadian Mutual Aid Board.....	\$ 3.7 million
National Defence—Army.....	13.9 “
National Defence—Navy.....	6.7 “
National Defence—Air—	

Proceeds from sales of equipment, material and supplies furnished and services rendered to other departments and other Governments, \$23.7 million; adjustments of costs of civilian operated air training schools, \$2.9 million; refunds on contracts after cost audits and renegotiation, \$4.0 million; refunds on joint operations R.C.A.F. station at Gander, \$0.9 million; Miscellaneous \$1.0 million—total.....

32.5 “

Reconstruction and Supply—Credit from Munitions Production Allotment Fund representing mainly return of working capital advances from pre-financed plants, \$326.0 million; refunds on contracts in connection with cost audits, renegotiation, and voluntary refunds, \$36.6 million; amortization of Government capital on War Supplies Limited contracts, \$55.9 million; amount transferred from Suspense upon liquidation of Government equity in plant of Sorel Industries, Ltd., \$10.1 million; Sundries, \$5.6 million—total .....	434.2 “
Sundry Departments.....	5.1 “

Total ..... \$496.1 “

It should be noted that most of these refunds of previous years' war expenditures are made out of current war expenditures of other Departments, and that consequently the bulk of these transactions are merely bookkeeping changes and not actual refunds of expenditures. There are offsetting items in the expenditure accounts corresponding to most of the refunds listed above.

In connection with the amount of \$42.6 million realized during the year through the disposal of surplus war assets it might be mentioned that it does not include residual cash balances, accounts receivable or value of inventories in the hands of War Assets Corporation as at March 31, 1946.

The larger amounts making up the total of Miscellaneous War Revenues, \$87.9 million, are receipts from the Departments of National Defence—Army, Navy and Air Services, \$3.7 million;

Reconstruction and Supply, \$77.8 million; Transport, \$2.2 million; and sundry, \$4.2 million. Included in the total for Reconstruction and Supply is the sum of \$57.9 million derived from the operation of Park Steamships Limited.

The remaining large item of Special Receipts and Credits is the sum of \$22.6 million which represents the net result of the change in the Government's equity in the Canadian National Railways for the calendar year 1945. This arises from the Government being the owner of the Railway Company at a time when the latter is using its surplus earnings to reduce its debts. The surplus earnings of the Railway Company, amounting to \$24.8 million, were paid to the Government and appear in the accounts as a repayment of active advances (see page xviii). This reduction of debt increases the net book value of the Government's investment in the Railway Company by a corresponding amount. It is offset, in part, by a book loss on capital abandonments of \$2.1 million. The remainder, \$22.6 million, is the net increase in the book valuation of the Canadian National Railway's Securities Trust capital stock. This is carried on the books as a non-active asset, and the increase in it is shown here as a special receipt. It is offset, however, by a contra item of the same amount on the expenditure side, appearing under the heading "Other Charges".

Comparative detail for the various items under Special Receipts and Credits for the fiscal years and the period used in previous tables will be found in Table XVII.

**G. PERCENTAGE DISTRIBUTION OF REVENUE AND EXPENDITURE, 1945-46.**

The following table shows the percentage distribution of estimated revenues and expenditures for a number of important items. Receipts from various taxes and other revenue sources, after deducting the \$72.5 million of income and excess profits taxes estimated as refundable, are shown as percentages both of total revenues and of total expenditures. Similarly, several of the main items of expenditure or groups of such items are shown as percentages both of total expenditures and of total revenues. The purpose of this table is to enable broad conclusions to be drawn as to the relative burdens imposed on the public treasury by the war and the main services or obligations of government.

## H. TOTAL REQUIREMENTS FOR AND SOURCES OF CASH—WAR PERIOD APRIL 1, 1939 TO MARCH 31, 1946

Tables XIX and XX present the requirements for and sources of cash for each fiscal year from April 1, 1939, to March 31, 1946. While non-cash items have been carefully eliminated in each year, the total requirements and sources are in one sense inflated in these tables by the inclusion in revenues, particularly in special receipts and credits, of items which are really refunds of expenditure rather than original revenue sources. These items effect transfers of expenditure either between government departments or between the government and the private sector. Viewing the period as a whole the greater proportion of special receipts and credits falls into this category. In view of the lack of detailed information regarding cash receipts of the above kind Tables XIX and XX follow the only practicable presentation. The practice adopted in no way affects the net cash deficiency, but the above comment indicates that the figures of total requirements cannot be interpreted as entirely requirements to be financed from sources outside the government.

Requirements are divided between war and non-war, although the distinction must rest in some cases on arbitrary decision. In the same way that no clear and unequivocal separation is possible within the period which these tables summarize, the end of the last year does not mark the end of all war expenditure. But in subsequent fiscal years, as costs which might be attributable to the war become increasingly intermingled with and overshadowed by other costs of government, they will lose both significance and identity, and the task of separation will be rendered progressively difficult and fruitless. While March 31, 1946, is therefore a convenient point at which to summarize the Dominion Government's requirements for and sources of cash for the seven fiscal years during which this country was engaged in the war and demobilization, the above comment should indicate that Tables XIX and XX do not and are not intended to present a complete and final accounting of the costs of the war.

The summary afforded by Tables XIX and XX illustrates the tremendous wartime expansion in both cash requirements and sources. With the necessity for a rapid mobilization of the country's resources, requirements increased rapidly and continuously from \$840.6 million in 1939-40 to a peak of \$5,857.1 million in 1943-44. The tremendous financial tasks which this involved for the Dominion Government are better realized when it is considered that cash war expenditures alone for this seven-year period exceed the total expenditures of the Dominion Government from Confederation to March 31, 1939. In addition to the requirements for war expenditure this seven-year period imposed heavy demands upon the Dominion Government for expanded ordinary cash requirements and other outlays, particularly foreign financing through the accumulation of foreign currencies and repatriation of Dominion foreign pay bonds. The general method of financing these extremely heavy requirements can be seen from the fact that cash revenues were used to meet approximately 47.4% of total requirements. Something of the extent to which Dominion Government revenues were increased to meet the requirements of the war period will be understood from the fact that the seven-year total for cash revenue exceeds total revenues from the time of Confederation to March 31, 1939 by \$1.3 billion.

Viewed as the summary of a critical period in the Dominion Government's financial history and as a presentation of hitherto unheard of cash requirements and the means which the government adopted to meet them, Tables XIX and XX are largely self-explanatory. In general the years from 1939-40 to 1944-45 have been discussed in previous issues of the Public Accounts, so that comment here will be limited to such qualification as is necessary for the year 1945-46 and the period as a whole.

### 1. War Requirements for Cash

#### (a) War Expenditure

The decline in cash requirements for war expenditure during 1945-46 was actually much more pronounced than appears from the total figure of \$3,623.0 million shown as war cash expenditure in Table XIX. This total includes the \$425.0 million write-off in connection with the Air Training Plan under the United Kingdom Financial Agreement Act, 1946, in addition to Army expenditure of \$71.3 million and Air Force expenditure of \$82.8 million for U.K. war claims in connection with the general settlement of claims and counterclaims between the two governments approved by the Canada-United Kingdom Settlement Agreement, 1946. These facts, together with the great increase in the payments to veterans for re-establishment credits and war service gratuities, indicate a very substantial decline during 1945-46 in the actual cash requirements for direct war expenditure. While the inclusion of the \$425.0 million write-off in

war cash expenditure with a corresponding credit in loans to foreign governments distorts the actual distribution of cash requirements in 1945-46, it does not affect the total and, as pointed out in footnote 5, Table XIX, this procedure is necessary to give the correct seven-year totals.

For the period as a whole, war cash expenditure constituted approximately 67·8 per cent and other war requirements approximately 11·6 per cent of total requirements.

#### **(b) Outlay that Increased Assets or Decreased Liabilities**

It should be observed that by far the greater proportion of these outlays involves some aspect of foreign investment. This is true, for example, of loans to the Foreign Exchange Control Board, loans to foreign governments, outlays for increased holdings of sterling or reduction of sterling indebtedness and loans to the Canadian National Railways which were largely for purposes of repatriation of securities.

For the year 1945-46 the extent of cash requirements for loans to foreign governments is as previously mentioned, understated because it includes the effect of the \$425·0 million write-off and other adjustments of U.K. liabilities connected with the U.K. General Settlement. The largest single outlay during 1945-46 was the \$700·0 million for advances to the Foreign Exchange Control Board to finance the accumulation of gold and U.S. dollars.

### **2. Non-War Requirements for Cash**

#### **(a) Non-war Expenditure**

The increase in non-war expenditure during 1945-46 was due almost completely to increases in interest on the public debt and to the initiation of family allowance payments. Neither of these expenditures, it will be observed, involves any increase in the Dominion Government's utilization of the country's resources of currently produced goods and services. Apart from these transfer payments and the payments to the provinces under the Dominion-Provincial Taxation Agreement Act, 1942, the increase in ordinary expenditures has constituted a relatively minor requirement for the whole period.

#### **(b) Outlay that Increased Assets or Decreased Liabilities**

Net outlay on active loans, advances and investments decreased markedly during 1945-46 due to the sale of Canadian bonds held in the securities investment account, which decreased \$184·4 million in 1945-46 compared with an increase of \$151·3 million in 1944-45. There were some offsetting increases in requirements, notably, loans made to foreign governments as export credits and outlays for increased holdings of gold and U.S. dollars and reduction in U.S. dollar indebtedness.

### **3. Sources of Cash**

#### **(a) Revenue Received in Cash**

Ordinary cash revenue declined only slightly during 1945-46 from the high wartime levels and special receipts and credits were at an all-time high, so that the combined total of ordinary revenue and special receipts sufficed to finance somewhat more than half of the total requirements. This continued buoyancy of revenues coupled with the decline in expenditure requirements was reflected in a substantial decrease in the budgetary deficit.

For the period as a whole, ordinary revenue and special receipts in cash provided for approximately 47·4 per cent of total requirements and 56·1 per cent of total cash expenditure.

#### **(b) Other Receipts, Except Borrowing**

A further source of cash has been available in the accumulation of balances in various suspense and deposit and trust accounts over the period. As can be seen from the balance sheet and its accompanying schedules, these accounts include such items as government annuities, pension and retirement funds, post office savings bank, etc. As a source of cash these miscellaneous receipts and credits are for the most part a type of involuntary borrowing over which the Dominion Government has no control.

#### **(c) Borrowed Funds and Borrowing Operations in Canada**

During 1945-46 domestic borrowing remained at the high levels established in 1944 and 1945, but since revenues were higher and total requirements lower, a substantial portion of this borrowing was reflected in an increase in the cash balances in domestic currency. The distribu-

tion of borrowing according to the type of lender should not be taken as an accurate representation of the present distribution of Canadian bonds. As pointed out in footnote 10, Table XX, this distribution was the distribution at the time of issue of the securities and may have changed since that time.

Domestic borrowing during this whole war period amounted to \$14,231·9 million and financed slightly more than half the Dominion Government's total requirements. This tremendous expansion in the public debt is partially offset by the very considerable increase in active loans, advances and investments, and the marked decline in Dominion foreign pay bonds. It can be seen from Table XIX that outlay that increased assets or decreased liabilities amounted to \$4,163·8 million for the whole period or approximately 15·4 per cent of total requirements.

NOTE: Due to rounding off, the columns may not add exactly to the totals shown.

Department of Munitions and Supply now Department of Reconstruction and Supply.

<sup>1</sup> Transactions classed as non-cash consist of adjustments of the valuation of assets and liabilities and the annual amortization of loan flotation charges. Certain contra items have also been omitted.

<sup>2</sup> In 1939-40 outlays and receipts in foreign currency were charged or credited at par of exchange, any difference being absorbed by Premium, Discount and Exchange Account. Since then these transactions have been converted at the current rate of exchange.

<sup>3</sup> "War Requirements" are expenditures charged to the War appropriations, and such other accounts as obviously relate to the war; "Non-war Requirements" are all other requirements.

<sup>4</sup> As in Expenditure and Revenue Account, except where otherwise indicated.

<sup>5</sup> Includes the \$425.0 million write-off to Air Training Plan and Air Settlement in 1945-46 which is offset by a credit of like amount in Loans and Advances to Foreign Governments. This procedure is necessary to give correct seven year totals although the items did not involve cash in 1945-46.

<sup>6</sup> Excludes the reserve provision for contingent liabilities of Crown Companies—\$1.9 million in 1945-46, \$31 million in 1944-45, and \$12.6 million in 1943-44.

<sup>7</sup> Excludes \$20.2 million in 1944-45 which appears in ordinary expenditure.

<sup>8</sup> These represent the net advances to Crown Agencies rather than the consolidation of the assets and liabilities of these agencies with the Dominion balance sheet.

<sup>9</sup> Computed at \$4.47 to the pound sterling; on the balance sheet foreign currency is converted at par, the difference being absorbed by Premium, Discount and Exchange Account. Does not include sterling accumulated between 1939 and 1942 to provide the United Kingdom with Canadian dollar exchange.

<sup>10</sup> Including both funded and floating debt, the former being adjusted for sinking fund holdings temporarily transferred to Securities Investment Account in order to liquidate them (where the sinking fund of a maturing or called issue held bonds of other issues). Excludes the premium paid (in sterling) in excess of the par value charged to the war appropriations—see item of Table IX, page XXV, 1944-45 Public Accounts. The pound sterling was converted at \$4.45 in these debt retirement transactions.

<sup>11</sup> The revolving funds were closed out at the end of 1943-44 but not at the end of 1942-43. The net effect was to defer outlays from 1942-43 to 1943-44.

<sup>12</sup> During 1943-44, 1944-45 and 1945-46 certain items of plant and equipment, charged to the war appropriations as expenditure during previous years, were reclassified as active assets. The resultant increase in assets is included in the preceding items and this item makes the appropriate deduction.

<sup>13</sup> Excludes the amortization of bond discounts and commissions \$12.8 million in 1944-45, \$14.9 million in 1945-46, and \$67.8 million for the six years; also Premium, Discount and Exchange \$14.7 million for 1945-46.

<sup>14</sup> Excludes the reserve provisions for the deficits of the Canadian Wheat Board in 1941-42 and 1940-41, totalling \$23.1 million.

<sup>15</sup> Fulfilment of guarantees re Saskatchewan Seed Grain Loans, 1936 and 1937.

<sup>16</sup> Expressed in Canadian dollars.

<sup>17</sup> Expressed in Canadian dollars, including both funded and floating debt. In netting out the proceeds of the refunding issues in 1942-43 the price of the securities to the public has been used, although the amount actually received by the government was less than this by the amount of the underwriters' commissions; these commissions (plus the 10% exchange premiums on U.S. funds) are included in Item 56 in the table.

<sup>1</sup> Transactions classified as non-cash consist of adjustments of the valuation of assets and liabilities and the annual amortizations of loan flotation charges. Certain contra items have also been omitted.<sup>2</sup> In 1939-40 outlays and receipts in foreign currency were charged or credited at par of exchange; any difference being absorbed by Premium, Discount and Exchange Account. Since then these transactions have been converted at the current rate of exchange.

<sup>1</sup> As in Expenditure and Revenue Account, except where otherwise indicated.

<sup>2</sup> Net after the deduction of commissions and sundry remuneration.

<sup>3</sup> Including a revision of Premium, Discount and Exchange revenue resulting from the valuation of gold, foreign currency and debt payable in foreign currency at current exchange rates instead of at par. The revised revenue from Premium, Discount and Exchange is \$12.7 million for the seven years.

<sup>4</sup> Excluding the following non-cash credits; the reduction of the reserve for losses of The Canadian Wheat Board; the adjustments of the Canadian National Railways' Trust Stock; the write up of assets for the revaluation of war plants in 1943-44, 1944-45 and 1945-46; the balance of the award in the "I'm Alone" case, held by The Receiver General for several years and transferred to revenue in 1943-44; the write-off of Dominion "A" stock in 1940-41 and the write-off of non-active assets. The principal component is receipts related to War Appropriations (refunds etc.).

<sup>5</sup> Considering the war period as a unit, the greater proportion of special receipts and credits is in fact a refund of war expenditure rather than an original revenue source.

<sup>6</sup> Excludes Minister of Finance Special Account, Minister of Finance Securities Custody Account and War Supplies Limited.

<sup>7</sup> Excludes Minister of Finance Securities Custody Account and the Canada—U. K. Financial Settlement Agreement Account

<sup>8</sup> Distribution at time of sale and not necessarily the proportions in which presently held.

<sup>9</sup> In years 1940 to 1942 discounts and redemption premiums eliminated as these were non-cash items.

## Borrowing Operations, 1945-46:

Outstanding Treasury Bills increased during the year by \$70 million to \$450 million. The effective rate of interest for the last issue sold was 0.371 per cent. The corresponding rates for the last six fiscal years are as follows:

	Per cent
1940-41.....	0.609
1941-42.....	0.552
1942-43.....	0.498
1943-44.....	0.387
1944-45.....	0.365
1945-46.....	0.371

It is not possible to classify the purchasers of Treasury Bills, but the purchasers of other new issues have been classified in Table XXIV.

There were no new borrowings from the Bank of Canada during the year. Deposit Certificates sold to the chartered banks were reduced by \$260 million.

The general public purchased \$3,588.3 million of Victory Bonds, and \$10.1 million (net after redemptions, but including accrued interest) of War Savings Certificates and Stamps. Details of new borrowing for cash in Canada in the fiscal years ended March 31, 1945 and 1946, are given in Table XXI.

<sup>1</sup> Excluding \$92.8 million Second Victory Loan issued to the Bank of Canada in June, 1942, in connection with clearing off the accumulated balances of sterling.

<sup>2</sup> Includes small commercial and small non-profit entities, the aggregate subscriptions from which would be a relatively small part of the total.

<sup>3</sup> Individuals believed capable of buying \$25,000 or more par value of bonds at the time of issue.

### Summary of borrowing operations during war period

To give a summary picture of borrowing operations during the so-called war period, two additional tables are presented. Table XXIV lists the borrowing operations from April 1, 1939, to March 31, 1946, giving details as to maturities, interest rates, issue prices, yields, etc. Table XXV lists the redemption of loans, both in cash and by conversions or renewals for the same period.

Out of these borrowings the unconverted portion of matured or called issues have had to be paid in cash. The amount was \$495.0 million in 1945-46 as shown in Table XXV which also gives the corresponding figures for the six previous years.

Another type of borrowing which is included with funded debt is the compulsory savings portion of the personal income tax and the excess profits tax. Certificates are issued to each person contributing in this way and these are binding obligations of the government repayable within a stipulated time limit after the end of hostilities. At the close of 1945-46, the combined estimated total to be repaid was \$515.7 million.

The items so far enumerated make up the total cash receipts from the increase in funded debt during the year. One other item however is included under the heading of borrowing,—the net change in domestic floating debt which in 1945-46 increased by \$10.2 million. Floating debt represents sums payable on demand which in the normal course of events will be presented for payment with reasonable promptness, for example, treasury cheques, interest coupons and cheques and postal notes and money orders outstanding at the close of the year. An increase is therefore analogous to short term or involuntary borrowing.

An examination of Table XXIV will show that out of a total of \$14,720.0 million of "new money" (that is, excluding the conversion or renewal of previously outstanding issues) raised during this period, the general public has provided \$12,592.2 million, or 85.5 per cent. Excluding Treasury Bill purchases, the Bank of Canada has provided only \$442.8 million or 3.0 per cent, and the chartered banks \$1,390.0 million or 9.5 per cent; Treasury Bills accounted for the remaining 2.0 per cent.

\* The banks have participated in some degree in some of these issues, but this has been confined almost entirely to conversions into short-term tranches. It is estimated that cash subscriptions by banks to War and Victory Loans were less than \$30 million. But note also item 28 and 29 and footnote 7.

<sup>7</sup> There is no information as to subscriptions by the banks to this issue.

<sup>8</sup> The redemption of 20 per cent of the loan on February 1, 1951, will be at 100-50, and the 20 per cent on February 1, 1952, will be at 101.

<sup>9</sup> Redeemable at 101 at maturity.

<sup>10</sup> War Savings Certificates are issued on a discount basis, and yield 3 per cent to the purchaser if held to maturity, seven and a half years after issue.

<sup>11</sup> Including addition of accrued interest.

<sup>12</sup> Amount issued is a final figure. Includes cash received after March 31, 1946.

Table XXVI shows the average coupon interest rates on the funded debt of the Dominion for the years 1935-36 to 1945-46 as at the close of each year. The table shows a steady decline in coupon rates up to March 31, 1945. Due to the issue in 1945-46 of Eighth and Ninth Victory Loans in the amount of \$2,987.6 million bearing interest at the rate of 3% per annum, the over-all coupon rate for debt payable in Canada and total debt increased slightly during the year.

## I. INDIRECT OR CONTINGENT LIABILITIES: GUARANTEED OBLIGATIONS

To conclude this review, there follows a discussion of the indirect liabilities of the Dominion and the changes therein during the fiscal year. A footnote to the Balance Sheet calls attention to these indirect liabilities and they are detailed in Schedule V on pages 30 and 31 of Part I of this Report.

### (1) Guaranteed Securities of Government Owned Enterprises.

The total amount of Canadian National Railway System securities guaranteed by the Dominion as to the payment of principal and interest, outstanding in the hands of the public was \$502 million at March 31, 1946, a decrease during the year of \$65.6 million. This decrease was occasioned mainly by the redemption on January 15, 1946, of \$15,000,000 Canadian National Railway Company 2½ per cent Bonds and on December 15, 1945, of \$50,500,000 Canadian National Railway 3 per cent Bonds (due December 15, 1950, but called for prior redemption). The funds required to meet these maturities were furnished by the Government by way of loan under the provisions of the Canadian National Railways Refunding Act, 1944.

Railway securities guaranteed by the Dominion as to the payment of interest only were outstanding at the fiscal year end in the amount of \$8.4 million, a decrease of \$0.1 million.

Other securities, representing obligations of the Canadian National (West Indies) Steamships Limited and various Harbour Commissions, which carry the guarantee of the Dominion both as to the payment of principal and interest, were outstanding in the amount of \$30.4 million at March 31, 1946, unchanged during the year.

### (2) Guarantee of Bank Loans to Canadian Wheat Board.

Although guarantee of bank loans, up to a maximum of \$100 million, made by the chartered banks to the Canadian Wheat Board in connection with its operations in wheat, barley, rye, oats, flax seed, soy beans, corn, sunflower seed and rape seed was authorized, there was no liability of the Dominion Government on this account at March 31, 1946.

### (3) Commitments in respect of National Housing Act Loans.

Under the Dominion Housing Act, 1935, The National Housing Act, 1938, and The National Housing Act, 1944, the Dominion has accepted and is accepting certain obligations arising out of its contracts with approved lending institutions which, while not expressed in the form of a guarantee, may nevertheless be regarded as contingent or indirect liabilities. On January 1, 1946, the Central Mortgage and Housing Corporation Act, 1945, was proclaimed and since that date the Corporation has been acting as the agent of His Majesty in connection with loans under these acts.

The manner in which losses in respect of any loan are to be shared by the Dominion and the lending institution is fixed by the contract. The original principle under the Dominion Housing Act and the National Housing Act, 1938, was that the Dominion bears two-thirds of the loss, if at the time the loss is sustained the principal amount of the loan repaid, less any other amounts due, is equal to or less than the amount advanced by the Dominion and one-third of the loss if at the time the loss is sustained the principal amount repaid, less any other amounts due, is more than the amount advanced by the Dominion. In the case of small loans (that is, loans not in excess of \$4,000 in the case of a single family dwelling or not in excess of \$700 per habitable room in the case of a multiple family dwelling), the share of the loss to be borne by the Dominion was not more than 80 per cent and not less than 50 per cent of the loss. Under The National Housing Act, 1938, a new provision was added to encourage the making of small loans in such small or remote communities and in such districts or other communities as may be designated by the Minister of Finance in any contract. In respect of such loans, the Dominion has agreed in contracts with certain lending institutions to pay losses sustained by any such lending institution up to certain amounts determined by the contract which are not less than 7 per cent and do not exceed 25 per cent of the total amount of such loans made by each such lending institution. Under The National Housing Act, 1944, the Dominion bears the first one-quarter of the loss and agrees to pay losses sustained by any lending institution up to an amount set out in the contract. This amount by the statute, cannot exceed 15 per cent of the aggregate of the lending institution's share of the joint loans made by the lending institution and His Majesty under the contract.

Loans to the number of 27,368 covering 32,612 dwelling units have been approved as at March 31, 1946, under the Dominion Housing Act, 1935, the National Housing Act, 1938, and the National Housing Act, 1944, the total amount of such loans amounting to \$113,617,150. Losses recorded and paid to March 31, 1946, amounted to \$2,644.78, covering the Dominion's portion of the loss on seven loans. This amount represents total losses to that date under both the Dominion Housing Act, 1935, and Part I of the National Housing Act, 1938. These losses are offset in part by a profit of \$497.74 realized by the sale of eleven properties. The net loss to March 31, 1946, is therefore only \$2,147.04. There have been no losses under the National Housing Act, 1944.

### (4) Guaranteed Home Improvement Loans.

Under the terms of The Home Improvement Loans Guarantee Act, 1937, almost \$50 million (\$49,959,055.31, to be exact) had been loaned up to March 31, 1944, to home owners by chartered banks and other approved lending institutions. The contingent liability of the Dominion with respect to these loans was limited to 15 per cent of the aggregate of such loans made by each lending institution. As at October 30, 1940, after four years of operation, the \$50 million loan authorization having been substantially exhausted, the Government's undertaking to provide a guarantee for this type of loan was terminated. After this date, loans made by lending institutions were not accepted for guarantee by the Dominion. As at March 31, 1946, 99.8 per cent of the total amount of all loans made had been repaid and 1,268 claims for losses in the amount of \$462,873 had been paid up to March 31, 1946. The contingent liability of the Government at the close of the fiscal year under review was the entire balance owing on all loans, i.e., \$98,667. It will be noted that the total of claims paid amounted to only 0.93 per cent of the total amount of loans made.

### (5) Guarantees of Bank Loans under Home Extension Plan.

By the provisions of the Appropriation Act, No. 5, 1942, provision was made for the Governor General in Council to guarantee loans made by chartered banks for the conversion of already existing dwellings into multiple housing units under regulations similar to those under The Home Improvement Loans Guarantee Act. The maximum amount of loans which could be guaranteed was \$2 million, and the Government's guarantee was limited to fifteen per cent of the total amount of loans made.

As of March 31, 1946, 59 loans had been approved for a total amount of \$109,238 to provide for 114 new units. There have been no claims for losses.

### **(6) Guarantees of Bank Loans to Commodity Prices Stabilization Corporation.**

Under the terms of an Order in Council dated April 17, 1945, the Commodity Prices Stabilization Corporation, a Government-owned Corporation, was authorized to guarantee certain advances and interest thereon obtained by any person from a chartered bank in order to purchase, during the summer of 1945, coal, coke or briquettes for residential heating. The liability of the Corporation is limited to ten per cent of the aggregate amount of advances made by each bank, but the maximum amount of the guarantee is \$500,000. The amount of the contingent liability of the Corporation at March 31, 1946, was \$32,032.

Under the terms of an Order in Council dated August 11, 1943, the Commodity Prices Stabilization Corporation was authorized to guarantee certain advances, obtained by any person engaged in the production of logs or lumber, from any chartered bank. The liability of the Corporation is limited to twenty-five per cent of the aggregate amount of advances made by each bank. The amount of the contingent liability of the Corporation at March 31, 1946, was \$1,515.

### **(7) Guarantees of Bank Loans and Bank Overdrafts to Finance Munitions Contracts.**

The Government guaranteed the repayment of bank loans together with interest thereon obtained by certain contractors in connection with contracts placed by the Department of Munitions and Supply which are now administered by the Department of Reconstruction and Supply. As at March 31, 1946, the authorized amount of such guaranteed bank loans was \$2 million, and the amount actually outstanding was \$8,700.

Under the terms of an Order in Council dated May 4, 1943, the Government guaranteed bank overdrafts obtained by certain Crown companies and management-fee companies doing by each bank. At March 31, 1946, 6,151 loans had been made by the chartered banks in the system of financing, funds advanced by the Government to the contractors remained idle for considerable periods. The amounts of the various overdrafts are repaid monthly, so no liability is outstanding at the close of the fiscal year in connection with this guarantee. The maximum amount of guarantees authorized at March 31, 1946, was \$23,590,000.

### **(8) Guarantees of Provincial Receipts from Gasoline Taxes under Dominion-Provincial Taxation Agreements and Liquor Revenues.**

Under the terms of the wartime taxation agreements and pursuant to Section 5 of the Dominion-Provincial Taxation Agreement Act, 1942, provision is made for the payment to each province of the amount by which the net receipts from the tax imposed by the province on gasoline sales are less than the net receipts from this source during the fiscal year of the province ended nearest to December 31, 1940. The gasoline tax revenues that have been thus guaranteed aggregate \$56.7 million. Expenditure in fulfilment of this guarantee during 1945-46 amounted to \$3.7 million.

As announced in the Budget Speech of 1943 and provided for in the Appropriation Act, the Minister of Finance entered into agreements with certain provinces guaranteeing the liquor revenues of the provinces on the basis of such revenues received during the twelve months ended June 30, 1942. No payments have been made to March 31, 1946, under these agreements.

### **(9) Guarantees under the Export Credits Insurance Act.**

Under the terms of two Orders in Council passed under the Export Credits Insurance Act, the Dominion Government guaranteed the payment to certain contractors for goods sold to V.O. Machinimport, an agency of the Government of the U.S.S.R. The maximum amount authorized was \$236,000.

Liability of the Dominion Government under these Orders in Council and similar Orders passed in 1944-45 under this Act amounted to \$90,302 as at March 31, 1946.

### **(10) Guarantees under Farm Improvement Loans Act.**

Under the provisions of the Farm Improvement Loans Act, 1944, the Government guarantees loans made by chartered banks to farmers for authorized purposes. The amount of the guarantee is limited to 10 per cent of the aggregate principal amount of the guaranteed farm loans made by each bank. At March 31, 1946, 6,151 loans had been made by the chartered banks in the amount of \$4,726,143. The contingent liability of the Government at that date was \$472,614.

### **(11) Guarantees of Bank Loans—Halifax and Yarmouth.**

Order in Council dated May 22, 1945, P.C. 3636, passed pursuant to the War Measures Act, authorized the guarantee of bank loans to merchants or business men in Halifax and Yarmouth whose places of business were damaged or looted in the disturbances on May 7 and 8, 1945, in

order to enable them to make essential repairs and replacements of premises and fixtures and to purchase stock-in-trade. Sixteen loans totalling \$68,000 were made under this authority, all of which had been repaid by March 31, 1946.

**(12) Total Guaranteed Obligations Outstanding as at March 31, 1946.**

For the details of the above and a number of other indirect or contingent liabilities, some of which are indeterminate as to amount, see Schedule V on pages 30 and 31 of Part 1.

Total outstanding guarantees of the Dominion of Canada at March 31, 1946, excluding indeterminate amounts, were as follows:

NOTE.—Indirect or Contingent Liabilities, consisting of securities guaranteed by, or other guarantees given by the Dominion of Canada are listed in Schedule V, page 30.

The above accounts have been examined and audited under my direction, in accordance with the provisions of The Consolidated Revenue and Audit Act, 1931, and subject to the observations in my report to the House of Commons, I certify that in my opinion they are correct.

WATSON SELLAR,  
Auditor General.

## EXPLANATORY NOTES ON THE BALANCE SHEET

The following notes deal mainly with the broad categories of Assets and Liabilities. The individual accounts are dealt with throughout Part II under the departments to which they relate.

## ASSETS

1. (a) Cash in Current Deposits represents balances at credit of the Receiver General of Canada in banks in Canada, London and New York as at the close of the relative fiscal years. While balances held in London are converted at \$4.86½ to the pound sterling and in New York at \$1 Canadian to the U.S. dollar, expenditures and revenues are recorded at the current rate of exchange, and the corresponding difference carried to the Premium, Discount and Exchange Account. Effective October 15, 1945, the selling rate of the U.S. dollar was fixed at \$1.10½ Canadian replacing the previous fixed rate of \$1.11, the buying rate remaining unchanged at \$1.10, and the selling rate of the pound sterling was fixed at \$4.45 Canadian instead of the previous rate of \$4.47, the buying rate remaining unchanged at \$4.43.
1. (b) Special Deposits consist of cash balances in the hands of the fiscal agents of the Government for redemption of Dominion of Canada securities and for payment of interest.
2. Departmental Working Capital Advances constitute the advances outstanding at the close of the relative fiscal years for working funds of certain government departments and represent work in progress and the value of stock or material on hand as shown in detail in the Schedule.
3. (a) These amounts represent the net outstanding advances made to Railway and Steamship Companies for capital expenditures, purchase of railway equipment and for debt retirement. Interest in full is currently paid on that part that is by contract interest bearing.
3. (b) These are advances to enable the Foreign Exchange Control Board to finance the purchase of gold and foreign exchange. Effective from May 1, 1945 interest is paid at the rate of 0.75 per cent per annum replacing the previous rate of 1 per cent per annum.
3. (c) These are net advances outstanding made to various government agencies of an independent or quasi-independent nature, for working capital, construction, etc. Included in this category are advances made under the War Appropriation Acts to Crown Companies and Crown Plants organized under the direction of the Department of Reconstruction and Supply and the Department of Finance and advances under the authority of the Veterans' Land Act.
3. (d) Under this heading there has been grouped loans to Provinces under Relief Acts and other legislation, and loans to Municipalities under the Municipal Improvements Assistance Act.
3. (e) The category combines advances made to allied countries under Section 3 of The War Appropriation Acts, loans to Allied countries under The Export Credits Insurance Act for purchase of goods and commodities in Canada, the loan to the Government of the United Kingdom under the authority of The War Appropriation (United Kingdom Financing) Act, 1942, and certain loans made following the war of 1914-18.
3. (f) This category comprises a number of miscellaneous loans and advances, chief of which are those made through the Department of Reconstruction and Supply to private companies under the authority of the War Appropriation Acts.
4. (a) This amount represents the cost of the Government's investment in the entire capital stock of the central bank of Canada acquired under the authority of The Bank of Canada Act Amendment Act, 1938.
4. (b) Pursuant to Section 17 of the Central Mortgage and Housing Corporation Act the Dominion paid to the Central Mortgage and Housing Corporation the sum of \$24,750,000 and at the same time pursuant to Section 42 transferred to the Corporation the assets of the Central Mortgage Bank amounting to \$250,000. The resulting figure of \$25 million constitutes the capital of the Corporation. Simultaneously the Corporation repaid to the Dominion the total amount of outstanding loans at December 31, 1945 made under the Dominion and National Housing Acts.
4. (c) This account represents the principal outstanding of amounts furnished the Canadian Farm Loan Board to be loaned on farm property and fishermen's land. Interest in full is being currently paid by the Board on its bonds and on initial capital advances.
4. (d) The main item under the heading of Miscellaneous Investments is the securities investment account consisting chiefly of the cost of acquisition of Dominion Government direct and guaranteed securities, including victory bonds held under instalment purchase plans for civil servants and members of the armed forces.
5. In this account are recorded financial adjustments with some of the provinces at the time they entered the Dominion. Interest is paid half-yearly by the provinces.

6. This account consists of discounts, commissions, redemption bonuses and conversion premiums on loan flotations since 1930 remaining to be charged off annually to expenditures in proportion to the term of the respective loans. The amortization of these costs is shown in detail by loan issues in Appendix No. 2, page 42. The increase in the amount of \$5,812,033.22 is due to new loan flotation costs to be amortized, less the annual write-off as follows:

New loan flotation costs to be amortized—

Eighth Victory Loan, 1945-49.....	\$1,040,381 72	
1945-63.....	8,398,003 02	\$9,438,384 74
		<hr/>
Ninth Victory Loan (preliminary figure).....	11,304,689 71

Add net adjustments made after amortization had been established.....	2,176 98	
		<hr/>
		5,812,033 22
		<hr/>

7. The accounts in this category cover items in which there are elements involving uncertainty as to accounting treatment or disposition. The accounts are cleared when the necessary information becomes available. The main item is a contra account appearing in section 10 in the liabilities and is therefore merely a book-keeping entry.

\*This item reflects the annual increase of \$25,000,000 in the reserve account set up for possible losses on ultimate realization of active assets.

8. The net debt of the Dominion is divided to show (a) expenditures that have been charged in the Dominion's books to Non-active Assets, and (b) those charged to Consolidated Deficit Account. All expenditures charged to non-active assets classified as between "Capital" and "Other", are shown in schedules K and L to the Balance Sheet. Changes in these accounts may be readily ascertained by referring to the last column in the schedules.

The Consolidated Deficit Account is the account to which is transferred annually the excess of expenditures over revenues or revenues over expenditures exclusive of capital expenditure and other non-active accounts mentioned in the preceding paragraph and included in Schedules K and L. The excess of expenditures over revenues during 1945-46 carried to Consolidated Deficit Account was \$2,095,765,567.77. This amount added to the net increase in expenditures on capital and other non-active accounts of \$27,277,863.67, gives the total deficit or increase in the net debt for the year of \$2,123,043,431.44.

## LIABILITIES

9. This category covers obligations that are payable on demand. Generally, the creditors are in possession of some form of the Dominion's negotiable paper that is due and payable forthwith.

The details of Post Office account [9e] as at March 31, 1946 will be found in Appendix I to the Post Office Department Section of Part II of this report.

10. (a) Deposits in the Post Office Savings Bank during 1945-46 exceeded the withdrawals by \$1,412,071.87. An amount of \$656,456.23 representing the estimated accrued interest at the rate of two per cent per annum was added, bringing the total amount at credit of depositors' accounts on March 31, 1946, to \$35,537,214.78.
10. (b) An amount equal to five per cent of their average outstanding note circulation is maintained by each chartered bank with the Receiver General of Canada, as required by section 64 of the Bank Act, 1944, to secure redemption of their outstanding notes in the event of the suspension by a bank of payment in specie or Bank of Canada notes. The amount is adjusted annually on June 30th and interest at the rate of three per cent per annum is allowed to each bank on the deposit required.
10. (c) The accounts in this category represent the Dominion's liability for moneys deposited for various purposes. They fall into two broad classes. The first of these are the deposit accounts which cover those cases where the government: (a) acts as custodian of funds as a matter of policy; or (b) has received the moneys in prepayment of war supplies, or as a guarantee that work will be properly performed. The other class, comprising the large majority of the accounts, consists of those where the government acts virtually as trustee, administering the funds in accordance with the purposes for which they were created.
11. (a) The value of all outstanding annuities at March 31, 1946, stood at \$287,492,656. Interest credited to the fund at the rate of four per cent per annum amounted to \$10,193,045.29 for 1945-46, and the amount credited to the fund to maintain the reserve during the year was \$293,797.96.
11. (b) and (c) These categories record the Dominion's liability as an insurer of certain persons and as administrator of certain pension funds. The government receives premiums or similar assessments, and in turn pays out specific benefits. There is also included the uninvested portion of the Unemployment Insurance Fund administered by The Unemployment Insurance Commission.
12. This category, Deferred Credits, comprises certain departmental credit balances in respect of which accounting treatment is known but which are held for final disposition pending completion of certain conditions.
13. The accounts in this category cover items in which there are elements involving uncertainty as to accounting treatment or disposition. The accounts are cleared when the necessary information becomes available.
14. This account represents the difference, with subsequent adjustments, between the actual and the established debt of the provinces on entering the Dominion. Interest is paid to the provinces half-yearly on their relative debt allowance.
15. (a) This reserve account, more fully dealt with under the Department of Reconstruction and Supply, Part II, was set up for the adjustment of interim billings and for unascertained losses and other contingencies of certain crown companies.
15. (c) Under the Veterans' Land Act certain benefits may accrue to veterans who obtain loans from the Dominion to purchase land, buildings, stock and equipment and who fulfil the terms of their contract. The reserve account will be credited annually with the maximum amount for which the Dominion could be liable under the terms of the Act and when the benefits have been earned the veterans' loans will be reduced accordingly from this established reserve fund.
16. Obligations both due and outstanding payable in sterling and U.S. dollars are recorded in the balance sheet at par of exchange. Similarly on the asset side of the balance sheet, as previously mentioned, cash and special deposits held in London and New York are shown at \$4.86½ to the pound sterling and \$1 to the U.S. dollar.

Details of the unmatured funded debt of Canada may be found on page 29. The increase during 1945-46 of \$2,823,414,190.50 is accounted for as follows:

\* Includes the cancellation, under authority of c. 12, 1946, of \$425,000,000 representing the amount owing by the Government of the United Kingdom with respect to the British Commonwealth Air Training Plan.

\*\*Includes a credit of \$46,496,819.65 received from War Assets Corporation and derived from sale of war assets declared surplus by various Departments.

The above departmental totals represent the cumulative War and Demobilization expenditures after applying (a) refunds of Previous Years' War Expenditures received to the close of 1945-46, (b) items classified as War Revenues in 1940-41 and 1941-42, (c) items classified as Miscellaneous War Revenues, and Sale of Surplus War Assets in 1943-44 and (d) items classified as Miscellaneous War Revenues, Sale of Surplus War Assets and Cash Surpluses from Operations (of certain projects operated through revolving funds), in 1944-45 and 1945-46. They do not include outstanding loans and advances made under authority of the various War Appropriation Acts and the War Appropriation (United Kingdom Financing) Act, 1942, to Government-owned companies, private companies and Allied Governments.

Details by allotments of the amount shown for each department precede the details of War and Demobilization expenditures in each departmental section hereof. Details of previous years' expenditures and credits by fiscal years, will be found in the Annual Reports of the Auditor General for 1940 to 1942 inclusive, and in Public Accounts, 1943, 1944 and 1945.

	<u>\$ 47,397 00</u>	<u>\$ 47,397 00</u>	<u>\$ 43,427 40</u>

The annual contributions agreed upon by the 1936 conference expired with the fiscal year ended March 31, 1942. The conference recommended that, should it be proved impracticable to assemble the next conference before the autumn of 1941, contributions would be maintained, pending the calling of a conference when circumstances permit. The following payments represent Canada's contributions: Farnham House Laboratory, £1,250; Imperial Agricultural Bureaux, £6,789-2-2 (increased from £3,875 due to higher operating costs); Imperial Bureau of Entomology, £1,100; Imperial Bureau of Mycology, £600.

The difference between the amounts voted and those expended is due to the fact that the former were calculated at the par rate of exchange, while payment was made at the official rate.

**Vote 17 Health of Animals—Compensation for Animals Slaughtered..... 372,620 00**  
**Expenditures.....\$ 170,089 75**

These expenditures represent compensation to owners of cattle and other animals slaughtered in the control and eradication of contagious diseases, as provided in the Animal Contagious Diseases Act. The basis of compensation is two-thirds of the market value of the slaughtered animal as determined by a departmental inspector, but within certain limits stated in the Act.

The following is a distribution of expenditure by provinces: Nova Scotia, \$12,617.50; Prince Edward Island, \$118; New Brunswick, \$9,004; Quebec, \$49,276; Ontario, \$77,624.26; Manitoba, \$17,105.33; Saskatchewan, \$3,048; Alberta, \$374.66; British Columbia, \$922.

**Vote 438 Health of Animals**—To provide for payment of compensation to owners of animals affected with diseases coming under the operation of the Animal Contagious Diseases Act, which have died or have been slaughtered under circumstances unprovided for under the above Act and Regulations thereunder, in the amounts detailed in the Estimates

Wages of labourers and casual employees amounted to \$4,646.33.

A Payments amounting to \$4,964.61 were made to the Canadian Fairbanks-Morse Co., Ltd., for 501 hog scales to be re-sold, at cost, to producers of hogs. (P.C. 1444 of February 27, 1941, and P.C. 5/2814 of April 7, 1943.) Proceeds from sales amounted to \$5,775.86, of which \$4,964.61 was credited to this allotment and \$811.25, representing sale of scales paid for in previous years, to Ordinary Revenue—Refunds of Expenditure. One new car was purchased at a net cost of \$899.39 after deducting an allowance of \$525 for 1 used car.

B Payments were made to the Department of Public Printing and Stationery.

C Consists of the following groups of payments:—

Horse Breeders' Clubs, \$6,100.88 (Manitoba, \$1,374.13; Saskatchewan, \$3,895.75; Alberta, \$831). The Department pays 75 cents for every mare bred plus 25 per cent of the service fee on such mares as prove to be in foal, plus \$1 for each registered pure bred mare in foal.

Grants to Horse Breeding Stations, \$4,303.25. A proprietor of a Breeding Station must own or control three or more stallions. The basis of the grant is \$187.50 per stallion.

Premiums under the Ram Club Policy, \$1,723. Under this policy, ram clubs deposit with the Department stated amounts for rams. The Department purchases the animals and absorbs any difference in costs.

Club Work (prize money, etc. shared jointly with the provinces) \$19,972.45—Cattle Clubs, \$13,978.69; Swine, Sheep and Poultry Clubs, \$3,123.62; Sheep Fairs, Bacon Shows, Foal Clubs, etc., \$2,870.14. The amounts shown represent the Dominion's share.

Many other departmental live stock policies entail payments in the nature of grants to clubs and the absorption of losses in free or partially free distribution of live stock. All are made on Ministerial authority from this allotment.

D Premiums to owners of pure bred stallions, \$33,429.47 (Nova Scotia, \$758.25; Prince Edward Island, \$479.25; New Brunswick, \$702.75; Quebec, \$25,322.85; Ontario, \$5,806.37; British Columbia, \$360). These premiums, which are shared jointly with the provinces according to a schedule for each province prepared by a Dominion-Provincial Board, are based on the class of stallion and the number of mares left in foal. The amounts shown represent the Dominion's share.

Ram Premium Policy, \$2,729 (shared jointly with the provinces—Nova Scotia, \$489.50; Prince Edward Island, \$158.50; New Brunswick, \$381; Quebec, \$1,700). The amounts shown represent the Dominion's share.

E Represents payments for the purchase of live stock and expenses of distribution under the following policies: Sire Loan Policy, \$76,825.45 (bulls, \$73,794.89; rams, \$167; boars, \$2,863.56).

Sow Distribution Policy, \$1,111.98. Payments for purchase of sows and expenses of distribution amounted to \$3,547.48; receipts from sales amounted to \$2,435.50 and were credited to this allotment.

F The following employees whose salary rates were under \$2,400 on March 31, 1946, received travelling expenses of \$300 or over: S. Bergey, \$2,112.74; W. A. Blackburn, \$463.24; J. R. Subsidies are paid on the following basis:—

- (a) On completion of building, 15 per cent of the amount expended in construction, refrigeration, etc.;
- (b) At the end of the first year thereafter, 7 per cent of the said amount;
- (c) At the end of the second year thereafter, 4 per cent of the said amount;
- (d) At the end of the two next succeeding years, 2 per cent of the said amount.

Where no expenditures were made, the amounts have been re-submitted in the Estimates for 1946-47.

Grants: Payments under this heading are made in instalments as in the case of subsidies. The companies listed did not conform at the outset with the provisions of the Cold Storage Act, therefore payment by way of grant was authorized by the Appropriation Act.

Prairie Farm Assistance Act, c. 50, 1939—Amount transferred to meet the deficit in the  
 Prairie Farm Emergency Fund.....\$12,051,805 62

The above transfer was required because the levy on grain (\$4,431,517.24) plus refunds (\$13,460.33) was insufficient to meet expenditures, a distribution of which by provinces and crop years follows:

Crop Year	Manitoba	Saskatchewan	Alberta	Total

In the year 1942, crop conditions were so generally satisfactory that no payments were made under the Act.

The aim of the Wheat Acreage Reduction Act, c. 10, 1942, as amended, is to encourage a reduction in the number of acres sown to wheat in the Prairie Provinces, by compensating farmers who effect such reduction.

Appointment and remuneration of administrative and technical officers and employees receive the approval of the Governor in Council; field, clerical and other assistance may be engaged by the Minister, but at rates of pay approved by the Governor in Council.

As of March 31, 1946, there were 19 salaried employees being paid from this account.

A Certain details of these expenditures were merged with those detailed under Vote 30. The administration of this Act is interlocked with that of the Prairie Farm Assistance Act, and the major portion of travelling expenses is charged to the latter.

B The bases of payments were those approved under the Wheat Acreage Reduction Acts, 1941 and 1942, and various Orders in Council.

A summary of the payments made during the year is given on the following page.

## Vote 32 To provide for assistance to encourage the Improvement of Cheese and Cheese Factories

	Estimates	Allotments	Expenditures
A Subsidies for construction and reconstruction of cheese factories; improving cheese maturing facilities in cheese factories and the standardization of cheese pressing equipment .....	50,000 00	50,000 00	28,216 73
B Premiums on high quality cheese.....	1,750,000 00	1,750,000 00	1,658,283 97
	<u>\$1,800,000 00</u>	<u>\$1,800,000 00</u>	<u>\$1,686,500 70</u>

The Cheese and Cheese Factory Improvement Act, c. 13, 1939, governs payments made under this vote.

- A Subsidies to the extent of 50 per cent of the amount actually expended by the owners of cheese factories for the following purposes were paid: amalgamation and construction of new factories, \$13,106.44; insulating and/or refrigerating existing factories, \$14,885.96; standardization of cheese presses, \$224.33.

The following is a distribution of expenditures by provinces, the number of participating factories being shown in parentheses:

Amalgamation and new construction: Ontario (1), \$13,106.44.

Insulating and/or refrigerating: Quebec (5), \$2,481.52; Ontario (17), \$11,378.19; Alberta (1), \$1,026.25.

The Agricultural Prices Support Act, c. 29, 1944, authorized the establishment of the Agricultural Prices Support Board to support, by way of subsidy or otherwise, the prices of agricultural products during the transition from war to peace. The Act defines "agricultural products" as any natural product of agriculture, except wheat, designated by the Governor in Council, and includes processed meat, dairy and poultry products if so designated. The Act further directs that the Board is to consist of three members to be appointed by the Governor in Council. J. G. Taggart was appointed Chairman with two officers of the Department of Agriculture to be members *pro tempore* to serve without special remuneration.

As of March 31, 1946, there were 10 salaried employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date follows. D. A. B. Marshall, \$3,000; J. A. Proulx, \$3,600; J. G. Taggart, \$8,000.

A J. G. Taggart received travelling expenses of \$1,240.21 (including \$710.75 charged to War and Demobilization Allotment).

Under a joint United States-Canadian Commission a vaccine for the protection of animals against the disease known as Rinderpest was developed. Rinderpest is the chief cause of cattle losses in Asia and Africa and from time to time has been widespread in Europe.

P.C. 1/271 dated January 24, 1946, authorized the Department of National Defence—Army Services to continue the maintenance of the Research Station at Grosse Isle under the direction and supervision of the Department of Agriculture for the purpose of (a) training personnel in the manufacture of the vaccine and (b) transferring seed material for propagation in the areas affected.

Expenditures consist of wages, \$6,950.89; equipment and supplies, \$8,610.83; miscellaneous, \$338.97.

<b>Allotment: Payments to the Provinces of Nova Scotia and New Brunswick under agreements respecting dykeland improvement.....</b>	<b>44,400 00</b>
<b>Expenditures.....\$</b>	<b>44,400 00</b>

During 1943, dykes and aboiteaux protecting land in the Provinces of Nova Scotia and New Brunswick suffered serious damage and in some cases were destroyed by extraordinarily high tides. As a measure designed to prevent loss of crops on this land which would endanger the live stock feeding program in the Maritime Provinces, P.C. 3871 dated May 22, 1944, as amended by P.C. 2919 dated April 24, 1945, authorized the Minister of Agriculture to enter into agreements with the Governments of Nova Scotia and New Brunswick for the repair and reconstruction of dykes and aboiteaux, the agreements to provide: (a) accounts to be paid in full by the province concerned; (b) on submission of verified accounts the Dominion to pay one-half the cost provided that the amount paid does not exceed \$44,400; (c) the owner of the land protected to pay one-third of the cost within 12 months after completion of the work, one-half of which will be refunded to the Dominion. A refund of \$467.62 was received from the Province of New Brunswick during the year.

Payments were as follows: Nova Scotia, \$22,200; New Brunswick, \$22,200.

P.C. 8987 dated November 18, 1941, authorized the appointment of a Flax Fibre Administrator to control the export and marketing of the products of flax straw.

As of March 31, 1946, there were 4 salaried employees being paid from this account. V. A. Minne was receiving a salary at an annual rate of \$3,000 on that date.

Total salaries paid amounted to \$10,713.63; travelling expenses, \$9,642.75; and sundry expenses, \$573.55.

Travelling expenses of \$300 or over were paid to: A. Casgrain, \$1,399.97; G. Duperron, \$1,703.26; J. W. MacKay (included under Vote 19); V. Minne, \$2,181.11; E. Pernier, \$1,828.75; J. P. Poirier, \$830.43.

<b>Allotment: Rebate to purchasers of Canadian manufactured flax scutching machinery.....</b>	<b>220,000 00</b>
<b>Expenditures.....</b>	<b>\$ 173,843 72</b>

With the outbreak of war, Great Britain required all flax fibre available from Canada. Flax scutching machines had previously been manufactured in enemy occupied countries only, and two Canadian firms which undertook their manufacture found their cost substantially higher than that of the imported machines due to increased cost of material, lack of skilled labour and the small number of units required. As the increased cost of machinery resulted in the grower receiving lower returns for his flax, P.C. 6/2969 dated April 25, 1945, authorized the Agricultural Supplies Board to rebate 33 1/3 per cent of the purchase price to processors who have equipped their mills with this type of flax scutching machinery, thus placing them in a position to pass the benefits on to the growers.

<b>Allotment: Fertilizers and Pesticides Administrator—Administration.....</b>	<b>20,315 00</b>
<b>Expenditures.....</b>	<b>\$ 12,196 52</b>

To regulate the distribution of fertilizers and pesticides to meet present and potential needs, P.C. 397 dated January 20, 1942, authorized the appointment of an Administrator to act under the direction of the Minister of Agriculture through the Agricultural Supplies Board.

As of March 31, 1946, there were 4 salaried employees being paid from this account. G. J. Callister was receiving a salary at an annual rate of \$3,600 on that date and also a living allowance of \$100 per month (paid by the Wartime Prices and Trade Board).

Total salaries paid amounted to \$7,960.42; travelling expenses, \$3,321.23 and sundry expenses, \$914.87.

Travelling expenses of \$300 or over were paid to: G. J. Callister, \$1,938.16; G. S. Peart (included under Vote 19).

<b>Allotment: Fertilizer subventions and freight allowances—1945 Program.....</b>	<b>400,000 00</b>
<b>Expenditures.....</b>	<b>\$ 335,304 77</b>

The object of this policy was to increase the use of chemical fertilizers by the farmers in Eastern Canada and British Columbia in the production of essential crops. P.C. 8/9151 dated December 6, 1944, authorized the payment to fertilizer dealers, agents, co-operatives or other distributors of the actual cost of transportation in excess of \$1 per ton on any shipment of fertilizer for use in crop production in 1945, such subsidy to be passed on by the distributor to the purchaser by reduction in selling price.

Expenditures represent the following: freight allowances in respect of farmers in the provinces of Nova Scotia, \$15,136.10; Prince Edward Island, \$36,638.87; New Brunswick, \$62,786.87; Quebec, \$104,153.96; Ontario, \$86,043.14; British Columbia, \$30,540.83. No subventions were paid from this allotment.

Payments of \$5,000 or over were made to the following: Associate Shippers Inc., \$10,672.12; Buckerfields Ltd., \$22,951.68; Canada Packers Ltd., \$44,283.87; Canadian Industries Ltd., \$11,568.79; P.E.I. Potato Growers' Ass'n., \$11,609.49; F. W. Pirie Co., Ltd., \$27,236.06; Summers Fertilizer Co., \$11,877.45.

<b>Allotment: Fertilizer subventions and freight allowances—1946 Program.....</b>	<b>200,000 00</b>
<b>Expenditures.....</b>	<b>\$ 102,366 24</b>

P.C. 5/6761 dated November 1, 1945, authorized payments similar to those made for 1945.

Expenditures represent the following: freight allowances in respect of farmers in the provinces of: Nova Scotia, \$6,830.44; Prince Edward Island, \$12,447.46; New Brunswick, \$30,856.23; Quebec, \$23,680.63; Ontario, \$21,852.66; British Columbia, \$6,698.82. No subventions were paid from this allotment. Canada Packers Ltd. received \$5,574.31.

A To assist in disposing of the 1944 crop of Nova Scotia apples, an agreement was entered into between the Department and the Nova Scotia Apple Marketing Board whereby the Board agreed to market a minimum quantity of 250,000 barrels of apples for fresh consumption. The Minister agreed: (a) to pay to the Board, in respect of its production of evaporated apple, industry assistance of 9 cents per pound on a maximum

## PUBLIC ACCOUNTS, PART II

quantity of 15,070,000 pounds, with provision for certain deductions in the poundage eligible for assistance for fresh apples sold outside of Canada, Newfoundland and the Gulf Islands; (b) to purchase any quantity not exceeding 9,000,000 pounds of choice quality evaporated apple qualifying for industry assistance, at 19½ cents per pound f.o.b. processing plant or 20 cents per pound f.a.s. Halifax; (c) to pay a storage allowance of ½ cent per complete week per 50-pound case remaining on hand with the Board beyond 30 days after purchase.

The Minister further agreed to assist the Provincial Government in a program for the removal of aged and undesirable trees by paying to the Board the amount of \$2 for each tree of this condition removed, the total sum payable not to exceed \$150,000.

The following expenditures were incurred: purchase of evaporated apple, \$214,358; industry assistance, \$78,520.50.

Receipts from sale during the year of evaporated apple amounted to \$30,722, of which \$12 appears under Special Receipts, Refunds of Previous Years' War Expenditures, and \$30,710 was credited to this allotment.

B To assist in disposing of the 1945 crop of Nova Scotia apples, an agreement was entered into between the Department and the Nova Scotia Apple Marketing Board, the terms being similar to those for disposal of the 1944 crop, with the addition of the following: the Minister agreed to pay to the Board industry assistance of 95 cents per dozen for a quantity not exceeding 150,000 dozen of No. 10 (105 fluid ounce size) tins of choice quality solid pack canned apple, with the maximum of 15,070,000 pounds of evaporated apple reduced by 13.7 pounds for each dozen No. 10 tins of solid pack canned apple produced. Also, the maximum sum to be paid in respect of the removal of aged and undesirable trees was set at \$100,000.

The following expenditures were incurred: industry assistance, \$59,878.61; compensation for trees removed, \$33,766.

Refunds of industry assistance amounting to \$1,472.47 were credited to this allotment.

The following is a statement of receipts and expenditures under the various agreements with the Nova Scotia Apple Marketing Board and the British Columbia Fruit Board.

**Allotment: Premiums on hog carcasses suitable for export to Great Britain..... 13,996,428 00**  
**Expenditures.....\$ 9,573,386 36**

To encourage the production of a quality of hog suitable for export in a volume necessary to meet the requirements of the United Kingdom, P.C. 62 dated January 10, 1944, authorized the payment of a premium of \$3 per head on "A" Grade carcasses and \$2 per head on "B1" Grade carcasses. P.C. 11/3275 dated May 3, 1944, authorized the payment of an additional premium of \$1 per head on "A" Grade carcasses and 50 cents per head on "B1" Grade carcasses produced in the Province of Ontario, such additional premiums to be refunded by the Provincial Government. The above amount was paid by warrant to producers of premium hogs.

A distribution of expenditures follows: Maritimes, \$193,177.90; Quebec, \$1,518,001.48; Ontario, \$3,088,817.77 (net); Manitoba, \$1,284,155.83; Saskatchewan, \$921,687.25; Alberta, \$2,183,311.13; British Columbia, \$384,235.

Refunds from the Province of Ontario, credited to this allotment, were \$1,094,874.

<b>Allotment: To provide funds to pay for dehydrated agricultural products prior to the receipt of payment from the ultimate purchasers—1944 Program.....</b>	<b>\$2,000,000 00</b>
<b>Expenditures.....</b>	<b>nil</b>

This allotment was provided for the payment of costs relating to the purchase, storage and transportation of dehydrated products by the Special Products Board for resale, it being anticipated that costs would be recovered in full.

Up to November 30, 1945, financial transactions were handled through this account and subsequently through Special Products Board Open Account. Sales for the period amounted to \$2,747,863.49 of which the sum of \$1,103,567.79 was credited to this allotment and the balance \$1,644,297.70 to Special Receipts, Refunds of Previous Years' War Expenditures.

Due to changes in policy, the financial transactions of this program have been handled through the Special Products Board Open Account as well as through annual allotments. The net expenditure from inception of the policy to date from both accounts amounted to \$1,738,005.13.

<b>Allotment: Guarantee return on participation certificates issued on alfalfa, alsike, and alsike white clover.....</b>	<b>100,000 00</b>
<b>Expenditures.....</b>	<b>\$ 81,144 20</b>

To assure Canadian farmers an adequate supply of seeds to meet the demand for seed reproduction, the increased requirements of feed for live stock, and the urgent need for seed in the United Kingdom, the United States and for UNRRA, it was necessary to maintain and if possible increase the production of certain forage crop seeds.

As prevailing prices for these seeds in Canada were not sufficiently attractive to encourage producers to increase production and it was not considered advisable to raise ceiling prices, P.C. 7/5928, dated September 8, 1945, authorized the Special Products Board to pay to producers on participation certificates, five cents per pound on alfalfa, alsike clover and alsike white clover mixtures and three cents per pound on red clover, and to credit against these payments the net profits that accrue from export transactions in each kind of seed. Gross expenditure amounted to \$101,307 against which profits credited amounted to \$20,162.80.

<b>Allotment: Compensation to Seed Dealers.....</b>	<b>25,000 00</b>
<b>Expenditures.....</b>	<b>\$ 24,867 20</b>

P.C. 5428 dated July 9, 1943, authorized the Special Products Board to purchase and export surpluses of certain agricultural seeds and to pay producers of such seeds any net profits resulting from its transactions.

For services rendered in connection with the issue of participation certificates, on the basis of which the distribution of profits was made, and for supplying certain information, the Board agreed to pay seed dealers  $\frac{1}{4}$  cent per pound of clean seed. This agreement was approved by P.C. 12/5477 dated August 8, 1945.

Allotment: To increase the income of farmers in the Spring Wheat area of Western Canada	2,000 00
Expenditures .....	<u>392 25</u>

In view of the prospective inadequacy of return from wheat and other grains produced in the spring wheat area of Western Canada in the crop year 1941, the Prairie Farm Income Plan was put into effect to augment the income of farmers by approximately \$20,000,000.

Regulations governing the distribution of these funds were established by P.C. 8126 dated October 22, 1941, which authorized the payment of seventy-five cents per acre on one-half of the cultivated acreage of each farm with a maximum payment of \$150 per farm, the crop yield having no bearing on the award.

Expenditures for the year covered outstanding claims relating to the 1941 crop year and were distributed by provinces as follows:—

A B C These accounts record the financial transactions having to do with the acquisition of agricultural products for the British Ministry of Food, Governments of Allied countries and UNRRA under authority of section 3 of the War Expenditure and Demobilization Appropriation Act, 1945.

D This account recorded the value of shipments of agricultural products under contracts with the British Ministry of Food between the closing of Mutual Aid, September 2, 1945, and February 28, 1946. The balance at the latter date (\$110,840,862.95) was transferred to United Kingdom General Settlement Account (See Department of Finance).

E F G These accounts record the financial transactions in connection with shipments, under contracts and requisitions, to the British Ministry of Food subsequent to February 28, 1946, and to the Governments of France and the Netherlands following V-E Day.

- A A policy was adopted in 1937 for the removal of cattle from the drought areas of Western Canada, due to a food shortage. Payments to farmers were made by warrants. At the termination of the scheme, the value of the outstanding warrants was charged against the appropriation provided for relief purposes and credited to this account to provide for their subsequent redemption.
- B Funds have been provided annually for a number of years for payments to Western farmers under the Wheat Acreage Reduction Program. Payments were made by warrants and, at the close of each fiscal year, the value of the outstanding warrants was charged against the appropriation and credited to this account to provide for their subsequent redemption.
- C Funds were provided from the War Appropriation for payments to hog producers under the Hog Premium Program. Payments were made by warrants and, at the close of each fiscal year, the value of the outstanding warrants is charged against the appropriation and credited to this account to provide for their subsequent redemption.
- D At the close of the fiscal year, each imprest account is examined by the official in charge and funds to meet cheques which have been outstanding since the close of the previous fiscal year are withdrawn from the imprest bank account and credited hereto. If any of these cheques are subsequently cashed, the imprest bank account is then recouped in the usual way and this account adjusted concurrently.

A This account is in connection with the financial transactions of the Superintendent of Farnham House Laboratory (a scientific institution with headquarters in England), who was transferred to Canada for the duration of the war to continue his biological work on the control of harmful insects.

The organization is supported by annual contributions from several Empire countries, including Canada (see Vote 4), which are credited to this fund and from which expenses are met.

B The Prairie Farm Assistance Act, c. 50, 1939, provides for a levy of one per cent to be deducted by all licensed purchasers of grain, the amount so deducted to be transferred to the Board of Grain Commissioners for deposit to the credit of a special account known as the Prairie Farm Emergency Fund. Awards are made under the provisions of the Act to farmers in the spring wheat area and are payable from this fund; if, at any time, the fund is insufficient to pay these awards, the Act provides that the Minister of Finance, with the approval of the Governor in Council, may make an advance to the fund of the amount required to meet the deficit. An amount of \$12,051,805.62 was transferred this year, see page A-36.

C This account is credited with advances from sundry Governments for the purchase of supplies. Debits represent the value of such purchases. The closing balance consists of unexpended cash advanced by the following Governments: France, \$6,421.55; the Netherlands, \$657.93; Belgium, \$1,545,932.07; Sweden, \$365,538.20.

A All cheques except those drawn against Open Accounts, which remain undelivered after six months subsequent to date of issue are credited to this account pending claims therefor.

B This account is credited with advances from the Canadian Mutual Aid Board for the purchase of supplies for the United Nations (other than Canada). Debits represent (a) the value of such purchases (\$46,155,539.02 from Mutual Aid funds and \$54,977,000.68 from cash provided by the United Kingdom) and (b) refunds of the unexpended balances of the advances at the close of the fiscal year. Further details are shown under the Canadian Mutual Aid Board section of this Report.

This account was also credited with advances by the Government of Belgium of \$541,615.38 through the Canadian Mutual Aid Board for the purchase of supplies. Debits represent (a) the value of such purchases which totalled \$478,326.32 and (b) the unexpended balance transferred to Deposits for purchase of supplies—Sundry Governments under Deposit and Trust Accounts.

C This account is credited with advances from the Canadian Mutual Aid Board for the purchase of supplies for Military Occupation Relief. Debits represent (a) the value of such purchases which totalled \$2,281,909.76 and (b) the refund of the unexpended balance of the advances at the close of the fiscal year. Further details are shown under the Canadian Mutual Aid Board section of this Report.

D This account is credited with advances from the Department of Reconstruction and Supply for the purchase of supplies for the United States Government. Debits represent the value of such purchases.

E This account is credited with advances from the Canadian Mutual Aid Board and the Department of Trade and Commerce for the purchase of supplies for the United Nations Relief and Rehabilitation Administration. Debits represent (a) the value of such purchases which totalled \$15,261,734.95 and (b) the refund of the unexpended balance of the advances at the close of the fiscal year. Further details are shown under the Department of Trade and Commerce section of this Report.

## GENERAL COMMENTS

Of the total expenditures of \$801,380,053.19, an amount of \$46,022,754.43 was made under the continuing statutory authority of the War Appropriation (United Nations Mutual Aid) Acts 1943 and 1944 while expenditures of \$34,463,198.76 for Military Relief and \$720,894,100 for Mutual Aid were made from allotments from the War Expenditure and Demobilization Appropriation, 1945. Expenditures made directly by the Board consisted of \$4,673,790.81 for Mutual Aid supplies and \$54,388.88 for administration expenses, the balance being expended by the following departments acting as agents of the Board (the amounts quoted comprise expenditures for both Mutual Aid and Military Relief supplies): Agriculture, \$48,437,448.78; Fisheries, \$5,211,463.96; Reconstruction and Supply, \$589,919,547.25; Trade and Commerce, \$153,083,413.51. However, in addition to the foregoing expenditures, the procurement departments disbursed a further sum of \$162,813,263.16, which was provided by the Government of the United Kingdom for its requirements in addition to the aid granted by Canada. The total disbursements were, therefore, \$964,193,316.35.

Mutual aid ceased at midnight, September 1, 1945, and expenditures represent payment for goods actually delivered to that date. By P.C. 9546 of December 14, 1943, P.C. 9967 of January 14, 1944, P.C. 9485 of February 2, 1945, and P.C. 6489 of October 17, 1945, temporary financing of orders placed with the Department of Reconstruction and Supply by the Board was authorized to be provided through the Munitions Production Allotment Fund, see page VA-14 of the Department of Reconstruction and Supply section of this report.

P.C. 767 of March 7, 1946, transferred to the Minister of Trade and Commerce, effective November 1, 1945, the powers, duties and functions of the Canadian Mutual Aid Board under Section 4 of the War Appropriation (United Nations Mutual Aid) Act, 1943, as amended by section 4 of the War Appropriation (United Nations Mutual Aid) Act, 1944, insofar as they relate to commodities, services and equipment required by the United

Nations Relief and Rehabilitation Administration. Accordingly, portions of the Board's allotments—\$38,021-846.03 from War Appropriation (United Nations Mutual Aid) Act, 1944 and \$27,829,900 from the War and Demobilization Allotment—Mutual Aid—together with equivalent sums representing the 1945-46 expenditures therefrom, were transferred to that Department (See Page Y-22).

Under the terms of the Canada-United Kingdom Financial Agreement (see United Kingdom General Settlement Account, under Open Accounts, Department of Finance), all outstanding claims of both Governments arising out of the war effort in respect of supplies and services furnished to each other prior to March 1, 1946, were, with certain exceptions, settled by payment of \$150,000,000 by the United Kingdom. As far as this Board is concerned, the action taken in implementing such terms resulted in the following net debits to its accounts:

\$720,894,100 00

\* The original amount of the allotment was \$753,724,000. However, in accordance with the terms of P.C. 767 of March 7, 1946, the sum of \$27,829,900 together with the equivalent amount representing the 1945-46 expenditures was transferred to the Department of Trade and Commerce.

As of March 31, 1946, there were 12 salaried employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) follows: M. Cain, \$2,400 (Oct. 1); K. C. Fraser, \$8,500; E. M. Henry, \$6,000 (Feb. 1); S. A. MacKay-Smith, \$6,000 (Sept. 6); E. E. Wasson, \$6,000 (Aug. 1); P. F. Weiss, \$3,600.

A Travelling expenses of \$300 or over were paid to: K. C. Fraser, \$3,963.66; E. E. Wasson, \$857.70.

B The Bell Telephone Co. of Canada, Ltd., was paid \$3,653.38.

C The Department of Public Printing and Stationery was paid \$4,216.34.

D Details of this expenditure are merged with those given in the classification of "Mutual Aid" in Appendix 1.

Suppliers and contractors receiving \$10,000 or over are included in the list in Appendix 2.

<b>Allotment: Mutual Aid (United Nations Mutual Aid Act, 1944)</b> .....	<b>46,022,754 43</b>
<b>Expenditures</b> .....	<b>\$46,022,754 43</b>

---

There was carried over from the fiscal year 1944-45 the sum of \$84,044,600.46, representing the unexpended balance of the sums appropriated for the purchase of mutual aid supplies under authority of the War Appropriation (United Nations Mutual Aid) Act, c. 15, 1944. However, there was transferred during the year to the Department of Trade and Commerce the sum of \$38,021,846.03 for expenditures in connection with the United Nations Relief and Rehabilitation Administration (see General Comments). The balance of the carry-over, \$46,022,754.43, constitutes the above allotment.

Details of the above expenditures are merged with those given in the classification of "Mutual Aid" in Appendix 1. Suppliers and contractors receiving \$10,000 or over are included in the list in Appendix 2.

<b>Allotment: Board Administration (United Nations Mutual Aid Act, 1944)</b> .....	<b>\$ 6,476 45</b>
<b>Expenditures</b> .....	<b>nil</b>

---

This allotment represents the carry-over from the fiscal year 1944-45 of the unexpended balance of the amount appropriated for this purpose under authority of the War Appropriation (United Nations Mutual Aid) Act, c. 15, 1944.

No expenditures were made from this allotment as the administration expenses of the Board for the current fiscal year are included in the expenditures made from the War Expenditure and Demobilization Allotment (see above).

This account (which is under the jurisdiction of the Auditor General's Office) is used to record receipts and disbursements of election deposits. Each candidate for election is required to deposit \$200 with the Receiver General at the time he announces his candidature. If he is successful or obtains half as many votes as the successful candidate, this election deposit is refunded, otherwise it is forfeited to the Crown. Forfeited deposits are transferred to Ordinary Revenue—Miscellaneous.

## Details

## Ordinary Revenue—

## Tax Revenue:

A Chartered Banks—Note Circulation Tax .....	270,061 68
--	------------

The Chartered Banks Note Circulation Tax is collected under the authority of Part I of the Special War Revenue Act, c. 179, R.S., and amendments, at the rate of one-fourth of one per cent upon the average quarterly amount of the notes in circulation of each bank, less adjustment for notes in circulation outside of Canada.

B Insurance Companies—Tax on Net Premiums .....	7,950,552 33
---	--------------

Part III of the Special War Revenue Act, c. 179, R.S., with amendments in force as at March 31, 1946, levied a tax on net insurance premiums received by companies authorized under the laws of the Dominion or any Province thereof, of (a) 2 per cent on net premiums of companies, other than a mutual company not carrying on the business of life insurance, an exchange, or an association of persons formed on the plan known as Lloyds; (b) 3 per cent on net premiums received by every association of persons formed on the plan known as Lloyds, and every mutual company not carrying on the business of life insurance and not carrying on business on the premium deposit plan; (c) 4 per cent upon net premiums received by every mutual company carrying on insurance business on the premium deposit plan and by every exchange. The tax did not apply to marine insurance. Under the same authority, a tax of 10 per cent was levied on net premiums paid by any resident of Canada for insurance on property with companies not authorized under the laws of the Dominion or any Province thereof. For the fiscal year 1945-46 taxes on premiums of licensed companies amounted to \$7,945,231.52 and taxes on insurance carried with unauthorized companies to \$5,320.81.

Fees for making loans in remote localities—National Housing Act, c. 49, 1938, and c. 46, 1944.....	\$ 6,991 52
--	-------------

These two acts authorize the Minister of Finance, in order to encourage the making of loans in small or remote communities, to enter into contracts with approved lending institutions providing for the payment by the Dominion of inspection fees not exceeding \$20 and mileage expenses for each necessary inspection trip, in connection with loans not exceeding \$4,000.

The following amounts were paid to lending institutions in accordance with the above: Canada Life Assurance Company, \$935.36; London Life Insurance Company, \$871.10; London and Western Trust Co., \$78.80; Mutual Life Assurance Company of Canada, \$1,794.84; Ontario Loan and Debenture Company, \$609.22; Sun Life Assurance Company of Canada, \$2,702.20.

Tax payments—National Housing Act, c. 49, 1938.....	\$ 515 81
---	-----------

Section 22, Part III of the Act authorized the Minister of Finance to pay the municipal taxes (if levied) on houses valued at not more than \$4,000 which were constructed during the period commencing June 1, 1938, and ending December 31, 1940, or on such earlier date as might be set by the Governor in Council, on the following basis: 1st tax year—100 per cent; 2nd tax year—50 per cent; 3rd tax year—25 per cent.

By P.C. 4021 of December 5, 1939, payments were restricted to taxes on houses, the construction of which was commenced before May 31, 1940.

Tax payments, summarized by provinces, were as follows: Ontario, \$110.95; Alberta, \$90.39; British Columbia, \$314.47.

Home Improvement Loans—Losses, Home Improvement Loans Guarantee Act, c. 11, 1937..	\$ 8,864 77
--	-------------

The Act guarantees lending institutions against losses sustained on defaulted home improvement loans, but stipulates that the Government liability in this regard shall not exceed 15 per cent of the aggregate amount of home improvement loans made by any such approved lending institution. In accordance with the provisions of this Act, payments were made to the following lending institutions: Bank of Montreal, \$3.50; Bank of Nova Scotia, \$6.80; Banque Canadienne Nationale, \$229.68; Canadian Bank of Commerce, \$822.72; Dominion Bank, \$48.67; Heating and Plumbing Finance Company, Limited, \$308.44; Imperial Bank of Canada, \$343.78; Royal Bank of Canada, \$6,679.49. Sundry legal fees amounted to \$421.69.

Gross expenditures amounted to \$8,864.77; but \$15,940.26 was received from debtors in default and credited to Ordinary Revenue—Refunds of Previous Years' Expenditures, and a further amount of \$3,952.36, representing interest on past due balances, was received and credited to Ordinary Revenue—Return on Investments.

Vote 55 To provide for payments of amounts owing under guarantees given by Minister of Finance pursuant to Item 51 of Schedule A to the Appropriation Act, No. 5, 1944 (and pursuant to corresponding items in previous Appropriation Acts) to approved lending institutions in respect of loans made for the purpose of financing the conversion of existing houses into multiple family houses, such payments to be made out of unappropriated moneys in the Consolidated Revenue Fund.....	\$ 1 00
Expenditures.....	nil

As of March 31, 1946, 59 loans had been approved for a total amount of \$112,725.28. There were no claims for losses. The Government's contingent liability, limited to 15 per cent of the aggregate of such loans made by each lending institution, amounted to \$16,385.70 as at March 31, 1946.

The sum of \$2,696,037.93 is equal to the net current contributions to the fund by such employees in the fiscal year 1944-45.

<b>Vote 59 To provide for retiring allowances to former employees of the Department of Public Printing and Stationery.....</b>	<b>1,110 00</b>
<b>Expenditures.....</b>	<b>\$ 942 84</b>

Expenditures are payments of retiring allowances, under P.C. 2146, October 22, 1919, to a number of former employees of the Department of Public Printing and Stationery, such allowances being graded according to age, length of service and salary received. No further retirements may be authorized under the above Order in Council.

<b>Superannuation allowances, Civil Service Superannuation and Retirement Act, c. 17, R.S., 1906 .....</b>	<b>\$ 94,313 86</b>
--	---------------------

This represents superannuation allowances paid to civil servants appointed prior to April 1, 1893, and retired under the provisions of the above Act. Payments to those appointed after April 1, 1893, and eligible for superannuation under the above Act, are made from the Superannuation Account (see page F-62).

<b>Retirement Allowances, Public Service Retirement Act, c. 67, 1920.....</b>	<b>\$ 119,353 79</b>
---	----------------------

Under authority of this Act, provision was made for the retirement and payment of allowances, under stipulated conditions, to certain members of the Public Service who were not eligible for annual retiring allowances under the Superannuation and Retirement Act, c. 17, R.S., 1906. Retirements were all effected prior to November 1, 1924, on which date the retirement provisions of the Act expired (c. 69, 1924).

Widows' Annuities, Civil Servants' Widows' Annuities Act, c. 74, 1927.....	\$ 66,050 66
--	--------------

This Act provides that the Governor in Council may grant to a widow an annual allowance, payable until death or remarriage, of an amount equal to one-fourth of the allowance her husband received under the Superannuation and Retirement Act, c. 17, R.S., 1906, or would have received if, at the time of his death, he had been retired under the Act.

Retirement Benefits, Royal Canadian Mint Act, c. 48, 1931.....	\$ 11,766 48
--	--------------

Payments to former employees of the Royal Mint of the portions of their retirement benefits referable to their services in the Ottawa Branch of the Royal Mint were as follows: J. Burke, \$883.44; F. J. Cletheroe, \$1,050; G. V. H. Howard, \$1,657.44; H. S. Low, \$1,104; E. A. Maginnes, \$921.60; T. H. Mansell, \$1,140; R. C. Roe, \$960.

A gratuity of \$4,050 was paid to the Royal Trust Company, executors of the estate of the late A. L. Entwistle, under authority of the British Superannuation Act, 1909, as amended by the Royal Mint Act of 1931 (approved by P.C. 65/5720 dated August 25, 1945).

Amounts due by the British Government on account of the portion of the benefits for the year ended March 31, 1946, of F. J. Cletheroe and T. H. Mansell referable to their services in the Royal Mint, and amounting to \$54.56 and \$172.90 respectively were outstanding at the close of the fiscal year.

Gratuities to families of deceased employees, Civil Service Act, c. 22, R.S. ....	\$ 6,526 66

	<u>\$7,377,501 52</u>

Administration and promotion expenses in connection with the flotation of various Victory Loans and sales of War Savings Certificates and stamps were incurred by the National War Finance Committee, the establishment of which was approved by P.C. 45, January 7, 1942, as amended. A detailed breakdown of these expenses will be found in Appendix No. 4 to this section, page F-77.

Additional expenditures on account of the Fifth, Seventh, Eighth and Ninth Victory Loans totalling \$20,745,251.43, were made during the year and charged to Deferred Charges—Unamortized discounts and commissions on loans (see under Open Accounts further on in this Section) to be written off annually over the life of the loans. Of such total, \$7,941,159.32 was paid to canvassers for commissions on bonds sold to persons who were not (a) included on a special names list, (b) classified under "employee subscriptions" or (c) members of the Armed Forces; \$6,961,015 to approved dealers, and \$5,843,077.11 to Banks, Trust and Loan Companies (P.C. 3586, May 15, 1944, and P.C. 8210, October 24, 1944).

An amount of \$74,722.62 representing profits in the National War Finance Committee Trading Account (See under Open Accounts further on in this Section) was applied as a credit against the expenditures for the Eighth and Ninth Loans.

As of March 31, 1946, there were 33 salaried employees being paid from this account. Those receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation are listed below (asterisks denote separation date of December 31, 1945, while other separation dates are shown in parentheses). The travelling expenses of these employees, where the amount was \$300 or over, are also shown:

*Special Compensation to Provinces*

Compensation to Provinces in lieu of Income and Corporation Taxes under the Dominion-Provincial Taxation Agreement Act, 1942, c. 13, 1942-43.....\$ 98,051,768 64

Under the provisions of the Dominion-Provincial Taxation Agreement, 1942, c. 13, 1942-43, the Minister of Finance, with the approval of the Governor in Council, may enter into an agreement with the government of any province to provide, subject to terms and conditions, that the province and its municipalities shall cease to levy personal income and corporation taxes for the duration of the war and for a certain readjustment period thereafter, and to provide for the payment of compensation by the Dominion to the province therefor. Section 5 of the Act provides, subject to terms and conditions, for compensation to the provinces by the Dominion for loss of revenue re tax on sale of gasoline. The annual Dominion compensation for corporation, income and gasoline taxes is computed on a basic year, being, in the case of each province or municipality concerned, the fiscal year ending nearest to December 31, 1940.

Compensation to provinces, in return for vacating the personal income and corporation tax fields for the duration of the war, and for reduction in gasoline revenue, was as follows:

Under authority of the War Measures Act, P.C. 5688 of August 21, 1945, empowered the Minister of Finance to pay compensation on an *ex gratia* basis in respect of damage to property directly resulting from (a) the disorders that occurred in the City of Halifax and vicinity thereof during the celebration of the declaration of Victory over Germany on the 7th and 8th of May, 1945, and (b) the explosions that occurred in the Naval Magazine at Bedford Basin on the 18th and 19th of July, 1945. Damage to property is defined to include loss from looting of stock in trade but not to include damage to or loss of (a) land other than the structures thereon; (b) growing crops, plants or trees; (c) money, negotiable instruments, securities for money or documents of any kind including documents owned for the purpose of a business, evidences of indebtedness or evidences of title to any property or right or of the discharge of any obligation; or (d) incorporeal property, and not to include any consequential loss or any loss of profits, earnings or use or occupancy. Damage in respect of which compensation is payable is not to be deemed "war damage" within the meaning of the War Risk Insurance Act, 1942. P.C. 1240 of April 2, 1946, extended the period for acceptance of claims to April 23, 1946.

The Wartime Prices and Trade Board was constituted by P.C. 2516, September 3, 1939, under authority of the War Measures Act, 1914, "to provide safeguards under war conditions against any undue enhancement in the prices of food, fuel and other necessities of life, and to ensure an adequate supply and equitable distribution of such commodities". From September 3, 1939, to December 1, 1941, the Board's activities were confined to selective controls of supplies and prices. The overall price ceiling became effective December 1, 1941, under authority of P.C. 8527, November 1, 1941, establishing the "Maximum Prices Regulation" and the powers of the Board to administer the ceiling were broadened by P.C. 8528, November 1, 1941. The "Maximum Rentals Regulations" were authorized by P.C. 8965, and the "Wartime Leasehold Regulations" by P.C. 9029, both dated November 21, 1941. The terms of the "Maximum Prices Regulations" stipulate that the highest prices at which any person may sell any goods, or services defined in the regulations, is the highest lawful price at which he sold those goods or services during what is known as the "basic period"—September 15 to October 11, 1941—unless the Wartime Prices and Trade Board has ordered otherwise. To maintain equitable and orderly distribution of goods in short supply, the Board has issued a number of orders to regulate distribution, and administers coupon rationing of various food items. To assist the Board in controlling prices and maintaining supply, three companies wholly owned by the Crown, have been incorporated: Commodity Prices Stabilization Corporation Limited, Wartime Food Corporation Limited, and Canadian Wool Board Limited. Assistance is given through payment of subsidies, modification or remission of duties and taxes, and government bulk purchasing when the "squeeze" cannot be absorbed or offset by trade and industry.

As of March 31, 1946, there were 5,121 salaried employees being paid from this account. Those receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) are listed below. Salary rate indicated by an asterisk includes war duties supplement.

The travelling expenses of these employees where the amount was \$300 or over are also shown.

<b>Allotment: Wartime Prices and Trade Board—Canadian Wool Board Limited .....</b>	<b>446,686 92</b>
<b>Expenditures .....</b>	<b>\$ 446,686 92</b>

P.C. 1835, March 10, 1942, authorized the Minister of Finance to cause the incorporation and organization of the Canadian Wool Board Limited as a Crown company under the provisions of the Companies Act, 1934, and to execute an agreement with the company authorizing it to perform such duties and to enter into such transactions as the Minister or the Wartime Prices and Trade Board may authorize or direct it to perform with respect to the acquisition, conservation and distribution of domestic and foreign wool and related products as may be deemed necessary. Under the same authority the Minister may, with the approval of the Treasury Board, advance funds for administrative and other expenses of the Company. The advances are recorded under Loans and Advances (see Open Accounts—further on in this section); expenses are met from these advances and, periodically throughout the year, the account is credited and the War and Demobilization allotment debited with such expenses. There were no advances made to the Company in the present fiscal year. The above expenditures of \$446,686.92, represent the net loss for the year, and this amount together with cash repayments amounting to \$6,500,000 made by the Company during the year was credited to outstanding advances.

The balance sheet as at March 31, 1946, and operating statements for the present fiscal year as furnished and certified by the Auditor General will be found in Appendix 6 to this section, page F-84.

<b>Allotment: Subsidies due to application of order placing ceiling over all prices—Commodity Prices Stabilization Corporation</b>

<b>Expenditures .....</b>	<b>97,818,903 46</b>
	<u>\$97,818,903 46</u>

P.C. 9870, December 17, 1941, as amended by P.C. 5863, July 7, 1942, authorized the Minister of Finance to cause the incorporation and organization of the Commodity Prices Stabilization Corporation Limited as a Crown company under the Companies Act, 1934, and to execute an agreement with the Corporation authorizing it to perform such duties and to enter into such transactions as the Minister or the Wartime Prices and Trade Board may authorize or direct it to perform for the purpose of assisting the Wartime Prices and Trade Board in controlling prices and maintaining supply of food, fuel and other necessities of life by the payment of subsidies and bulk purchasing in accordance with principles formulated by the Wartime Prices and Trade Board and approved by the Minister. Under the same authority, the Corporation was empowered to carry on its duties and responsibilities through the incorporation and organization of subsidiary companies, and under this provision a subsidiary, Wartime Food Corporation Limited, was established. The Order in Council authorized the Minister, with the approval of Treasury Board, to advance funds for administrative and other expenses of the Corporation. The advances are recorded in Loans and Advances (shown under Open Accounts further on in this section). Expenses of the Corporation are met from these advances and, periodically throughout the year, the account is credited and the War and Demobilization

allotment debited with such expenses. The advances in the present fiscal year amounted to \$90,000,000 (of which \$89,050,000 was advanced to Commodity Prices Stabilization Corporation, Ltd., and \$950,000 to Wartime Food Corporation, Ltd.), while the expenditure charged to War and Demobilization allotment totalled \$97,818,903.46. The gross amount of this allotment includes provision for the net increase, during the current fiscal year, of advances to Wartime Food Corporation Limited.

The expenditures were as follows:

Commodity Prices Stabilization Corporation Limited—

Administrative expenses .....	1,411,186 34
Subsidies—import .....	41,602,181 16
domestic .....	37,915,007 54

Funds made available under the above allotments were used to alleviate an acute shortage of housing accommodation in certain urban areas by the conversion of suitable large dwellings into multiple housing units. The original authorities restricted the estimated expenditures to \$1,500 per dwelling unit, but P.C. 5392 of July 13, 1944 amended this restriction by authorizing an estimated expenditure of not over \$2,000 per unit for units containing more than 1 bedroom.

P.C. 7499 of December 28, 1945 directed that, as the Central Mortgage and Housing Corporation will act in the place of the Minister of Finance, in the operations of the National Housing Act, 1944, and other Housing Acts on and after January 1, 1946, the Corporation shall on behalf of His Majesty and in the place of the Minister of Finance have, exercise and perform all rights, powers, duties, liabilities and functions of the Minister of Finance under the Home Conversion Orders except the authority of the Minister of Finance to pay moneys out of the Consolidated Revenue Fund.

The above Order in Council also directs that, from January 1, 1946, all moneys owing to the Minister of Finance under or pursuant to the Home Conversion Orders shall be paid to the Corporation, which, quarterly thereafter, shall pay such moneys to the Minister, less any expenses incurred by the Corporation in the operation of the Home Conversion Orders other than the cost of converting properties into multiple housing units. Under this provision, the sum received for the quarter ending March 31, 1946, amounted to \$27,840.46, and was credited to Special Receipts, Miscellaneous War Revenues.

A As of March 31, 1946, there were 72 salaried employees, consisting of members of the field staff whose employment was continued to this date under an arrangement between the Department and the Corporation, being paid from this account. Those receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) are listed below. Salary rates indicated by asterisks include war duties supplements.

The travelling expenses of these employees, where the amount was \$300 or over, are also shown:

A This account relates to the transactions in gold at the Dominion of Canada Assay Office in Vancouver. Gold deposits, which include the silver content thereof, are purchased from mining companies and individuals for shipment to the Royal Canadian Mint, this account being debited with the value of the former transactions and credited with the value of the latter. The closing balance represents the statutory value of the gold, including that of the silver content, on hand in the Dominion Assay Office on that date.

B The amount shown as receipts arises from the transfer of gold bullion to the Bank of Canada and sales of fine gold to the public; while disbursements represent (a) payments made by the Royal Canadian Mint for newly-mined gold, old jewelry, dental scrap, etc., and (b) the amount of the net operating profit for the year which was transferred to Revenue—Bullion and Coinage. The closing balance represents the statutory value equivalent to \$20.67+ the ounce fine of the gold on hand at that date.

C Receipts in these accounts represent the face value of all coin issued to the Bank of Canada and in the case of the Silver Purchase Account, the proceeds from the sale of fine silver to the public. Disbursements are (a) the value of all metals purchased for coinage and medal purposes as well as the net value of mutilated coin withdrawn from circulation and (b) the amount of the net operating profit for the year which was transferred to Revenue—Bullion and Coinage. The closing balances represent the cost value of the metals on hand at that date.

A Advances are made to this Board under the provisions of the Exchange Fund Order, 1940, and the War Expenditure and Demobilization Appropriation Act to provide capital to carry on its foreign exchange transactions. Disbursements represent additional advances made during the year. Interest due to November 1, 1945 at 1 per cent per annum, and amounting to \$8,154,690.27 was received and credited to Revenue—Return on Investments.

B Under authority of P.C. 1835, March 10, 1942, this Government-owned Company was incorporated under the Companies Act for the purpose of buying and selling foreign and domestic wools, fabrics, fibres and commodities, and is operated under the control of the Wartime Prices and Trade Board. Advances as required

are made by the Minister of Finance under authority of the War Expenditure and Demobilization Appropriation Act and are debited to this account. Current receipts include administrative expenses and losses in trading for the year (which are charged to the War Expenditure and Demobilization Appropriation) together with refunds totalling \$6,500,000, on account of advances made to the Company in previous years.

- C Under authority of P.C. 9870, December 17, 1941, this Government-owned Corporation was incorporated under the Companies Act and placed under the control of the Wartime Prices and Trade Board. The Corporation buys and sells commodities and subsidizes firms and individuals for the purpose of controlling the prices of goods, ware and merchandise in Canada, and in this connection, the Minister of Finance is authorized to advance \$10,000,000; further advances as required are made under authority of the War Expenditure and Demobilization Appropriation Act. All such advances are debited to this account. Each month an adjustment is made, crediting this account and charging the War Expenditure and Demobilization Appropriation with the subsidies paid, losses on commodity trading and administrative expenses.  
Wartime Food Corporation, Limited, is a subsidiary.
- D Subsection 3 of section 10 of the Export Credits Insurance Act c. 39, 1944 prescribes that for any part of the subscription to the capital stock of the Corporation the Minister of Finance shall pay to the Corporation an equal amount to be credited to capital surplus account. The amount of \$2,000,000 is equal to the capital investment made during the year (see under Investments further on in this section).
- E This loan was renewed under authority of P.C. 5755 of August 28, 1945, for a period of 1 year from September 1, 1945. Interest at 3 per cent per annum amounting to \$10,500 was received and credited to Revenue—Return on Investments.
- F No further loans were made to the provinces during the year for unemployment relief or agricultural assistance. The Province of Alberta repaid \$18,000 and renewals were \$26,237,500; the Province of British Columbia repaid \$97,380.06 and the renewals totalled \$31,467,140.05; while repayments as shown were received from the Provinces of Manitoba and Saskatchewan. Interest amounting to \$2,761,597.26 was received and credited to Revenue—Return on Investments.
- G A loan of \$57,600 to the Province of Saskatchewan was authorized by P.C. 4891 of September 17, 1940, to enable the Saskatchewan Power Commission to extend its power and light system to the Bombing and Gunnery School at Dafoe, Saskatchewan. It bears interest at 3½ per cent and is repayable in thirty half-yearly instalments, the first of which became due May 15, 1941. Repayment of principal totalling \$3,840 was received during the year together with interest amounting to \$1,444.80, which latter amount was credited to Revenue—Return on Investments.
- H Advances were made by the Dominion Government to the Province of Saskatchewan for the purchase of seed grain. The receipts represent repayments.
- I Under the Seed Grain Loans Guarantee Act, c. 13, 1938, the Governor in Council may authorize the guarantee of the principal and interest of any loans made by a chartered bank which were guaranteed by the Province of Saskatchewan under the authority of the Municipalities Seed Grain and Supply Act, 1938, of Saskatchewan, the Local Improvement Districts Act, 1936, of Saskatchewan, and any amendments thereto, or any acts passed in substitution therefor for purchasing seed grain and providing other assistance to farmers in connection with seeding operations during the spring of 1938; provided, however, that the liability of the Government of Canada in respect of principal under all guarantees given under this Section shall be limited to \$14,500,000. Section 6 of the Act provides that the Minister of Finance may pay out of any unappropriated moneys in the Consolidated Revenue Fund the amounts necessary to fulfil any guarantee given under the authority of this Act and section 5 (iii) provides that if the Government of Canada is required to pay any amount in respect of any such guarantee, the province shall deliver to the Minister of Finance treasury bills or other obligations of the province equivalent in principal amount to the amount which the Government of Canada is so required to pay. Receipts represent payments made by the province during the year.
- J Receipts represent repayments made during the year. Interest, at the rate of 2 per cent per annum, amounting to \$109,666.40 was received and credited to Revenue—Return on Investments.
- K These accounts relate to loans, authorized under section 22, Export Credits Insurance Act, c. 39, 1944, and various Orders in Council, made for the purpose of facilitating and developing trade between Canada and the countries concerned. The disbursements represent advances made during the current year.
- L No payments of principal or interest were made during the year by the Governments of Greece and Roumania on account of advances made in 1919-20 and 1920-21.
- M This account relates to: (a) a loan of \$10,000,000 which was authorized under authority of section 3 of the War Appropriation Act, 1942, and pursuant to an agreement, approved by P.C. 7822 of September 1, 1942, between Canada and Russia for the purchase by the latter of Canadian wheat and flour; and (b) a loan, authorized under section 22, Export Credits Insurance Act, c. 39, 1944, made for the purpose of facilitating and developing trade between Canada and Russia. During the year, Russia made a repayment of \$2,500,000 on the first loan, and received advances of \$2,775,500 on the second one. Interest, at a rate of 3 per cent per annum, amounting to \$323,443.86 was received and credited to Revenue—Return on Investments.

N Under authority of the War Appropriation (United Kingdom Financing) Act, 1942, sterling balances held by Canada in an amount equivalent to \$700,000,000 at the exchange rate of \$1.45 to the pound sterling were converted into a Canadian dollar obligation of the Government of the United Kingdom which, under the provisions of the Act, is non-interest-bearing until after the termination of the war. Receipts in this account represent repayments made during the present fiscal year.

O This is a non-interest-bearing deposit made by the Dominion under the terms of the agreements providing for the establishment of the bank. The deposit was made in 1930-31.

P Disbursements are the Dominion's share of loans made to December 31, 1945, under the National Housing Act, c. 49, 1938, Vote 424, which provided for further advances not exceeding \$1,000,000, and the National Housing Act, c. 46, 1944. An amount of \$1,171,506.83 was advanced under the statutory authorities and \$322,852 from the Vote. Receipts are repayments of such loans to December 31, 1945, as well as of those made under the Dominion Housing Act, c. 58, 1935. No losses were reported during the year. The outstanding balances of loans, as at January 1, 1946, were taken over by the Central Mortgage and Housing Corporation upon payment of \$14,721,232.31 and this account closed.

Q This account relates to advances made to the New Westminster Harbour Commission to assist in the construction and for other purposes connected with the development of the harbour. Interest at 5 per cent per annum for the period July 1, 1941 to June 30, 1943 and amounting to \$27,453.72 was received during the year and credited to Revenue—Return on Investments.

R The amount in this account represents advances made to the Saint John Bridge and Railway Extension Company, for the construction of a bridge and rail connections at Saint John, N.B., as authorized by Chapter 26 of the Statutes of 1883. The liability was subsequently assumed by the Canadian Pacific Railway Company. Interest, at 4 per cent per annum amounting to \$17,356 was received and credited to Revenue—Return on Investments.

- A This account records the investment of the Government as the sole owner of the capital stock of the bank which was acquired under authority of the Bank of Canada Act Amendment Act, c. 42, 1938. Of this amount, \$5,000,000 represents the par value of 100,000 shares of capital stock, and the balance of \$920,000 premium paid in respect of the acquisition in 1938 of shares held by the public. Amounts of \$225,000 from dividends and \$22,541,920.92, being the Government's share of the net surplus for the year, were credited to Revenue—Return on Investments.
- B Section 17 of the Central Mortgage and Housing Corporation Act, c. 15, 1945, stipulates that advances not exceeding \$25,000,000 may be made to the Corporation for capital purposes. Section 42 of the Act directs that "the assets of the Central Mortgage Bank shall be transferred to the Corporation which, at their market value, shall be deemed to be a payment to the Corporation under section 17 of the Act". The value of such assets, as at January 1, 1946, the date upon which they were taken over by the Central Mortgage and Housing Corporation, was determined to be the sum of \$253,919.34, consisting of the value of the capital stock, \$250,000, and the net profit for the calendar year 1945, \$3,919.34 (the value of the capital stock was credited to the preceding account, while that of the net profit was credited to Revenue—Return on Investments). The balance, \$24,746,080.66, of the capital amount authorized by section 17 was paid to the Corporation in cash.
- C Receipts represent the purchase by the Board, from surplus funds, of \$4,500,000 of its 3½ per cent bonds due January 2, 1960, and the writing off to Consolidated Deficit Account of capital stock amounting to \$962. Disbursements cover the purchase from the Board by the Dominion of \$2,100,000 of the Board's 3 per cent bonds due January 2, 1970. Interest amounting to \$745,399.99 was received during the year and credited to Revenue—Return on Investments. Of this amount, \$175,000 represented interest on initial capital advances, and \$570,399.99 interest on Farm Loan Bonds of \$5,000,000. The additional amount of \$50,000 under initial capital advances was voted in the Supplementary Estimates of 1928-29 (Vote 505) and is repayable without interest.
- On initial capital advances, made under authority of the Canadian Fisherman's Loan Act, c. 52, 1935, interest of \$725 was received and credited to Revenue—Return on Investments.
- D The Corporation was incorporated under the Export Credits Insurance Act, c. 39, 1944, to promote the revival of trade by the provision of Dominion Government guarantees to encourage exports from Canada. The disbursements represent a further subscription by the Minister of Finance for capital stock of the Corporation, as authorized by subsection 2 of section 10 of the Act.
- E The amount represents the balance still owing by various municipalities for sums advanced from the Treasury of the United Provinces of Upper and Lower Canada, for the purpose of building toll roads in the vicinity of Montreal. Interest, at the rate of 6 per cent per annum, amounting to \$858.48 was received and credited to Revenue—Return on Investments.
- F The amounts shown under disbursements represent Canada's subscriptions to the International Monetary Fund and the International Bank for Reconstruction and Development, as authorized by section 5, of the Bretton Woods Agreement Act, c. 11, 1945.
- G This account reflects the operations in securities investments which consist mainly of Dominion of Canada direct and guaranteed securities.

A This account reflects the liability of the Bank of Montreal for the redemption of provincial notes stolen from its branch at St. Catharines in 1869, at the time the Bank was agent for the issue and redemption of these notes for the Receiver General. The original liability was \$46,000. As the stolen notes are presented for payment, the Minister of Finance redeems them at face value and is recouped by the Bank.

B This account records the sale of United States and sterling funds to the Canadian National Railways. The Government is reimbursed monthly.

C This account records the net difference between overpayments and underpayments to banks by the Cheque Adjustment Branch.

E This account records the sale of United States funds to the National Harbours Board (to be used for the redemption of certain interest coupons), and the repayment by the Board to the Dominion.

F The debits in this account represent the purchase of securities, at the prices at which they were vested by the Government of the United Kingdom. Clearance was subsequently made to the proper accounts.

G The balance in this account represents overpayments which were made to individuals for the period up to and including March 31, 1944, from the Retirement Fund.

H The cost of repatriated securities purchased was charged to this account. Clearance was subsequently made to the proper accounts.

I Payments to the Bank of Canada to cover cheques which have been received for the purchase of War Savings Certificates and found non-negotiable are debited to this account. It is credited with the amounts involved should such cheques subsequently be made negotiable, or should it become necessary to cancel the relevant certificates.

A The Bank Circulation Redemption Fund consists of amounts deposited with the Minister of Finance by the chartered banks to secure the redemption of their outstanding notes, as required by section 64 of the Bank Act, 1944. Interest at 3 per cent amounting to \$65,598.49 for the fiscal year was allowed on the required deposit of each bank and was charged to Interest on Public Debt.

B Under section 16 of the Public Works Act, contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account.

C These accounts reflect the balances of amounts remitted by the liquidators of certain defunct trust and insurance companies and represent unclaimed dividends due the ordinary creditors.

D The balances in these accounts represent unclaimed dividends of the banks' assets due the depositors.

E The balances of these accounts represent the amounts deposited with the Government to meet matured bonds and interest coupons which, for the convenience of investors, have been made payable at the offices of the Assistant Receivers General (and now at the agencies of the Bank of Canada). The receipts in the latter account represent cash received from the Canadian National Railways while the disbursements were for interest coupons redeemed by the Bank of Canada.

F The fund represents the proceeds from the sale of lands set apart under 12 Vic., 1849, Chapter 200, for the support and maintenance of common schools in Upper and Lower Canada, now Ontario and Quebec. Income from the sales is apportioned to the two provinces on the basis of population. Interest, apportioned on the same basis as the proceeds, is paid semi-annually to the above-named provinces at the rate of 5 per cent per annum and is charged to Interest on Public Debt. Payments in the current fiscal year were to: Ontario, \$71,229.86; Quebec, \$62,658.68.

G This account was established under authority of P.C. 144 of January 18, 1936, whereby the amount to be paid into Consolidated Revenue Fund is limited to \$500,000, made up of a Government grant of \$100,000 and deposits by the Trustees of public contributions. Interest on this fund at 3 per cent per annum, amounting to \$14,670, was paid to the Trustees and charged to Interest on Public Debt under the above mentioned authority.

H This represents the unexpended balance of amount received from the liquidators of the Home Bank and the Commissioner under the Home Bank Creditors' Relief Account, to provide for outstanding relief cheques, and to pay any claims of depositors which should have been, but were not, dealt with by the Commissioner.

I The balance in this account represents declared but unpaid dividends of estates, paid to the Receiver General in accordance with the provisions of the Bankruptcy Act.

J This is the balance of a bequest made by the late William Scott, for the benefit of soldiers who served in World War I. Payments are made on the application of the Canadian Pension Commission.

A The Civil Service Insurance Fund increased by \$994,585.82 during the fiscal year. Receipts consisted of premium revenue amounting to \$369,987.39 and interest of \$1,079,358.08. Disbursements comprised payment of death benefits, \$408,324.79, payment of cash surrender values, \$44,223.75, and refund of overpaid premiums, \$2,211.11.

B Receipts credited to this fund during the year consisted of premiums, at the rate of 10 cents per \$100 of coverage, amounting to \$73,059.22 and interest at 2½ per cent compounded semi-annually \$10,602.02. Disbursements were made to various departments to cover defalcations amounting to \$263.84, and for refund of overpayment of premiums, \$1,925.97.

C This account is credited with premiums received under the General War Risk Insurance Scheme (War Risk Insurance Act, 1942); the disbursements consist of compensation, indemnities, administration expenses and refunds of overpayments of premiums.

D Under authority of P.C. 10229, November 19, 1942, amended by P.C. 11161, December 8, 1942, a blanket insurance scheme was established for the insurance of grain in commercial storage in Canada and in transit. The premium is obtained by means of a levy, which levy is collected by the Board of Grain Commissioners from elevator operators. Out of this account, in addition to claims, there is paid interest at the rate of four per cent per annum to elevator managers in respect of outstanding advances of the foregoing levy made by such managers on behalf of owners of grain. The disbursement represents an interest payment to the National Harbours Board (Churchill Elevator).

E P.C. 2,8917 of September 30, 1942, authorizes that, under the War Risk Insurance Act, c. 35, 1942, and the War Measures Act, c. 206, R.S., the property of His Majesty in right of the Dominion of Canada be insured against war damage. The credit balance represents premiums paid in previous years and charged to the appropriations of the departments concerned.

F The balance at the credit of the Superannuation Account increased by \$6,297,137.28 during the fiscal year. The amount contributed by employees was \$4,689,957.55, that by the Government, \$2,696,037.93 and interest amounting to \$3,169,002.52 was added. In addition, an amount of \$2,848,344.64 was transferred, under authority of an Act to amend the Civil Service Superannuation Act, c. 34, 1944, from the Civil Service Retirement Fund. Superannuation payments amounted to \$6,648,200.82, gratuities to \$42,199.37, withdrawal allowances to \$415,291.63 and a payment of \$513.54 was made to the Province of Ontario under Section 11E of the Superannuation Act.

G The balance at the credit of the Civil Service Retirement Fund decreased by \$3,615,949.64. Receipts consisted of abatements from salaries, certain adjustments and transfers amounting to \$4,665,341.47 and interest of \$431,021.53; disbursements were lump sum payments on retirement or death of contributors, certain adjustments and the transfer of \$2,848,344.64 as described in the previous comment.

A The will of the late Ernest Davis, who died on May 12, 1936, provided that the residue of his estate should be paid to the Dominion Government. Receipts during the fiscal year represent further proceeds from this estate. When it is finally wound up, the amount will be transferred to Revenue.

B Accrued interest collected from those purchasing bonds after the issue date, is credited to these accounts and, on first due date, is transferred to Interest on Public Debt.

C Income tax deductions from the salaries and wages of employees paid through Central Pay Office are credited to this account pending payment to the Department of National Revenue.

D Deductions from the salaries and wages of employees paid through Central Pay Office are credited to this account pending payment to the Unemployment Insurance Commission.

E Deductions from the salaries of Dominion Government employees paid by Central Pay Office are credited to this account and cheques are drawn against it in favour of the Bank of Canada as the certificates become fully paid.

F These accounts were established to record instalment purchases of Victory Loan bonds by employees of the Dominion Government, Crown corporations and other government agencies. Receipts are the instalments, while disbursements are payments to the Bank of Canada for bonds fully subscribed.

A This credit represents the balance of the proceeds from the liquidation of the assets of this Association which was wound up in the fiscal year 1887-88.

- B The amounts of remittances which are not immediately classifiable are credited to this account. Upon receipt of the necessary information, clearance is made to the proper accounts.
- C Donations received from various sources and designated as non-war contributions are credited to this account and, at the close of the fiscal year, the balance is transferred to Revenue—Special Receipts.
- D These amounts are interim payments from estates which were bequeathed to the Government as a contribution toward the war effort. When the wills have been probated, the net proceeds of the estates will be transferred to Revenue—Special Receipts.
- E Unclaimed matured bonds which cannot be delivered are cancelled and the value, including that of any interest coupons, is credited to this account. Disbursements are made to the owners of such bonds upon application.
- F The amounts collected by payroll deductions in connection with two housing loans and credited to this account pending a decision as to their disposal, have now been returned to the persons concerned.
- G This account was established to record moneys, made payable to the Receiver General of Canada during the period January 1, 1946, and March 31, 1946, which were properly payable to the Central Mortgage and Housing Corporation. The receipts are the total of such moneys received and the disbursements reflect the amount paid to the Central Mortgage and Housing Corporation.
- H This is a bond trading account in connection with the furtherance of the sale of Victory Loan Bonds generally.

- I Obligations payable in other than Canadian currency, such as those portions of the Funded and Floating Debt payable in London and New York are recorded in the Balance Sheet at par of exchange. Similarly assets held in London and New York such as cash, special deposits, and security investments are shown at \$1.86½ to the pound sterling and \$1 to the American dollar. In all other transactions, the current market values are used and the difference is adjusted by charging or crediting this account as required. At the close of the fiscal year the excess of disbursements over receipts was charged to Expenditures—Premium, Discount and Exchange.

The following table shows the transactions, apart from certain adjusting entries, in the account for 1945-46:

- J Amounts deducted from the payments for gold deposited with the Royal Canadian Mint and the Dominion of Canada Assay Office, Vancouver, to cover the costs of packing, insurance, express, etc., on shipments of fine gold out of Canada, are credited to this account, while certain of the actual expenses are debited hereto. For this fiscal year, the total deductions exceeded the expenses charged to this account by \$891,872.53 which was transferred to Revenue—Bullion and Coinage.
- K The receipts in this account represent payment by the Government of Newfoundland of brokerage charged on coinage minted for it by the Dominion. The disbursements constitute payment by the Dominion to the brokerage firm concerned.
- L The amounts of remittances received by the Securities Division as instalment payments, on the purchase of bonds, which are not immediately classifiable are credited to this account. Upon receipt of the necessary information, clearance is made to the proper accounts.
- M Under the terms of the Canada-United Kingdom Financial Settlement Agreement, approved by P.C. 825 of March 6, 1946, the outstanding claims of both Governments arising out of the war effort in respect of services and supplies furnished to each other prior to March 1, 1946, were, with certain exceptions, settled by payment of \$150,000,000 by the United Kingdom. In implementing the terms of the Agreement, the accounts of each department concerned were debited or credited with amounts determined to be due to or

from the United Kingdom, and the corresponding offsetting credits or debits were made to this General Settlement Account. The payment of \$150,000,000 made by the United Kingdom was also credited to this account; and a summary of the net debits and credits follows:

NOTE: By the close of the fiscal year, it had not been possible to determine and bring to account all adjustments involved, which explains the above-mentioned credit balance of \$4,185,519.69.

- N Amount received from the Registrar, British Columbia Admiralty District which had been on deposit in his account for more than twenty years. Payment will be made if a valid claim for the money should be submitted.
- O All cheques, except those drawn against Open Accounts, which remain undelivered after six months subsequent to the date of issue are credited to these accounts pending claims therefor.
- P The chartered banks of Canada submit semi-annually to this department lists of outstanding drafts and receipts on Government Account. The amounts of certain of these drafts and receipts are credited to this account pending information as to the department or services concerned. Clearance is made upon receipt of such information.
- Q To this account is credited the value of War Savings Certificates and Stamps which are returned to the Bank of Canada, War Savings Division, for various reasons. When owners are located or identified, disbursements are made.
- R This account relates to undelivered cheques issued in favour of canvassers for the 1917, 1918 and 1919 Victory Loans. Full particulars of these cheques are on file in the Finance Department.
- S This account has to do with incomplete subscriptions to the 1917, 1918 and 1919 Victory Loans. On November 29, 1930, the Governor in Council approved the principle of refunding, on application by the subscriber, the amount of any instalment paid.
- T These accounts are similar in purpose to the one described in "S" above.
- U To this account are credited donations towards the Canadian war effort. At the close of the fiscal year, the credit balance is transferred to Revenue—Special Receipts.
- V Receipts which cannot immediately be allocated are credited to this account pending clearance to the proper accounts.

## Appendix 6

## GOVERNMENT-OWNED COMPANIES

Government-owned companies formed in connection with the work of the Wartime Prices and Trade Board are:

The Canadian Wool Board Ltd.; and

The Commodity Prices Stabilization Corporation Ltd. (with a subsidiary: Wartime Food Corporation Ltd.).

They were all incorporated under Part I of the Companies Act, 1934, as companies with share capital. The only shares issued—other than in the name of the Minister (of Finance) in trust for His Majesty the King in right of Canada—are directors' qualifying shares, all directors having made assignments in blank of such qualifying shares.

Agreements between the Minister and each of these companies provide, in substance, for:—(1) the performance by the company of such transactions as may be delegated to it by the Minister or the Wartime Prices and Trade Board; (2) the setting up of branch offices or the incorporation and organization of subsidiary companies; (3) the keeping of proper accounts of operations and the rendering of financial statements for each monthly period and for the fiscal year; (4) the Minister to be kept advised of the principles followed in the operation of the business; (5) express consent in writing of the Minister to be obtained for operations other than those necessary or incidental to the carrying out of the agreements; (6) amendments or supplements to the agreements to be approved by the Minister.

The Commodity Prices Stabilization Corporation Ltd., has to do with the control of prices of goods, ware and merchandise in Canada, and the payment of subventions, subsidies, bonuses, etc., in accordance with principles formulated by the Wartime Prices and Trade Board and approved by the Minister. The Canadian Wool Board Ltd. was formed to regulate the acquisition, conservation and distribution of domestic and foreign wool and related products, and to increase the production of wool in Canada by assuring sheep growers a stable market at known prices for all production of wool during the present war and one producing year thereafter.

Round sum advances to the companies are made at intervals under the authority of the War Appropriation Act. The accounts of the companies are audited by the Auditor General and the balance sheets and operating statements included herein were furnished, and certified, by him.

## COMMODITY PRICES STABILIZATION CORPORATION LIMITED

Ottawa, June 18, 1946.

To the Shareholders,  
Commodity Prices Stabilization Corporation Limited,  
Ottawa, Ontario.

Gentlemen:

In accordance with the requirements of section 4 of Order in Council P.C. 9870 of December 17, 1941, I have audited the accounts of your company to March 31, 1946, and submit herewith the following statements:

Balance Sheet as at March 31, 1946.....	Schedule "A"
Inventory of Commodities as at March 31, 1946.....	Schedule "B"
Statement of Operations for the fiscal year ended March 31, 1946.....	Schedule "C"
Statement of Subsidies Paid for the fiscal year ended March 31, 1946.....	Schedule "D"
Statement of Profit and Loss on Commodity Trading for the fiscal year ended March 31, 1946.....	Schedule "E"

Administrative expenses for the fiscal year ended March 31, 1946.....	Schedule "F"
---	--------------

Subsidies paid by the corporation are subject to adjustment under the provisions of Limitation on Subsidies undertakings and contracts, and in the case of commodities exported or used as ship stores, to refund under the Repayment of Subsidy Order. Subsidies paid are also subject, in some instances, to investigation and adjustment by officers of the corporation after payment. Therefore, payments now recorded may not be regarded invariably as final.

Subsidy claims in process, but not approved at March 31, 1946, have not been considered as liabilities of the fiscal year ended that date.

The management has certified that all commodities in inventory at March 31, 1946, were held in warehouse or were in transit at that date. Due to the volume of stock on hand, particularly in the case of tea, it was not possible to reconcile completely the Corporation's inventory records with stocks in warehouse at February 28, 1946, as certified by the several warehousemen. No deficiency was noted during the course of the audit. However, some adjustments may be necessary on the final disposal of stocks.

Yours faithfully,

WATSON SELLAR,

*Auditor General.*

## Appendix 8

### NATIONAL BATTLEFIELDS COMMISSION

Ottawa, November 14, 1946.

The Chairman and Members,  
National Battlefields Commission,  
Battlefields Park,  
Quebec, P.Q.

Dear Sirs:

An audit has been made of the receipts and disbursements of the National Battlefields Commission for the fiscal year ended March 31, 1946, in accordance with the provisions of Section 14 of the National Battlefields at Quebec Act of 1908. Copies of the financial statements of the Commission are appended hereto, as follows:

Statement of Receipts and Disbursements for the fiscal year ended March 31, 1946 .....	Schedule "A"
Statement of Cash Balances and Investments in Securities, etc., as at March 31, 1946 .....	Schedule "B"
Comparison of Expenditures for the fiscal year ended March 31, 1946, with estimates approved by the Governor in Council.....	Schedule "C"
Statement of Assets and Liabilities as at March 31, 1946.....	Schedule "D"
Statement of Revenues and Expenditures for the fiscal year ended March 31, 1946 .....	Schedule "E"

Subject to the following comments, it is my opinion that the Statement of Receipts and Disbursements, Schedule "A", is properly drawn up so as to exhibit a true and correct view of the receipts and disbursements of the Commission for the year ended March 31, 1946.

Section II of the Act requires that the Commission submit to the Minister of Finance, for the approval of the Governor in Council, estimates of its proposed expenditures. Those for the year were approved by Order in Council P.C. 32/3454 of May 16, 1945. While the actual expenditures for the year were collectively \$245.66 less than the total authorized by the Order in Council, charges to various headings exceeded specific authorizations. Those involved were:

Administration.	Authorized	Expended	Excess
Salaries .....	\$ 7,250 00	\$ 7,375 00	\$ 125 00
Office Supplies .....	250 00	385 21	135 21
<u>Maintenance</u>			
Salaries and Wages .....	50,600 00	51,152 47	552 47
Workmen's Compensation .....	350 00	351 40	1 40
Contingencies .....	2,062 89	2,463 84	400 95
Park Equipment (globes) .....	....	1,268 24	1,268 24

The statements of assets and liabilities and of revenues and expenditures contained in Schedules "D" and "E" have been submitted by the Commission. Progress has been made in the revision of the accounts designed to produce accurate and comprehensive financial statements. Attention is directed to the Fixed Assets, Schedule "D":

Land at cost .....	\$511,665.43
--------------------	--------------

This sum is set up without including expenditures by way of legal costs, plans and surveys and interest on purchase price. These amount to approximately \$65,000.00. In order that the real cost of the land be reflected in the accounts of the Commission, consideration should be given to the item.

No depreciation has been provided for park equipment such as lamp standards, benches, etc.

Yours faithfully,

WATSON SELLAR,

*Auditor General.*

The Fisheries Research Board Act, c. 31, 1937, provides for the constitution of a Board of fifteen members as follows: two from the Department, two representing the fishing industry on the Atlantic Coast, two representing the fishing industry on the Pacific Coast and nine scientists selected from a list including nominations which may be made by any Canadian university having on its staff scientists engaged in research work in any way bearing upon fishery problems. The duration of office and subsequent appointment are provided for in the Act.

Section 6 of the Act provides that the Board shall have charge of all Dominion fishery research stations in Canada and shall have the conduct and control of investigations of practical and economic problems connected with marine and fresh water fisheries, flora and fauna, and such other work as may be assigned to it by the Minister.

Section 11 of the Act provides that the Board may expend such sums as are necessary for its work from moneys appropriated by Parliament for the work of the Board or from funds received as bequests, donations, etc.

The Board received \$10,545.70 from the following sources: contributions from the Province of British Columbia, \$7,066.58; rent of properties, sales of publications, etc., \$3,479.12; and an amount of \$521.09, due at the close of the fiscal year 1945-46 by the Province of British Columbia, was transferred to the Province of British Columbia Fisheries Research Board of Canada Account under Loans and Advances. The total of these receipts was credited to sub-allotment accounts as follows: Pacific Biological Station (Nanaimo, B.C.), \$7,587.67; General, \$3,479.12.

The Treaty between Canada and the United States, ratified by the Sockeye Salmon Fisheries (Convention) Act, c. 10, 1930, is designed to enable international control for the preservation of the Sockeye Salmon Fisheries of the Fraser River and waters contiguous thereto. The Commission is empowered to make all necessary study and investigation in relation to such Fisheries for the purpose of regulating fishing.

The Treaty provides that each country appoint three commissioners and pay the salaries and expenses of its own appointees, and one-half the joint expenses incurred by the Commission.

No salaries were paid to the Canadian Commissioners.

The total disbursements for the year amounted to \$81,797.91 apportioned as follows: Canada, \$41,120.32; United States, \$40,677.59.

The amount of \$442.73 by which Canada's share exceeds that of the United States comprises: (a) non-sharable expenses incurred by the Canadian Commissioners amounting to \$285; and (b) an amount of \$157.73 representing Canada's share of a refund of \$315.52 covering gasoline tax paid in previous years and which was credited to Ordinary Revenue—Refunds of Expenditure, while the United States' share was credited against the expenditure chargeable to that country.

During the fiscal year, the United States repaid \$25,358.19 and, pending collection, the balance of \$15,319.40 was transferred to the Pacific Salmon Treaty Special Account under Loans and Advances.

As of March 31, 1946, there were 18 salaried employees being paid from this account.

P.C. 6839 of August 4, 1942, authorizes the Minister to establish the rate of bounty to be paid for any fiscal year for the destruction of harbour seals which are a source of serious loss and inconvenience, particularly to salmon fishermen, on both coasts. During the present fiscal year, a bounty of \$5 per head was paid in the following spheres of operation: East Coast, \$6,495; West Coast, \$9,890.

**Fishing Bounty, Deep Sea Fisheries Act, c. 74, R.S. . . . . \$ 159,875 25**

Under authority of the Deep Sea Fisheries Act, the Governor in Council may authorize the payment, out of the Consolidated Revenue Fund of Canada, of an annual grant not exceeding one hundred and sixty thousand dollars, to aid in the development of the sea fisheries of Canada, the encouragement of the building and fitting out of improved fishing vessels, and the improvement of the condition of the fishermen.

Under P.C. 738, dated February 28, 1946, it was provided that the sum of \$160,000 be distributed for the year 1945-46 upon the following basis:—

Boats: Fishermen engaged in fishing boats, who shall also have complied with the regulations entitling them to receive bounty, shall be paid the sum of \$7.30 each, and the owners of fishing boats shall be paid the sum of \$1 per boat.

Vessels: The owners of the vessels entitled to receive bounty shall be paid \$1 per registered ton, provided, however, that the payment to the owner of any one vessel shall not exceed the sum of \$80 and all vessel fishermen entitled to receive bounty shall be paid the sum of \$7.85 each.

The bounty was distributed as shown in the following statement which includes a number of outstanding claims of 1944-45:—

Vote 35 To provide for the extension of educational work in co-operative producing and selling among fishermen.....\$	56,000 00
Expenditures.....\$	53 530 34

Under P.C. 2648 of April 16, 1945, the Minister was authorized to enter into agreements with educational institutions possessing the necessary facilities for the carrying out of adult educational work among fishermen to prepare them for taking part in co-operative production and disposal of their products.

The following allocations were authorized by the above Order in Council (Payments made during the year are shown in parentheses): Saint Francis Xavier University, Antigonish, N.S., for the Maritime Provinces, \$37,000 (\$34,612.48); Social Economic Service of the College of Saint Anne de la Pointe, Q.B., for the Gaspé Peninsula and the north shore of the Gulf of Saint Lawrence, \$11,000 (\$11,000); University of British Columbia, Vancouver, B.C., for the Province of British Columbia, \$5,000 (\$4,917.26).

Vote 36 To provide for administrative expenses of the Fisheries Prices Support Act, 1914 \$	60,000 00
Expenditures.....	nil

In view of the prices obtained for fish during the year, it was not found necessary to put the Act into operation, and therefore no expenditures were incurred for administrative expenses.

Vote 37 To provide for improvement of shore facilities for the handling of fisheries products, subject to the approval of the Governor General in Council.....\$	250,000 00
Expenditures.....	nil

No expenditures were made from this vote as the plan for the handling of fisheries products was not sufficiently advanced at the close of the fiscal year.

Allotment: Construction of Fishermen's Floats, Prince Rupert, B.C.....	61,350 07
Expenditures.....	\$ 35,445 97

Due to the exigencies of war, the wharf facilities available at Prince Rupert for use by the fishing fleet were very limited and, as fishing is the major industry of Prince Rupert, and large amounts of the fish taken were required for war purposes, the construction of suitable floats, under the direction of the Department of Public Works, for the accommodation of fishing vessels and boats was authorized by P.C. 4807 of June 23, 1944.

John Currie and Son received \$33,260.25.

Allotment: Japanese Fishing Vessels Disposal Committee.....	11 50
Expenditures.....	\$ 11 50

Represents expenditures made in 1942 by the Japanese Fishing Vessels Disposal Committee covering payments to elevator operators for Christmas gratuities and to janitor for moving services and which were approved by the Treasury Board under T284299B. of June 1, 1945.

<b>Allotment: To provide for assistance in the form of a subsidy of \$165 per gross ton for construction of vessels of the Packer-Seiner Type for use in the Fishing Industry in British Columbia.</b>		<b>34,204 00</b>
<b>Expenditures.</b>		<b>\$ 34,203 27</b>

To stimulate private building of fishing vessels and to lessen the vessel shortage which had reduced the productive capacity of the British Columbia fishing industry, a subsidy of \$165 per gross ton was authorized by P.C. 2798 of April 10, 1942, amended by P.C. 3738 of May 5, 1942, to be paid on vessels of the packer-seiner type, upon which construction had been started on or after March 15, 1942 and the plans of which had been approved by the Steamship Inspection Board.

Payments were made to: Brooks Packing Co., Ltd., Vancouver, \$25,093.09; Nicolai Jurinich, Vancouver, \$9,107.18.

<b>Allotment: Operation of Experimental Long Line Fishing Vessel on Atlantic Coast.</b>		<b>35,000 00</b>
<b>Expenditures.</b>		<b>\$ 24,031 39</b>

P.C. 40/897 of February 2, 1943, authorized the construction of a fishing vessel for the Atlantic Coast to explore the possibilities of the long line fishing method used in the Pacific halibut fishery, in order that production and the supply of fish products may be maintained and increased.

Proceeds from the sale of fish are shown under Miscellaneous War Revenues in the Revenues of this Department.

Expenditures were as follows: wages \$12,316.04; supplies and materials, \$5,588.08; travelling expenses, \$2,170.82; acquisition of vessel equipment, \$3,145.20; miscellaneous, \$811.25.

Travelling expenses of \$300 or over were paid to: A. E. Calder (included under Vote 78).

<b>Allotment: To provide for assistance in the form of a subsidy of \$165 per gross ton for construction of vessels of the Dragger Type and assistance in the form of a subsidy amounting to 66 2/3 per cent of the total cost of conversion in respect of fishing schooners converted to Dragners for use on the Atlantic Coast.</b>		<b>125,000 00</b>
<b>Expenditures.</b>		<b>\$ 89,067 50</b>

P.C. 7580 of August 26, 1942, amended by P.C. 3297, April 22, 1943, authorized assistance in the form of a subsidy toward the cost of construction of wooden dragners or the conversion of fishing schooners to dragners on the Canadian Atlantic Coast in order to utilize more effectively and intensively the labour still available in the fishing industry and thereby maintain the production of fish which was being threatened with curtailment due to the manpower shortage.

Payments were made to: Halifax Fisheries Ltd., \$6,287; Lunenburg Sea Products Ltd., \$59,532; W. B. Moriarty Co., Ltd., \$23,248.50.

<b>Allotment: To provide for payment of compensation for diminution of value caused by war damage to fishing boats and fishing gear.</b>		<b>10,000 00</b>
<b>Expenditures.</b>		<b>\$ 4,200 40</b>

P.C. 5036 of July 3, 1942, as amended, provided for compensating fishermen for the loss of, or damage to, fishing boats and fishing gear due to the war.

<b>Allotment: Expenses in connection with the supply of frozen fish to the British Ministry of Food.</b>		<b>30,000 00</b>
<b>Expenditures.</b>		<b>\$ 24,824 13</b>

P.C. 4727 of June 10, 1943, authorized the Minister to negotiate agreements with the appropriate authorities of the United Kingdom for the supply of frozen fish; to make arrangements with Canadian processors of frozen fish to ensure fulfilment of such agreements; and to appoint, subject to the approval of the Governor in Council, such clerical and technical personnel as may be necessary for the carrying out of the regulations.

The remuneration of such personnel is to be determined by the Minister with the approval of the Governor in Council, and they are also to be paid reasonable travelling and living expenses incurred while away from their headquarters on official duties.

A distribution of expenditures follows: salaries, \$17,171.43; cost of living bonus and other pay-list items, \$1,928.90; travelling expenses, \$5,308.30; miscellaneous, \$415.50.

As of March 31, 1946, there were 9 employees being paid from this account.

Travelling expenses of \$300 or over were paid to: D. E. Brackett, \$355.09; A. J. Chiasson, \$704.50; C. MacEwen, \$518.25; J. R. Morrison, \$454.94; A. J. Noel, \$321.83; F. W. Sollows, \$645.34; D. R. M. Taylor, \$674.30

<b>Allotment: To provide for the payment of subsidies in connection with the purchase of Canadian Canned Salmon in accordance with the terms of P.C. 59/4753 of July 6, 1945.....</b>		<b>\$1,200,000 00</b>
<b>Expenditures.....</b>		<b>nil</b>

By P.C. 8287 of October 27, 1944, an Agreement for the purchase of Canadian canned salmon for 1944-45 was approved. Under this Agreement the 1944 production was secured at prices which prevailed in 1942, on the understanding that if at the end of the operating season investigation showed that the said prices had not been sufficient to give an equitable over-all return on salmon canning operations, the producers would be paid in addition to the agreed prices as many cents per case as were necessary in the opinion of the Minister of Fisheries to achieve that result.

Such additions to the price of canned salmon in the form of subsidy payments, are for the account of the British Ministry of Food, the Canadian Red Cross Society and the Commodity Prices Stabilization Corporation Ltd., which latter organization agreed to absorb the subsidies on that portion of the 1944 canned salmon pack which was sold for domestic consumption. Due to certain accounting difficulties, they recommended that the Department of Fisheries secure authorization to make the payments to the canners, such payments to be upon a recoverable basis.

Accordingly, by P.C. 59/4753 of July 6, 1945, the Department was authorized to make accountable advance payments in this regard of \$1.25 per 48 lb. case, refunds to be made by the British Ministry of Food, the Canadian Red Cross Society and the Commodity Prices Stabilization Corporation in the proportion which their purchases bear to the total pack.

The total subsidy payments amounted to \$1,034,912.01 and were made to: A.B.C. Packing Co., Ltd., \$422,707.80; B.C. Packers, Ltd., \$409,444.37; Colonial Packers Ltd., \$24,911.25; Great West Packing Co., Ltd., \$12,465.80; F. Millerd & Co., Ltd., \$27,158.75; North Shore Packing Co., Ltd., \$22,725.82; Queen Charlotte Fisheries Ltd., \$22,324.37; J. H. Todd & Sons, Ltd., \$93,173.75.

Reimbursements were received from: Canadian Red Cross Society, \$42,431.51; Commodity Prices Stabilization Corporation, Ltd., \$251,274.94; Canadian Mutual Aid Board for British Ministry of Food, \$741,205.56.

<b>Allotment: Payment of War Bonus to crews of Fisheries Protection Vessels and Fisheries Patrol Vessels operating in war zones within dangerous waters.....</b>		<b>19,250 00</b>
<b>Expenditures.....</b>		<b>\$ 19,198 17</b>

P.C. 14/275 of January 13, 1943, authorized the payment of a Special War Bonus to the officers and crews in the Fisheries Protection Service for the periods during which they would be operating in dangerous waters determined as war zones by the Minister. P.C. 71/6181 of August 4, 1943, extended the payment of this special war bonus to the Fisheries Patrol Service.

The expenditures by services and provinces were as follows:—Fisheries Protection Service: British Columbia, \$3,411.49; Fisheries Patrol Service: Nova Scotia, \$1,729.43; Prince Edward Island, \$200.70; New Brunswick, \$581.71; British Columbia, \$13,274.84.

<b>Allotment: Salt Fish Export Regulations—Administration.....</b>		<b>20,000 00</b>
<b>Expenditures.....</b>		<b>\$ 16,020 43</b>

On June 18, 1943, Canada signified her adherence to a recommendation of the Combined Food Board of the United Nations which involves a plan for allocating the supplies of salted fish which would be available to the United Nations and friendly neutral countries.

In order to ensure the fulfilment of Canada's obligations in a manner least likely to disturb unduly the salt fish industry, the power to control and direct the export of salted fish was conferred on the Minister of Fisheries by P.C. 6289 of August 6, 1943.

A Salt Fish Advisory Committee was established, the members of which serve without remuneration but are allowed reasonable travelling and living expenses while away from their places of residence on official business.

For the administration of the regulations, the Minister is authorized to appoint, with the approval of the Governor in Council, such employees as may be necessary, to fix their remuneration and to provide the necessary accommodation, stationery, equipment and telephones.

A distribution of expenditures follows: salaries, \$9,066.10; cost of living bonus and other pay-list items, \$606.24; printing and stationery, \$152.57; travelling expenses, \$3,213.37; sundries, \$2,982.15.

As of March 31, 1946, there were 5 salaried employees being paid from this account. B. McInerney was receiving a salary at an annual rate of \$5,500 on that date.

Travelling expenses of \$300 or over were paid to: D. B. Finn and W. C. MacKenzie (included under Vote 72); B. McInerney \$606.57.

---

The recommendations of the Combined Food Board, to which the Government of Canada has signified its adherence, involve a plan of allocating the supplies of canned fish which would be available to the United Nations and friendly neutral countries.

To ensure the fulfilment of Canada's obligations in a manner least likely to disturb unduly the canning industry, the power to control and direct the export of canned fish was conferred on the Minister of Fisheries by P.C. 2751 of April 17, 1945.

Two Canned Fish Advisory Committees have been established; one situated in eastern and the other in western Canada. The members serve without remuneration but are allowed reasonable and actual travelling and living expenses while away from their places of residence on official business.

For the administration of the regulations, the Minister is authorized to appoint, with the approval of the Governor in Council, such officers, clerks and employees as may be necessary, to fix their remuneration and to provide the necessary accommodation, stationery, equipment and telephones.

A distribution of expenditures follows: salaries and wages, \$4,552.36; cost of living bonus and other pay-list items, \$1,170.81; travelling expenses, \$572.50; sundries, \$1,008.19.

As of March 31, 1946, there were 3 salaried employees being paid from this account. T. R. Kinsella (on loan from the Department of Trade and Commerce) was receiving a salary at an annual rate of \$2,520, including war duties supplement.

A Under agreement with the Fisheries Research Board of Canada, the Province of British Columbia contributes certain sums to defray expenses incurred in connection with fisheries investigations conducted by the Pacific Biological Station at Nanaimo, B.C. Balances due at the close of the year are transferred to this account from the vote from which disbursements were initially made.

B C D The Halibut and Salmon Treaties between the United States and Canada provide that each country pay one-half of the joint expenses incurred by the International Halibut Fisheries Commission and the International Pacific Salmon Fisheries Commission. All accounts are paid by Canada and monthly statements are rendered to the United States. At the close of the year, balances due are transferred from the respective votes to these accounts.

E The transactions in this account reflect the purchase of fish for the United Kingdom Government and the transfer of the outstanding balance in this connection (\$12,483,554.47), for the period ending February 28, 1946, to the United Kingdom General Settlement Account (See under Open Accounts—Department of Finance).

This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account. There were no bonds held at the close of 1945-46 in respect of this Department.

B The Atlantic Herring Investigation Committee was established in 1944 by the Governments of Canada, Newfoundland, Nova Scotia, Prince Edward Island, New Brunswick and Quebec. Each participating government contributes assistance on a unit basis and the contributions are credited to this account. Canada's contribution of \$12,000 was charged to Vote 78, Fisheries Research Board of Canada. Disbursements are made directly from the Open Account and at the close of the fiscal year any credit balance is refunded on a pro rata basis to the contributors.

The Judges Act, c. 105, R.S., directs that the salaries of Judges be a charge to Consolidated Revenue Fund and paid as follows:

Supreme Court of Canada: Chief Justice, \$15,000; 6 puisne Judges, each \$12,000.

Exchequer Court of Canada: President, \$10,000; 2 puisne Judges, each \$9,000.

Local Judges in Admiralty of the Exchequer Court, one Judge in each district, Nova Scotia, New Brunswick, Quebec and British Columbia, each \$1,000; Prince Edward Island, \$800; Toronto, \$600.

Nova Scotia: Chief Justice, \$10,000; Judge in Equity and 5 puisne Judges, each \$9,000; Judge of the Court of Divorce and Matrimonial Causes, \$500; 7 County Court Judges, each \$5,000.

Prince Edward Island: Chief Justice, \$10,000; 2 assistant Judges, each \$9,000; 3 County Court Judges, each \$5,000.

New Brunswick: Chief Justice of New Brunswick and Chief Justice of the Court of King's Bench Division, each \$10,000; 2 puisne Judges of the Court of Appeal and 3 puisne Judges of the King's Bench Division, each \$9,000; Judge of the Court of Divorce and Matrimonial Causes, \$500; 6 County Court Judges, each, \$5,000.

Quebec: Chief Justice, Court of King's Bench and Chief Justice of Superior Court, each, \$10,000; the puisne Judge of the Superior Court appointed to perform duties of the Chief Justice in the district as constituted for the Court of King's Bench (sitting in Appeal), within which the Chief Justice does not reside, \$10,000; 11 puisne Judges of the Court of King's Bench and 35 puisne Judges of the Superior Court, each, \$9,000; Circuit Court, Senior Judge, \$8,000; 3 Judges, each, \$7,000.

Ontario: Chief Justice of Ontario and Chief Justice of High Court, each, \$10,000; 7 Justices of Appeal, each, \$9,000; 12 Justices of the High Court, each, \$9,000; 75 Judges and Junior Judges, each, \$5,000.

Manitoba: Chief Justice of the Court of Appeal and Chief Justice of the Court of King's Bench, each, \$10,000; 4 puisne Judges of the Court of Appeal and 5 puisne Judges of the Court of King's Bench, each, \$9,000; 9 County Court Judges and 1 Junior County Court Judge, each, \$5,000.

Saskatchewan: Chief Justice of Saskatchewan and Chief Justice of the Court of King's Bench, each, \$10,000; 4 puisne Judges of the Court of Appeal and 6 puisne Judges of the Court of King's Bench, each, \$9,000; 18 District Court Judges, each, \$5,000.

Alberta: Chief Justice of Alberta and Chief Justice of the Trial Division, each, \$10,000; 4 Justices of Appeal and 5 Justices of the Supreme Court, each, \$9,000; 12 District Court Judges, each, \$5,000.

British Columbia: Chief Justice of the Court of Appeal and Chief Justice of the Supreme Court, each, \$10,000; 4 Justices of Appeal and 5 puisne Judges of the Supreme Court, each, \$9,000; 14 Judges and Junior Judges of the County Courts, each, \$5,000.

Section 21 of the Judges Act provides for, in addition to his moving or transportation expenses, a per diem allowance of \$10 in cities and \$6 elsewhere, to a Judge of the Exchequer, Superior or County Courts during periods he is attending at any place other than that at which he is, by law, obliged to reside. The per diem allowance is paid for each day or part of a day a judge is absent from his lawful place of residence. Travelling expenses of Judges of the Exchequer Court of Canada, amounting to \$6,121.40 were charged to Vote 97.

Each Judge of a District Court in Ontario by section 22, subsection 4 of the Judges Act receives \$500 per annum as a travelling allowance, and such payments were made to 13 judges in 1945-46.

Section 21 of the Judges Act states that the travel allowance to a Superior Court Judge shall be "in addition to his moving or transportation expenses". However, this does not apply to Judges travelling between Quebec and Montreal who are paid on a basis of \$25 per trip for transportation expenses, nor to Judges travelling between Vancouver and Victoria who are paid on a basis of \$15.

The following statement shows salaries and per diem and travel allowances of Judges by courts.

During the fiscal year 1945-46 the Unemployment Insurance Commission continued to administer certain phases of the National Selective Service program. Although the additional expenses incurred in carrying out this program were properly a charge to an allotment from the War Expenditure and Demobilization Appropriation, it was found impossible to segregate the expenses as between Unemployment Insurance and National Selective Service activities because (i) a considerable part of National Selective Service work would have been undertaken in the ordinary placement of workers; (ii) staff were engaged on both classes of work and did not devote their time exclusively to one or the other. In view of these circumstances, expenditures that were solely due to National Selective Service activities or to the work of the Unemployment Insurance Commission were charged accordingly and the remainder of the expenditures were charged originally to this vote and were subsequently divided between the two services on a percentage basis where necessary; and the following details relate to both expenditures from this vote and the War and Demobilization Allotment.

\*\* On loan from May 28 from Canadian National Railways which was reimbursed an amount of \$62.20 to cover pension obligations.

† Part of salary charged to other accounts.

‡ These items include an amount of \$2,547.83 charged to War and Demobilization Allotment.

Of the above employees, the following received living allowances as at March 31, 1946, at annual rates listed: G. A. Smith, \$300; E. V. Whiting, \$480.

As at March 31, 1946, 25 employees whose salary rates were under \$2,400 per annum were paid living allowances as follows: 2 at \$1,500; 3 at \$1,200; 5 at \$480; 14 at \$300; 1 at \$120.

P.C. 100 6173, September 21, 1915, authorized the payment of an allowance of \$250 per month to H. W. Firth, part time representative, Employment Service and Unemployment Insurance Branch, Dawson, Yukon Territory.

During the fiscal year minor overpayments of salaries occurred, due, in practically all cases, to the fact that the necessary information with respect to the separation did not reach Treasury in time for the adjustment to be made. The Administration is endeavouring to secure repayment.

The following employees whose salary rates were under \$2,400 on March 31, 1946, were paid travelling expenses of \$300 or over: L. Albright, \$701.20; E. C. Anderson, \$696.51; H. ## SPECIAL

Vote 114 To provide for Relief Projects (undischarged commitments).....	50,000 00
Expenditures.....	\$ 20,094 99

Under the provisions of the Relief Act, 1932, agreements were entered into with the Provinces, except Prince Edward Island, for the purpose of providing a measure of self-sustaining relief to families, who would otherwise be in receipt of material aid, by placing such families on the land. Renewal agreements under the Relief Acts of 1934, 1936 and 1940, provided for continuity of settlement made under former agreements and also for additional placement of families. In organized municipalities, the Dominion, Province and Municipality concerned each contributes one-third of the maximum amount provided under the agreements. In unorganized municipalities, the Dominion and the Province share equally in the expenditures.

The following amounts were paid to the Provinces: Quebec, \$20,019.21; Manitoba, \$75.78.

(a) Grants were made to the following Universities: Dalhousie, \$1,000; Laval, \$4,000; McGill, \$4,787.50; Queen's, \$4,000; Toronto, \$14,991.68; Western Ontario, \$5,000; Alberta, \$15,000;

(b) The following amounts were paid to Provinces for assistance to students and administered by each participating province in accordance with agreements entered into with the Dominion: Nova Scotia, \$5,187; Quebec, \$3,800; Manitoba, \$2,485.

<b>Allotment: Payments to the Provinces under Agreements with the Dominion in connection with the cost of organizing and operating where necessary Day Nurseries, Creches, Recreation Centres and like facilities.....</b>		<b>450,000 00</b>
<b>Expenditures.....</b>	<b>\$</b>	<b>426,225 74</b>

P.C. 6242, July 20, 1942, authorized the Minister to enter into agreements with the Provinces for the operation of day nurseries and creches for the care of children whose parents are engaged in war employment. Payments were made to the Provinces as follows: Quebec, \$23,137.37; Ontario, \$403,088.37.

<b>Allotment: Transportation expenses of Members of the Armed Forces who have been granted harvest leave.....</b>		<b>154,000 00</b>
<b>Expenditures.....</b>	<b>\$</b>	<b>122,353 14</b>

P.C. 96 7505, September 27, 1944, and P.C. 40/9555, December 23, 1944, authorized this allotment to pay the cost of transporting to their places of employment members of the Armed Forces granted harvest leave in connection with the program for assistance to the Provinces in recruiting, transporting and placing workers on farms.

The following amounts were paid to transportation companies by the Department of National Defence on a recoverable basis from the Department of Labour: Air Services, \$111,750.64; Army Services, \$100.79; Naval Services, \$5,602.03.

By an arrangement between the aforesaid Departments, certain designated members of the Armed Forces were granted up to 60 days harvest leave without pay or allowances and were to bear the cost of their own transportation. In such cases, reimbursement was made by the Department of Labour direct, upon submission of a claim for reimbursement signed by the claimant and duly certified by his Commanding Officer. Payments under this section were made as follows: Air Services, \$2,521.39; Army Services, \$2,364.69; Naval Services, \$13.60.

Under Dominion-Provincial Agreements to assist the Provinces in the more effective organization of manpower in agriculture or other closely associated industries, the Provinces agreed to reimburse the Dominion for fifty percent of the cost of transporting members of the Armed Forces within the Province; and the resultant payments by the Provinces are credited to this account.

<b>Allotment: Assistance to the Provinces in recruiting and placing labourers on farms....</b>		<b>460,000 00</b>
<b>Expenditures.....</b>	<b>\$</b>	<b>375,769 22</b>

Under the terms of P.C. 3492, May 12, 1944, amended by P.C. 6301, August 9, 1944, and P.C. 3869, May 31, 1945, the Dominion entered into agreements with the Provinces by which the Provincial Governments would be reimbursed fifty percent of the costs incurred in recruiting farm labourers, male or female, and transporting and placing them on farms within the Province.

Payments to the Provinces were made as follows: Nova Scotia, \$10,122.22; Prince Edward Island, \$2,511.02; New Brunswick, \$5,316.09; Quebec, \$16,748.30; Ontario, \$126,671.46; Manitoba, \$26,932.05; Saskatchewan, \$66,724.73; Alberta, \$46,417.63; British Columbia, \$45,492.58.

P.C. 3869 further provided that the Dominion pay the costs of general publicity including newspaper and radio advertising, printing and mailing of circulars, posters, letters, etc., and the production and distribution of films, as deemed necessary for the successful operation of the farm labour program. Payments under this provision amounted to \$28,803.14.

Suppliers receiving \$5,000 or more: Might Directories, Ltd., \$6,818; R. C. Smith & Son, Limited, Toronto, \$11,630.74.

<b>Allotment: Expenses in connection with General Labour Transference in War Industries and Agriculture.....</b>		<b>700,000 00</b>
<b>Expenditures.....</b>	<b>\$</b>	<b>614,048 49</b>

Under the National Selective Service Civilian Regulations established by P.C. 246, January 19, 1943, as amended, the Dominion assumed, with certain qualifications, the cost of moving workers needed to meet the demands of war industries and agriculture in cases where a sufficient supply of labour was not available locally.

Under the regulations, the cost of transportation of workers, their dependents and effects to and from such places of employment is advanced by the Dominion. If the worker remains in the employment for the period he was directed to remain or if, for reasons beyond his control, he was unable to enter or remain, he is deemed to have repaid the full amount of the advance. Otherwise, his indebtedness is reduced by \$5 for each week

he remains in the new employment and the balance is repayable. Such advances may be paid to transportation companies rather than to the worker direct. The worker is also paid an amount at the rate of 40 cents per hour on the basis of an eight-hour day and six-day week during the period necessarily spent travelling to the place of employment.

Instances where the Dominion assumed the entire transportation expenses include: expenses of alternative service workers; workers going to the Queen Charlotte Islands; workers, their dependents and effects being moved under Ministerial Orders from areas of previous employment to places of prospective employment or to their former place of residence; the cost of transportation of workers to and from the Sunnybrook Military Hospital site; and transportation allowance of 40 cents per working day to workmen employed at the Sunnybrook Military Hospital. Advances which are, by agreement, repayable by employers are also made to transportation companies for transportation of workers.

Advances may be made to defray living expenses during the first week of employment and to enable the purchase of the necessary work clothing, the maximum amount in each case having been set at \$15. These advances are recoverable from the first earnings.

At the discretion of the Minister, supplementary weekly wage allowances of \$5 each and supplementary weekly separation allowances of \$7.50 each may be paid either to the employee or to the employer on his behalf.

The expenditures comprise payments made on behalf of employees, \$610,063.97, and employers, \$3,981.52.

A distribution of expenditures follows:

<b>Allotment: Assistance to the Provinces in transporting labourers to farms.....</b>	<b>400,000 00</b>
<b>Expenditures .....</b>	<b>\$ 305,394 14</b>

Under the terms of P.C. 3620, May 4, 1943, P.C. 3492, May 12, 1944 and P.C. 40/9555, December 28, 1944, the Dominion assumed the cost of transporting farm workers from one Province to another, in order that they would be available for employment where most urgently required. Included in the above expenditures is the cost of transporting 2,053 Western farm workers proceeding to Eastern Canada to assist in the harvest and 5,703 Eastern farm workers proceeding to Western Canada for the same purpose. The full cost of the special harvest excursion fares was paid by the Dominion in the first instance, but a part of this cost was later refunded by the railways in accordance with their agreement to refund to the Dominion moneys realized from fares sold to labourers returning to the East at \$10 each and to the West at \$5 each.

<b>Allotment: Compulsory Transfer of Ex-Coal Mine Workers from other industries back to the Coal Industry.....</b>	<b>45,000 00</b>
<b>Expenditures.....</b>	<b>\$ 31,549 12</b>

Under the terms of P.C. 246, January 19, 1943; P.C. 4092, May 17, 1943; P.C. 6077, July 29, 1943, and P.C. 7430, December 21, 1945, the Dominion assumed, with certain qualifications, the cost of moving coal mine workers back to the coal mining industry.

Under the terms of P.C. 246, the cost of transportation of workers, their dependents and effects, together with the cost of necessary work clothing, was advanced by the Dominion subject to repayment, provided that workers were deemed to have repaid to the Crown in respect of such advances five dollars for each week during which they remained in their new employment. Advances of this nature have been recorded and they are adjusted upon direction from the Administration.

The proviso with regard to work clothing was amended by P.C. 2454, May 26, 1944 and advances for this purpose were to be repaid from first wages or salary earned by the employee or within such further period as the Selective Service Officer might allow.

Expenditures comprise:

<b>Allotment: To provide for the establishment and operation of a hostel in Toronto, Ontario, for workers on construction projects.....</b>	<b>10,000 00</b>
<b>Expenditures.....</b>	<b>\$ 6,919 43</b>

P.C. 4667, July 10, 1945, authorized the Minister of Labour to provide a hostel in Toronto, Ontario, for the accommodation of building trade employees working on the construction of hospitals, veterans' houses and essential plants in the Toronto area. The above expenditures cover operating expenses of the hostel.

<b>Allotment: Army Labour Annual Revolving Fund.....</b>	<b>150,000 00</b>
<b>Expenditures.....</b>	<b>\$ 72,461 42</b>

P.C. 6434, August 13, 1943, authorized a program for the use of members of the Military Forces of Canada, detailed for farm service, to provide for emergency farm labour needs throughout Canada.

This allotment was made from the War Expenditure and Demobilization Appropriation to provide working capital for financing, by means of an annual revolving fund.

The expenditures represent payments to the Department of National Defence—Army Services for the costs of transportation, other travelling expenses and work clothing supplied to members of the armed forces who were granted farm leave on compassionate grounds, or were detailed for farm service, also the costs of transportation and travelling expenses of officers and other ranks detailed to assist in the maintenance of discipline.

<b>Allotment: Prisoners of War Labour Projects Annual Revolving Fund.....</b>	<b>\$ 1 00</b>
<b>Expenditures.....</b>	<b>nil</b>

P.C. 2326, May 10, 1943, and other related Orders in Council (all subsequently revoked and consolidated by P.C. 6495, August 18, 1944) authorized a program to utilize the services of prisoners of war in agriculture and other labour.

An allotment of \$93,000 was originally provided this year as working capital, but, as it proved to be in excess of requirements, it was later reduced to the above nominal sum of \$1. At the end of the fiscal year, the position of the fund, which was operated as an annual revolving account, showed an excess of receipts over disbursements of \$2,252,661.08, which amount was transferred to Special Receipts, Cash Surplus from Operations.

A statement of receipts and disbursements for the year ended March 31, 1946, follows.

	<u>\$ 22,943 38</u>	<u>\$ 94,655 90</u>	<u>\$ 100,579 34</u>	<u>\$ 17,019 94</u>

A This account records transactions re pay assigned by Japanese employed by the Department of Mines and Resources and commercial companies. The deductions from earnings are paid to assignees through the facilities of the Division. It also records advance payments of rent for housing accommodation occupied by Japanese, cash deposits as security to ensure return of property in good condition, and money on deposit for Japanese internees released for treatment at Division Hospitals. The credit balance as at March 31, 1946 consisted of \$8 deposits of internees and \$14,069 advance payments of rent, etc.

B Deductions for income tax, victory loan bonds, war savings certificates, and unemployment insurance, etc., from the salaries of certain employees not paid by Central Pay Office, are credited to this account pending transmittal to the department or agency concerned.

	<u>\$ 21,998 40</u>	<u>\$ 24,131 97</u>	<u>\$ 11,246 59</u>	<u>\$ 34,883 78</u>

A All cheques, except those drawn against Open Accounts, which remain undelivered after six months subsequent to the date of their issue are credited to this account pending claims therefor.

B Receipts represent certain amounts due the Canadian Red Cross Society in respect of Alternative Service Workers' earnings, which were forwarded to Ottawa through the District Treasury Offices, as this was more convenient than depositing them to the credit of the Canadian Red Cross in the chartered banks of Canada in accordance with general instructions. Disbursements were made to the Canadian Red Cross, Toronto.

## DEPARTMENT OF MINES AND RESOURCES

Pursuant to the provisions of the Public Service Re-Arrangement and Transfer of Duties Act, c. 165, R.S., and under authority of P.C. 6495 of October 12, 1945, the control and supervision of that part of the Public Service administering the medical care and hospitalization of Indians, including Eskimos, together with the staff now employed and the hospitals, equipment and other physical assets used in connection therewith were transferred from the Minister of Mines and Resources to the Minister of National Health and Welfare and from the Department of Mines and Resources to the Department of National Health and Welfare as of and from November 1, 1945. P.C. 6495 also directed that the appropriation or appropriations of Parliament available for such purpose shall continue to be available under the latter Department.

The details of 1945-46 expenditures from Votes 167, 505, 168 and from an amount of \$40,000 for Medical Services under Vote 173 will be found in the section of this Report pertaining to the Department of National Health and Welfare.

Treasury Board authorized the change in the Primary Allotments from the form set out in the Estimates Details, as, in the opinion of the Department, circumstances rendered it desirable that the vote should be administered and controlled by the specific services indicated by the Special Committee of Parliament at the time the vote was first provided.

During the Session of 1926-27, a Special Committee of the Senate and House of Commons dealt with matters pertaining to Indians, more particularly the policy adopted in the early days of paying annuities to individual Indians. Upon consideration of the changed conditions throughout the country, the Committee found that the need and usefulness of such per capita payments to Indians in British Columbia would be negligible and recommended that, in lieu of payments to them such as are allowed in other provinces, a sum of \$100,000 should be expended annually on technical education, provision of hospitals and medical attendance; in the promotion of agriculture, stock-raising and fruit culture; and in the development of irrigation projects. The Committee concluded that the said purposes would seem to be far more applicable to the Indians in their present condition than the payment of any per capita amount.

The recommendation of the Committee was approved by Parliament at the 1926-27 Session.

A A distribution of expenditures follows: farm equipment, maintenance and live stock, \$8,582.36; feed and forage, \$2,396.31; improvements, clearing land, etc., \$3,936.43; seed and fertilizer, \$14,516.76; sundry, \$476.17.

B Expenditures in the various agencies, including \$2,000 salary for W. C. Warren and \$728.56 travel expenses of J. A. Mackenzie (both listed in details under Vote 153), follow: Kamloops, \$5,074.51; Lytton, \$853.24; Okanagan, \$4,429.50; generally, \$8,232.96.

C Ten residential schools received a total of \$6,350 for the services of manual training instructors. The balance of the expenditure was for the purchase of educational equipment and supplies.

‡ Under Department of Veterans Affairs and Soldier Settlement of Canada previous to current fiscal year. The accumulated expenditure includes that made by those departments, less the sum of \$15,941.65 which was transferred to the Department of Transport.

† The details of these Allotments will be found in Public Accounts of Previous Years.

Allotment: Administrative—For the preparation and printing of a report on the natural resources and development of Canada's Northwest Region; and contingencies, P.C. 45 333 of January 17, 1945.....	750 00
Expenditures .....	\$ 13 10

Allotment: Mines and Geology Branch—For Administration of projects financed from the War Appropriation .....	6,500 00
Expenditures .....	\$ 4,993 85

As of March 31, 1946, there were 4 salaried employees being paid from this account.

<b>Allotment: Mines and Geology Branch—Remodelling and Expansion of Plant of Abasand Oils, Limited, (near McMurray, Alta.)</b> .....	<b>330,000 00</b>
<b>Expenditures</b> .....	<b>\$ 287,081 23</b>

Under authority of P.C. 3058, dated April 15, 1943, the Minister of Mines and Resources on behalf of the Dominion Government entered into an agreement with Abasand Oils Limited whereby, under certain conditions, the Company agreed to expand and remodel its plant near Fort McMurray, Alta., and to carry out investigations and experimental operations in connection with the production of petroleum products from tar sands located in that area.

The Dominion Government agreed to provide Abasand Oils Limited with funds for this purpose. Under this agreement, payments to Abasand Oils Limited for 1945-46 totalled \$287,081.23. A distribution of expenditures follows: salaries, \$65,026.87; wages \$132,664.18; supplies and materials, \$17,263.03; travelling expenses, \$4,990.04; freight and express, \$11,745.47; equipment, \$33,190.67; sundries, \$22,200.97.

The Balance Sheet and Operating Statement in connection with this project will be found in Appendix I to this section.

<b>Allotment: Mines and Geology Branch—Investigations of petroliferous deposits and of potential petroliferous areas in Canada</b> .....	<b>156,493 00</b>
<b>Expenditures</b> .....	<b>\$ 130,049 68</b>

A distribution of expenditures follows: salaries, \$15,360.36; cost of living bonus and other pay-list items, \$1,720.83; field surveys and travel, \$2,804.32; payments under contract, \$106,693.50; equipment, supplies and sundries, \$3,470.67.

Payments under contract were made to Boyles Brothers Drilling Company Limited for drilling in connection with investigation of tar sands in the McMurray District area (payments in 1943-44 and 1944-45 amounted to \$38,671.66 and \$88,338.25 respectively).

As of March 31, 1946, there were 12 salaried employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date follows. Salary rate indicated by an asterisk includes war duties supplement. W. J. Dyck, \$2,400; A. J. McCaskill, \$2,640; W. R. L. Sebolt, \$3,600\*; E. A. Work, \$2,400.

G. S. Hume received travelling expenses of \$624.90 (included under Vote 133).

<b>Allotment: Mines and Geology Branch—To provide for such special exploration and development work, in connection with the supply of strategic minerals, as may be approved by the Minister of Mines and Resources on the recommendation of the Metals Controller and the Director of the Mines and Geology Branch; provided that, if such work is to be undertaken by other than the Department of Mines and Resources, it shall be under contract or agreement specifically approved by the Governor in Council.</b> .....	<b>10,000 00</b>
<b>Expenditures</b> .....	<b>\$ 8,277 19</b>

As of March 31, 1946, there were 3 salaried employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date follows: H. A. Graves, \$3,600; E. A. Trevor, \$2,640.

From the relevant allotments in the fiscal years 1942-43 and 1943-44, loans amounting to \$232,255.07 were made to various mining companies to aid them in the production of strategic minerals. These loans, authorized by individual Orders in Council, bear interest at the rate of 3½ per cent per annum and are repayable at varying rates per ton of ore sold. The sum of \$18,731.27, including interest of \$869.39 was received during the present year (see Refunds of Previous Years' War Expenditures and Miscellaneous War Revenue under Special Receipts in the Revenue section hereof).

The following table shows the standing of the loans as at March 31, 1946.

A list of those who were receiving salaries at annual rates of \$2,400 or over at dates of separation (shown in parentheses) follows. S. H. DeJong, \$3,120 (Sept. 19); W. F. Riddell, \$3,120 (Sept. 20).

<b>Allotment: Immigration Branch—General Expenditures in the British Isles and Canada arising from the War</b> .....	<b>10,695 00</b>
<b>Expenditures</b> .....	<b>\$ 1,014 68</b>

This allotment provides for the cost of special supervision of certain canals in Canada and of temporary help, air raid shelter expenses, etc., in Emigration Offices in London, England.

Expenditures which were incurred in England, are classified as follows: temporary help, \$836.79; air raid shelter expenses, \$157; sundries, \$20.89.

<b>Allotment: Immigration Branch—Detention of Alien Seamen who refuse to perform their regular duties</b> .....	<b>2,850 00</b>
<b>Expenditures</b> .....	<b>\$ 2,226 74</b>

Expenditures included detention expenses at the Halifax Gaol, \$2,203.89.

<b>Allotment: Immigration Branch—For Expenditures in connection with looking after Canadian Interests abroad</b> .....	<b>509,150 00</b>
<b>Expenditures</b> .....	<b>\$ 428,671 27</b>

The expenditure charged to this allotment is made up of: a further advance to the Swiss Government of \$129,037.50; repatriation expenses and subsistence of Canadian nationals, \$299,034, and sundries, \$599.77.

The Swiss Government as protecting power has received amounts totalling \$749,608.41 including the advance of \$129,037.50 referred to above. An accounting has been received for \$388,659.40, of which \$300,049.27 was classified as advances to Canadian nationals for subsistence and \$88,610.13 as administration expenses.

During the period the United States Government was acting as protecting power, advances amounting to \$270,840 were made to that Government. This amount, together with \$4,185.57 representing sundry refunds collected by various United States Embassies in Europe, makes a total of \$275,025.57 to be accounted for. An accounting has been received for \$228,713.93, of which \$193,032.16 was classified as advances to Canadian nationals for subsistence and \$35,681.77 as administration expenses. All amounts are quoted in Canadian dollars.

Advances to Canadian nationals are recovered when possible and such recoveries are credited to Special Receipts, Refunds of Previous Years' War Expenditures. The refunds in the current fiscal year totalled \$184,575.97 and the grand total as at March 31, 1946, was \$400,519.35.

A Receipts consist of collections of principal and the disbursements are the payments to provinces of their share of collections in accordance with agreements.

The balance as at March 31, 1946, represents that portion of the principal outstanding on seed grain and relief advances issued prior to 1926, which is considered as an Active Asset (see page M-54 for status of portion regarded as a Non-Active Asset).

B This account is operated under the authority of section 94b of the Indian Act. Under the Act, the Superintendent General is empowered to make loans to Indian Bands, groups of Indians or individual Indians, under regulations established by the Governor in Council. The purpose is to render assistance in agricultural and handicraft pursuits. The loans outstanding may at no time exceed \$350,000.

Interest collections of \$354.01 are shown under Ordinary Revenue—Return on Investments.

C This account represents the outstanding balance of the Canadian Government's share of passage loans furnished to migrants under the Empire Settlement Act 1922, on a shareable basis with the United Kingdom. As the scheme is now terminated, the 1945-1946 transactions consist only of repayments by the individuals to the Dominion Government and reimbursement of the Government of the United Kingdom for its share of these repayments.

- A Under authority of the Family Allowance Act, c. 40, 1944 and P.C. 5093 dated August 3, 1945, family allowances for eligible Eskimo children are paid to the Lands, Parks and Forest Branch of this Department to be disbursed by that Branch on behalf of each child in respect of whom the allowance is paid. Disbursements will represent payments to traders who have furnished, under the direction of the Branch, supplies to the value of such allowances to Eskimo families concerned. No payments have been made to date, the amount of \$49 shown under disbursements representing an adjusting entry.
- B This fund was created under authority of the Land Titles Act, c. 118, R.S., to indemnify title holders who have suffered loss because of mis-descriptions in titles, and from other causes specified in the Act. Fees are collected from the parties who register deeds with the Registrars of Land Titles in the Northwest Territories and the Yukon. Interest is added to the fund annually, the present rate being 3 per cent. The receipts consist of fees, \$149.88, and interest, \$594.86. Over a long period of years, no claims for compensation have been paid from the fund.
- C Net revenue from the sale of liquor in the Northwest Territories is credited to this account and disbursements are made for territorial purposes in accordance with the Territorial Liquor Ordinance of April 27, 1939, as amended. The Province of Saskatchewan acts as territorial liquor agent and operates stores at Fort Smith and Yellowknife. After deduction of certain agreed costs, the net receipts are forwarded to the Receiver General. Receipts are: liquor profits, Fort Smith store, \$38,954.42; liquor profits, Yellowknife store, \$86,530.59; fines, \$1,989.52; sundry, \$213.67. Disbursements are: grant for road-building, \$26,700; purchase of trucks, \$6,000; purchase of building, \$2,000; repairs to water supply system, \$3,160.27; services of geographer, ophthalmologist and assistants, \$7,577.47; travelling expenses \$704.85; allowances, \$655; miscellaneous payments, \$735.39.
- D This account is maintained for W. M. Cory, who is Public Administrator and Official Guardian for the Districts of Franklin and Keewatin, Northwest Territories.
- E Funds advanced by the Calgary Power Company for payment of fees and expenses of consulting engineer, a landscape consultant and an inspecting engineer, in connection with construction and operation of a dam for the storage of a limited amount of the waters of the Cascade River and Devil's Creek in Lake Minnewanka (P.C. 7382 of December 13, 1940), were credited to this account.
- F Under section 16 of the Public Works Act, contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account. At the close of 1945-46, bonds so held in respect of the Department of Mines and Resources amounted to \$438,500.
- G The sum of \$25,000 was advanced in 1944-45 by the Provinces of New Brunswick, Nova Scotia and Prince Edward Island jointly, and an equal amount was provided by the Dominion Government, as represented by this Department, and credited to this account, to meet expenditures incurred in connection with the investigation by H. G. Aeres and Company, Niagara Falls, Ont., of tidal power possibilities of the Bay of Fundy at the confluence of the Petitcodiac and Memramcook Rivers in the Province of New Brunswick, in accordance with the terms of P.C. 5346 of July 13, 1944. Disbursements represent final payment to the above company.
- H The Indian Trust Funds represent moneys belonging to the Indian Bands throughout Canada. A statement of the receipts and disbursements for the current fiscal year is shown as Appendix 2 to this section.
- I Under authority of the Family Allowances Act, c. 40, 1944 and P.C. 5093, dated August 3, 1945, family allowances for certain eligible Indian children are paid to the Indian Affairs Branch of this Department to be disbursed by such Branch on behalf of each child in respect of whom the allowance is paid. Disbursements represent payments to traders who have furnished, under the direction of the Branch, supplies to the value of such allowances to the Indian families concerned.
- J The Indian Affairs Branch administers the Veterans' Land Act insofar as it applies to Indian veterans being established on Indian Reserves. The receipts in this account represent grants from the Director, the Veterans' Land Act, as provided by section 35 of the Veterans' Land Act as amended. The disbursements are payments from these funds by the Indian Affairs Branch.

(a) This expenditure is for the fiscal years 1942-43, 1944-45 and 1945-46 only. Expenditures prior to the fiscal year 1942-43 and for the fiscal year 1943-44 were provided for under Army Services Allotment.

(b) Prior to the fiscal year 1942-43, expenditures on internment operations were divided between the Department of the Secretary of State and the Department of National Defence. Pursuant to the provisions of P.C. 36/500, dated January 20, 1943, the administration of Internment Operations and Refugee Camps was transferred to this Department. Total expenditures include \$174,207.85 for Internment Operations and \$21,016.11 for Refugee Camps, shown under Secretary of State in previous years.

## GENERAL COMMENTS

*Sundry Services.*—Included under the heading of Sundry Services in the following details of expenditures are the costs of services of a special nature and services which pertain to the three main Services (Army, Navy and Air) collectively.

*Purchases of Materials and Supplies.*—The Department of Reconstruction and Supply acts as agent excepting in the case of local purchases, authority for the making of which is granted by that Department to the Department concerned.

*List of suppliers.*—A list of suppliers and contractors receiving \$10,000 or over is given further on in this section.

*Payments made to Commodity Prices Stabilization Corporation Limited.*—Under the terms of P.C. 625, February 1, 1944, the principle was established that if any commodity purchased by a department of the government is subject to payment of a subsidy by the Corporation, the cost of such subsidy is to be borne by the Department concerned and not by the Corporation. Accordingly, and as the Corporation pays these subsidies initially, this Department refunded to the Corporation during the year the amounts it had expended for subsidies on commodities purchased by this Department as follows: beans, \$12,918; bristles, \$41,386; cocoa powder, \$2,450; coffee, \$59,500; corn oil, \$10,804; corn starch, \$11,091; corn syrup, \$9,640; corned beef, \$776.43; dried fruits, \$30,114.85; grapefruit juice, \$70,140.39; leather, \$1,300,000; milk, \$572,426; oranges, \$18,864; petroleum products, \$29,837; potatoes, \$5,008; rice, \$15,706; tea, \$9,332.

*Payments made to Canadian Mutual Aid Board.*—On December 9, 1944, this Department ordered 200 house type wireless trucks through the Department of Reconstruction and Supply.

As delivery had not been made when the war in Europe terminated, the trucks were not required. The Department of Reconstruction and Supply was, however, able to divert these trucks to fill part of an order of the Canadian Mutual Aid Board for 287 general service type wireless trucks for the Chinese government. Under authority of P.C. 86/5781, August 29, 1945, this Department paid the Canadian Mutual Aid Board an amount of \$180,000 representing the difference in cost between 200 house type and 200 general service type wireless trucks. Had the contract been cancelled, termination claims of the contractor would have amounted to approximately \$500,000.

*Purchases in the United States.*—Effective June 30, 1944, the general practice of payment in advance of shipment was discontinued. Prior to that date payment for purchases from private firms was made in advance of shipment by means of requisition for cheque submitted by the Department of Munitions and Supply. At the end of the fiscal year 1945-46, these advances were accounted for. Subsequent to June 30, 1944, invoices were processed and certified for payment in the same manner as for Canadian suppliers.

Certain supplies, by reason of priority, were obtained from the Government of the United States through the Office of Lend Lease Administration. On purchases of this nature (referred to as Canpay Requisitions), advance payments were made to the Treasury of the United States. Conditions and circumstances generally remain the same as described in the Public Accounts for the fiscal year 1943-44. During the fiscal years 1942-43 to 1945-46, advances amounting to \$235,285,000 (Canadian funds) were made to the United States Treasury. During the same period, clearances were effected amounting to \$72,146,694, leaving a balance outstanding at the close of the fiscal year 1945-46 of \$163,138,306.

Advances during 1943-44 included an amount of \$155,400,000 made under authority of P.C. 1/2306 dated March 30, 1944, for tanks supplied the Canadian Army overseas up to March 31, 1944.

The reduction of the above advances was assisted to the extent of \$1,317,268.62 by the application thereagainst of certified billings of the United States Government for supplies and services, apart from Canpay requisitions as follows:

(a) *Greenlight Program*—This refers to the Aleutians Campaign. Billings include stores, services and transportation for the Canadian Army from beginning to end of the campaign. The net total of these billings as at the close of the fiscal year amounted to \$826,325.52.

(b) *Canadian Army Pacific Force*—P.C. 111/238 dated January 23, 1946, authorized the payment of \$179,630.62, U.S. funds (\$199,389.99 Can. Funds) to the United States Government, representing cost of training members of the Canadian Army Pacific Force at United States Army centres at the capitation rate of \$2-3312 per man day for 77,055 man days.

(c) *First Canadian Special Service Battalion*—In consequence of arrangements made between the military authorities of Canada and the United States, a unit known as the First Special Service Force was organized. Under authority of P.C. 76/3711 dated May 5, 1943, the second Canadian Parachute Battalion, now known as the First Canadian Special Service Battalion, forms a component part of this force. Billings covering rations issued to Canadian personnel in the amount of \$291,553.11 were cleared in the fiscal year.

Prior to the end of the fiscal year advances amounting to \$7,735,000 were made to the United States Treasury. These advances comprise the following:

(a) \$1,105,000 covering new equipment required by the Canadian Army and to be procured from surplus stocks held by the United States Army (Authority: P.C. 1190, dated March 29, 1946).

(b) \$6,630,000 covering Canadian Army's share of certain facilities and equipment, movable and immovable, taken over by Canada from the United States Army under authority of P.C. 1189, dated March 29, 1946.

*Building and Property Accommodation.*—During the year, release of surplus rented land and buildings continued in increased volume under procedure established by P.C. 6204 of August 11, 1944. In most instances, cash payments were made to the lessors, as compensation for restoration costs. Notable among these was the payment of \$1,316,453 in connection with Joint Service accommodation at the Canadian National Exhibition Grounds, Toronto, under authority of P.C. 989 dated March 22, 1946. A breakdown of this payment to the lessors follows: Canadian National Exhibition, \$843,453; Corporation of the City of Toronto, \$449,000; Royal Agricultural Winter Fair Association, \$24,000.

As a condition precedent to the lessors' acceptance of the above sum in full settlement, P.C. 989 further provided "that Department of National Defence fixtures having an estimated salvage value of \$45,000 should be left in situ".

*Capitation rate for Maintenance of Canadian Army in various theatres of operations.—*

(1) United Kingdom.—By P.C. 59 2814, dated April 7, 1943, authority was granted for financial settlement with the United Kingdom Government on the basis of capitation rates for the maintenance of Canadian Army Forces from the date of their arrival in the United Kingdom to September 30, 1942, inclusive, at the following rates:

(a) Canadian Army Forces, other than Nursing Sisters and Canadian Women's Army Corps—50 pence per man day.

(b) Nursing Sisters and Canadian Women's Army Corps—27 pence per man day.

By P.C. 67/8202 dated October 25, 1944, capitation rates for the period October 1, 1942, to March 31, 1943, were authorized as follows:

(a) Canadian Army Forces, other than Nursing Sisters, Canadian Women's Army Corps and Auxiliary Services Supervisors—59 pence per man day.

(b) Nursing Sisters, Canadian Women's Army Corps and Auxiliary Services Supervisors—28 pence per man day.

Following further negotiations between overseas representatives of the Department of National Defence—Army Services and officials of the War Office of the United Kingdom, agreement was reached for financial settlement for the period April 1, 1943, to March 31, 1946, on the basis of the following capitation rates:

(a) Canadian Army Forces, other than Nursing Sisters, Canadian Women's Army Corps and Auxiliary Services Supervisors:

Period	Rates per man day Sterling (Pence)
Apr. 1, 1943, to Sept. 30, 1943.....	71

(b) Nursing Sisters, Canadian Women's Army Corps and Auxiliary Services Supervisors:

Period	Rates per man day Sterling (Pence)
Apr. 1, 1943, to Sept. 30, 1943.....	29
Oct. 1, 1943, to Mar. 31, 1944.....	37
Apr. 1, 1944, to Mar. 31, 1946.....	40

(2) Mediterranean Area.—The following capitation rates were agreed to, covering maintenance of Canadian Army Forces in the Mediterranean Area:

(a) Canadian Army Forces, other than Nursing Sisters, Canadian Women's Army Corps and Auxiliary Services Supervisors—for period July 1, 1943, to May 8, 1945—384 pence per man day; for period May 9, 1945, to June 30, 1945—85 pence per man day.

(b) Nursing Sisters, Canadian Women's Army Corps and Auxiliary Services Supervisors:

Period	Rates per man day Sterling (Pence)
July 1, 1943, to Sept. 30, 1943.....	29
Oct. 1, 1943, to Mar. 31, 1944.....	37
Apr. 1, 1944, to June 30, 1945.....	40

(3) Northwest Europe.—Capitation rates for the maintenance of Canadian Army Forces in Northwest Europe are outlined hereunder.

(a) Canadian Army Forces other than Nursing Sisters, Canadian Women's Army Corps and Auxiliary Services Supervisors—for period June 1, 1944, to May 8, 1945—384 pence per man day; for period May 9, 1945, to February 28, 1946—85 pence per man day.

(b) Nursing Sisters, Canadian Women's Army Corps and Auxiliary Services Supervisors—for period June 1, 1944, to February 28, 1946—40 pence per man day.

For the period from the commencement of hostilities to March 31, 1946, the accounting has been completed in accordance with the foregoing rates. Prior to April 1, 1943, payments were made by the Chief Treasury Officer, Overseas to the United Kingdom Government amounting to \$101,574,657.98. Subsequent to that date, payments were made in Ottawa through the Bank of Canada as follows: 1943-44, \$84,734,125; 1944-45, \$375,872,471.81; 1945-46, \$100,469,413.39.

An amount of \$160,236,814.20 was determined to be Canada's outstanding obligation to the United Kingdom, in respect of the period to February 28, 1946, being the difference between revised capitation rates tentatively agreed for maintenance in the United Kingdom and operational theatres of North West Europe and Medi-

mean, and advances already made. Such amount, pursuant to the terms of the Canada-United Kingdom Financial Settlement, was debited to the War Allotment—Army Services and credited to the United Kingdom General Settlement Account.

The total, therefore, from the commencement of hostilities to date is \$822,887,512.38 detailed hereunder:

*Capitation rate for Ocean Transportation on chartered vessels to and from the United Kingdom.*—Original arrangements covering ocean transportation of Canadian Armed Forces to and from the United Kingdom, on vessels chartered by the British Ministry of War Transport, were to the effect that Canada was to pay the actual hire and operating costs of each vessel for the period that it was in use transporting Canadian Forces.

As this method of payment was found impracticable, an agreement was reached with the British Ministry of War Transport for settlement on the basis of a per capita rate for eastbound or westbound one-way passage, including equipment and baggage, on chartered troopships between Canada and the United Kingdom.

In accordance with the above agreement, the following rates are applicable to personnel of the Canadian Army, Royal Canadian Air Force and the Royal Canadian Navy as well as to all Canadian Government civilian employees and other authorized persons, the payment of whose passage is a responsibility of the Canadian Government:

Period	Sterling	Can. equivalent at \$4.47 to the £	Authority

Rates for children entitled to transportation are as follows: 6-12 years of age—50 per cent of adult rates; 1-5 years—25 per cent of adult rates and under 1 year—15 shillings.

Expenditures on this account from the commencement of hostilities to March 31, 1946, amounted to \$18,665,451.96. The accounting has been completed to December 31, 1943 and payments of \$23,600,796.51 were made to the Government of the United Kingdom and \$1,097,352.59 direct to steamship companies. For the period from January 1, 1944, payments amounting to \$23,907,305.86 were made, of which the sum of \$17,712,416.95 was deposited in the Bank of Canada to the credit of the Government of the United Kingdom, while the sum of \$6,194,888.91 was credited to the United Kingdom General Settlement Account and charged to the War and Demobilization Allotment: Army Services.

The above expenditures include an amount of \$695,221.36 in connection with the repatriation of dependents of the Overseas Forces from August 12, 1944 to March 31, 1946. The responsibility for this activity previously under the control of the Immigration Branch of the Department of Mines and Resources, was assumed by this Service on August 12, 1944, under authority of P.C. 6422 of that date.

During the year, under an agreement with the owners of the *Ile de France*, persons coming within the categories of those entitled to passage, as described above, were carried on that vessel at the rate of \$66.75 per single passage. Two voyages were made and, pending receipt of detailed statements, payment of \$165,193.67, the equivalent of 90 per cent of the total amount, was made to the owners.

*Capitation rate for Ocean Transportation to and from Mediterranean Ports.*—During the year, negotiations with the British Ministry of War Transport were conducted on behalf of the Department of National Defence—Army Services, by officials at Canadian Military Headquarters in Great Britain for a basis of settlement for the ocean transportation charges from Great Britain to Mediterranean ports and return of Canadian Army personnel in troopships owned or under charter hire to the Government of the United Kingdom.

These negotiations resulted in an agreed per capita rate of £13 Sterling each way which was authorized by P.C. 126/6761 dated November 1, 1945. Payments amounting to \$4,714,973.64 were made, of which \$4,440,000 was paid to the Bank of Canada for deposit to the credit of the United Kingdom Government, and an amount of \$274,973.64 credited to the United Kingdom General Settlement Account and charged to the allotment for Army Services.

*Inter-Service Financial Adjustments pertaining to Army, Naval and Air Services.*—

(1) Damage claims against the Crown—Arrangements as outlined in the 1945 Public Accounts still applied during the fiscal year 1945-46.

(2) Dental Services.—A simplified system of financial adjustments covering costs of Canadian Army dental companies attached to the Naval Services was inaugurated during 1943-44. An agreement was reached whereby this Service, in return for a lump sum payment from the Naval Services, based upon the estimated cost of the services to be rendered by the dental companies and detachments, assumed the actual cost.

Accordingly, as authorized by Treasury Board Minutes, T.284076B., dated May 24, 1945 and T.296310B., dated December 20, 1945, the sum of \$1,045,462 was received from the Department of National Defence—Naval Services to cover expenditures during the fiscal year 1945-46 for pay and allowances, travel, transportation and accommodation of personnel of the Canadian Dental Corps serving the Royal Canadian Navy, and credited to the allotment for Army Services.

Arrangements, whereby actual pay and allowances, travel, transportation, rations and accommodation of Canadian Dental Corps personnel of the Army serving the Royal Canadian Air Force are paid directly from Air Force funds, have been in operation since 1942.

(3) Medical Stores.—P.C. 90/3303, dated April 23, 1943, provides, "that authority be granted for the Department of National Defence—Army Services, to render unitemized bills on a lump sum basis to the Department of National Defence—Naval Services and the Department of National Defence—Air Services and that these departments be empowered to make settlement on that basis for such amounts as may be agreed upon."

During the fiscal year a per capita rate of \$7.38 per man year was agreed upon based on annual Army expenditures for purchases during the last two fiscal years for the three Services. It was also agreed that billings be made quarterly based on the average applicable monthly strength returns of Naval and Air Services to be furnished the Department of National Defence—Army Services.

Pursuant to these arrangements, payments were made by the Naval and Air Services of \$470,683.49 and \$537,581.34 respectively, during the fiscal year ending March 31, 1946 and credited to the allotment for Army Services.

*Inter-Department financial arrangements.*—Hospitalization and medical attention for the Defence Forces in Canada: The arrangement now in effect is that if these services are afforded through the facilities of the Department of Veterans Affairs, the costs are absorbed by that Department in a War and Demobilization Allotment obtained for the purpose; otherwise the accounts are submitted to and paid by, the Department of National Defence in the usual manner.

*Medical and dental attention to Canadian personnel in the United States of America and to United States personnel in Canada.*—Arrangements have been completed whereby personnel of the United States Navy, United States Army, and any other units of the Armed Forces of the United States, while on duty, on furlough, or on leave of absence in Canada, and who cannot reasonably obtain medical care (including outpatient, medical or dental treatment and hospitalization) from the medical and dental facilities provided by their own Government, receive such medical care as is necessary to meet their immediate requirements from the medical and dental facilities under the jurisdiction of the Armed Forces of Canada, to the extent that such facilities are available. This is on a free and reciprocal basis. Should the period of this medical care exceed thirty days, the authorities concerned are notified with a view to transferring the patients to medical or dental facilities in their own country.

*Canada-United Kingdom Financial Settlement.*—Under the terms of this Agreement (see United Kingdom General Settlement Account, under Open Accounts, Department of Finance) all outstanding claims of both Governments arising out of the war effort in respect of supplies and services furnished to each other prior to

March 1, 1946, were, with certain exceptions, settled by a payment of \$150,000,000 by the United Kingdom. As far as this Department is concerned, the action taken in implementing such terms resulted in the following net debits and credits to its accounts:

War and Demobilization Allotments:		
Army Services .....	63,722,992	26 Dr.
Experimental Station—Suffield .....	1,027,938	10 Cr.
Internment Operations .....	11,166	64 Cr.
Open Accounts—Loans and Advances to United Kingdom and Other Governments:		
United Kingdom—Army .....	2,520,391	74 Cr.
Sundry Accounts .....	65,059	42 Cr.
Net Debit .....	\$60,098,436	36*

\*This amount was credited to the United Kingdom General Settlement Account.

*Cancellation of Contracts.*—P.C. 929 dated February 13, 1945, provides that "all payments under or in respect of any settlement of a termination claim under a munitions contract which is terminated in whole or in part before completion shall be made by the Department of Munitions and Supply". No payments in this connection were made during the year with the exception of the following, which were made with the concurrence of that Department: Bennett-Pratt, Ltd., \$3,201.55; Frost and Wood Co., Ltd., \$21,900.54; International Business Machines Co., Ltd., \$3,801.81.

Arising from the settlement on cancellation of contracts, advances made to the following contractors and suppliers by this Service in previous years were refunded by that Department under a Treasury Board direction of June 5, 1945 (T.283668B.) and credited to Special Receipts—Refunds of Previous Years' War Expenditures: Hamilton Bridge Co., Ltd., \$450,000; S. Leonard and Sons, Ltd., \$8,829; Richardson Road Machinery Co., \$12,000; Turnbull Elevator Co., Ltd., \$2,393.59.

*Joint United Kingdom and Canada Ordnance Depot.*—This depot was operated during the war years at Longue Pointe, Que., as a joint undertaking for the purpose of receiving, assembling, issuing and shipping to the United Kingdom or any theatre of war, technical stores and vehicles manufactured in Canada and in the United States, for Canadian account, United Kingdom account and the accounts of other Allied governments. The joint operation of the Depot was terminated as at February 28, 1946.

The United Kingdom's outstanding obligation to Canada, in respect of the period to February 28, 1946, covering a portion of the operating cost of this depot was determined to be \$17,800,000, which amount, pursuant to the terms of the Canada-United Kingdom Financial Settlement, was credited to the War and Demobilization Allotment—Army Services and debited to the United Kingdom General Settlement Account.

Salaries and wages are those of civilians employed by Army Services, including: surveyors and engineers employed by the Engineer Services; clerks and stenographers in Army offices and ordnance depots; caretakers, firemen and others employed at Army properties. Wages of employees on day labour projects performed by Engineer Services are included in D—Construction and Repairs; wages of personnel employed at ordnance depots as packers, helpers, etc., are included under Casual Labour.

As of March 31, 1946, there were 12,366 civilian employees being paid from this account. Those receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) are listed below. Salary rates indicated by asterisks include war duties supplements.

The travelling expenses of these employees where the amounts were \$300 or over, are also shown.

Canadian Pacific Force.—On the cessation of hostilities in the European theatre of War, the formation of a new Force to proceed to the Japanese Area in conjunction with a similar Force of United States Troops was authorized.

Volunteers for this Force from the European Area were returned to Canada in order that training on co-operation methods with the United States Forces could be proceeded with and a contingent of instructors was dispatched to training centres in the United States.

Additional pay was provided for members of the Canadian Pacific Force in recognition of the extra hazards, peculiar to the Pacific theatre of War; and to place the general scale of Canadian pay for the Japanese Campaign on a more favourable basis having regard to the British and American scales of pay for personnel serving in that theatre of War. The additional Japanese Campaign Pay was granted only to members of the Canadian Pacific Force who proceeded to the United States.

A member of the Canadian Pacific Force upon date of departure from Canada and while serving in the Pacific theatre of operations and elsewhere beyond the territorial boundaries of Canada is granted extra pay as follows:

	Daily rate

The above rates of extra pay, effective June 1, 1945, are payable in addition to the regimental or special rates of pay, tradesmen's rates or any other extra pay to which a member of the Force is entitled.

The Canadian personnel were also to be outfitted with uniforms similar to those worn by the United States Force, and an amendment to Financial Regulations and Instructions was in preparation authorizing Officers to be granted an additional amount of \$85 to provide themselves with such uniforms.

Pending approval, Officers of the Canadian Pacific Force who had proceeded to the United States for training were instructed to obtain the required outfits there, but, with the cessation of hostilities, the amendment referred to above was not proceeded with, and to compensate those Officers who had obtained all or part of the required outfit, authority was granted by P.C. 135/6637, dated October 24, 1945, to reimburse them for the amount they had expended, such reimbursement to be based on the United States schedule of prices but not to exceed in total the amount of \$85.

Prisoners of War Hong Kong "C" Force.—The cessation of hostilities in the Far East brought release of the Canadian Force that had been captured by the Japanese with the fall of Hong Kong on December 25, 1941, and personnel commenced returning to Canada in October, 1945.

The accumulated pay due to the members of that Force, after their assignments had been deducted and interest allowed on monthly free balances at 3 per cent per annum, amounted to \$2,236,900.

The pay accounts of all officers of the Force, during the period they were held as prisoners of war, were charged with the amounts equivalent to the rate of pay for similar ranks in the Forces of the detaining Power, which pay, under the terms of the Geneva Convention, was to be issued to all captured officers. Owing to the conditions under which the Canadian prisoners of war were forced to exist, these payments were mainly used by the officers to provide food, clothing and other essentials purchased at exorbitant prices through black market channels for the maintenance of both themselves and personnel of other ranks captured with them.

P.C. 105/236 dated January 23, 1946, provided "that any deductions, which have been made in the accounts of officers and protected other ranks of the Canadian Army who are liberated prisoners of war from the Far East in respect of pay presumed to have been received by them as convention payments from the Japanese Authorities during captivity, be refunded". This resulted in the payment to relevant officers of the Canadian Force, of amounts totalling \$91,404.64, which had been retained from their pay to meet any subsequent claim from the Japanese Government. The Order in Council further authorized the Adjutant-General to receive, and at his discretion to pay in whole or in part, claims of liberated prisoners of war of this Force for loss of kit, effects left in prison camps, expenditures during escape, loss of personal effects, currency losses, and other miscellaneous claims arising from the occupation of territories by the enemy or from confiscation by the enemy, in accordance with the British scale and practice. No expenditures had been made under this authority as at the close of the fiscal year.

B *Travel, Transportation and Freight.* This amount is the total of transportation expenses in connection with the movement of personnel at home and abroad. Transportation expenses of the Reserve Army amounted to \$260,365.03. Travelling expenses of civilian employees, where the amount was \$300 or over, are shown with the salary lists immediately after the opening comments on this allotment.

C *Operating Expenses of Properties.* The main items are: fuel, \$4,994,046.06; light, power and water, \$2,766,975.15; sanitary services, \$106,359.

D *Construction and Repairs.* These expenditures are in connection with the designing, construction and maintenance of works and buildings.

E *Communication Services.* The main items are: telephone services, \$651,459.85; telephone tolls, \$473,730.90; telegraph services, \$342,437.16; miscellaneous communication services, including teletype services, \$211,794.17.

F *Sundries.* Included in this amount are the following items: advertising and recruiting expenses, \$12,381.52; compensation for damage to property and person, \$1,314,807.99; miscellaneous professional and special services, \$160,773.62; photo and motion picture equipment, materials and chemicals, \$265,752.05; postage, rental of post office boxes and meter postal machines, \$435,369.72.

G *Advances on Capitation payments for maintenance of Canadian Army Overseas.* This amount represents an advance payment made to the United Kingdom Government for maintenance of Canadian Army Forces overseas for the month of March, 1946. Information which would permit of the proper allocation of this expenditure to the various primaries was not available at the close of the fiscal year.

H *United Kingdom Settlement of War Claims.* This amount, less the sum of \$93,422.04 being the net of certain charges and credits made direct to other primaries prior to the establishment of this primary, represents Canada's net outstanding liability in respect of the period to February 28, 1946. The larger items, some of which are also referred to elsewhere in this Section, are:

I *Surplus Currency—Dutch Guilders.* This amount represents the Canadian dollar equivalent of the 40,155,455.50 Dutch guilders acquired by Canadian Army authorities in excess of the amount made available by the Netherlands Government for payment of Canadian troops in Holland. This surplus was developed through acceptance by Canadian Army paymasters and field cashiers of guilder receipts accumulated by auxiliary services and regimental canteens, and from the Canadian troops. Satisfactory arrangements for redemption of this currency by the Netherlands Government had not been completed at the fiscal year-end.

J *Special Progress Payments to United States.* This amount comprises the following: (a) \$1,105,000 covering new equipment required by the Canadian Army and to be procured from surplus stocks held by the United States Army, under authority of P.C. 1190, dated March 29, 1946; (b) \$6,630,000 covering Canadian Army's share of certain facilities and equipment, movable and immovable, taken over by Canada from the United States Army under authority of P.C. 1189, dated March 29, 1946.

K *Repayments received from United States, etc.* This amount represents refund of the total cost incurred at Longue Pointe Ordnance Depot of storing, modifying, processing, packing and preparing United States tanks and combat vehicles for export. (Authority of P.C. 3724, dated May 29, 1945).

	<b>\$ 706,502 24</b>

The Board is charged with the administration of the Financial Regulations and Instructions governing the payments of dependents' allowances.

As the volume of such payments had decreased, the membership of the Board was reduced and now consists of a civilian chairman, two representatives from the Army, one from the Navy and one from the Air Force. Representatives are stationed at all Military Districts, Naval Commands and R.C.A.F. Commands throughout Canada. Three representatives, one from each of the Services, are stationed overseas. In June, 1944, a Committee of the Dependents' Allowance Board was set up at Canadian Military Headquarters, London, England, with full power to deal with all cases where overseas dependents are concerned.

During the fiscal year, the Board set up a special section to deal with documentation of personnel enlisting in the Interim and Permanent Forces. Personnel serving in the Armed Forces during the War do not require new documentation unless the number of dependents has changed.

As of March 31, 1946, there were 393 civilian employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date follows: R. O. G. Bennett, \$6,000; L. J. Carey, \$3,600; R. Harvey, \$2,400; A. E. G. Mann, \$2,400; H. E. Wiffin, \$2,520.

A These investigations, made mainly by the Department of Veterans Affairs, were for the purpose of establishing the eligibility of dependents.

The Dependents' Board of Trustees, with headquarters at Ottawa, operates under authority of the Minister of National Defence by virtue of the Dependents' Board of Trustees Order, P.C. 9239, December 2, 1943, replacing P.C. 18 dated January 2, 1942 and amendments thereto. This Board administers the Dependents' Supplementary Grants Fund and is authorized to grant, in special cases of difficulty and hardship, supplementary assistance to qualified dependents, i.e., those who have qualified for marriage or dependents' allowances, of members of the Canadian Armed Forces below the rank of warrant officer, Class I. Such assistance is granted only after investigation of individual applications by competent welfare agencies or by other investigators approved by the Board.

The Board is composed of a chairman and nine members, two of whom resigned during the fiscal year and have not been replaced. All members of the Board, other than the executive secretary, and all members of the local or regional Dependents' Advisory Committees serve without remuneration. They are, however, reimbursed for out-of-pocket expenses.

The Board operates through regional Dependents' Advisory Committees, each with a specifically defined area of jurisdiction. Since January 2, 1942, twenty-one regional committees have been organized in Canada and one in the United Kingdom.

Disbursements are detailed under two headings: (1) administrative expenses; and (2) grants and assistance.

Administrative expenses include out-of-pocket expenses of members of the Board and advisory committees, staff salaries and investigation expenses of the Board.

Under grants and assistance are shown the amounts of relief disbursed on behalf of the Armed Services personnel and a distinction is made between recurring and non-recurring payments. Recurring payments are continuous supplementary grants, an example of the use of which would be the education of a dependent. Non-recurring payments consist of grants to meet exigencies such as illness, accident, death, loss by fire or other necessitous conditions. Authorization of the former type of grant is given only by the Board of Trustees at Ottawa.

As of March 31, 1946, there were 264 civilian employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date or at date of separation (shown in parenthesis) follows: E. L. Brittain, \$2,400; G. W. Dunne, \$5,500; G. 	<u>\$1,001,754 87</u>

This allotment provides for expenses in connection with the supervision and implementation of the policy of the Canadian Government in respect of the guarding, discipline, control, censorship of mail, and welfare of prisoners of war, internees and refugees, and the maintenance and operation of all camps.

The above expenditures represent the Canadian costs, as those in connection with the United Kingdom refugees and prisoners of war from the United Kingdom are charged to United Kingdom—Army under Open Accounts which are shown further on in this section.

By agreement, Canada bears the cost of all military guards posted to internment camps.

As of March 31, 1946, there were 28 salaried employees being paid from this account. H. J. Leigh was receiving a salary at an annual rate of \$2,460 on that date and also received travelling expenses of \$426.

A This amount, less an offsetting debit of \$21.50 (being the net of certain small amounts charged to other primaries prior to the establishment of this primary) represents the outstanding obligation of the United Kingdom in connection with certain stores issued and services rendered by Canada for the period to February 28, 1946, and was, pursuant to the terms of the Canada-United Kingdom Financial Settlement, credited to the allotment and debited to the United Kingdom General Settlement Account.

<b>Allotment: Inspection Board of the United Kingdom and Canada</b> .....	<b>6,600,000 00</b>
<b>Expenditures</b> .....	<b>\$6,124,117 12</b>

The Inspection Board of the United Kingdom and Canada was charged with the duties of inspecting and certifying munitions and supplies on behalf of the governments of the United Kingdom and Canada, and of acting as the agent of the contracting governments in the performance of such duties.

It was agreed that the division of costs was to be based on the value of production in Canada for United Kingdom and Canadian account, respectively, as computed by the Department of Reconstruction and Supply, less such classes of output as are not inspected by the Board. Included in Canada's proportion were estimated costs for inspection of goods purchased by War Supplies Limited for sale to and use by the United States Government, as well as a portion of running costs in respect of the Board's operations in the United States.

Included in the expenditures are provisional payments of \$7,000,000 and \$57,468.09 respectively covering Canada's share of (a) the operating costs for the year ending March 31, 1946 and (b) capital expenditures for the year ending December 31, 1945. Also included is an amount of \$401,658.09, representing repayment to the Board of duty and taxes paid on behalf of the Department of National Defence—Army Services. Other expenditures amounted to \$959,552.17.

The cost of inspection of goods for War Supplies Limited amounting to \$2,294,561.23, which was paid from this account, was subsequently recovered from the Department of Reconstruction and Supply and credited hereto.

As of March 31, 1946, one employee, A. H. Brown, was being paid from this account and was receiving an annual salary of \$6,000.

In Article 3 (b) of the Agreement with the Government of the United Kingdom relating to the settlement of war claims between the two Governments, it was stated that the settlement covered by this Agreement included without limitation thereto "All claims arising out of the operation of the Inspection Board of the United Kingdom and Canada and in this case the period covered by the settlement shall extend to March 31, 1946, the Government of Canada taking over all the assets and liabilities of that Board as of that date".

Arising from the provisions of the above Agreement, the Board was dissolved as of March 31, 1946, under authority of P.C. 1206, March 29, 1946. This Order in Council also directed that there should be established a Board known as the Inspection Board of Canada as it was considered in the public interest that the Canadian Government assume responsibility for such inspection and certification as had heretofore been carried out by the Board.

<b>Allotment: Northwest Highway System</b> .....	<b>309,000 00</b>
<b>Expenditures</b> .....	<b>\$ 188,344 17</b>

---

P.C. 584 dated February 28, 1946, states "that it is proposed that the Canadian Government in the near future take over the operation of the Northwest Highway System (The Alaska Military Highway) from the United States Army, and, pending the assumption of this responsibility by an appropriate civil authority, the Department of National Defence (Army) will assume the duties of maintaining this highway." This Order in Council further provides "that the Commander, Northwest Highway System, be empowered to make arrangements with contractors presently under contract with the United States Government or other persons in lieu thereof to continue the services now being provided to the United States Forces on the same terms and provisions as set by contracts now in force between the United States Government and private contractors as a temporary measure pending negotiations for and completion of new contracts for such of these services as it may be found advisable to continue permanently in the interests of efficient operation of the Highway".

P.C. 1/745 dated March 2, 1946, states that "The Canadian Army is now committed to the taking over on April 1, 1946, and to the subsequent maintenance of the Canadian portion of the Alaska Highway." It also authorizes the provision of establishments for the units required for the efficient maintenance of the highway system, the cost of which to March 31, 1946, was estimated as \$309,000.

Expenditures consisted of: pay and allowances, \$55,719.01; transport and travel, \$12,363.93; stores and equipment, \$119,867.18; sundries, \$394.05.

Disbursements represent stores issued and other services rendered to the Governments named, and are made under authority of section 3, the War Expenditure and Demobilization Appropriation Act, 1945, and various Orders in Council. Receipts are payments for material and services supplied.

The outstanding balance of the United Kingdom Account No. 1, as at February 28, 1946, amounting to \$2,520,391.74, was debited to the United Kingdom General Settlement Account (see under Department of Finance) in accordance with the terms of the relevant agreement. The transactions relating to the period subsequent to that date are recorded in Account No. 2. The credit balance represents an amount subject to adjustment in 1946-47.

- A These accounts record the Canadian dollar equivalent of the value of foreign currency issued to the Canadian Forces in territories formerly occupied by the enemy. The closing balances represent amounts for which payment has not been made. These accounts were reported in the 1945 Public Accounts under the heading Sundry Suspense Accounts—Allied Military Notes Suspense.
- B The balance represents the remaining portion of the amount set aside to redeem outstanding relief vouchers issued to persons formerly enrolled at relief camps under the control of the Department of National Defence.
- C At the close of the fiscal year, each imprest account is examined by the official in charge and funds to meet cheques which have been outstanding since the close of the previous fiscal year are withdrawn from the imprest bank account and credited hereto. If any of these cheques are subsequently cashed, the imprest bank account is then recouped in the usual way and this account adjusted concurrently.

- A This account was established under authority of P.C. 75/3088 dated April 27, 1944, and is credited with all moneys received as donations for the benefit of the members of the Canadian Army in recognition of

gratuitous services rendered by the troops in emergencies. These moneys may be paid to the "Army Show and Benefit Fund" in such amounts as may be approved from time to time by the Deputy Minister, Department of National Defence or may be otherwise expended for the benefit of members of the Canadian Army in such manner and under such terms and conditions as may be approved from time to time by the Governor in Council. Of the closing balance, \$12,000 is held in bonds which are in the custody of the Department of Finance.

**B** Moneys held in trust for Canadian Internees are credited to this account.

**C** Residual net profits of canteens operated for the benefit of personnel of the Armed Forces are credited to this account. The main organizations contributing to this fund are the Canadian Legion War Services Incorporated, Young Men's Christian Association, Salvation Army and Knights of Columbus. By P.C. 7 3183 dated April 21, 1942, it was provided that the moneys be deposited and held in trust for the benefit and welfare of members and ex-members of the Forces and their dependents. Interest at the rate of two and one-half per cent per annum on the minimum monthly balances is credited hereto semi-annually.

**D** Under section 16 of the Public Works Act, contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account.

All contracts subsequent to the outbreak of World War II are under the jurisdiction of the Department of Reconstruction and Supply.

**E** Fifty per cent of the daily rate of pay is withheld from those soldiers stationed overseas who have not made assignments. From those whose assignments are less than fifty per cent, the difference between such assignments and fifty per cent of their pay is withheld. The deferments commence from the first of the month following the date of departure from Canada and are held in trust, to be paid to the soldiers upon discharge or upon appointment to commissioned rank. In exceptional circumstances on the recommendation of the Commanding Officer, authority may be given by the Minister permitting an advance from deferred pay, where the request arises out of a situation beyond the control of the soldier, such as illness of relatives, etc., or where a soldier is permitted to proceed to Canada on furlough at his own expense. Interest at three per cent per annum calculated on minimum monthly balances semi-annually, is allowed on deferred pay. Receipts represent transfers from the War and Demobilization Allotment for Army Services, while disbursements are authorized releases of individual balances.

**F** Money found in effects of deceased Army personnel of World War II, balances of their pay and allowances, and their bank balances, when not exceeding \$2,000 in Canada or \$5,000 Overseas, are credited to this account and distributed to the legal heirs through the Director, Estates Branch of this Department.

**G** This account pertains to the estates of deceased members of the armed forces of World War I. Money found in effects of such personnel, credits in personal bank accounts, or money due on account of pension as well as balances of pay and allowances were credited hereto until heirs are located.

**H** Entry fees of members of the Cadet Corps interested in the Miniature Rifle Matches for Youth of the Empire are credited to this account. The closing date for the acceptance of these fees is October 31 and they are then forwarded to the office of the High Commissioner for Canada, for transmission to the Secretary, National Rifle Association of Great Britain.

**I** This fund was established in 1909 by the late Lord Strathcona. The interest is to be expended in encouraging physical and military training in the public schools of Canada. Payments of interest are made to the Trustees semi-annually at the rate of four per cent per annum, and are charged to Interest on Public Debt.

**J** All moneys received for prisoners of war for (a) service pay, (b) earnings from work projects, (c) proceeds from sale of hand-made souvenirs, and (d) donations from relatives, etc., are credited to this account. Disbursements represent payments made from time to time to, or on behalf of, prisoners in the internment camps.

**K** This account is credited with unclaimed wages due employees of (a) contractors on a cost plus basis, (b) government plants on a management-fee basis, and (c) Crown companies.

A These accounts record the Canadian dollar equivalent of the value of notes issued by the Allied Control Commission to the Canadian Forces in conquered territories. The closing balances represent amounts for which payment has not been made.

Three other accounts, namely: Belgian Francs, Dutch Guilders and French Francs, which were reported in the Public Accounts for the fiscal year 1944-45 under this heading, are now shown under the heading Floating Debt—Stock and other obligations payable on demand.

B P.C. 144/1260 dated April 1, 1946, authorized the payment of \$25,515,232 in settlement of all claims of the Belgian Government against the Canadian Government in respect of (a) goods, services and facilities supplied to that part of the Canadian Army serving in the North West Europe theatre of War and (b) claims made by Belgian Nationals in respect of damage caused by members of the Canadian Army (excluding moral turpitude and war damage claims), for the period from the date of the arrival of the Canadian Army in Belgium until November 8, 1945. This amount was based on a capitation rate of approximately 44-13 cents per day for each member of the Canadian Army who served in the North West Europe Theatre up to that date.

Interim payments totalling \$19,500,000 were made during the fiscal year. When the above settlement was authorized, the unpaid balance of \$6,015,232 was credited to this account together with an amount of \$380,093 covering the period November 9, 1945 to March 31, 1946. All these sums were charged to the War and Demobilization Allotment—Army Services.

C P.C. 2769 of April 6, 1943, authorized the Minister of Finance to enter into arrangements with chartered banks to handle, through bank branches, payroll deduction purchases of Victory Loan Bonds by certain employees who are not paid through the Central Pay Office. The receipts reflect the incomplete subscriptions under this plan of employees who have left the Government Service. The closing balance represents unclaimed instalments.

D Receipts which cannot be allocated immediately are credited to this account pending further advice.

E The balance in this account represents allowances due men who were in Department of National Defence relief camps and who left without receiving amounts due them.

F All cheques except those drawn against Open Accounts, which remain undelivered after six months subsequent to the date of their issue are credited to this account pending claims therefor.

G Certain remittances received in the form of Receiver General drafts are credited to this account pending advice as to proper allocation.

**A Pay and Allowances.** As the rates were detailed in the pertinent section of Public Accounts for 1944-45, and since only minor changes have occurred during the current fiscal year, it was considered unnecessary to publish this information again.

**B Travel and Transportation.** These expenses are in connection with both Naval and civilian personnel. Certain details thereof in respect of civilian employees are given in the preceding salary list and comments.

**C Maintenance of Naval Shore Establishments.** A distribution of expenses incurred in the operation of dockyards, barracks, armament and supply depots, signal stations, bases and R.C.N.V.R. divisions follows: Rental of properties, \$533,778.65; telephone rents and utility services, \$1,666,131.56; fuel (shore establishments only), \$1,305,323.16; maintenance of properties, \$3,831,560.66; repairs to properties, \$225,416.50; alterations to properties, \$652,730.51.

**D Acquisition, Construction and Charter of Ships, etc.** Acquisition and construction of vessels, \$5,315,728.20; repair and upkeep of ships, \$20,274,423.07; charter of vessels, \$885,548.80.

**E Purchase of, and Repairs to, Machinery.** Acquisition, \$505,963.62; repairs, \$158,590.91.

**F Construction of Buildings, Purchase and Rental of Lands and Buildings.** Construction of buildings, \$5,574,131.93; purchase of lands and buildings, \$60,683.67.

**G Stores and Supplies.** This represents the net expenditure made in the acquisition and maintenance of such stores as: clothing, provisions, mess traps, first fitting outfit stores, special equipment, spare gear, medical stores, armament stores, fuel, printing and stationery, furniture, training and office equipment. An amount of \$375,522.57, resulting from overhead percentage added to the cost of material issued to, or used in work performed for other governments, private firms, persons and other government departments, has been credited to this account.

**H Sundries.** Rehabilitation Grants (\$7,793,414.35): Members of the Naval Forces of Canada who have served continuously on active service during the present war for a period of not less than one hundred and eighty-three days are, with certain exceptions mentioned hereunder, entitled to a rehabilitation grant equal to thirty days' pay plus dependents' allowance, upon discharge, retirement or ceasing to serve. This grant is not payable to members who have ceased to serve by reason of a conviction by a Service or a civil court or who have been retired, discharged or permitted to resign for the purpose of immediate appointment to any other of the Forces of Canada, His Majesty or His Majesty's Allies. The governing authority is P.C. 7521 of December, 1940, and amendments thereto.

Dental Expenses (\$1,064,419.28): This consists of amounts totalling \$1,045,462 paid to Army Services to cover expenditures for pay, allowances, travel, transportation and accommodation of personnel of the Canadian Dental Corps serving with the Royal Canadian Navy (T.284076B., May 24, 1945, and T.296310B., December 20, 1945), together with a further amount of \$18,957.28 covering professional charges for dental care where same was not available from Service sources.

Other expenditures were for: telephone tolls, telegrams and cables, \$636,712.54; postage, \$169,431.68; payments to National Research Council for scientific services, \$101,760.78; unemployment insurance stamps, \$147,082.79; payments under authority of P.C. 105 1326 of April 6, 1946, of \$250,000 to Park Steamship Co. Ltd., and \$119,000 to Canadian National Steamships, representing settlement of net claims for collision damage; miscellaneous, \$555,046.45.

Allotment: Equipment Division .....	\$ 4,544 91
Expenditures .....	nil

This Division was established under authority of P.C. 6094 of October 29, 1940, for the purpose of procuring the production of the necessary component parts of anti-submarine equipment and of assembling these components into sets for sale to the Royal Canadian Navy and Royal Navy. This work was completely organized by July 10, 1942, and authority was obtained to dissolve the Division after completion of the programs which it had on hand at that date.

Payments from this allotment amounted to \$10,297.84 and represented accounts of previous years currently presented for payment. Receipts amounted to \$24,550.29 of which \$10,297.81 was credited hereto, and the balance, \$14,252.45, to Special Receipts—Previous Years' War Expenditures.

The cumulative credit balance resulting from the operations of this Division was \$3,659,742.93 at the close of the current fiscal year.

Allotment: Sea Cadet Corps .....	671,468 00

Disbursements are for naval stores, fuel oil and repairs to ships, and are made on behalf of the Governments named under authority of Section 3, War Expenditure and Demobilization Appropriation Act, 1945, and various Orders in Council. Receipts are payments for material and services supplied.

The outstanding balance of the United Kingdom account No. 1, as at February 28, 1946, amounting to \$6,276,052.76, was debited to the United Kingdom General Settlement Account (see under Department of Finance) in accordance with the terms of the relevant agreement. The transactions relating to the period subsequent to that date are recorded in Account No. 2.

At the close of the fiscal year, each imprest account is examined by the official in charge, and funds to meet cheques which have been outstanding since the close of the previous fiscal year are withdrawn from the imprest bank account and credited to this account. If any of these cheques are subsequently cashed, the imprest bank account is then recouped in the usual way and this account adjusted concurrently.

A Receipts are sums deducted from the pay of ratings of the Royal Navy who are on loan to the Canadian Navy and disbursements are quarterly payments to the British Admiralty under agreement.

B The establishment of this fund was authorized by P.C. 42/10672 of November 23, 1942, for the purpose of providing assistance to personnel of the Royal Canadian Navy who may be in distress before and after discharge and to the needy dependents of deceased ex-members of the Naval Services. The fund is made up of donations from the canteens and messes of Royal Canadian Naval Ships and Establishments and other sources, and includes the residue of the Naval Prize Fund (1914-1918) which was transferred under the authority of P.C. 133/1950 of March 13, 1943.

C Receipts in this account include a contribution of \$5,000 from the Red Triangle Club towards the cost of repairs to the recreation building of that organization at St. John's, Newfoundland. Disbursements represent payments to various contractors for constructing recreational centres at Point Edward Naval Base, Sydney, N.S., Avalon Barracks, St. John's, Newfoundland, and Annapolis Royal, N.S.

D The closing balance represents moneys, realized from the estates of deceased naval officers and ratings, awaiting distribution to those entitled to them.

E During the war, deductions were made from the pay of officers of the Royal Canadian Navy who were held as prisoners of war to offset any payments that they may have received from an enemy power. These deductions, the amounts of which were credited to this account, were made monthly at the rate of \$30 from officers up to the rank of Sub-Lieutenant and \$40 from those of higher rank. The determination of the liability in respect of the outstanding balance awaits receipt of information from the former detaining powers.

F This account records transactions relating to deposits by cadets to finance essential personal expenses as required by College regulations.

G A fund, originally raised by subscription in Canada, for providing gunnery prizes for H.M.S. *Dominion*, has been transferred to the Department for the purpose of providing prizes for efficiency in gunnery and torpedo in the Royal Canadian Navy.

H Receipts are donations received from various organizations for the purchase of entertainment and sports equipment for Royal Canadian Naval Ships and Establishments.

I Receipts are unclaimed wages returned by various Government Agencies to be held in trust until claims are presented.

- A All cheques, except those drawn against Open Accounts, which remain undelivered after six months subsequent to the date of their issue, are credited to this account pending claims therefor.
- B All receipts and disbursements in connection with the operation of the canteen are recorded in this account.
- C P.C. 2769 of April 6, 1943, authorized the Minister of Finance to enter into arrangements with chartered banks to handle, through bank branches, payroll deduction purchases of Victory Loan Bonds by certain employees, who are not paid through the Central Pay Office. This account reflects the incomplete subscriptions, under this plan, of employees who have left the Government service, and have not, as yet, applied for the amounts due them.
- D Receipts which cannot be allocated immediately are credited to this account pending further advice which will enable the credits to be made to the effective accounts.
- E Certain remittances received by Receiver General drafts are credited to this account pending advice which will enable the credits to be made to the effective accounts.

## General Comments

*Procurement of Supplies and Equipment.*—The Department of Reconstruction and Supply purchases all supplies and equipment other than those acquired by local purchase authority granted to various Royal Canadian Air Force officials.

During the war years, certain supplies, available only in the United States, were purchased from the Government of the United States through the office of Lend Lease Administration. Purchases of this nature were known as Canpay Requisitions, and these were submitted by the Department of Munitions and Supply to the various procurement divisions of the United States Government. Payments for such purchases were to be made to the Treasurer of the United States against actual shipments; however, substantial deliveries were received for which payment had not been made due to incomplete supporting documentation. Pending receipt of such documentation, advances in the amount of \$144,609,765.26 were made in previous years to the Treasurer of the United States. At the close of 1944-45, the balance of such advances to be accounted for was \$64,761,196.39, which amount has now been reduced to \$17,190,800.74.

Equipment and supplies, chiefly aircraft, engines and spares, valued at \$16,742,694.64 were furnished either directly or indirectly by or on behalf of the Government of the United Kingdom for use in the Training Organization and this amount was credited against its liability to Canada in respect of the cost of training of members of the Royal Air Force subsequent to April 1, 1945.

A list of suppliers and contractors receiving \$10,000 or over appears further on in this section.

*Overhaul and Repair of Aircraft and Equipment.*—During the fiscal year, all current contracts with civil contractors for the repair and overhaul of aircraft and equipment on a cost plus basis were terminated. Settlement has not been concluded with certain contractors for work done under terminated contracts. Specific items of equipment are now overhauled and repaired by civil contractors at a firm price negotiated by the Department of Reconstruction and Supply, but the major portion of such work is now performed at R.C.A.F. Repair Depots.

*Pay and Allowances.*—No major changes were made during the current fiscal year in the scale of pay and allowances detailed in the pertinent section of Public Accounts for 1944-45.

Certain overpayments of dependents' allowances and assigned pay occurred during the year due, principally, to the heavy volume of discharges resulting from demobilization and the difficulty of obtaining trained staff to cope therewith. Recovery of such overpayments is proceeding.

*Service and Civilian Strength.*—As at March 31, 1946, the total strength of the Royal Canadian Air Force was 40,954, comprised of 35,018 officers and other ranks and 5,936 civilians. Included were 3,682 non-effective members, comprised mainly of those awaiting retirement or discharge. At March 31, 1946, 8,983 officers and other ranks and 42 civilians were serving overseas.

It should be noted that the number of civilian employees quoted does not include 271 employees of the Department of Transport whose salaries were paid from the allotments of this Service.

*Canada-United Kingdom Financial Settlement.*—Under the terms of this Agreement (see United Kingdom General Settlement Account, under Open Accounts, Department of Finance), all outstanding claims of both Governments arising out of the war effort in respect of supplies and services furnished to each other prior to March 1, 1946, were, with certain exceptions, settled by payment of \$150,000,000 by the United Kingdom. As far as this Department is concerned, the action taken in implementing such terms resulted in the following net debits and credits to its accounts:

	<b>\$197,075,930 57</b>

This allotment provided for all expenses of the Overseas Headquarters, Overseas Squadrons, Base Pay Office (North America), and Base Records Office (North America), and certain ancillary units in connection therewith.

Further details of the above distribution of expenditures are given below.

- A As of March 31, 1946, there were 42 civilian employees at Overseas Headquarters being paid from this account.
- B Consists mainly of ocean transportation to the United Kingdom of R.C.A.F. personnel, travelling expenses of service personnel and civilians attached to Overseas Headquarters, and freight and drayage on movement of stores and equipment.
- C Pay issued to personnel, \$29,381,487.34; assigned pay, \$18,008,352.42; dependents' allowances, \$14,066,742.81; rehabilitation grants, \$242,994.04; outfit allowances, \$245,102.53; civilian clothing allowance on discharge, \$14,918.43.
- D Expenditure in connection with properties occupied by overseas administrative staffs as follows: operating expenses, including rentals, water, light, heat, power and sanitary services, \$382,678.59; renewals, repairs and maintenance, \$221,701.05.
- E Expenditures relate to personnel other than those in R.C.A.F. Overseas Squadrons and consist of: clothing and necessities, \$27,270.15; rations, \$159,216.30; barrack stores, \$52,376.45; laundry, \$7,668.86; medical services, \$19,369.48.
- F Expenditures for Overseas Headquarters as follows: telephone services, \$22,351.84; telegraph services, \$5,319.09; postage and Post Office box rentals, \$2,138.02; other communication services, \$16,031.66.
- G Maintenance of Overseas Squadrons, \$74,088,427.50.—Provisional payments totalling \$90,258,098, in respect of the period to February 28, 1946, were made to the United Kingdom during the year; subsequently, Canada's liability was determined to be \$72,138,628.50, and, pursuant to the provisions of the Canada-United Kingdom Financial Settlement, an adjustment was made crediting this account with the difference, i.e., \$18,119,469.50, and debiting the United Kingdom General Settlement Account with an equivalent sum. A further payment of \$1,949,790, representing the estimated cost for the month of March, 1946, was also made from this account.

The net expenditures include costs in respect of: (a) maintenance, which consists mainly of: rentals of hangars, workshops, stores, operational buildings, etc.; replacement of destroyed, missing and certain other aircraft; aviation fuel and oil; bombs and ammunition; personnel services such as rations, barrack accommodation, sick quarters; transportation; station administration costs; (b) ancillary units, chiefly in connection with the operation of the Personnel Reception Centre, Bournemouth; the Personnel Disposal Centre, Warrington; and No. 6 Bomber Group Headquarters; and (c) clothing supplied by the R.A.F. to R.C.A.F. airmen serving in the United Kingdom and elsewhere overseas, such costs being based on capitation rates.

Reserve Stores and Pipe Line Supplies, \$35,591,168.26.—After certain allowances had been made in connection with the disposal value of stores and supplies, Canada's outstanding liability to the United Kingdom, in respect of the period to February 28, 1946, was determined to be the sum of \$35,591,168.26, which amount, pursuant to the terms of the Canada-United Kingdom Financial Settlement, was debited to this account and credited to the United Kingdom General Settlement Account.

Advanced Training, \$19,784,149.82.—Canada's outstanding liability, in respect of the period to February 28, 1946, was established at the sum of \$19,784,149.82, of which amount \$9,321,085 was paid during the year to the United Kingdom and the balance, \$10,460,064.82 was, pursuant to the terms of the Canada-United Kingdom Financial Settlement, debited to this account and credited to the United Kingdom General Settlement Account. The total amount relates to the cost of training of aircrew required for Overseas Squadrons, and for training bomber crews destined for service in the Asiatic theatre of war.

No. 162 Bomber Squadron, \$213,062: This amount represents the total payments made to the United Kingdom for supplies and services in connection with the operation of this squadron in Iceland from April 1 to May 31, 1945, at which date the squadron became non-operational. Operations consisted of anti-submarine patrol activities in the North Atlantic and were carried out from the Royal Air Force Station, Reykjavik.

No. 168 Squadron (R.C.A.F. Mail), \$1,505,135.99: This squadron was used to transport service mail by air to and from the Canadian Forces overseas. The charges are for the use of R.A.F. facilities, and for gas, oil, and equipment supplied by or through United Kingdom sources.

II Aircraft and engines, including overhaul, \$126,730.96; photographic equipment, \$39,922.36; printing and stationery, \$125,103.11; mechanical transport vehicles, \$97,330.34; gasoline and oil, \$82,453.83; miscellaneous stores and equipment, \$36,365.19; compensation for damages to properties, \$6,320.61; and miscellaneous, \$207,372.04.

- H This amount covers the acquisition and maintenance of aircraft, aero engines and accessories.
- I Aircraft electrical stores, \$159,972.15; small arms, \$91,554.11; plant equipment, machinery, etc., \$555,574.96; parachutes and accessories, boats, life belts, emergency kits, etc., \$349,530.22; metal, timber, paints, chemicals, cleaning material, etc., \$194,869.84; sundry stores, \$909,550.12.
- J This amount represents a reduction in the liability of the United Kingdom in regard to the cost of the British Commonwealth Air Training Plan, from \$218,758,633.07 to \$225,000,000. The costs incurred on behalf of the United Kingdom in this connection were charged to Loans and Advances—Open Accounts (see further on in this section), and, as at March 31, 1946, the balance due had accumulated to the former figure. Through discussions between appropriate authorities, it was agreed that settlement at the latter figure would be equitable, and this allotment was obtained to absorb the difference, which was determined to be composed of expenses properly chargeable to Canada (T.304748B, April 30, 1946).
- K Photographic equipment, \$423,409.57; printing and stationery, \$30,937.22; miscellaneous, \$415,911.82.

Included in the above expenditures is an amount of \$14,791,124.65 which was determined to be Canada's outstanding obligation to the United Kingdom, in respect of the period to February 28, 1946, covering, principally, aircraft and aircraft spares furnished by the United Kingdom to Canada. Such amount, pursuant to the terms of the Canada-United Kingdom Financial Settlement, was debited to this account and credited to the United Kingdom General Settlement Account.

		\$ 74,769,657 38

This allotment provided for expenditures in respect of all schools, units and formations in which the activities are confined to training, including that of Air Cadets. Civilian employees are paid from "Salaries and Wages" except those engaged on construction projects whose salaries and wages are charged to "B". A list of those receiving salaries at annual rates of \$2,400 or over follows these comments.

Travelling expenses and allowances amounted to \$3,226,613.32, while the cost of freight and cartage was \$333,774.92. A list of civilian employees, whose travelling expenses were \$300 or over, follows these comments.

As of March 31, 1946, there were 812 civilian employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) follows. Salary rates indicated by asterisks include war duties supplements. W. H. Anderson, \$2,520; O. L. Baldwin, \$2,820\* (Apr. 16); B. K. Boswell, \$2,520; C. Duncan, \$2,400 (Apr. 9); D. E. Gerrard, \$2,520 (Feb. 2); J. J. Gorman, \$2,820\* (Apr. 1); G. Grafton, \$2,520; B. L. Harrington, \$2,520 (Oct. 16); W. J. MacDonald, \$2,520 (July 24); J. S. Nichols, \$2,400 (Oct. 15); F. W. Roberts, \$2,520 (Dec. 23); H. M. Savage, \$2,520; N. L. Stewart, \$2,520 (July 31); E. R. Swift, \$2,820\* (July 1); F. Young, \$2,820\* (May 1).

E. R. Swift received travelling expenses of \$494.14.

The following employees, whose salary rates were under \$2,400 on that date, or whose salaries were paid from other accounts, were paid travelling expenses of \$300 or over: L. A. Caissie, \$334.80; D. Carty, \$398.75; E. F. Cook, \$609.53; I. F. Hilts\*; H. G. Hughson\*; O. W. Martyn\*; R. Rayworth, \$383.90; A. L. H. Somerville\*.

\* Travelling expenses of these employees are included under General Servicing Units.

Travelling expenses of \$503.50 paid to R. V. Dexter and \$325.45 to A. L. Duncanson were charged to War and Demobilization Allotment of the Department of Transport.

Further details of the above distribution of expenditures are given below.

- A Direct pay issues to service personnel, \$20,409,666.49; assigned pay, \$11,161,379.55; dependents' allowances, \$7,652,850.90; outfit allowances, \$391,342.50; other allowances, \$40,142.28.
- B Construction and improvement of properties, \$1,464,548.59; repairs, renewals and maintenance of properties, \$916,460.23; operating expenses of properties, \$1,831,566.97.
- C Rations, \$3,613,973.50; barrack stores, \$81,683.68; laundry, \$190,811.80; medical stores and equipment, \$30,183.76; clothing and necessities, \$500,128.49.
- D Wireless and signalling equipment, \$550,733.62; long distance telephone calls, \$95,165.79; telephone exchange service, \$63,069.24; telegraph services, \$40,403.38; teletype facilities, \$6,133.70; postage and Post Office box rentals, \$41,855.54.
- H This amount represents the total cost, including maintenance, of aircraft, aero engines, accessories and spare parts for training purposes, as well as an advance of \$5,000,000 U.S. funds (\$5,525,000 Canadian funds), authorized by P.C. 97/1326, April 6, 1946, to the Government of the United States as a payment on account for equipment held by the United States in War Reserve stocks. Any funds not exhausted on or before April 1, 1947, are to be repayable to the Government of Canada on demand.
- J Payments were made to private companies which, under contracts with the Crown, were responsible for the operation and maintenance of Elementary Flying Training Schools and Air Observer Schools. Expenditures comprise chiefly costs incurred by the contractors in the winding up of the affairs of these schools after they had ceased operations, including such items as civilian pay, crating and shipping costs, and audit fees.
- K This amount covers the administrative and training expenses of Air Cadet Squadrons, pay and allowances of Air Cadet officers, a grant of \$25,000 to the Air Cadet League of Canada under authority of P.C. 93/1326, April 6, 1946, and grants paid under authority of P.C. 165/6181, August 4, 1943, to Air Cadet Squadrons as follows: capitulation grants of 50 cents for each junior and \$1 for each senior air cadet to graduate during the year; uniform maintenance grant of \$1.25 per uniform issued; band grant of \$2 per instrument. Uniforms and boots are supplied to air cadets at a nominal charge (approximately 50 per cent of the cost) payable in instalments, and receipts are credited to Special Receipts—Miscellaneous War Revenues.

I. Photographic equipment, \$107,120.11; printing and stationery, \$2,227.82; compensation for damage to properties, \$30,357.36; funeral expenses, \$11,417.60; professional and other services, \$24,078.40; miscellaneous, \$12,426.22.

M This represents the value placed on equipment, supplies, etc., furnished directly and indirectly by the Government of the United Kingdom for use in the Training Organization, the amount of which was credited to the Open Account—United Kingdom, Air Training No. 3, which reflects the net liability of that country to Canada in respect of the cost of training of members of the Royal Air Force.

N Under the terms of an agreement, dated July 5, 1945, between the Governments of Canada and the United Kingdom, Canada undertook to accept for training, under certain conditions, all U.K. aircrew sent over by that Government, which, in turn, undertook payment of capitation fees for such training from April 1, 1945, at weekly rates dependent upon the type of training. The amount due by the United Kingdom in respect thereto was \$17,240,874.05, and was debited to the Open Account—United Kingdom—Air Training No. 3 as billings were made.

Although no formal agreements were entered into by the respective governments, Canada accepted, under the same conditions, certain pupils sent by the Governments of Australia and New Zealand. Charges were assessed at the same per capita rates applicable to U.K. trainees. The amounts due, which in respect of Australia was \$129,860 and New Zealand, \$200,376, were debited to the Open Accounts, Australia—Air Training Plan and New Zealand—Air Training Plan when billings were made.

Included in the above expenditures is an amount of \$14,109,112.64, which was determined to be Canada's outstanding obligation to the United Kingdom, in respect of the period to February 28, 1946, covering, principally, aircraft and aircraft spares furnished by the United Kingdom to Canada. Such amount, pursuant to the terms of the Canada-United Kingdom Financial Settlement, was debited to this account and credited to the United Kingdom General Settlement Account.

This account was charged with expenditures in respect of units and formations (with the exception of those located in the North West Air Command) such as Construction and Maintenance Units, Communication Flights, Convalescent Hospitals, etc., which render administrative or other services to the four branches of activity in the Western Hemisphere, namely, Western Hemisphere Operations, Training Organization, Repatriation and Demobilization, and Surplus Equipment Units.

Also included herein are certain expenditures covering clothing, medical services, teletype services and miscellaneous procurement, which, although applicable to other activities, were left as a charge to this allotment because accounting complications inherent in a cost analysis of the relevant transactions made it impracticable to do otherwise.

Civilian employees are paid from "Salaries and Wages", with the exception of those engaged on construction projects whose salaries and wages are charged to "B". A list of those receiving salaries at annual rates of \$2,400 or over follows these comments.

Travelling expenses and allowances amounted to \$763,630.67, while the cost of freight and cartage was \$66,648.21. Lists of those civilian employees whose travelling expenses were \$300 or over follow these comments.

As of March 31, 1946, there were 655 civilian employees being paid from this account. Those receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) are listed below. Salary rates indicated by asterisks include war duties supplements.

The travelling expenses of these employees where the amount was \$300 or over are also shown.

		<b>\$ 38,622,863 43</b>

This allotment provides for expenditures in respect of units and formations such as Equipment Depots, Repair Depots, Explosive Depots, Aircraft Inspection Detachments, etc., which render administrative or other service to the two main activities of the Royal Canadian Air Force in the Western Hemisphere, namely, Western Hemisphere Operations and Training Organization.

Also included herein are certain expenditures for clothing, overhaul of aircraft and engines, freight and miscellaneous equipment and services, which although applicable to other activities were left as a charge to this allotment because accounting complications inherent in a cost analysis of the relevant transactions made it impracticable to do otherwise.

Civilian employees are paid from "Salaries and Wages" except those engaged in connection with construction projects, whose salaries and wages are charged to "B".

A list of those receiving salaries at annual rates of \$2,400 or over follows these comments.

Travelling expenses and allowances amounted to \$1,577,360.88, while the cost of freight and cartage was \$1,041,878.64. Lists of those civilian employees whose travelling expenses were \$300 or over follow these comments.

As of March 31, 1946, there were 2,128 civilian employees being paid from this account. Those receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) are listed below. Salary rates indicated by asterisks include war duties supplements.

The travelling expenses of these employees where the amount was \$300 or over are also shown.

A Disbursements are made, on a recoverable basis, for transportation, stores, equipment and services under authority of Section 3 of the War Expenditure and Demobilization Act, 1945, and various Orders in Council on behalf of the Governments named.

The outstanding balance of United Kingdom—Air No. 1 as at February 28, 1946, amounting to \$1,682,981.16, was debited to the United Kingdom General Settlement Account (see under Department of Finance) in accordance with the terms of the relevant agreement. The transactions relating to the period subsequent to that date are recorded in Account No. 2.

B Disbursements represent per capita charges for the training of members of the Royal Australian Air Force and Royal New Zealand Air Force by the R.C.A.F. When the expenditures are transferred from the War and Demobilization Allotment—Training Organization, the Governments concerned are billed and the accounts subsequently credited as payments are received.

C These accounts were charged with the United Kingdom's liability in respect of participation in the British Commonwealth Air Training Plans No. 1 and No. 2. Under the provisions of the United Kingdom Financial Agreement Act, c. 12, 1946, the Government of Canada agreed to cancel the amount owing by the United Kingdom with respect to both Plans, which the two Governments agreed was \$425,000,000. Of this amount, \$200,000,000 was the balance due on Plan No. 1 (to June 30, 1942) and \$225,000,000 represented the liability in respect of Plan No. 2 (from July 1, 1942, to March 31, 1945).

D Disbursements represent the liability of the United Kingdom in respect of the training from April 1, 1945, of U.K. aircrew by Canada under the terms of an agreement dated July 5, 1945, between the two Governments. Charges were made at agreed weekly capitation rates dependent upon type of training. Included in the receipts is an amount of \$12,616,523.04, representing the outstanding balance as at February 28, 1946, which was debited to the United Kingdom General Settlement Account (see under Department of Finance).

At the close of the fiscal year, each imprest account is examined by the official in charge and funds to meet cheques, which have been outstanding since the close of the previous fiscal year, are withdrawn from the imprest bank account and credited hereto. If any of these cheques are subsequently cashed, the imprest bank account is then recouped in the usual way and this account adjusted concurrently.

- A A portion of the pay of certain categories of R.C.A.F. airmen and airwomen serving overseas is withheld and credited to their deferred pay accounts, upon which interest, chargeable to Interest on Public Debt, is allowed at 3 per cent per annum, calculated annually on month-end balances. The amount of such deferments is periodically charged to the proper allotment and credited to this account, pending release to the personnel concerned under certain conditions set forth in R.C.A.F. regulations. All balances of deferred pay in the accounts of members of the R.C.A.F. on the strength of units in Canada have been released. The balance in this account is the amount at credit of members who are still on duty outside of Canada.
- B Money found in effects of deceased members of the Air Force, balances of their pay and allowances and other amounts which may be realized by the Administrator of Estates are credited to this account and distributed therefrom to creditors and beneficiaries through the Estates Branch, National Defence Headquarters.
- C Under a Deed of Gift of the late J. Dazell McKee, securities to the value of \$1,000 are held in trust by the Department. Revenue derived therefrom is credited to this account and used to defray certain expenses in connection with the annual award of the McKee Trophy to the individual who is considered by the Minister, upon recommendation of the selection committee, as having made the most outstanding contribution toward the advancement of Canadian aviation. The above balance includes the value of the securities which are held by the Department of Finance, Securities Deposit Division.
- D The credits to this account represent the amounts debited to the pay accounts of R.C.A.F. personnel who were prisoners of war to offset any payments they may have received from an enemy power. The determination of the liability in respect of the outstanding balance awaits receipt of information from the former detaining powers.
- E Unclaimed wages due employees of (a) contractors operating on a cost plus basis, (b) government plants operating on a management-fee basis, and (c) Crown companies, are credited to this account pending claims therefor.
- F This account is credited with amounts received from the United Kingdom representing War Service Gratuities, Post War Credits and Overseas Service Grants due members of the Royal Air Force who have been transferred to the R.C.A.F. Disbursements are made to the members concerned as the necessary authorities are completed.

A Pension deductions made under R.C.A.F. regulations from the pay of members of the R.A.F. on loan to the R.C.A.F. prior to March 31, 1945, were credited to this account. The credit balance was transferred to Special Receipts—Refunds of Previous Years' War Expenditure as a reduction in appropriate proportions of the expenditures of B.C.A.T.P. No. 1 and B.C.A.T.P. No. 2 as authorized by P.C. 111/8890, November 29, 1944.

B Deductions for Victory Loan Bonds and War Savings Certificates from the salaries of certain employees not paid by Central Pay Office and from the pay of service personnel are credited to this account pending transmittal to the Department or agency concerned.

C Pension deductions made under R.C.A.F. regulations from the pay of members of the R.A.F. on loan to the R.C.A.F. from April 1, 1945, were credited to this account and subsequently transferred as a credit to be applied against the liability of the United Kingdom for trainee capitation costs.

A All cheques, except those drawn against Open Accounts, which remain undelivered after six months subsequent to the date of their issue, are credited to this account pending claims therefor.

B Certain remittances received in the form of Receiver General drafts are credited to this account pending advice of proper allocation.

C Remittances, other than those referred to in "B" above, which cannot be allocated immediately are credited to this account pending further advice which will enable the credits to be made to the effective accounts.

D P.C. 2769 of April 6, 1943, authorized the Minister of Finance to enter into arrangements with chartered banks to handle, through bank branches, payroll deduction purchases of Victory Loan Bonds by certain employees, who are not paid through the Central Pay Office. The account reflects the incomplete subscriptions, under this plan, of employees who have left the Government service and have not, as yet, applied for the amounts due them.

**Family Allowance Division—Family Allowance Payments, Family Allowances Act, c. 40, 1944** .....\$172,632,146 98

The Family Allowances Act, c. 40, 1944, provides for payment of monthly allowances commencing on July 1, 1945, for all eligible children resident in Canada under the age of 16 years.

The scale of monthly payments for each child is as follows: under 6 years of age, \$5; 6-9 years, \$6; 10-12 years, \$7; 13-15 years, \$8. The Act provides for the following reductions in the amount of payment in respect of: a fifth child by \$1; a sixth and seventh child by \$2 each; and an eighth and each additional child by \$3 each. Payments cease with the payment for the month in which the child reaches the age of sixteen years or may cease earlier if certain regulations under the Act, such as school attendance, are not observed or if death occurs. In cases where both parents filed the registration form for such allowances, payment is made to the mother but, where only one parent filed the form, payment is made to that parent provided a satisfactory explanation is given. For administrative purposes, Regional Offices were established in each provincial capital. A distribution by provinces of payments made to parents or other parties responsible for the maintenance of children eligible for such allowances follows:

	Number of Children March, 1946	Payments July, 1945 to March, 1946 inclusive
Nova Scotia .....	183,447	9,519,446 00

Payment of Dominion's share of Pensions, Old Age Pensions Act, c. 156, R.S. .... **\$33,715,092 01**

---

Under the provisions of the Old Age Pensions Act, c. 156, R.S., and amendments, the Governor in Council may enter into an agreement with the government of any province for quarterly payment to such province of an amount equal to 75 per cent of the net sum paid out during the preceding quarter by such province for old age pensions and pensions to the blind pursuant to a provincial statute providing for payment of such pensions. The maximum pension is \$240 yearly, and the Dominion has the right to audit provincial pension accounts. Under the terms of P.C. 6367 dated August 10, 1943, the Governor in Council further authorized the Minister of Finance to enter into supplementary agreements with the governments of the several provinces for increasing payments to pensioners to meet wartime conditions. A special supplement not to exceed \$5 monthly was agreed upon, of which the Dominion Government's share would be 75 per cent. A sum of \$9,200,000 was allotted from the War Expenditure and Demobilization Appropriation to meet these increased payments, and expenditures of \$9,102,882.09 were made therefrom.

Details of expenditures, including the sum expended from the War Expenditure and Demobilization Appropriation Allotment, are shown in the following table:

This vote provided for expenditures of the National Film Board which, under the National Film Act, c. 20, 1939, advises upon and approves film activities of the various Government Departments and produces and distributes documentary films in the interests of Canada. Where the Board acted as agent for Government Departments or other organizations, billings were made at cost.

Under authority of P.C. 119/3735, May 9, 1944, an annual revolving fund was established to provide working capital for the Board's activities. With a few exceptions, all payments were, initially, made from such fund and, consequently, the usual details of salaries and other expenses are reported thereunder (see Revolving Fund for Production of Films, page O—30).

## NATIONAL FILM BOARD

<b>Allotment: Special War Film Library</b> .....	<b>57,000 00</b>
<b>Expenditures</b> .....	<b>\$ 56,798 01</b>

Expenditures were incurred in maintaining a special war film library in the National Film Board to facilitate the production of films of wartime activities and those relating to the reconversion.

Details of certain expenditures are merged with those shown under "Revolving Fund for production of films", see below.

<b>Allotment: Stills Production and Distribution</b> .....	<b>136,000 00</b>
<b>Expenditures</b> .....	<b>\$ 133,331 43</b>

The activities of this branch are primarily concerned with producing and distributing still photographs depicting Canadian life and work, with emphasis on those phases dealing directly with the war effort and reconversion and rehabilitation problems.

Details of certain expenditures are merged with those shown under "Revolving Fund for production of films", see below.

<b>Allotment: Wartime Information Film Program</b> .....	<b>1,087,000 00</b>
<b>Expenditures</b> .....	<b>\$ 1,087,000 00</b>

The Wartime Information Film Program includes the production and distribution of theatrical and non-theatrical motion pictures designed to publicize the scope and progress of Canada's war effort including the activities of Canadian Active Service Forces, and the distribution of these pictures throughout Canada, the United States and elsewhere.

Details of certain expenditures are merged with those shown under "Revolving Fund for production of films", see below.

<b>Allotment: Revolving Fund for Production of Films</b> .....	<b>500,000 00</b>
<b>Expenditures</b> .....	<b>\$ 113,535 52</b>

An annual revolving fund was authorized by P.C. 119/3735, May 19, 1944, to provide working capital for National Film Board activities in producing films on war and other subjects and purchasing photographic equipment, supplies and film prints for war and other purposes both for its own account and pursuant to orders received from other Government Departments. Practically all expenditures made during the year were charged initially to this allotment, which was relieved of costs, as productions were completed, either by transfers to the votes and other war and demobilization allotments of the Board in respect of the Board's own work, or by the crediting of remittances as received in respect of work performed for other government departments or private concerns. The above amount constitutes the excess of disbursements over recoveries for the fiscal year, and is represented by accounts receivable, work in progress, etc. A Balance Sheet of the Fund is included as an appendix on page O-39 of this Section. It should be noted, however, that this Balance Sheet incorporates inventories, receivables, etc., on hand at the commencement of the fiscal year as well as the net expenditures referred to above.

The following lists of salaries, travelling expenses, suppliers' accounts, etc., cover all National Film Board activities.

As of March 31, 1946, there were 731 salaried employees being paid from this account. Those receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) are listed below. Salary rates indicated by asterisks include war duties supplements.

The travelling expenses of these employees where the amount was \$300 or over are also shown.

Less drawbacks, \$103,667,475.72, and refunds, \$10,337,879.36	114,005,355 08

496,909,960 92

The amount of \$610,915,316 was apportioned as follows: domestic, \$535,027,619.50; importations, \$75,887,696.50. The excise taxes derived from (i) the sale of postage stamps used on cheques, bills of exchange, promissory notes, receipts to banks, money orders and travellers' cheques, and (ii) stamp duties on post office money orders, postal notes, letters and post cards, do not form part of the "excise taxes" shown in the foregoing statement of revenues, but instead are treated and reported by the Post Office Department as Postal Revenues.

Drawbacks consist of: home consumption drawback claims, \$1,287.53, which relate to war exchange tax paid on materials used in goods supplied for the manufacture of agricultural implements; export drawback claims (including \$95,131,522.94 paid to the Department of Reconstruction and Supply, formerly the Department of Munitions and Supply), \$103,666,188.19, which relate chiefly to materials, both domestic and imported, used in the manufacture of goods exported.

## Non-Tax Revenue:

D Privileges, Licences and Permits: Brokers' licences, \$7,279.18; copies of manifests, entries and invoices, \$5,802.85; landing certificates, \$2,566.50; law stamps, \$8,322.60; rentals of public buildings, \$5,531.99	29,503 12
Less refunds	42 26
E Proceeds from Sales: Sale of unclaimed goods, etc.	
F Services and Service Fees: Bonded factory and warehouse fees, \$83,170.75; cartage, \$12,969.15; copyright fees, \$48; extra or overtime services, \$205,912.70; repayment of salaries of officers temporarily attached to the Commodity Prices Stabilization Corporation, Limited, \$21,987.44; repayment of salaries and living allowances of certain officers stationed in the United States, \$5,820; storage charges, \$38,323.68; tobacco labels, \$3.45	368,235 17
Less refunds	205 15

29,460 86

1,579 42

368,030 02

Bonded factory and warehouse fees are assessed for services of port officers assigned to duties of a supervisory nature in such factories and warehouses.

Copyright fees are collected from owners of copyrights for services in prohibiting importation of copyrighted works registered under the Copyright Act, c. 32, R.S.

Extra or overtime services—Extra services during regular working hours, and overtime services on Sundays, holidays, and outside of regular working hours, were performed by departmental officers. The extra services and a large proportion of the overtime services were paid for by the persons accommodated.

Storage charges are assessed against goods warehoused for examination and not cleared within the prescribed period.

G Refunds of Previous Years' Expenditures	435 53
Less refunds	30 94
H Miscellaneous: Customs seizures, \$265,144.61; excise seizures, \$157,377.39; conscience money, \$868.76; Foreign Exchange Control Board, unclaimed, seized and forfeited funds, \$1,240.83; premium on foreign exchange transactions, \$157; sundry, \$188.21	424,976 80
Less refunds, \$14.69; disbursements from customs and excise seizures, \$192,712.19	192,726 88

404 59

232,249 92

The revenues from customs and excise seizures were derived mainly from seizures under the provisions of the Customs Act, c. 42, R.S., as amended and the Excise Act, c. 52, 1934, as amended. The disbursements of \$192,712.19 were made under authority of the said Acts, and were in respect of (i) expenses incidental to the making of the seizures and for moiety payments to the seizing officers and informers, and (ii) repayments of deposits, in whole or in part, to persons accused of violations of the Customs and Excise Acts.

Payments of \$1,000 or over were made on account of legal services in connection with customs and excise seizures to the following: J. S. DesRoches, Summerside, P.E.I., \$1,132.33; Arni G. Eggertson, Winnipeg, Man., \$1,868.58; Gerald Fauteux, Montreal, Que., \$3,057.32; S. Hart Green, Winnipeg, Man., \$3,687; Adam Gustave, Montreal, Que., \$8,413.18; Gordon R. Holmes, Charlottetown, P.E.I., \$1,927.50; Peter J. Hughes, Fredericton, N.B., \$6,924.20.

### General Comments

As at March 31, 1946, there were in operation 151 Ports of Customs and Excise, and, under the survey of these ports, 171 Outports, 60 Preventive Stations, and 37 Postal Collecting Stations. The cost of operation exceeded the revenues collected at the Port of Lockeport, N.S., where expenditures were \$1,748.79 and revenues \$1,462.36, at the Port of McAdam, N.B., where expenditures were \$36,861.09 and revenues \$22,506.97, and at that of Gretna, Man., where expenditures were \$7,756.67 and revenues \$6,922.04.

In order to expedite the release of perishable and other imported goods, and as a guarantee of payment of customs duties and excise taxes thereon, and of sales and excise taxes payable by licensees, securities are furnished the Department and deposited with the Department of Finance for safekeeping. At March 31, 1946, the securities so deposited were \$1,428,350 for customs purposes and \$2,673,600 for excise purposes.

In addition to the payments from this account, 528 Customs and Excise officers received \$83,467.73 from other departments for part time services.

The salaries of certain officers, charged to this account, were repaid by the organizations to which they were on loan. Repayments were made by the Commodity Prices Stabilization Corporation Limited, \$2,718.12; Department of Veterans Affairs, \$2,106.46 and Wartime Prices and Trade Board, \$1,936.28. Of these repayments, \$4,042.74 was credited to the vote, and \$2,718.12 was credited to Ordinary Revenue—Services and Service Fees.

A *Living Allowances.* The following employees receiving salaries at annual rates of \$2,400 or over were receiving living allowances as at March 31, 1946, at annual rates listed: J. A. Simmons, \$1,500; J. O. Williams, \$1,500.

B *Overtime.* Extra services during regular hours and overtime services on Sundays, holidays and outside of regular hours were performed for the accommodation of railway companies and business firms. The cost of extra services and a large proportion of the overtime services are paid for by the parties accommodated. As shown under the departmental statement of revenues given on a previous page, \$205,912.70 was recovered in this connection. In some instances, the officers are allowed compensating time off in lieu of overtime pay.

C *Uniforms.* For the purpose of providing uniforms for distribution to customs officers, cloth is purchased by the Department for resale to clothing manufacturers who tailor the garments and bill the Department for the completed uniforms.

Cloth purchases were: Hield Bros., Ltd., Kingston, \$11,211.41; Hughes & Co., Montreal (shrinking cloth) \$387.05; Paton Manufacturing Co., Ltd., Montreal, \$2,999.99.

This vote was provided to meet the cost involved in District Offices in maintaining tax rolls, receiving and disposing of income tax returns and assessments of the Dominion, collecting moneys due the Crown and arrears due certain provinces in respect of income taxes, excess profits tax and succession duty, maintaining the necessary accounts and conducting investigations at the places of business of taxpayers or elsewhere.

As of March 31, 1946, there were 6,532 salaried employees being paid from this account. Those receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) are listed below. Salary rates indicated by asterisks include war duties supplements.

The travelling expenses of these employees where the amount was \$300 or over are also shown.

Under authority of P. C. 4428, August 18, 1942, a Director and an Advisory Committee were appointed with a view toward affecting office economies and eliminating, in all Government departments, unnecessary expenditures in connection with publications, stationery supplies, office furniture, equipment, etc.

As of March 31, 1946, there were 3 salaried employees being paid from this account, including T. P. Murphy who was receiving an annual salary of \$6,000 at that date. Prior to January 1, 1946, the salary of this official was paid by the Post Office Department. A war duties supplement was paid to C. Emond at the annual rate of \$300 for the period April 1, to November 8, 1945. This officer's salary was paid from Department of Public Works, Vote 248.

P.C. 8168, September 18, 1942, authorized the construction of a high power short wave broadcasting station at Sackville, N.B., to be used to broadcast Canadian programs abroad as well as over a wider area on this continent than was possible with existing facilities, the station to be established and operated by the Canadian Broadcasting Corporation. Payments were made to the Corporation.

The Balance Sheet and Operating Statement of the Corporation will be found in the Appendix to this section.

As the Department of Transport is responsible for the collection of licence fees, an account relating to funds derived from that source by the Canadian Broadcasting Corporation, will be found in the Open Accounts of that Department under Deposit and Trust Accounts.

	<b>\$3,547,434 53</b>	<b>\$3,512,618 73</b>

The amount of \$811,397.81 shown in Current Year represents accounts receivable for excise taxes.

The amount of \$51,592.63 in Previous Years—Collectable consists of: excise taxes, \$38,000; seizures, \$10,402.38; defalcations, \$2,191.19; sundry, \$999.06. In the comment in the 1945 Public Accounts, it was stated that administrative officials had estimated that approximately \$50,000 of previous years' excise taxes outstanding could be considered collectable. In view of the collections during the current year, they are of the opinion that the estimate should now be reduced to \$38,000.

The amount of \$2,684,444.09 in Previous Years—Uncollectable consists of: excise taxes, \$2,614,546.06; seizures, \$853.69; defalcations, \$69,044.34.

Excise taxes owing by limited liability companies when such companies have been discharged in bankruptcy are not included in the foregoing statement.

Under Section 16 of the Public Works Act, contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account. At the close of 1945-46, bonds so held in respect of the Department of National Revenue amounted to \$1,350.

A Under authority of Section 61 of the Income War Tax Act, c. 97, R.S., persons appealing to the Exchequer Court from a decision of the Minister of National Revenue as to their assessments are required to give security for the costs of the appeal, to the satisfaction of the Minister, in a sum not less than \$400. The decision of the Exchequer Court determines the final disposition of the deposit. If the appellant is successful, the amount is returned to him. If he fails, the amount or such part of it as is required to pay the taxed costs of the Crown, is transferred from this account as a revenue item. No interest is allowed on the deposit.

B-F These accounts record the transactions in respect of arrears of provincial and territorial income tax which were collected by the Dominion Government and paid to the provinces in accordance with the provisions of the Dominion-Provincial Taxation Agreement Act, c. 13, 1942.

G All cheques, except those drawn against Open Accounts, which remained undelivered after six months subsequent to the date of issue, are credited to this account pending claims therefor.

---

Under authority of the War Measures Act, c. 206, R.S., P.C. 2199, March 20, 1942, provided for payments of accountable grants to the Canadian Legion War Services Incorporated, Knights of Columbus Army Huts Fund, Canadian Y.M.C.A. War Services Fund, Y.W.C.A. National War Services Fund, Navy League of Canada, and the Salvation Army Red Shield Fund, for the purpose of financing reasonable and necessary expenses incurred by said organizations in pursuing their objects of providing war auxiliary services, as approved by the Department of National Defence, to the Armed Forces and Merchant Seamen.

P.C. 5248, June 22, 1942, constituted the National War Services Funds Advisory Board to advise the Department of National War Services in connection with, *inter alia*, the administration of the provisions of the above mentioned P.C. 2199. The members of the Board serve without salary but may be reimbursed their actual out-of-pocket expenses.

Pursuant to regulations, issued under P.C. 2199, audit firms acceptable to the Comptroller of the Treasury and the Auditor General were appointed by the Department to perform the necessary audits and report to the Department.

The budgets of the organizations and reports based upon the financial statements submitted by the auditors are considered by the Board with a view toward making appropriate reports and recommendations to the Minister, in accordance with the terms of P.C. 5248, as to "whether or not, in its opinion, the moneys heretofore procured by such organizations have been wisely and properly expended". The following statements show the accountable grants made, and exhibit the current status thereof.

Under authority of P.C. 212/6173, September 21, 1945, the sum of \$18,239.84 was paid to the National Film Board for the production of a documentary film recording the activities of the War Auxiliary Service organizations.

Included in the above expenditures are certain disbursements made by the Canadian Legion War Services in respect of the provision of amenities and services to liberated British prisoners of war and civilian internees from the Far East. Although the next allotment was provided to absorb such expenditures, they were not brought out in submissions made by the organization to the Department. The explanation afforded is that the organization merely treated the amount authorized by the governing Order in Council as an extension to its authority to expend public funds, and, accordingly, did not attempt to make a special segregation of the expenditures referred to.

<b>Allotment: War Charities Division—Auxiliary Services—To provide amenities and services to liberated British prisoners of war and civilian internees from the far East as authorized by P.C. 160/6357 of October 3, 1945, and P.C. 165/6976, November 17, 1945.....</b>	
<b>Expenditures.....</b>	<b>\$ 38,250 00</b>

See final paragraph of comment on previous allotment.

<b>Allotment: War Charities Division—Auxiliary Services—To provide for setting up hostels (total of 160 beds) to accommodate wives and dependents of Canadian Service personnel, visiting repatriation depots in the United Kingdom, as authorized by P.C. 197/6637, October 24, 1945.....</b>

The Corps of (Civilian) Canadian Fire Fighters for service in the United Kingdom was established to assist the National Fire Service in Great Britain in fighting fires resulting from enemy action. Demobilization of the unit was completed on December 29, 1945.

The Fire Fighters War Service Order, P.C. 3229, May 3, 1945, authorized payment of rehabilitation grants and war service gratuities to members of the Corps on the same terms authorized for members of the naval, military and air forces of Canada. Expenditures for rehabilitation grants amounted to \$17,647.40, and for

gratuities to \$161,759.99, which latter amount is included in the war and demobilization expenditures of the Department of Veterans Affairs. Members of the Corps received one month's leave with pay and allowances prior to discharge, and were paid a clothing allowance of \$100 on discharge.

- A Rates of pay for the establishment of the Corps were as follows: G. E. Huff, Commanding Officer, \$5,000 per annum; and, at daily rates.—Column Officers, \$6.50; Senior Company Officers, \$5; Company Officers, \$4.25; Section Leaders, \$3; Leading Firemen, \$2.70; Senior Firemen, \$2.20; Firemen, \$1.80; Junior Firemen, \$1.30.
- B Quarters and ration allowances, when not received in kind, were paid to personnel at the following daily rates: Canada—officers, \$1.70; other ranks, \$1.25; Overseas—London Postal Area, officers, \$4; other ranks, \$2.25; Outside London Postal Area, officers, \$3; other ranks, \$1.50.
- C Members of the Corps, with the exception of the Commanding Officer, were awarded dependents' allowance in the same manner and under the same conditions as persons serving in the Armed Forces.
- D Austin Reed, Limited, received \$17,934.12.

An agreement reached with the Department of National Defence—Army Services provided for a capitation rate of 45 pence per man day for maintenance of personnel of the Corps while in the United Kingdom. Accounts submitted by that Department for services rendered, including those on a capitation basis, amounted to \$19,841.25 and were classified as follows: pay, \$5,651.05; subsistence allowance, \$1,861.39; dependents' allowance, \$600.29; clothing and equipment, \$776.69; medical care and hospitalization, \$72.57; transportation, \$9,629.84; repatriation of dependents, \$1,123.98; miscellaneous, \$125.44.

Under authority of the Post Office Act, c. 161, R.S. (as amended), and the Savings Banks Act, c. 15, R.S., the Post Office Department, under the direction of the Postmaster General, is entrusted with the management and operation of the postal services of Canada and the Post Office Savings Bank. In addition, the Department performs certain services of an agency nature for other departments (without remuneration in some instances), the more important of which are: payments on Dominion Government annuities are received; unemployment insurance stamps, radio licences, war savings stamps and certificates are sold; and supplies of forms, literature, etc., are distributed to the public on behalf of the Department of National Revenue, Taxation Division, and the Wartime Prices and Trade Board.

Post Offices are divided into two main groups, namely, staff offices and revenue offices. The postmasters and staffs of staff offices are paid from parliamentary appropriations whereas the postmasters of revenue offices, and through them their staffs, except letter carriers, are paid on a commission basis by means of commission warrants issued from headquarters at Ottawa, and cashed out of Post Office funds in their hands. Letter carriers are paid from parliamentary appropriations in all cases. The various post offices are grouped according to postal districts, each district being under the superintendence of a District Director or Superintendent, controlled from departmental headquarters at Ottawa. District Offices are situated at Halifax, Charlottetown, Saint John, Quebec, Montreal, Ottawa, Toronto, London, North Bay, Winnipeg, Moose Jaw, Saskatoon, Edmonton, Calgary and Vancouver.

There are two appendices to this section. The first contains a statement of the Post Office Account (Dominion balance sheet account 9(e)) as at March 31, 1946; the second contains a departmental balance sheet as at that date.

This vote was provided to cover the cost of (i) the carriage of mails by air, rural mail delivery, mail stage services, movement of mails between post offices and railway stations, and collections from street letter boxes; and (ii) the salaries and other expenses of the administrative unit at Ottawa which controls these services.

As of March 31, 1946, there were 42 salaried employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date follows. Salary rates indicated by asterisks include war duties supplements: F. J. Colpman, \$3,600\*; G. Herring, \$6,000\*; J. E. Leclerc, \$2,940\*; A. H. B. Potts, \$4,320\*; W. C. Tedford, \$2,640\*; R. F. Tubman, \$2,640\*.

A. H. B. Potts received travelling expenses of \$470.15.

A Suppliers receiving \$5,000 or more: Canadian Airways, Ltd., \$33,190.30; Canadian Pacific Air Lines, Ltd., \$398,521.05; Canadian Pacific Air Lines, Ltd., Attorney for Canadian Airways, Ltd., \$10,942; Dominion Government, Department of National Defence—Air Services, \$888,874.63; Leavens Brothers Air Services, Ltd., \$7,064.70; Maritime Central Airways Ltd., \$146,951.85; Northwest Airlines, Inc., \$32,508; Prairie Airways, Ltd., \$150,180.20; Trans-Canada Air Lines, \$6,467,753.68, of which \$579,813.76 was in respect of trans-Atlantic air mail service; Yukon Southern Air Transport, Ltd., \$514,054.58.

The mail contract entered into with Trans-Canada Air Lines, under the Trans-Canada Air Lines Act, 1937, provided for payment by the Department at the rate of 60 cents per mile flown with mails, during the initial period of operation ending December 31, 1939. The Act also empowered the Governor in Council to fix the rate for subsequent years, the rate to be increased in the event of the Corporation incurring a deficit in the preceding year, but to be decreased if a surplus were earned during such year. The rate paid for the fiscal year 1945-46 was 41.98 cents per mile under authority of P.C. 3538, dated May 17, 1945.

<b>Allotment: Purchase of Tobacco Labels for Services Purchase Cigarette Scheme—Revolving Fund .....</b>	<b>\$ 1 00</b>
<b>Expenditures.....</b>	<b>nil</b>

This allotment is for a nominal sum to authorize the continuance during the current fiscal year of the Revolving Fund in connection with the operation of a system developed jointly by the Postmaster General, the Minister of National Defence—Army Services and the Minister of National Defence—Air Services, for the supplying to members of the Canadian Armed Forces in Italy, and subsequently to those located in the United Kingdom, on the Continent of Europe and at other points, of seven popular brands of Canadian cigarettes.

From the commencement of the Cigarette Scheme to the close of the fiscal year 1945-46, labels to the value of \$5,894,204 were purchased, while remittances from members of the Armed Forces amounted to \$5,618,918. Of this amount, \$5,394,204 was used for the purchase of replacement labels and \$224,714 was credited during the current year to Special Receipts—Refunds of Previous Years' War Expenditures (see page Q-5).

As at March 31, 1946, the standing of the account was as follows:

Disbursements represent withdrawals.

B Under section 16 of the Public Works Act, contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account. At the close of 1945-46, bonds so held in respect of the Post Office Department amounted to \$7,000.

P.C. 6300, September 28, 1945, established the Canadian Information Service to provide means and facilities for distributing information abroad concerning Canada and for co-ordinating and assisting the public information services of the Government. It revoked the Order in Council which established the Wartime Information Board (P.C. 8099, September 19, 1942) but provided for the transfer of Wartime Information Board staff to the Canadian Information Service. The Order also provided for the supervision of the Canadian Information Service by a Committee consisting of the following: one member, who is Chairman, appointed by the President of the Privy Council; one member appointed by the Secretary of State for External Affairs; one member appointed by the Minister of Trade and Commerce; the General Manager of the Canadian Broadcasting Corporation; and the Government Film Commissioner. The Order further provided for the orderly winding up of the affairs of the Wartime Information Board.

To facilitate the distribution of information about Canada abroad, offices were maintained and expenditures incurred as follows: New York, \$89,872.07; Washington, \$39,475.55; London, \$20,586.94; Canberra, \$8,512.44; Paris, \$43,471.93.

An extensive program to supply news and information to Canada's armed forces in Canada and overseas was undertaken, the cost of which for the year totalled \$108,359.57. Of this amount, \$16,907.53 was charged to this account and \$91,452.04 was provided by the Department of National Defence—Army Services.

The following details include expenditures of \$34,600 charged to Demobilization and Rehabilitation Information Committee to cover cost of office facilities and services of staff partially engaged on work relating to that activity.

As of March 31, 1946, there were 103 salaried employees being paid from this account. Those receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) are listed below.

Living allowances of these employees and travelling expenses where the amount was \$300 or over are also shown.

\* This advance is temporarily impaired by an amount of \$13,185.98 which is the excess of expenditures over revenues on the year's operations of the Printing Branch and which has been carried forward to 1946-47 (see statement of operations of Printing Branch below).

The Public Printing and Stationery Act, c. 162, R.S., as amended, authorizes advances from Consolidated Revenue Fund to the King's Printer, not exceeding \$2,000,000, "to enable him to purchase material for the execution of orders given or requisitions made under the provisions of the Act, and to pay the wages of workmen engaged in the execution of such orders or requisitions".

It is the practice of the King's Printer to add a percentage to the cost of the stationery purchased to offset the cost of operation and this charge is reflected in selling prices; in the Printing Branch the charge for work done is made on a unit price basis for the various classes of work executed. The cost of light, heat, power, telephone services, etc., paid by the Department of Public Works, is not taken into account.

From the closing balance of \$1,046,373.17 shown above must be deducted the sum of \$72,952.16 representing amounts due the King's Printer at the close of the fiscal year, and which are allowed as deductions under section 38 (as amended) of the Act in determining net advances outstanding.

The following is a statement of the operations for the year as shown in the King's Printer's Advance Account:

A Under the terms of the Dry Docks Subsidies Act, c. 191, R.S., amounts deducted from subsidies payable to the Burrard Dry Dock Company, Ltd. are credited to this account, to which interest at the rate of 3 per cent compounded annually is also credited. The moneys are to be used for the renewal of the pontoons in connection with the dry dock.

B Under section 16 of the Public Works Act, contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account. At the close of 1945-46 bonds so held in respect of the Department of Public Works amounted to \$1,096,500.

C This account records the value of contractors' securities and earnings held pending the settlement of claims made by their creditors. Payments, made in accordance with the terms of such settlements, are debited hereto.

D By authority of P.C. 2965, October 4, 1939, the Department of Public Works took over from the Province of British Columbia for maintenance and operation the railway bridge at New Westminster, known as the Fraser River Bridge, the transfer being effective from December 1, 1939.

All tolls collected from the railways using this bridge are credited to this account. The cost of ordinary maintenance and operation is met from moneys voted by Parliament and such vote, entitled "Maintenance and Operation of the New Westminster Bridge" is recouped at the end of each fiscal year from the revenues collected. In addition, expenses amounting to \$2,201.19 for materials required for contemplated track replacement were paid directly from this account during the year.

The balance remaining in the fund is to accumulate for the ten years specified in the agreement pending final settlement with the Province.

E Monetary gifts and bequests to the National Gallery are credited to this account. They include the following received during the year: British Information Services Exchange, \$35.75; Carnegie Corporation of New York, \$3,300. The sum of \$1,595.50 was realized from a sale of paintings in Rio de Janeiro. Included also is the annual interest of \$30 on a Dominion of Canada perpetual bond for \$1,000, which is held in the custody of the Department of Finance.

Disbursements were as follows: educational work, \$491.67; lectures, \$833; paintings, \$1,595.50; sundries, \$231.50. Included in the closing balance is the value of the bond previously mentioned.

## GENERAL COMMENTS

The Department of Reconstruction and Supply Act, 1945, became effective as of January 1, 1946, and all rights, powers, duties, liabilities and functions exercised or performed by the Minister of Munitions and Supply or the Minister of Reconstruction were transferred to the new Department.

Special powers granted the Minister of Munitions and Supply with respect to the audit of war supply contracts and the fixing of fair and reasonable cost and profit, were amended to include only such contracts in force between April 9, 1940, and September 2, 1945, inclusive. Some modification of the closing date was provided to cover a contractor whose cost and profit were based on fiscal periods extending beyond September 2, 1945.

Authority is also included in the new Act to continue expenditures from appropriations of the two former departments, and for that reason the appropriation accounts were maintained and are presented as though the two departments continued to function throughout the year. However, because there was an actual consolidation, the general ledgers of these departments were closed on December 31, 1945, and their respective final balance sheets compiled as of that date. These are included in Appendix I.

The unbalanced assets and liabilities were, as of January 1, 1946, transferred to the general ledger of the new department, and, after that date, expenditures made from current votes and war and demobilization allotments were focused into that ledger; therefore the Reconstruction and Supply Balance Sheet as at March 31, 1946, exhibited in Appendix I, reflects the transfers referred to, together with three months' operation.

Under the terms of the Canada-United Kingdom Financial Agreement (see United Kingdom General Settlement Account under Open Accounts, Department of Finance) all outstanding claims of both Governments arising out of the war effort in respect of supplies and services furnished to each other prior to March 1, 1946, were, with certain exceptions, settled by payment of \$150,000,000 by the United Kingdom. As far as this Department is concerned, the action taken in implementing such terms resulted in the following net debits and credits to its accounts:

<b>War and Demobilization Allotment</b>	
Miscellaneous War Expenses .....	2,048,962 40 Cr.
<b>Munitions Production Allotment Fund:</b>	
Munitions Production (Pool) .....	87,050,055 26 Dr.
General (Munitions) .....	27,791 78 Dr.
General (Mutual Aid Orders) .....	10,306,469 49 Cr.
<b>Open Accounts</b>	
<b>Loans and Advances to United Kingdom and Other Governments:</b>	
India .....	48,565,686 23 Cr.
United Kingdom (No. 1) .....	12,808,703 27 Cr.
<b>Sundry Suspense Accounts</b>	
Mutual Aid—Reconstruction and Supply .....	2,948,447 19 Cr.
<b>Sundry Accounts</b> .....	5,161,960 67 Cr.
<b>Net Debit</b> .....	<u>\$ 5,237,617 79*</u>

\* This amount was credited to the United Kingdom General Settlement Account.

There are five Appendices attached to this Section, commencing at page VA—33. The first contains the departmental balance sheets and supporting schedules; the second, list of certain salaries and travelling expenses; the third, lists of payments and receipts of \$10,000 or over; the fourth, balance sheets and operating statements, certified by the Auditor General of Canada, of Crown companies operated under agreements with the Minister; the fifth, balance sheets and operating statements of the Dominion Arsenals at Lindsay and Quebec.

## INVESTMENT IN PLANT AND EQUIPMENT

Expenditures under this heading are for plant extensions and alterations, construction of new buildings, purchase and installation of machinery, equipment and tools, construction of fitting-out berths, etc., to enable the production of munitions, weapons, and other war supplies, including aeroplanes and ships.

Surplus assets, acquired mainly in previous years, were transferred in the current year to War Assets Corporation, as follows: Crown Companies and Crown Plants—Government Operated, \$4,238,008.22; Other Crown Plants and Assets, \$107,938,956.70; Cargo Vessels Operated by Park Steamship Co., Ltd., \$84,994,068.10; Housing Development—Wartime Housing Ltd., \$467,879.67; Miscellaneous Property Acquired, \$6,625,423.06; Defence Industries Ltd.—Chalk River, Ont., \$1,023.93.

<b>Sub-allotment: War Plants</b> .....	<b>4,314,530 37</b>
<b>Expenditures</b> .....	<b>\$4,314,530 37</b>

Expenditures were made in connection with the acquisition and construction of plant and equipment, after allowing for certain transfers from capital to production account. Generally speaking, accountable advances were made to these companies (by way of payment of bank overdraft), clearance being given upon receipt of properly certified periodic accounting returns. These expenditures are included in Investment in Plant and Equipment, on the Department of Reconstruction and Supply Balance Sheet, page VA—34.

A list of suppliers and contractors receiving \$10,000 or more is exhibited in Appendix 3.

<b>Sub-allotment: Purchase of United States facilities and materials</b> .....	<b>1,906,125 00</b>
<b>Expenditures</b> .....	<b>\$1,906,125 00</b>

On April 29, 1946, payment was made to the Treasurer of the United States of America for the acquisition by the Canadian Government of facilities and materials in Canada owned by the United States of America, as authorized by P.C. 1189, March 29, 1946. The payment represents \$1,725,000 U. S. Funds converted at the prevailing rate of exchange. This expenditure is included in "Investment in Plant and Equipment" on the Department of Reconstruction and Supply Balance Sheet, page VA-34.

### INVESTMENT IN PRODUCTION ASSETS

Expenditures under this heading have to do with the provision of working capital to Government-owned and pre-financed companies to enable them to manufacture munitions, weapons and other war supplies including airplanes and ships, and also for the acquisition of special stores required for war purposes and the completion of war contracts for economic reasons. Such expenditures are included on the Department of Reconstruction and Supply Balance Sheet, under a similar heading, see page VA-34.

Production assets acquired mainly in previous years and transferred in the current year to War Assets Corporation at book value amounted to \$89,294,172.20. However, these figures are not complete, as the policy of the Department was changed after September, 1945, and thereafter, plants transferred such assets to War Assets Corporation without value, absorbing the cost in their operating accounts.

<b>Sub-allotment: Munitions Production Allotment Fund</b> .....	<b>nil</b>
---	------------

During the year an allotment of \$25,000,000 was made but was later cancelled as current receipts from sales exceeded current advances for working capital. For the fiscal year the total receipts exceeded payments by \$325,966,149.31. This amount was transferred to Special Receipts and the working funds were affected as follows:

A Munitions Production (Pool) .....	146,209,530 00 Cr.
General—	
B Munitions .....	40,479,251 33 Cr.
C Mutual Aid Orders .....	112,910,624 32 Cr.

For Arsenal standing expenses—Administration.....	1,107,229 00

2,386,703 00

**Expenditures.....\$1,199,184 47**

P.C. 5929, September 14, 1945, granted authority for incorporation of this Government-owned company to act as agent of the Government for the purpose of equipping, operating and maintaining such of the arsenals as may, from time to time, be required in accordance with Government policy and to expedite the reconversion of manufacturing facilities from a wartime to a peacetime basis and to assist in plant clearance of Government-owned plant and equipment. Accountable advances were made available by bank overdraft, clearance being given upon receipt of properly certified periodic accounting returns. The above expenditure represents the repayments of all overdrafts and interest incurred to March 31, 1946. The balance sheet and operating statements of this Crown company are included in Appendix 4, page VA—75.

**Allotment: Forest Insects Control Board (approved by P.C. 6018, September 13, 1945)—**

(c) These accounts are maintained in connection with loans and advances made to these companies for the acquisition, storage and disposal of certain commodities; for extension to plants; and for working capital and other like purposes.

c-1 This advance was made to Eldorado Mining and Refining (1944) Ltd., under authority of P.C. 1212 of March 29, 1946, in connection with expenditures which have been or are to be incurred covering equipment, buildings, exploration and development work.

c-2 This account relates to loans made to the Corporation for: (1) Working Capital; and (2) Purchase from the Government of the United States of America of certain immovable defence facilities constructed in Canada which have, or will, become surplus to the requirements of the said Government.

(e) These accounts are maintained in connection with disbursements, made on a recoverable basis, for the United Kingdom and other Allied Governments under authority of section 3 of the War Expenditure and Demobilization Appropriation Act, 1945. The outstanding balances of the Government of India and the United Kingdom Account No. 1, as at February 28, 1946, (\$18,565,686.23 and \$12,808,703.27, respectively) were, pursuant to the terms of the Canada-United Kingdom Financial Settlement, debited to the United Kingdom General Settlement Account. The transactions relating to the United Kingdom subsequent to February 28, 1946, are recorded in Account No. 2.

(f) These accounts are maintained in connection with loans and advances to various companies for working capital and other purposes.

f-1 This relates to two loans: the first covers the asset value of property disposed of under lease-purchase option agreement which terminates April 30, 1977, and provides for annual instalments of \$288,116.86 plus interest at 3% per annum on the balance. This year's instalment was paid, leaving a balance of \$6,418,470.28; the second is to be repaid by annual instalments, ending not later than January 1, 1962, the amounts of which are based on operating results, and extra payments may be made if desired. During the year \$500,000 was repaid, leaving a balance of \$1,489,312.93.

f-2 This covers the asset value of property disposed of under lease-purchase option agreement which terminates December 31, 1974. The agreement provides for quarterly principal payments of \$5,972.89 plus interest at 3% per annum on the balance. During the year \$23,891.56 was repaid.

f-3 This relates to two loans, the balances at March 31, 1946, being \$2,370,907.90 and \$1,541,693.56 respectively. The first loan was made for the purpose of plant extension and was to be repaid by November 30, 1952. However, by authority of P.C. 7108, November 30, 1945, the title to certain of the plant involved was transferred to the Crown in full settlement. The second loan, of \$1,541,693.56, is to be repaid by April 1, 1954, on the basis of 10% of the loan plus interest at 31% per annum on the outstanding balance. During the year \$192,711.70 was repaid.

f-4 This loan is to be repaid in annual instalments, the amounts of which are based on operating results. If not fully repaid within six months after cessation of hostilities, there is provision for adjustment.

f-5 This loan has been fully settled.

f-6 These loans were granted under authority of the Emergency Coal Production Board for the purpose of ensuring maximum production through more efficient operation in the coal mining industry. A list of these companies is included in the schedule to the Reconstruction and Supply Balance Sheet under Miscellaneous Investments, see page VA—36.

f-7 This loan is to be repaid in monthly instalments with interest at 5% per annum. It was made for the purpose of facilitating power installations, and when same are no longer required for war purposes, there is provision for adjustment on any payments not due at that time.

f-8 This covers the asset value of property disposed of under lease-purchase option agreement which terminates December 31, 1975. The agreement provides for annual payments, commencing December 31, 1946, of \$11,432.84 for the first ten years and \$1,453.32 thereafter with interest at 3% per annum on the outstanding balance.

A This account represents the cost of acquisition of the capital stock of Eldorado Mining and Refining Limited, which was appropriated under authority of P.C. 535, of January 27, 1944. The reconciliation of the Crown's investment with the value of the capital stock of Eldorado Mining and Refining (1944) Limited, (new company), as reflected in the Company's Balance Sheet (see page VA—80) is arrived at as follows:

Capital Stock as per Company's Balance Sheet as at December 31, 1945.....	3,291,924 33
Amount representing Capital deficit (after adjustment) as shown in the Balance Sheet of Eldorado Mining and Refining as at December 31, 1944, which is not reflected in the Balance Sheet of the new Company as at December 31, 1945 .....	1,979,887 77
	<u>\$5,271,812 10</u>

The Balance Sheet of Eldorado Mining and Refining (1944) Limited as at December 31, 1945, shows a capital surplus of \$132,607.02 and an operating deficit of \$338,964.89, while the Balance Sheet of Northern Transportation Company Limited (a wholly-owned subsidiary) as of the same date, shows a surplus of \$58,500.40.

B Under the provisions of the Surplus Crown Assets Act, c. 21, 1944, the assets and liabilities of War Assets Corporation Limited were assumed by War Assets Corporation. This account appeared in the 1944-45 Public Accounts under the Department of Reconstruction, Section VA, page 10—Investments.

A This account records the liability of the Dominion Government for the value of the paid-up capital stock of the above company which had not been redeemed at the close of the fiscal year.

B At the close of the fiscal year, each imprest account is examined by the official in charge and funds to meet cheques which have been outstanding since the close of the previous fiscal year are withdrawn from the imprest bank account and credited hereto. If any of these cheques are subsequently cashed, the imprest bank account is then recouped in the usual way and this account adjusted concurrently. Also included in this account are transactions involving Crown companies and Crown plants, and, when the bank account of any of these Government agencies is closed out, funds to meet outstanding cheques are withdrawn and credited hereto. If any of these cheques are presented for payment they are honoured by the bank which, in due course, is reimbursed from this account.

A P Under Section 16 of the Public Works Act, contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account. At the close of 1945-46, bonds so held in respect of the Department of Reconstruction and Supply amounted to \$473,650.

B-II These accounts are credited with advances from the respective governments for the purchase of supplies and debited with the value of the relative shipments.

I This account is credited with receipts from War Assets Corporation covering the proceeds of sales of surplus property of other governments and debited with payments to the governments concerned.

J This account covered accruals of semi-annual deposits by Sorel Industries Limited for net depreciation charges assessed against that portion of the plant owned by the Government of Canada. Under the contract, the Company was allowed to charge special depreciation rates on its portion of the plant, and similar rates were assessed on the Crown investment.

When the value of actual replacements in the Crown plant did not equal the annual amount of depreciation assessed, the unused balance was remitted and credited to this account. The Company was permitted to draw upon this fund when the situation was reversed. As the government-owned portion of the plant was disposed of, this fund was no longer required and the balance of \$10,088,365.67 was transferred during the year to Special Receipts—Miscellaneous War Revenue.

K When the bank account of any of the Crown companies or Crown plants is closed out, funds representing unclaimed wages are withdrawn and credited hereto, pending presentation of claims.

L All money received for royalties or patent rights in connection with an invention or process developed in the National Research Council Laboratories is credited to this account pending the decision of the Council as to its disposal. Disbursements in the current fiscal year represented the purchase of bonds. Of the closing balance, \$209,500 is held in bonds which are in the custody of the Department of Finance.

M This account is credited with revenues of the National Research Council derived from laboratory fees, sale of publications, work done by war employees, etc., which by authority of the Research Council Act, c. 177, R.S., may be expended by the Council. Disbursements include \$340,611.74 transferred to parliamentary appropriations and \$1,340,208.53 transferred to the War and Demobilization Allotment—Special War Activities in reduction of expenditures therefrom.

N This fund is used to provide the means for the initiation, expansion or completion of specific proposals relating to Canada's war effort. Receipts represent patriotic donations from companies or individuals as well as an amount of \$260,670.33 representing War Technical and Scientific Development Committee funds previously shown under the Trust Fund; while disbursements are made, as directed by the Sir Frederick Banting Fund Committee, on projects selected from a list presented by the President of the National Research Council.

O To this fund, which is for the furtherance of research work, are credited (a) contributions received from organizations and individuals, (b) incidental revenues arising from National Research Council activities, (c) allotments made by the Council from Parliamentary appropriations, (d) amounts transferred from the National Research Council Special Fund, and (e) amounts transferred from Sir Frederick Banting Fund—War Technical and Scientific Development Committee. Disbursements represent advances which have been made during the year to various associate committees and individuals, all of which, with the exception of \$20,506.60, have been accounted for as at March 31, 1946. The transfer, under authority of P.C. 2488, April 10, 1945, of War Technical and Scientific Development Committee funds, \$260,670.33, to the Sir Frederick Banting Fund is also included in the disbursements.

A When cash is received from contractors and others without sufficient information for proper application of the credit, the funds are credited to this account pending clearance to the proper accounts.

B All cheques, except those drawn against Open Accounts, which remain undelivered after six months subsequent to the date of their issue, are credited to this account pending claims therefor.

C This account is credited with advances from the Canadian Mutual Aid Board for the purchase of war supplies for the United Nations (other than Canada) and for supplies for military relief. Debits represent (a) the value of such purchases (\$13,875,299.33 from United Nations Mutual Aid Appropriation, \$570,595,398.09 from the War and Demobilization Allotment—Mutual Aid, \$40,102,601.68 from cash provided by the United Kingdom and \$5,448,849.83 from the War and Demobilization Allotment—Military Occupation Relief); and (b) refunds of the unexpended balances of the advances at the close of the fiscal year. Further details are shown under the Canadian Mutual Aid Board section of this Report.

This account was also credited with an amount of \$2,948,447.19, representing the outstanding liability, as at February 28, 1946, of the United Kingdom in respect of supplies purchased on its behalf outside the Mutual Aid period. Such sum was, pursuant to the terms of the Canada-United Kingdom Financial Settlement, credited to this account and debited to the United Kingdom General Settlement Account.

D This reserve was written off as the Company ceased to carry on business as of June 30, 1945, the assets having been taken over and the liabilities assumed by Polymer Corporation, Ltd., as of that date.

E P.C. 2769 of April 6, 1943, authorized the Minister of Finance to enter into arrangements with chartered banks to handle, through bank branches, payroll deduction purchases of Victory Loan Bonds by certain employees who are not paid through the Central Pay Office. This account reflects the incomplete subscriptions, under this plan, of employees who have left the Government service and have not applied for refunds.

F This account relates to funds, transferred from the Department of National Defence under authority of P.C. 1/1771, May 3, 1946, which are to be used for the payment of supplies to be purchased for the Government of the Netherlands.

G This account was set up to deal with surplus funds transmitted to the Department by Crown companies. When such funds are received, the amounts are credited to this account pending receipt of information enabling disposition to the proper accounts. Prior to the current year, the transactions were recorded in the General Suspense Account ("A" above).

\* These figures are not complete, as the policy of the Department insofar as Production Assets were concerned, was changed after September, 1945, and plants then transferred such assets to War Assets Corporation without value absorbing the cost in their operating accounts. The total amount involved in such transfers has not been made available to Treasury.

Notes: (1) Contingent Liabilities covering guaranteed bank loans to contractors amount to \$8,700.

(2) The Department commenced to function on April 9, 1940.

## Appendix 4

### CROWN COMPANIES

In accordance with the powers contained in Section 6 (3) (a) of the Department of Munitions and Supply Act, the companies listed below were operating under agreements with the Minister. The agreements provide in general that the Minister shall at all times have the right to exercise such control over the affairs and operations of the Company as he may in his absolute discretion think fit, and that the Company shall do or refrain from doing, as the case may be, all such things as the Minister may from time to time direct, and that all obligations of His Majesty under this agreement are conditional upon the Company acting accordingly.

In accordance with Section 6 (3) (c) of the above mentioned act, the Auditor General is the Auditor of such companies, and the balance sheets certified to, by him, together with related statements are furnished herewith.

The assets referred to in the footnote on the balance sheets included in this appendix represent the Government's investment in plant and equipment, and are shown in the supporting schedule to the Department of Reconstruction and Supply Balance Sheet, see Appendix 1.

The following is a list of the companies and the respective balance sheet dates.

## NOTE:

The amounts realizable from certain radium inventories (book value, \$25,618.93) and from certain accounts receivable (book value, \$171,347.87) are dependent on the outcome of litigation arising from the investigation authorized by Order in Council P.C. 3329 of May 7, 1945.

Approved on behalf of the Board.

G. A. LaBINE, *Director*,  
W. J. BENNETT, *Director*.

I have examined the accounts of Eldorado Mining and Refining (1944) Limited for the year ended December 31, 1945, and have obtained all the information and explanations I have required.

At the close of the year the inventories of refined radium were adjusted from their recorded cost value to an arbitrarily established "estimated realizable value". Had this adjustment not been made the net loss for the year would have been \$148,268.39 instead of \$338,964.89.

In my opinion, subject to the foregoing observation and the outcome of litigation, the above balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the company's affairs as at December 31, 1945; according to the best of my information and the explanations given to me and as shown by the books of the Company.

## NOTES:

As at March 31, 1946, the Company had in its charge, Crown-owned capital assets with a cost valuation of \$6,534,975.46 (Schedule "B").

By arrangement with the Production and Stores Accounting Division of the Comptroller's Branch of the Department of Reconstruction and Supply, losses due to contract termination were charged against "Government of Canada—Advances" and do not, therefore, appear as a deduction from "Reserve for Adjustment of Interim Billings," as would otherwise have been required by departmental Circular Letter M. & S. 1268 of September 12, 1945.

Approved on behalf of the Board.

W. F. PHILLIPS,  
Director.  
E. F. BURTON,  
Director.

I have examined the accounts of Research Enterprises Limited for the year ended March 31, 1946, and have obtained all the information and explanations I have required. **TRUSTEY NOTE:**

The "Capital surplus" referred to in the above balance sheet represents the Dominion's investment in the predecessor company, War Assets Corporation Ltd. Such investment is carried in the Dominion balance sheet under "Investments" per Schedule "I".

I have examined the accounts of War Assets Corporation for the year ended March 31, 1946, and have obtained all the information and explanations I have required. The procedures and practices of the Corporation were not of such a nature as to permit establishing by examination of records maintained that all assets received for disposal had been fully accounted for.

Subject to the foregoing and the fact that the value of surplus Crown assets held for disposal is not reflected therein, the above Balance Sheet is, in my opinion, properly drawn up so as to exhibit a true and correct view of the state of the Corporation's affairs, and of its Trust, as at March 31, 1946, according to the best of my information and the explanations given to me and as shown by the books of the Corporation.

As of March 31, 1946, there were 22 salaried employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date or at date of separation (shown in parenthesis) follows. Salary rates indicated by asterisks include war duties supplements. A. J. Anderson, \$2,820; M. H. Arnoni, \$3,300\*; G. T. Hann, \$5,220\*; J. A. Lynch, \$3,720; E. A. Ranger, \$2,640\*; A. H. Tremblay, \$2,640\*; I. Zivian, \$4,320 (July 22).

A Rates of pay are authorized by the Governor in Council under the provisions of the Royal Canadian Mounted Police Act, c. 160, R.S. The strength of the General Administration in the various commissioned and non-commissioned ranks as at March 31, 1946, was as follows: 1 commissioner, 1 deputy commissioner, 2 superintendents, 4 inspectors, 2 sub-inspectors, 6 staff sergeants, 18 sergeants, and 22 corporals.

As of March 31, 1946, the officers were in receipt of the following annual rates of pay exclusive of (a) extra war duties pay referred to in the succeeding paragraph and (b) payments and allowances, where applicable, referred to under B and C below: S. T. Wood, commissioner, \$10,000; R. Bettaney, \$3,120; J. S. Cruickshank, \$2,000; A. Goodman, \$2,540; J. Healey, \$2,540; J. Leopold, \$2,240; F. J. Mead, \$4,500; A. H. Parsons, \$2,000; C. E. Rivett-Carnac, \$3,120; J. F. Thrasher, \$2,540.

In addition to regular pay, the personnel received extra war duties pay, authorized by P.C. 135 1385 of March 3, 1944, and P.C. 191 9417 of December 20, 1944, at the following rates: 10 officers at \$1.25 per diem; 46 non-commissioned officers at \$1 per diem.

B This allotment includes payments for electric light, electric power and fuel for private quarters of officers and also rent for private quarters of officers who live in leased apartments and houses.

C Expenditures represent payment of allowances to members of the Force as authorized by the Governor in Council under the Royal Canadian Mounted Police Act, c. 160, R.S.

Under P.C. 50 2766 dated November 4, 1938, allowances may be granted to members of the Force in lieu of either quarters, fuel, rations, light, etc., or of all of them where they cannot be provided by the Force, and where such allowances are deemed to be an economy in the public interest, or where the requirements of the service will be best served by granting them.

Allowances are in no case to exceed the cost of services which the Government would otherwise have to provide, nor the following maxima: (a) general living allowance (in lieu of quarters, rations, fuel and light combined): officers at rates as authorized by the Minister; non-commissioned officers and constables, married, \$2.25 per diem, single, \$1.50 per diem; (b) ration allowances: all ranks—married, \$1.20 per diem, single, 60 cents per diem; (c) meal allowance: officers at rates as authorized by the Minister; non-commissioned officers and constables \$1.20 per diem.

The Minister may grant other allowances as may be required in the public interest, and as may be deemed advisable from time to time. In special circumstances, such allowances have been granted to officers of the Force as authorized by the Minister. Generally, they consist of rent allowances to officers who own their houses; also general living allowance at rates governed by prevailing conditions in localities in which the officers are stationed for duty.

P.C. 128 2936 of November 19, 1934, as amended by P.C. 109 2420 of September 17, 1936, authorizes retiring allowances in lieu of quarters, rations, fuel and light to officers of the Force whilst on retiring leave pending pension. The rates by rank of these allowances are as follows: deputy commissioner, \$170 per month; assistant commissioner, \$155 per month; superintendent, \$145 per month; inspector, \$130 per month.

In addition to the expenditures of \$6,424,068.80, shown above, the sum of \$4,733,510.05 was expended from the War and Demobilization Allotment "Increased Activities of the Force due to the War", which is considered in the nature of a supplement to these votes, making a total of \$11,157,578.85. To avoid repetition of explanations and data, the following comments refer to aggregate expenditures except that the items for "Salaries", "Pay", "Construction", "Purchase of Ships" and "Marine" under the above-mentioned Allotment are separately commented upon (see page W-11).

As of March 31, 1946, there were 44 salaried employees being paid from this account.

A *Pay*. This allotment provides for the pay, at rates set by the Governor in Council, of the commissioned officers appointed by the Governor in Council, and non-commissioned officers, constables and special constables, appointed by the Commissioner. The following was the strength in the various commissioned and non-commissioned ranks at March 31, 1946: 6 assistant commissioners, 14 superintendents, 33 inspectors, 21 sub-inspectors, 1 surgeon, 47 staff sergeants, 158 sergeants, 484 corporals, 1,245 constables, 96 special constables, 14 acting assistant surgeons.

As of March 31, 1946, or at dates of separation (shown in parentheses) the officers were in receipt of the following annual rates of pay, exclusive of extra war duties pay referred to in the succeeding paragraph:

A Under section 16 of the Public Works Act, c. 166, R.S., contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account. At the close of 1945-46 there were no bonds held in respect of this Department.

B This account is authorized under the provisions of the Royal Canadian Mounted Police Act, c. 160, R.S., section 21, and amendments thereto. All moneys received by personnel of the Force in connection with the performance of their duties over and above their pay and allowances are deposited to this Fund, and benefits are payable therefrom as directed by P.C. 7/1948 of August 1, 1936, and amendments thereto. The closing balance includes an amount of \$40,900 which represents bonds held in the custody of the Department of Finance.

Royal Canadian Mounted Police Dependents' Pension Fund .....	\$ 407,178 87	\$ 93,924 49	\$ 46,784 72	\$ 454,318 64

This fund was established under the provisions of the Royal Canadian Mounted Police Act, c. 160, R.S., and amendments, whereby a widows' and dependents' pension fund is maintained by 5 per cent contributions thereto from the pay of constables. Disbursements as authorized by Part 4 of the Act, as amended, comprise: (a) refunds of contributions without interest on termination of service or on promotion to a commissioned rank, if the contributor so elects; (b) pensions to widows and annuities to children of deceased contributors; and (c) lump sum payments, at the discretion of the Minister, to the estates of deceased contributors who are not survived by widows.

- A The Royal Canadian Mounted Police Act, c. 160, R.S., section 5, and amendments thereto, directs that service of officers and constables of former provincial police forces taken over by the Royal Canadian Mounted Police may count for pension purposes, subject to payment therefor. Payment for this prior service was in some instances made by the provinces concerned, and in others by the personnel, and the amounts were credited to this account. As pensions to these men are a direct charge to the Consolidated Revenue Fund, the amount to the credit of each man is transferred to Revenue when he is pensioned. Withdrawals also represent payments to time-expired personnel not eligible for pension.
- B Deductions for War Savings Certificates from the salaries of police personnel and civilian employees not paid by Central Pay Office are credited to this account pending transmittal to the agency concerned.

Allotment: Laurentian Terrace Hostel Revolving Fund (P.C. 151/4857 of June 15, 1943) \$ 1 00  
Expenditures..... nil

Under authority of P.C. 6042, July 13, 1942, the Laurentian Terrace Hostel was constructed by the Department of Public Works to provide housing accommodation for junior female employees in the public service in the City of Ottawa. The hostel is operated under the direction of a board of management, which is authorized to fix and collect the charges for accommodation, meals and other services.

The allotment authorized is only a nominal sum since all moneys received from resident employees for accommodation, meals, etc., are credited to this account, and are in excess of requirements for operating expenses and administrative costs. See the Appendix to this Section for Balance Sheet and Income Statement for the year ended March 31, 1946.

Receipts for the fiscal year amounted to \$147,388.78 while disbursements were \$117,381.81, leaving a credit balance of \$30,006.97 in the account. The latter amount, consisting of operating surplus of \$18,869.30 for 1945-46 and cash surplus of \$11,137.67 at March 31, 1946, was transferred to Special Receipts.

Suppliers receiving \$5,000 or more: Canada Packers Limited, \$8,569.65; Gamble Robinson Limited, \$9,558.16; Ottawa Fruit Supply Limited, \$9,370.77.

A This account is operated pursuant to the provisions of section 163, Canada Grain Act, c. 5, 1930, whereby an accountable advance not exceeding \$500,000 may be made out of the unappropriated moneys in the Consolidated Revenue Fund to the Board of Grain Commissioners for working capital and to meet freight charges and weighing and inspection fees on grain received into or discharged from government elevators, such charges and fees being subsequently recovered from owners of the grain.

B Disbursements, on a recoverable basis, for foodstuffs and other essential requirements of these countries are made under authority of section 3 of the War Expenditure and Demobilization Appropriation Act, 1945.

The account for the Government of Belgium was transferred from the Canadian Mutual Aid Board in October, 1945.

The outstanding balance of the Government of the United Kingdom Account No. 1 as at February 28, 1946, was debited to the United Kingdom General Settlement Account (see under Department of Finance) in accordance with the terms of the relevant agreement. Subsequent direct transfers increased the debit to \$146,996,186.91. The transactions relating to the period subsequent to that date are recorded in Account No. 2.

C P.C. 9144, October 6, 1942, approved of the sale of the Steamer *Pelee* to D. L. Goodison, Blenheim, Ont., for \$40,000. The vessel was later resold under Ministerial authority to the present contractor, Vincent A. Barrie, in 1944.

The amount of \$5,000 shown as receipts represents payment of the third annual instalment, and was deducted from the subsidy (see page Y-16) paid to the contractor. Interest due on the unpaid balance, amounting to \$774.79 (also deducted from the subsidy), appears in the revenue section of this Department under Return on Investments.

A With respect to the annual weigh-up of grain in store in public and private elevators as required by sections 138 and 138a of an Act to amend the Canada Grain Act, c. 36, 1939, net overages disclosed in each Crop Year belong to the Crown and may be disposed of as the Board directs. The proceeds from the sale of net overages for the present year, \$2,038.10, were credited to this account.

B The matured interest earned on securities held as surety for licensees, is credited to this account and subsequently paid to the licensees.

C These accounts are credited with advances from the respective governments or organizations for the purchase of materials and supplies and debited with the value of the relative shipments.

D Funds forwarded to this Department by the Director of UNRRA for the procurement of supplies in Canada are credited to this account. Disbursements represent advances to this and other departments acting as procurement agencies. The unexpended balances of these advances were refunded at the close of the fiscal year and also credited to this account.

E In accordance with the provisions of P.C. 1/1208, March 28, 1946, the Minister of Trade and Commerce transferred to the Bank of Canada, acting on behalf of UNRRA, an amount of \$93,558,170.62 which included the unexpended balances of allotments, provided for the purchase of commodities, and representing Canada's contribution to that organization, on the understanding that UNRRA would, in turn, transfer to the Government of Canada sufficient funds to cover commitments incurred on behalf of UNRRA.

From the amount of \$60,000,000 received in accordance with this undertaking and credited to this account, advances were made to this and other departments acting as procurement agencies and the unexpended balances refunded hereto at the close of the fiscal year. The balance of the amount shown as receipts, \$24,224,297.92, represents refunds of unexpended balances of advances and bookkeeping adjustments.

A This account is credited with advances from the Canadian Mutual Aid Board for the purchase of supplies for the United Nations (other than Canada). Debits represent (a) the value of such purchases (\$135,080,879.71 from Mutual Aid Funds and \$66,603,386.59 from cash provided by the United Kingdom) and (b) refunds of the unexpended balance of the advances at the close of the fiscal year. Further details are shown under the Canadian Mutual Aid Board section of this report.

B This account is credited with advances of War Appropriation Funds from the Canadian Mutual Aid Board for the purchase of supplies for Military Occupation Relief. Debits represent (a) the value of such purchases (\$18,002,533.80) and (b) the refund of the unexpended balance of the advances at the close of the fiscal year. Further details are shown under the Canadian Mutual Aid Board section of this report.

C Receipts represent the amount made available to the Department by the Canadian Mutual Aid Board under authority of the War Appropriation Act for the purchase in Canada of certain supplies urgently required by the Government of Belgium. The Board was subsequently reimbursed by that Government.

D This account was credited with advances from the Canadian Mutual Aid Board and, in the latter part of the fiscal year, from other accounts of this Department for the purchase of supplies for UNRRA. Debits represent (a) the value of such purchases (\$82,915,027.52) and (b) the refund of the unexpended balance of the advances at the close of the fiscal year.

Other transactions reflected in the receipts and disbursements are in connection with the payments of Canada's contribution to UNRRA.

E Receipts which cannot be allocated immediately are credited to this account pending transfer to the effective accounts.

Harbour Dues—The remuneration and expenses of harbour masters, amounting to \$16,700.95, were paid from harbour dues revenue.

The remuneration of the wharfingers and certain expenses authorized for making the wharves serviceable, amounting to \$49,800.91, were paid from wharf rentals and wharfrage revenue.

Radio Message Tolls—Department of Transport Operated Stations—This amount represents the Department's portion of moneys received from foreign Administrations, ship owners, etc., for radio and domestic point to point messages relayed or received through the Department's East and West Coast Radio Services via various public utilities.

Radio Message Tolls—Marconi Operated Stations—This amount represents that portion of revenue from Radio Traffic which was earned by certain departmental East Coast and Great Lakes radio stations operated by the Canadian Marconi Company. It was not taken into the operating account of these stations (see page Z-39) but deposited to the credit of the Receiver General as revenue of the Department.

Cost of Collection of Radio Licence Fees—It is provided under Section 14 (a) of the Canadian Broadcasting Act, c. 24, 1936, that the moneys received from licence fees in respect of private receiving licences and private station broadcasting licences, less the cost of collection and administration as determined by the Minister, shall be deposited to the credit of the Canadian Broadcasting Corporation. The net revenue for the year, before deducting cost of collection, amounted to \$4,005,103.24. The cost of collection for the year 1945-46 amounted to \$231,818.48, which includes the total of the expenditures under Vote 397, and was deposited to the credit of the Receiver General as revenue of the Department of Transport.

This vote was provided to pay salaries and expenses in connection with the administration of pilotage for all services at Ottawa (Head Office), Sydney, Halifax, Saint John, Father Point, Quebec, Montreal, Kingston and Vancouver.

As of March 31, 1946, there were 47 salaried employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date follows. Salary rate indicated by an asterisk includes war duties supplement: C. Claxton, \$3,720; A. Hamel, \$2,760; N. Noel, \$3,000; J. R. O'Malley, \$2,940\*; C. L. Waterhouse, \$3,540.

A C. Claxton received travelling expenses of \$511.35.

B The greater part of the material and supplies was purchased through the Department of Transport Stores Account. Of the direct payments from this vote, contractors and suppliers receiving \$5,000 or more: Geo. T. Davie & Sons, Ltd., Lauzon, Que., \$5,749; Imperial Oil Ltd., \$16,029.65.

In the pilotage districts of Sydney, Halifax and Saint John, the by-laws, made under the Canada Shipping Act and approved by the Governor in Council, provide that the general district expenses, including purchase or hire of pilot boats, the maintenance, repair and operation of same and the payment of necessary help other than salaries and expenses of the clerical staff at the pilotage headquarters, shall be the first charge on the pilots' earnings. These expenses, together with the salaries of the pilots, are charged directly to the pilots' earnings—see Sundry Suspense Accounts—Pilots' General Accounts further on herein.

- D The Canadian Marconi Company operates certain East Coast and Great Lakes radio stations. Under the terms of an agreement, the Department reimburses the Company for direct operating expenses, plus an additional 25 per cent to cover overhead expenses, plus 10 per cent for profit on direct operating expenses only. Final settlement for the fiscal year 1945-46 could not be effected by the time the books of the Dominion were closed for the fiscal year. The total payments to the Company during the fiscal year amounted to \$185,864.62 consisting of \$135,087.72 on account of current year's costs and \$50,776.90 adjustments due on 1944-45 costs.

The following is a statement showing the details of the direct operating costs (not including cost of living bonus or percentage for overhead and profit), for 1945-46 of departmental East Coast and Great Lakes radio stations operated by the Canadian Marconi Company.

<b>Allotment: Director of Merchant Seamen.....</b>	<b>4,645,077 00</b>
<b>Expenditures.....</b>	<b>\$3,517,745 90</b>

Under the provisions of P.C. 14/3550 of May 19, 1941, and P.C. 148/9130 of November 22, 1941, authority was granted for the construction, equipment, maintenance and operation of Seamen's Manning Pools, Training Centres, Welfare Institutions and facilities, and for the extension of existing Nautical Schools. In the operating arrangements, it was provided that seamen and trainees would receive board and lodging accommodation, and wages at approved basic rates. Under the scheme, officers, seamen and trainees were to hold themselves available for service on any ship controlled by the Allied Nations to which they may be assigned by the Director of Merchant Seamen.

In order to be assured of an adequate and constant supply of qualified seamen to man the Canadian merchant fleet, the following additional advantages were made available to those Merchant Seamen who agreed to serve by signing a Manning Pool Agreement for two years or for the duration of the war, whichever should prove to be the lesser, or by enrolling in the Merchant Seamen Reserve:—

1. A War Service bonus of 10% of total earnings, (less overtime), to be paid at the end of each 12 months of service, to commence April 1, 1944 (P.C. 149 2705 of April 18, 1944). The first instalment was paid to those eligible at the end of the first year from the effective date of the agreement, and the final payment for completed earnings at December 31, 1945.

2. Round trip rail transportation between a Manning Pool and a seaman's home at a cost to the Seaman of one-third of the one-way fare. (P.C. 3005 of April 24, 1944).

3. Basic pay for maximum of 12 weeks if incapacitated by sickness or injury. (P.C. 152/2705 of April 18, 1944).

4. A special bonus on earnings, to be paid at the end of the war to those seamen who have served at least 6 months in dangerous waters since the 10th of September, 1939. The special bonus is not payable for any period during which a War Service bonus may have been received.

Expenses for accommodation given in the Pools where such were incurred on behalf of other than Canadian merchant seamen, are collected from the respective governments or shipping interests concerned; also, the expenses incurred in providing accommodation to Canadian merchant seamen when engaged in activities not connected with Manning Pool Operations, are collected from the shipping operators concerned.

P.C. 14/3550 of May 19, 1941, made provision for the appointment of a Director of Merchant Seamen to be charged with the administration and operation of Manning Pools, Training Schools and all attendant facilities, together with such regional directors and staff as required.

Manning Pools have been established at Montreal, Halifax, Vancouver and Saint John with a Reserve Pool at Sydney, N.S.

Instructional schools have also been established at Prescott, Ont., and at Hubbards, N.S.

An office has been established in London, England, primarily for the recruiting of United Kingdom Merchant Navy officers to supply deficiencies in the Canadian Merchant Navy, and for the general care of Canadian seamen landed in the United Kingdom.

A distribution of expenditures follows: Headquarters—Administration, \$82,731.42; Halifax Manning Pool, \$265,977.13; Sydney (Reserve Pool), \$5,357.49; Saint John Manning Pool, \$197,267.79; Montreal Manning Pool, \$700,746.73; Vancouver Manning Pool, \$586,092.97; Saint Margaret's Sea Training School, Hubbards, N.S., \$61,120.95; Prescott Marine Engineering School, \$38,172.52; London Office and proposed Liverpool Manning Pool, \$17,386.89; training course for wireless operators, \$6,548.05; payments to sick or injured seamen, \$67,752.51; war service bonus, \$1,025,350.48; reduced rail transportation, \$48,072.71; special bonus to seamen at end of war, \$408,917.30; repatriation of U.K. Seamen from Canada, \$1,930.31; welfare facilities, \$1,200; miscellaneous, \$120.65.

As of March 31, 1946, there were 91 salaried employees being paid from this account. A list of those who were receiving salaries at annual rates of \$2,400 or over on that date or at dates of separation (shown in parentheses) follows: E. H. Cameron, \$5,000; W. B. Coyle, \$4,200; L. F. Fenton, \$3,120; H. Gaine, \$3,600; L. M. Goddard, \$3,600; W. T. Hand, \$3,300; T. B. Jellicoe, \$4,200; G. L. C. Johnson, \$4,200; H. Lazarus, \$3,744 (Oct. 1); J. MacCourt, \$3,780; J. E. M. <b>Allotment: Civil Aviation Division—Canadian Government Trans-Atlantic Air Service....</b>	<b>1,955,786 72</b>
<b>Expenditures.....</b>	<b>\$1,955,786 72</b>

By P.C. 3499 of May 15, 1945, the Minister of Munitions and Supply exercising jurisdiction over the Air Services Branch of the Department of Transport, was authorized to enter into a new agreement with the Trans-Canada Air Lines for the operation, as agent of His Majesty, of an air transport service between Canada and the United Kingdom to be known as the "Canadian Government Trans-Atlantic Air Service". The agreement contained a provision that any balance of moneys received for the carriage of mails and all other assets appertaining to said service were to be turned over to the Corporation which shall discharge all outstanding liabilities in respect thereof. The monies received from the Post Office Department for the carriage of mails up to and including June 10, 1945 (effective date of the new agreement being June 11, 1945), amounted to \$3,399,758.06 of which, to the close of the fiscal year 1944-45, the sum of \$1,443,971.34 had been paid to the Corporation on account of operation and maintenance expenses incurred; and this allotment was provided to enable payment to be made to the Corporation of the residual balance.

In addition to the payments referred to above, the Corporation has received capital assistance for this Trans-Atlantic Air Service as follows:

From Department of Transport War allotments:		
1943-44 .....	200,000 00	
1944-45 .....	362,161 71	
		562,161 71
The above expenditures were for: purchase of office and hangar equipment, \$33,133.45; construction of office and hangar equipment \$15,246.69; modification and fitting up aircraft \$513,781.57.		
From Department of Munitions and Supply War and Demobilization allotments:		
1944-45 .....	1,296,000 00	
1945-46 .....	1,252,103 93	
		2,548,103 93
The above expenditures cover the cost of 8 Lancaster type aircraft and additional equipment therefor.

<b>Allotment:</b>	<b>Dominion Lighthouse Depot—Prescott, Ont.—Revolving fund to provide Working Capital for production of munitions of war.....</b>	<b>\$ 100,000 00</b>
	<b>Expenditures.....</b>	<b>nil</b>

The Dominion Lighthouse Depot at Prescott, Ont., maintained and operated by the Marine Service of the Department of Transport, is manufacturing munitions of war in fulfilment of orders received from the Canadian and United Kingdom Governments.

As similar conditions prevail, provision for working capital (authorized by P.C. 178,390 of May 24, 1944) for this Depot was made in the same manner as for government-owned and operated munition companies supervised by the Department of Reconstruction and Supply.

Operations during the year resulted in a deficit of \$118,401.66.

The gross expenditures from this allotment amounted to \$641,113.45, while receipts totalled \$900,581.90, or an excess of receipts over expenditure of \$259,171.45. Of the latter amount, the sum of \$106,532.41 was transferred to Special Receipts—Refunds of Previous Years' War Expenditures, and represented a reduction in working capital advances; while the balance, \$152,639.04, was transferred to Special Receipts—Miscellaneous War Revenues, and represented:

Operating surplus since commencement, as adjusted (including cancellation of reserves previously set up) .....	2,916,928 48
Less: Deficit 1945-46 as above .....	118,401 66
	<u>2,828,526 82</u>

Transferred to Special Receipts—	
Miscellaneous War Revenues in previous years .....	2,675,887 78
Balance, being residual operating surplus .....	<u>\$ 152,639 04</u>

Travelling expenses of \$300 or over were paid to: J. M. Anderson, \$368.15; L. P. Armstrong, \$341.14; J. P. Chabot (included under Vote 360).

Suppliers receiving \$5,000 or more: Anaconda American Brass, Ltd., Toronto, \$8,397.93; Atlas Steels, Ltd., Welland, \$24,146.41; Canadian Western Lumber Co., Ltd., Fraser Mills, B.C., \$10,119.61; Dominion Government, Department of National Defence—Naval Services, \$13,890.75; Dominion Steel & Coal Corporation, Ltd., Montreal, \$11,580.53; D. ### RAILWAY AND STEAMSHIP SERVICES

<b>Allotment:</b>	<b>Installation of degaussing equipment on Merchant Ships.....</b>	<b>246,400 00</b>
	<b>Expenditures.....</b>	<b>\$ 235,621 32</b>

P.C. 98/6379, August 19, 1941, as amended, authorized the Canadian Government to absorb the total cost of degaussing all Canadian registered ships, as well as foreign flag vessels either seized in prize or requisitioned by the Canadian Government, that have been or may be fitted with this special defensive apparatus. A distribution of expenditures follows: new permanent installations, \$175,803.35; renewals of existing equipment, \$49,573.75; repairs, \$10,244.22.

Suppliers receiving \$5,000 or more: Babcock, Wilcox and Goldie, McCulloch, Ltd., \$8,040.64; British Admiralty, \$3,175.23; British Columbia Marine Engineering and Shipbuilding, Ltd., \$27,722.99; Dominion Government, Department of National Defence—Naval Services, \$25,593.23; Imperial Oil, Ltd., \$42,498.88; Northern Electric Co., Ltd., \$78,736.38; Yarrows Ltd., \$33,008.70.

<b>Allotment:</b>	<b>Additional harbour and transportation facilities at the Port of Halifax, N.S....</b>	<b>306,110 00</b>
	<b>Expenditures.....</b>	<b>\$ 297,958 24</b>

P.C. 148/2980, April 30, 1941, authorized the Minister of Munitions and Supply and the Minister of Transport to enter into an agreement with the Canadian National Railways to design, construct and operate additional harbour and transportation facilities at the Port of Halifax. A distribution of expenditures follows: construction of lighterage facilities, \$777.06; purchase of tug *Levallois*, \$42,927.50; salvaging and reconditioning tug *Levallois*, \$109,479.56; overhauling tug *Drop*, \$24,482; tug rentals, \$13,578.92; construction of Navy Island pier, \$302.57; construction of bunkhouses and hiring hall, \$95,676.07; miscellaneous, \$10,734.56.

Payments were made to the Canadian National Railways.

<b>Allotment:</b> Contribution towards the reduction of freight rates on iron ore to be shipped from Steep Rock Iron Mines, Limited.....	275,463 00
<b>Expenditures</b> .....	<b>\$ 275,462 38</b>

P.C. 8423 of September 18, 1942, provided authority for assistance to the Canadian National Railways to the extent of 20 cents per gross ton in the reduction of the freight rate between Ankokan and Port Arthur on the first 5,000,000 gross tons of ore shipped from the Steep Rock Iron Mines, subject to the Government receiving from the railway 6 cents per ton on all ore handled over the Government-owned dock at Port Arthur such receipts to be applied toward amortization of the cost (without interest) of the facilities (see Investments—Miscellaneous under Open Accounts further on herein).

Owing to man-power and material shortages due to war conditions, the ore loading dock under construction at Port Arthur was not completed before the close of 1944 navigation season and, pending completion, it was necessary to provide an alternative route through Duluth, or other Minnesota ports, to handle the shipments.

To meet this situation, P.C. 6946 of September 5, 1944, authorized the contribution to be increased to 70 cents per gross ton on such ore, not exceeding 150,000 gross tons in all, as may be required to be routed via Duluth or other Minnesota ports; and, as the ore dock was still incomplete at the opening of the 1945 navigation season, the increased contribution was continued under authority of P.C. 5881 of September 7, 1945, and P.C. 447 of February 12, 1946, which also authorized that such increased contribution might be paid upon 371,084 gross tons. One section of the ore dock was completed in July, 1945.

Payments of \$267,166.92 were made to the Canadian National Railways and \$8,295.46 was charged hereto and credited to Investments—Miscellaneous, Steep Rock Spur Line and Dock Facilities in accordance with the provisions of P.C. 8423.

### ADJUSTING ENTRIES

#### Non-Active Accounts

Net increase in Canadian National Railways Securities Trust Stock—Canadian National Railways Capital Revision Act, c. 22, 1937 .....	\$ 22,631,041 47
--	------------------

The value of the Canadian National Railways Trust Stock was increased by \$22,631,041.47 during the year which was accounted for as a capital gain through the Proprietors' Equity Account. The charge is offset by a similar amount included as an adjusting entry under Revenue (see that section hereof). The amount represents the cash surplus of the Railway System, less capital losses, in respect of which His Majesty has not made cash reimbursement to the Railway, as hereunder:—

Surplus earnings of the Canadian National Railway System for the year 1945 .....	24,756,130 00 Cr.
Abandonment of St. Lin Subdivision (27.62 miles) .....	1,167,121 47 Dr.

A Under authority of Section 8 of the Canadian National Railways Capital Revision Act, 1937, the balances then standing in Public Accounts in respect of: Canadian Government Railways—Open Accounts; Canadian Government Railways—Stores Accounts; and the St. John & Quebec Railway—Open and Stores Accounts were adjusted as prescribed in the Act and the residue was consolidated under the title of "Canadian Government Railways Working Capital". This amount is carried against the Canadian National Railways, without interest, as representing a fair approximation of the amount of C.N.R. Working Capital utilized for Canadian Government Railways purposes.

B These accounts reflect the status of, and current transactions in connection with, advances made to the Canadian National Railways for working capital purposes, purchase of outstanding securities and retirement of maturing obligations under the authorities quoted.

C These accounts reflect the status of, and current transactions in connection with, advances made by the Government to the Canadian National Railways under terms of hire-purchase agreements.

D This item covers an amount appropriated by Parliament in the fiscal year 1937-38 in the form of a loan for working capital. Prior to 1937, the Canadian National (West Indies) Steamships Limited utilized the working funds of the former Canadian Government Merchant Marine Ltd., but following the sale of the fleet and the refund of its working capital to the Dominion, it became necessary to provide funds for the Canadian National (West Indies) Steamships Company Limited. The loan was repaid in 1945-46.

E These accounts have to do with that portion of loans and advances made to the National Harbours Board which is regarded as an active asset. During the year, an amount of \$60,857.59 was transferred from the Generally—Unforeseen Item of Vote 420, listed under Government-Owned Enterprises—Non-Active Accounts, to these accounts as the expenditures were made upon capital works as follows:

	Montreal	Vancouver	Total
Vote 420 .....	\$ 44,675 96	\$ 16,181 63	\$ 60,857 59

In accordance with Section 29 of the National Harbours Board Act, certificates of indebtedness bearing interest at 3½ per cent per annum, totalling \$60,857.59 were issued to the Government.

An advance for working capital under authority of Section 28 of the National Harbours Board Act was made in the amount of \$30,000 to Churchill Harbour and repaid during the fiscal year.

A condensed balance sheet, as at December 31, 1945, and operating statement of the National Harbours Board for the calendar year, 1945, with relevant comments, is included as an appendix to this Section (see page Z-68).

F Under authority of P.C. 7617 dated October 1, 1943, as amended by P.C. 4478 dated June 22, 1944, the Department of Pensions and National Health was authorized to arrange through the Department of Transport for the construction, on behalf of the Village of Dawson Creek, B.C., of a sewage disposal system at that village at an estimated cost of \$110,000. The debit balance as at March 31, 1946, reflects the total expenditure to that date.

G The debit balance as at April 1, 1945, represented the outstanding portion of 1944-45 accounts rendered the British Ministry of War Transport for board and lodging accommodation provided United Kingdom seamen in various manning pools. Payment in full was received during the current year.

Authority was granted by P.C. 8423 dated September 18, 1942, for the Minister of Transport to enter into an appropriate agreement with the Canadian National Railway Company to assist in the development of the iron ore deposit owned by the Steep Rock Iron Mines, Limited, near Atikokan, Ont., as a protection against the possible shortage of ore to meet war requirements. The Minister of Transport was further authorized to reimburse the Canadian National Railway Company for the cost of construction of the spur line and dock facilities, subject to the Government receiving from the railway 6 cents per ton on all ore handled over the dock, such receipts to be applied towards amortization of the cost (without interest), of the facilities. In this connection, see War and Demobilization Allotment on page Z-57 re reduction of freight rates on iron ore shipped from this mine.

A This account is credited with fees collected by the Department of Transport in respect of private receiving licences and private station broadcasting licences; it is debited with all moneys released to the Corporation from time to time by the Minister of Finance, and with the costs of collection of such fees. The balance on hand reflects the amount available to the Corporation at the close of the fiscal year.

As the Canadian Broadcasting Corporation is under the jurisdiction of the Minister of National Revenue, the balance sheet and operating statement of the Corporation are shown in the Appendix to the section pertaining to that Department.

B Under authority of c. 22, Statutes of 1907 and amendments, the Fund was established for the purpose of providing retiring allowances to be paid to employees on the staff of this railway on account of old age, physical or mental infirmity, and other causes. The receipts consist of (a) employees' contributions (1½ per cent of their monthly salary or wage); (b) an annual contribution of \$100,000 by the Canadian National Railways together with a special contribution to offset the deficit as at December 31, 1942, and (c) Dominion Government contributions (see Vote 382) charged to the appropriations provided by Parliament, all of such moneys being deposited to the credit of this account. Disbursements represent payment of retiring allowances.

C This item covers moneys received from the liquidator of the Dominion Shipbuilding and Repairing Co., Ltd., to pay claims of creditors.

D Under Section 16 of the Public Works Act, contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account. At the close of 1945-46, bonds so held in respect of the Department of Transport amounted to \$199,600.

E This amount represents the balance of an accumulated surplus, derived from the operation of merchant seamen's canteens in Manning Pools and Training Schools, previously held in a separate bank account and transferred this year to the credit of the Receiver General of Canada. It is to be distributed, at the termination of the operation of the canteens, to certain Seamen's Welfare Organizations on a pro rata basis in accordance with the provisions of P.C. 210/1995 of May 17, 1946.

F These accounts are maintained in accordance with the provisions of Section 23 of the National Harbours Board Act. They are credited with deposits of current revenue, security deposits and reserve funds which have been allocated for the replacement of fixed assets and other purposes; and are debited with the relevant expenditures of the Board.

G This amount represents the balance of a reserve set up by the pilotage committee from earnings of pilots. Disbursements are made at the discretion of such Committee.

H Wages due employees of contractors on a cost plus basis, which remain unclaimed at the close of the contract, are credited to this account pending claims therefor.

- I Unpaid wages of members of ships' crews who have been lost at sea as well as post-mortem compensation for loss of personal effects are credited to this account pending direction as to payees.
- J Amount held in suspense pending final adjustment with the United States Government re purchase of United States surplus material taken over by Canada on the Mackenzie River Route.
- K The original deposit, made on July 7, 1937, represents a donation toward a trophy, or trophies, in connection with civil aviation, and is to be held until medals have been struck and the price has been ascertained. This year's receipts represent interest on bonds amounting to \$200, the value of which is included in the closing balance.

A These accounts were established in accordance with the provisions of P.C. 1913 of April 22, 1941, and P.C. 3715 of May 6, 1943, respectively and relate to employees' compensation in connection with defence projects. Applicable deductions from the payrolls of the various defence projects are credited to these accounts, which are charged with audited costs of compensation and a fair and reasonable proportion of the costs incurred by provincial Workmen's Compensation Boards in handling compensation matters relative to employees of His Majesty. Of the amount of \$81,586.22 shown under disbursements for the Department of Transport, the sum of \$66,139.79 represents refunds of assessments overpaid in previous years. The closing balances represent the amounts available to meet potential compensation claims.

B The National Harbours Board Pensions Plan was established by the Board in 1943 under authority of P.C. 34225, May 21, 1943 to provide pensions for permanent Board employees. In the current fiscal year, the Plan was amended by P.C. 4944 of July 12, 1945 to include those prevailing rate employees designated as permanent by the Board. The scale of benefits is similar to that provided under the Civil Service Superannuation Act, 1924, as amended.

Receipts represent (a) contributions made by employees for current service (b) those for prior service where the employee elects to pay arrears and (c) a contribution by the Board of an amount equal to the contributions of the employees. Disbursements are benefits paid.

C Under authority of the Canada Shipping Act, Part VI, each Pilotage Authority shall, within its district, have power from time to time, by by-law confirmed by the Governor in Council, to make certain regulations relative to the conducting of the pilotage business of the district, said regulations to provide for the establishment of a fund for the relief of superannuated or infirm licensed pilots, or of their wives, widows or children, provided that the rate of contributions to such fund shall not be less than 5 per cent of the Pilots' earnings. The rates of contribution at the present time are: Halifax, 7 per cent; Sydney, 10 per cent; Saint John, 7 per cent; Montreal, 7 per cent; British Columbia, 10 per cent. These accounts show the status and transactions during the fiscal year, of the various funds. Below is a comparative statement showing the amounts invested in bonds and held in cash at dates shown:—

A Under authority of P.C. 1594 of April 22, 1940, pursuant to the provisions of the War Measures Act, c. 206, R.S., the services of the Canadian Government Merchant Marine Ltd., which had ceased active operations in 1936 but, pending legislation, had retained its charter, were requisitioned for the purpose of operating, on behalf of the Dominion, ships seized as prize and either requisitioned for use by the Canadian Government or condemned by the Court as prize. Receipts credited to this account represent moneys derived from the operation of such ships by that organization. The closing balance is made up as follows: insurance, \$2,701,700.64; operating surpluses, \$3,819,333.52; prize cargoes, \$264,729.57.

B This account was maintained in connection with the operation of the above Service. Payments made by the Post Office Department for the carriage of mails were credited hereto, and the operating Corporation, Trans-Canada Air Lines, was reimbursed herefrom for expenses of operation and maintenance. During the year, the outstanding balance, \$1,955,786.72, was transferred to Special Receipts—Miscellaneous War Revenues, and payment to the Corporation of an equivalent sum was made from a War and Demobilization allotment (see page Z-49).

C This account is credited with the value of certain remittances pending receipt of information which will enable disposition to the effective accounts.

- D In the pilotage districts of Halifax, Saint John and Sydney, the by-laws, made under the Canada Shipping Act and approved by the Governor in Council, provide that the general district expenses, including purchase, charter or hire of pilot boats and the maintenance, repair and operation of the same, shall be the first charge on the pilots' earnings. The pilotage earnings are credited to this account, while the expenses as aforesaid are debited hereto. If, at the end of the year, there remains a surplus of earnings over expenses, such surplus is usually divided pro rata among the pilots, but the pilotage committee may reserve a portion for future contingencies. In the latter event, such reserve is carried to the relative undivided surplus account (see under Deposit and Trust Accounts, page Z-63).
- E To this account are credited all moneys collected by the Department of Transport, East Coast Radio Service for radio messages. The charges collected are subsequently apportioned as between this Department and the public utilities concerned, disbursements to the latter being made accordingly from the account. At the close of each fiscal year, moneys earned by the Department of Transport are transferred to revenue. The balance remaining in the account represents the amount in respect of which information enabling apportionment has not been received.
- F All cheques, except those drawn against Open Accounts, which remain undelivered after six months subsequent to the date of issue are credited to this account, pending claims therefor.

APPENDIX

## NATIONAL HARBOURS BOARD

The following details of the operations of the National Harbours Board relate to calendar years except where otherwise indicated as the National Harbours Board Act, c. 42, 1936, as amended, stipulates that the fiscal year of the Board shall end on December 31. Section 34 of the Act directs that the accounts of the various harbours shall be subject to the audit of the Auditor General in the same manner as public revenues and expenditures.

Revenues totalled \$14,696,430.75 which includes \$150,000 from the City of Montreal and \$150,000 from the Province of Quebec towards the deficit of the Jacques Cartier Bridge. As neither the City nor the Province made payments for the years 1944 and 1945, the sum of \$600,000 is now carried in the Board's accounts as owing by the City and the Province.

Expenditures amounted to \$17,785,080.30. A general classification follows: operating expenses, \$6,851,248.77; interest on debentures held by the public, \$1,012,703.43; interest due the Dominion Government, \$7,949,727.04; addition to reserve for replacements and depreciation, \$1,934,562.20, and miscellaneous charges, \$936,838.86.

A summary of revenues and expenditures and surplus or deficit on operation is:—

Harbour	Revenues	Expenditures	Surplus	Deficit

The expenses of the Head Office, Ottawa, for the year, amounting to \$145,641.53, were pro-rated and are included in the above expenditures.

The operating deficit for the year was \$3,088,649.55 and a further net amount of \$281,241.80 was charged to deficit account as the result of capital asset write-offs and other adjustments.

A condensed comparative summary of the balance sheets (as at December 31 in each year) of all harbours, elevators and bridges operated by the Board is:—

#### PAYMENTS TO OR FOR VETERANS AND DEPENDENTS

Vote 407 (and Vote 613, Supplementary Estimates) European War Pensions .....	37,500,000 00
Expenditures .....	<u>\$ 37,252,963 32</u>

These pensions are for World War I. Pensions for World War II are paid from the War and Demobilization Allotment (see page ZA—39).

The above expenditures cover pensions, gratuities and grants awarded under the Pension Act in respect of:—

A	Disabled and deceased ex-members of the Canadian Expeditionary Force .....	37,035,976 31
B	Disabled and deceased ex-members of the British Forces (Supplementary Pensions) .....	15,557 58
C	Deceased ex-members of the Allied Forces .....	17,186 65
D	Disabled and deceased members of the Militia whose disabilities or death occurred after the War .....	61,550 06
E	New Zealand Pensions (Recoverable) .....	39,487 79
F	Burial Grants .....	53,198 93
		<u>\$ 37,252,963 32</u>

A On March 31, 1946, there were 89,378 active pension accounts, including 16,982 dependent cases; this compares with 91,084 accounts, including 17,221 dependent cases on March 31, 1945.

B Ex-officers, and dependents of deceased ex-officers, who served with the British Forces and who were domiciled in Canada at the outbreak of war, receive payments necessary to bring their British pensions up to the Canadian scale. There were 229 such cases in payment on March 31, 1946, at which date there were 35 South African Pensions being similarly supplemented.

C Dependents of ex-members of the Forces of His Majesty's Allies who died as a result of war and who were domiciled in Canada at the outbreak of war, receive payments to bring their pensions up to the Canadian scale. On March 31, 1946, such supplementary pensions in payment were: Belgian, 1; French, 31; and Italian, 2.

D 140 pensions were in payment on March 31, 1946.

E The New Zealand Government is billed at the close of each fiscal year and the refund is deposited to Ordinary Revenue—Refunds of Expenditure.

F Burial expenses, not exceeding \$100, in cases where the deceased pensioners were destitute.

<b>Vote 408 War Veterans' Allowances .....</b>	<b>11,000,000 00</b>
<b>Expenditures .....</b>	<b>\$ 8,803,888 95</b>

This vote provides for the cost of allowances to aged or disabled veterans in necessitous circumstances who are no longer able to provide for their maintenance. The maximum monthly allowance is \$30.41 for a single man or \$60.83 for a married man or a widower with dependent children. Although the relevant Act contains income limitation provisions, there are certain exemptions involving income from other sources, casual earnings, etc., by virtue of which the total income might be \$490 or \$980 per annum depending on the marital status.

A comparative statement of the number of allowances in payment follows:

Allowances—

	March 31 1946	March 31 1945
Veterans over 60 years of age .....	17,810	16,898
Veterans unable to maintain themselves because of disabilities or economic handicaps .....	6,996	7,303
Dependents of deceased veterans (payable for one year only) .....	414	424
	<u>25,220</u>	<u>24,625</u>

Supplementary payments—

Single persons .....	6,529	6,145
Married persons .....	8,125	7,249
	<u>14,654</u>	<u>13,394</u>

<b>Vote 409 Unemployment Assistance .....</b>	<b>100,000 00</b>
<b>Expenditures .....</b>	<b>\$ 36,713 30</b>

Payments from this vote are made to augment the pensions of veterans by an amount sufficient to ensure that they receive remuneration equal to the amount of municipal assistance afforded to non-pensioned veterans and civilians.

Approximately 325 pensioners received assistance during the year.

<b>Vote 410 (and Vote 689, Further Supplementary Estimates) Hospital and Other Allowances</b> .....	<b>690,000 00</b>
<b>Expenditures</b> .....	<b>\$ 689,440 84</b>

On March 31, 1946, 1,267 patients in hospital were receiving allowances. The rates of allowances are authorized in the treatment regulations of the Department (P.C. 4465, June 13, 1944). Commencing at \$60 a month for single men, they increase according to rank and number of dependents of the ex-soldier. Pensions are suspended during periods of hospitalization.

The expenditure includes payments amounting to \$24,948.37 for clothing and comforts provided to patients who, although eligible to receive treatment, are limited to this form of allowance.

<b>Vote 411 (and Vote 690, Further Supplementary Estimates) Decoration Awards</b> .....	<b>170,000 00</b>
<b>Expenditures</b> .....	<b>\$ 131,179 97</b>

Awards are made to men who, for their conduct in World War II, have received any of the following decorations: Victoria Cross, Distinguished Conduct Medal, Distinguished Flying Cross, Distinguished Flying Medal, Military Cross, Conspicuous Gallantry Medal, Military Medal and Distinguished Service Medal.

Awards paid during the fiscal year were in respect of the following decorations:—Victoria Cross, 2; Distinguished Conduct Medal, 97; Bar to Distinguished Conduct Medal, 1; Distinguished Flying Cross, 126; Distinguished Flying Medal, 236; Military Cross, 7; Conspicuous Gallantry Medal, 7; Military Medal, 825; Bar to Military Medal, 7; Distinguished Service Medal, 62.

<b>Vote 412 (and (a) Vote 614, Supplementary Estimates, (b) Vote 691, Further Supplementary Estimates) Widows' Compassionate Allowances</b> .....	<b>1,150,000 00</b>
<b>Expenditures</b> .....	<b>\$ 1,121,441 76</b>

This vote is provided for the payment of compassionate allowances to widows, who are in necessitous circumstances, of persons who served in the Armed Forces of Canada during World War I.

On March 31, 1946, there were 3,249 allowances in force.

<b>Vote 413 (and (a) Vote 615, Supplementary Estimates; (b) Vote 692, Further Supplementary Estimates) Compassionate Allowances—Orphaned Dependent Children</b> .....	<b>14,000 00</b>
<b>Expenditures</b> .....	<b>\$ 13,072 10</b>

This vote is provided for the payment of compassionate allowances for orphaned dependent children who are in necessitous circumstances, of veterans of World War I and of the South African War.

On March 31, 1946, 33 allowances were in force.

<b>Vote 414 Employers' Liability Compensation</b> .....	<b>75,000 00</b>
<b>Expenditures</b> .....	<b>\$ 56,357 15</b>

Under this scheme of assistance, which is designed to remove from employers any added financial risk that might be involved by employing disabled veterans of World War I, the costs arising from relevant industrial accidents are borne by the Government. The Workmen's Compensation Boards and employers are reimbursed for medical care and compensation, including capitalization of awards covering permanent disabilities and fatalities.

The above expenditures cover claims submitted to the Department through (a) Workmen's Compensation Boards and payments thereto were: Nova Scotia, \$6,904.18; New Brunswick, \$32.60; Quebec, \$2,474.28; Ontario, \$21,982.74; Manitoba, \$2,144.88; Saskatchewan, \$1,598.86; Alberta, \$4,733.41; British Columbia, \$11,342.98; and (b) through the Railways and payments thereto were: Canadian National Railways, \$2,278.57, and Canadian Pacific Railway Co., \$2,864.65.

<b>Vote 415 Pensions, North West Rebellion, 1885 and General</b> .....	<b>16,000 00</b>
<b>Expenditures</b> .....	<b>\$ 12,985 62</b>

The expenditures are distributed as follows: Non-Permanent Active Militia, \$10,798.62; North West Rebellion, \$1,911; Civil Flying (P.C. 2187, October 20, 1922), \$276.

## MISCELLANEOUS GRANTS

<b>Vote 416 Grant to Last Post Fund</b> .....	<b>100,000 00</b>
<b>Expenditures</b> .....	<b>\$ 47,028 40</b>

The Last Post Fund, with Dominion Headquarters in Montreal, is a patriotic society which provides for the burial of honourably discharged veterans who were in destitute circumstances at the time of their decease. Payment is not made of the grant as such, but the society is recouped from this vote for burial expenditures, plus administration charges, less contributions from municipalities for the cost that would otherwise have been incurred by them in the burial of these men as indigents.

<b>Vote 417 Grant to Canadian Legion</b> .....	<b>9,000 00</b>
<b>Expenditures</b> .....	<b>\$ 9,000 00</b>

The Government contribution is limited to 50 per cent of the actual expenses of the Canadian Legion with a maximum contribution of \$9,000 in the fiscal year.

The expenditures for the year, supported by statements certified by a firm of chartered accountants, amounted to \$38,129.12.

## PENSIONS AND OTHER BENEFITS

<b>Militia Pensions Act, 1901, c. 133, R.S.</b> .....	<b>\$2,730,410 84</b>
---	-----------------------

This statutory appropriation provides for service pensions to officers and men of the Permanent Army, Navy and Air Services.

Deductions from Pay and Allowances of officers appear under the revenues of the three services concerned. On March 31, 1946, 2,348 pensions were in issue, of which 321 were in respect of dependents of deceased officers.

<b>Annuity to Col. John T. C. Thompson, Appropriation Act, No. 3, c. 53, 1939</b> .....	<b>\$ 4,999 92</b>

<b>Vote 419 Payment to the Government of the United Kingdom on account of losses under the 3,000 British Family Agreement of August 20, 1924, and the New Brunswick 500 British Family Agreements of August 4, 1927, and August 27, 1935 .....</b>		<b>25,000 00</b>
<b>Expenditures .....</b>	<b>\$</b>	<b>22,263 06</b>

---

Under the agreements with the Government of the United Kingdom, losses resulting from the operation of the schemes are shared between the two governments in proportion to the advances made by each government.

Generally speaking, the Canadian Government furnished the land, while the United Kingdom Government supplied the stock and equipment. Proceeds of sales of reverted properties are credited along these lines, i.e., the Canadian Government's account is credited with moneys derived from the sales of land, while the United Kingdom Government's account is credited with sales of stock and equipment. Relative collections are remitted to the United Kingdom Government monthly.

When properties are finally disposed of, the losses sustained by each government are calculated in accordance with the agreement. On this basis, if the remittances referred to above exceed the United Kingdom Government's residual equity, such excess is recovered; conversely, if the remittances are less than such equity, the Canadian Government pays the difference, and this vote is provided for the purpose of absorbing this cost as it relates to transactions dealt with in 1945-46.

<b>Vote 617 To provide for the payment of grants to veterans settled on provincial lands in accordance with agreements with provincial governments under Section 35 of the Veterans' Land Act, 1942, as amended .....</b>		<b>\$1,500,000 00</b>
<b>Expenditures .....</b>		<b>nil</b>

---

Under the above authority, as amended by P.C. 2122, April 13, 1945, the Minister of Veterans Affairs may, with the approval of the Governor in Council, enter into an agreement with the Government of any province for the settlement of veterans on any provincial lands which the provincial government may recommend as being specially suitable for settlement by veterans. The said agreement shall provide that the Director, the Veterans' Land Act, may, notwithstanding any other provision of this Act and subject to regulations made under this Act, grant an amount not exceeding \$2,320 to a veteran who settles on provincial lands pursuant to such an agreement.

An amendment to the Veterans' Land Act, 1942 (c. 34, 2 Sess., 1945), assented to December 18, 1945, continued the above Order in Council and further authorized the Minister to enter into a similar agreement with the Minister of Mines and Resources in respect of suitable Dominion lands.

Arrangements were not completed in time for expenditures to be made from this account in the current fiscal year.

<b>Vote 618 To provide for the payment of grants to Indian veterans settled on Indian Reserve lands under Section 35A of the Veterans' Land Act, 1942, as amended . . . . .</b>	<b>100,000 00</b>
<b>Expenditures . . . . .</b>	<b>\$ 5,344 54</b>

Under P.C. 2122, dated April 13, 1945, which was confirmed by c. 34, 2 Sess., 1945, an Act to amend the Veterans' Land Act, 1942, an amount not exceeding \$2,320 may be granted by the Director, the Veterans' Land Act, to an Indian veteran who settles on Indian Reserve Lands, the said grant to be paid to the Minister of Mines and Resources who shall have the control and management thereof on behalf of the Indian veteran.

The above expenditures represent payments to the Indian Affairs Branch of the Department of Mines and Resources.

<b>Refunds of Previous Year's Revenue—Consolidated Revenue and Audit Act, c. 27, 1931. . . . .</b>	<b>\$ 12 00</b>
--	-----------------

The above refund is to recoup The Royal Bank of Canada for payment of a Warrant issued on November 1, 1932, the funds for which were held in a suspense account for a number of years and subsequently transferred to revenue.

<b>Allotment: Detention Allowances—Canadian Seamen</b> .....	<b>41,000 00</b>
<b>Expenditures</b> .....	<b>\$ 31,934 64</b>

P.C. 12/4209 of June 12, 1941 as amended by P.C. 87 5204 of July 16, 1941 provides for compensation for persons of Canadian nationality (a) serving on ships of Canadian registry or licence, (b) serving on ships not of Canadian registry or license which are engaged in essential war work on behalf of the British Commonwealth or its allies, or (c) employed upon fishing vessels or boats engaged in the fishing industry of Canada in tidal waters. This compensation is by way of detention allowance for loss, in consequence of capture or internment in a foreign country, of the remuneration for employment of which they were theretofore in receipt. Awards and payment of these allowances are under the control of the Canadian Pension Commission.

This allotment was provided to cover the cost of the total allowances to the seamen concerned for the fiscal year 1945-46. The amount shown above as expenditures (\$31,934.64) was credited to the open account "Detention Allowances Fund, Canadian Seamen" (see page ZA-57) from which payments are made in accordance with the provisions of the foregoing Order in Council.

Total .....	<u>\$ 1,997,510 65 Cr.</u>

B The British Family Settlement—Canadian Portion (formerly General Land Settlement Loans) relates to the advances made by the Dominion to the British Family Settlement and the New Brunswick Settlement Schemes, to which schemes the United Kingdom Government contributed. Under the agreements with the United Kingdom Government, the accounts relating to these two schemes are audited annually under the direction of the Auditor General and copies of the audit report are transmitted to His Majesty's Secretary of State for Dominion Affairs. The equity of the United Kingdom in the schemes amounted to \$1,501,267.54, made up of outstanding loans of \$1,493,218.06 and arrears of interest of \$8,049.48.

Receipts consist of (a) repayments of principal, \$367,887.34 and (b) an amount of \$13,446.62 included in the item of \$35,516.80 under Write-down of Assets written off under legislative authority. Disbursements include payment of taxes, insurance and other charges.

C When the Soldier Settlement Board was established, certain tracts of land were acquired by purchase or otherwise and the transactions herein are in connection with portions of this land in which the Dominion Government still has a financial interest. Receipts are derived from sales of land on cash or terms while disbursements are payment of taxes. Included in the current receipts is an amount of \$10,557.71 representing the credit balance in the Soldier Land Settlement Assurance Fund Account which was closed into this account during the present fiscal year.

D This is a clearing account for the United Kingdom's portion of advances, and repayments of same, under the 3,000 British Family Settlement Scheme and the New Brunswick 500 Family Settlement Scheme. Debit balances are paid by the United Kingdom Government while credit balances are remitted to it.

E This account relates to the acquisition of lands and buildings situated in any part of Canada and other property including building materials, livestock, farm equipment and commercial fishing equipment that are necessary for the purposes of the Veterans Land Act. Properties are sold to qualified veterans of World War II under loan agreements which carry specified conditional benefits if the terms of such agreements are adhered to by the veterans.

Receipts include repayments of principal of \$2,038,257.80 and sales of materials to contractors amounting to \$596,394.72 while disbursements comprise payments made for the purposes of the Act and certain adjusting entries. The amount shown opposite the "Reserve" item is the offset to the amount of the relevant item under "Write-down of Assets" (see page ZA-54).

F The balance of this account as at April 1, 1945, was transferred to Soldier Settlement Unallotted Lands (formerly Purchased and Free Lands) during the current fiscal year.

G Certain remittances are credited to this account pending distribution to the proper accounts.

H This account accumulates the value of write-downs to the non-active category of the investment of the Dominion Government in Soldier and British Family Settlement—Canadian Portion (formerly General Land Settlement Loans).

Payments from accounts A-D inclusive are made on the application of the Canadian Pension Commission.

A The original credit to this fund was received from the former trustees of the regimental fund. Payments are made to needy ex-members of the battalion or their dependents.

B A donation of £5,000 was made by W. A. Black to be used to alleviate any cases of hardship or distress which might occur to members of the Canadian Armed Forces or their dependents while in the United Kingdom.

- C A fund of \$12,000 (of which \$5,000 was paid on January 13, 1942) was established by the donor to be used for the benefit of members and ex-members of the Royal Canadian Air Force and their families.
- D Donations to this fund are made by individuals and are used for the benefit of Canadian Servicemen and their dependents.
- E Besides minor accounting adjustments, this account is credited with the amount of total allowances made under the provisions of P.C. 12/4209, June 12, 1941, (as amended by P.C. 87,5204, July 16, 1941), to Canadian seamen who were interned by the enemy, such amount being charged to a War and Demobilization allotment (see page ZA-41). The account is debited with payments made to, or on behalf of, the seamen concerned.
- F Represents War Service Gratuities held by the Department for mental, tubercular and other long treatment cases which were transferred to the treatment strength of the Department on discharge from the Canadian Expeditionary Force; and also the gratuities payable to men whose whereabouts are unknown.
- G Moneys held in this account include: (a) pensions and war veterans' allowances of those placed under administration of the Canadian Pension Commission; (b) donations, legacies, gifts, bequests, etc., received by the Department and to be disbursed for the benefit of patients in departmental hospitals; (c) personal funds of patients in departmental hospitals; (d) profits of canteens operated in various departmental hospitals, which are used for the benefit of the patients therein.
- H Represents war service gratuities paid under the War Service Grants Act, 1944, and held by the Department for men under treatment. Payment in full is made when treatment is complete.
- I Under section 16 of the Public Works Act, contractors are required to furnish security for the satisfactory performance of the work. This security may be in the form of cash (accepted cheque) or specified bonds. Cash deposits are credited to this account and bear interest at the rate of 2 per cent per annum compounded annually. Upon administrative certification, releases are made to contractors. Bonds furnished as security are held in the custody of the Minister of Finance but are not recorded in this account. At the close of 1945-46, bonds so held in respect of the Soldier Settlement and Veterans' Land Act amounted to \$96,000.

M This appendix shows a calculation of interest that would have been due on loans made to the Canadian National Railway System and Predecessor Companies for capital expenditures and deficits, had such interest been accrued on the books of the Dominion. The interest, however, was never taken into the accounts of the Dominion but interest amounting to \$836,832,397.67 was shown on the books of the Railway. The total amount of interest calculated up to December 31, 1936 was \$574,781,637.01, and the Dominion may have for such interest was transferred to the Canadian National Railway Securities Trust as provided for by the Canadian National Railways Capital Revision Act of 1937.

(a) Amount paid by Dominion in acquiring 600,000 shares of the capital stock of the Canadian Northern Railway Company.

(b) Initial stated value of 1,000,000 no par value shares of the capital stock of the Canadian National Railway Company. (See detailed explanation in Appendix I).

(c) Of this amount \$7,380,912 was not used for capital expenditures but represented the balance due by the Company under agreement made in 1883 for the creation of a fund to be held by the Government to guarantee a dividend of 3 per cent per annum for ten years on the Company's outstanding stock in an endeavour to assist in financing construction through the sale of additional stock. The amount on deposit with the Government was, at all times, more than sufficient to meet the payments which, under the agreement, the Government undertook to make. The obligation of the Company was fully discharged in 1886, some years in advance of its due date (See Note E to Appendix E, Page 29).

(a) Difference between conversion of pound sterling at \$486 $\frac{1}{2}$  and at \$486 charged to Consolidated Deficit Account of Canada.

(b) Adjustments to loans under authority of the Canadian National Railway Capital Revision Act of 1937—Capital expenditures on wharves (\$1,006,527.61) transferred to Department of Public Works and expenditures on account of the Hudson Bay Railway (\$660,369.46) transferred to the Department of Transport.

(c) This amount represents losses on operation of \$573,823,120.38; losses amounting to \$18,438,622.48 on the S. S. *Prince Robert* less the capital gain of \$19,105,651.38 on repatriation of Canadian National Railway securities and increase in Dominion's Equity in Canadian National Railways due to surplus earnings of the system for the calendar years 1941 to 1945—\$112,592,061.64.

(d) Value of 5,000,000 shares of no par value capital stock of the Canadian National Railways Securities Trust now held by the Government—Appears in Net Debt—Canadian National Railways Securities Trust Stock.

(e) Of this amount \$2,853,912 was originally due February 1, 1884, and \$4,527,000 on November 7, 1888. Later, the aggregate of these two amounts, \$7,380,912 was consolidated with the construction loan of \$21,650,700; the security was rearranged and the whole was made payable on May 1, 1891. All of this liability was discharged by July 1, 1886.

(f) The Canadian Pacific Railway in partial payment of these loans relinquished 6,743,014 acres of a land grant valued at \$1.50 per acre, amounting to \$10,189,521.33. This amount included interest of \$308,666.33 the balance being applied against the loans.

(g) Amount in aid of construction now shown in the Balance Sheet of the Public Accounts of Canada under assets, Loans and Advances—Miscellaneous, Schedule "G".

## APPENDIX M

## CALCULATION OF ACCRUED INTEREST ON LOANS

Note.—This appendix shows a calculation of interest that would have been due on loans made to the Canadian National Railway System and Predecessor Companies for capital expenditures and deficits, had such interest been accrued on the books of the Dominion. The interest however was never taken into the accounts of the Dominion, but interest amounting to \$50,832,897.67 was shown on the books of the Railway. Total amount of interest calculated up to December 31, 1936 was \$74,781,637.01. Any claim the Dominion may have for such interest was transferred to the Canadian National Railway Securities Trust as provided for by the Canadian National Railways' Capital Revision Act of 1937.

**Report of the Auditor General to the  
House of Commons with respect to  
accounts examined and audited in  
accordance with the provisions of the  
Consolidated Revenue and Audit Act,  
1931, and other legislative enactments**

## AUDITOR GENERAL'S REPORT

---

1. The accounts for the fiscal year ended March 31, 1946, have been audited. The audits, as in previous years, were made by means of comprehensive tests. Audit certificates, which appear in the Public Accounts, were given subject to the reservations and observations set out in this report to the House of Commons. To the extent practicable, transactions were scrutinized currently with their recording in books of account. The attention of the appropriate officers was drawn to those which did not appear to conform to legislative or executive directions. Many transactions, which might otherwise have necessitated audit observations to the House of Commons, were thus suitably adjusted before the accounts for the year were closed.

2. Section 50 (2) of the Consolidated Revenue and Audit Act, 1931, reads:

50. (2) In reporting the result of his examination and audit to the House of Commons, the Auditor General shall call attention to every case in which

- (a) a grant has been exceeded; or
- (b) moneys received from sources other than the grants for the year to which the amount relates have not been applied or accounted for according to the direction of Parliament; or
- (c) a sum charged against a grant is not supported by proof of payment; or
- (d) a payment so charged did not occur within the period of the account, or was, for any other reason, not properly chargeable against the grant, or was in any way irregular; or
- (e) a special warrant authorized the payment of any money; or
- (f) an objection of the Auditor General was overruled by the Governor in Council or the Treasury Board; or
- (g) a refund or remission of any tax, duty or toll has been made on the authority of any Act of Parliament;

or to any other case which the Auditor General considers should be brought to the notice of Parliament.

3. The text of (c) and (d) above quoted necessitates attention being drawn to phases of settlements with the Governments of the United States, the Netherlands and Belgium.

The Minister of Finance was authorized, by Order in Council P.C. 1189 of March 29, 1946, to pay the United States Government \$12,000,000 (U.S.) for facilities and materials of the United States in Canada. No formal agreement was executed in the fiscal year and no certified accounts were produced during the audit to support the payment. The sum is distributed over the following accounts: Army \$6,000,000, Air \$3,500,000, Reconstruction and Supply \$1,725,000, Navy \$750,000 and Transport \$25,000. In each Department the charge is recorded as an advance pending submission of accounts.

Payments totalling \$7,735,000 (Canadian) were made to the United States Government to the end that Canadian Service Forces may, up to March 31, 1947, select items from surplus stores and equipment of the United States Service Forces. No deliveries were made in the fiscal year. The effect is to relieve 1946-47 appropriations of the cost of such stores and equipment as may be selected.

The Netherlands Government submitted claims totalling \$33,800,000 for goods and services provided to the Canadian Army and for damages done to property by the Army in the Netherlands. \$100,000 was paid on account in September, 1945. Settlement of the balance is authorized by Order in Council P.C. 1/1771 of May 3, 1946. The basis is that \$29,300,000 be discharged by delivery of surplus army equipment and a special credit of \$4,400,000 established in the accounts of Canada, to which are to be charged all accounts "for goods, services and facilities supplied, or to be supplied, by the Netherlands Government to the Canadian Army". Because of the procedure adopted, attention is drawn to:

- (a) a liability to the amount of \$29,300,000 being discharged by a transfer of public property and not as a charge to a parliamentary appropriation; and

- (b) an amount of \$4,400,000 being charged to 1945-46 accounts after that year had ended, to provide, among other things, for goods, services and facilities to be supplied after the close of the fiscal year.

The Government of Belgium has made claims for services, etc., provided to the Canadian Army to November 8, 1945. On April 1, 1946, the Governor in Council authorized, by Order in Council P.C. 144/1260, payment of \$6,015,232 as part of settlement with the Government of Belgium for goods, services and facilities supplied, or to be supplied, to the Canadian Army. On April 11, 1946, a further sum of \$380,093 was accepted by the Department (without further order in council) as the liability for goods, services and facilities supplied between November 8, 1945, and March 31, 1946. As in the case of the credit to the Netherlands Government, the moneys were not actually disbursed, but are held as a special credit. They are recorded as expenditures of the fiscal year 1945-46.

4. There was one overruling and it is reported in accordance with the requirements of section 50 (2) (f) of the Consolidated Revenue and Audit Act, 1931. The Governor in Council, acting under section 48, requires the Auditor General to pre-audit payments to be charged to the Annuities Fund. Section 4 (b) of the Government Annuities Act authorizes the Minister of Labour to contract for the sale

of an immediate or deferred annuity to any two persons resident or domiciled in Canada during their joint lives, and with or without continuation to the survivor.

In June, 1944, a contract was entered into for a deferred last survivor annuity of \$1,200 to mature in June, 1948. In May, 1945, one of the annuitants died. The Department proceeded to convert the deferred last survivor annuity into an annuity of \$1,200 on the life of the survivor, to commence in June, 1946. As the purchase price of the latter annuity was \$104.20 less than the amount paid in respect of the last survivor contract, action was initiated to refund the sum to the surviving annuitant. On March 18, 1943, the Deputy Minister of Justice had given an opinion, with respect to a like contract, to the effect that

the contract remains in force notwithstanding the death of one of the annuitants before the date for commencement of payment of the annuity and payments of annuity thereunder should be made to the surviving annuitant so long as she lives. I am of opinion that, on the material submitted, there is no justification for repaying any part of the purchase monies to the purchaser.

and on November 14, 1944, with reference to a similar case, a further opinion had been given that

the Minister has no authority to convert a joint annuity into an annuity on the life of one person.

Consequently, certification of the application for refund was withheld by this Office. The Superintendent of Government Annuities applied to Treasury Board for an overruling, under section 35 of the Consolidated Revenue and Audit Act, 1931. On September 24, 1945, the Board decided that payment be made.

5. Refunds and remissions of taxes and duties are listed under the Revenues' heading.

### Consolidated Revenue and Audit Act, 1931

6. Attention has previously been drawn to the desirability of further consideration being given to existing legislation regulating financial transactions, in order that statements presented to Parliament clearly reflect the operations of the public service. The present situation may be illustrated by reference to accounts of Post Office (a public utility service) and those of the Northwest Territories (an administrative service).

The recorded gross revenues of the Post Office Department in the fiscal year were \$83,763,006.66, and recorded expenditures amounted to \$72,879,538.97. But an examination of the items making up these totals necessitates the view being entertained that they do not show the true operating results. Inter-departmental services are not reflected in Post Office accounts. For example:—

No remuneration is received from departments enjoying franking privileges, and in certain cases free registration services are also supplied.

No remuneration is received from the Department of Finance for services rendered in operating the Post Office Savings Bank (through the operation of which the Department of Finance acquires the use of depositors' funds).

No remuneration is received for various special services performed for other departments.

Post Office is not charged for office accommodation, heating and lighting, etc., nor for office furniture and equipment, supplied by the Department of Public Works.

Post Office is not charged for the carriage of mails on 12 of the 17 mail carrying steamship lines which receive subsidies from the Department of Trade and Commerce.

Moreover, Post Office accounts are maintained on a cash rather than an accrual basis. As a result, cash receipts are brought to account in the fiscal year in which received, without regard to the period in which the services may have been rendered. Also, amounts paid for goods and services are recorded as expenditure in the year in which payments are made, without regard to the period of incidence.

Of the total expenditures of \$72,879,538.97 for the year, \$15,149,893.90 was paid from postal revenue. These expenditures consisted principally of remuneration to certain classes of postmasters, and were made on the authority of section 65 of the Post Office Act. It has been the long established custom also to make certain other payments from revenue. The House of Commons would be better informed were Post Office annual estimates all-inclusive. In practical application this would mean that all Post Office expenditures would be offset against revenue (supplemented by such appropriations as Parliament might make in anticipation of a revenue deficiency). The adoption of such a plan would simplify administrative accounting and would be in accord with practice in several other countries.

Section 10 of the Northwest Territories Act, c. 142, R.S., vests in the Commissioner in Council power to legislate with respect to:—

The expenditure of territorial funds and such portion of any moneys appropriated by Parliament for the Territories as the Commissioner in Council is authorized to expend.

The Liquor Ordinance of 1939, among other matters, provides for the sale of alcoholic beverages, with profits to be deposited to a special account in Consolidated Revenue Fund. The ordinance directs that moneys at credit of this account are to be applied solely for Territorial purposes selected by the Commissioner in Council. Receipts for the year, largely represented by profits from liquor sales, were \$127,688.20 and disbursements \$47,532.98. The latter consisted of:—

Salaries and allowances .....	\$ 5,908 52
Roads and improvements .....	26,700 00
Trucks (2) .....	6,000 00
Repairs to Yellowknife water supply .....	3,160 27
Purchase of Conibear House, Fort Smith .....	2,000 00
Services of Ophthalmologist, etc. ....	2,323 95
Education, grants and services .....	735 39
Travel expenses .....	704 85

At the year-end the balance at credit of the special account was \$419,251.77.

Local autonomy is, to a degree, recognized by the setting up of such bodies as the Local Administrative District of Yellowknife. In the 1945 calendar year it had revenues of \$55,-439.43 and expenditures of \$40,173.72.

Ignoring charges to Service Forces' votes and general administrative services provided by departments (Post Office is an example), expenditures in the fiscal year for the Territories, charged to Consolidated Revenue Fund, were \$797,243.73:—

Votes 138 and 665—General Administration, operation and maintenance of services, including Wood Buffalo Park .....	\$ 356,933 63
Vote 139—Eastern Arctic Expedition .....	57,502 19
Votes 491 and 666—Yellowknife Airport .....	223,296 31
Vote 492—Buildings at Yellowknife and Fort Smith .....	80,267 54
Vote 493—Forest Protection .....	79,244 06
	<hr/>
	\$ 797,243 73

On the other hand, the Government of Canada took into its general revenues \$375,099.99 collected by way of fur export tax, mining licences and permits, hunting and trapping licences, etc.

The bona fides of, and the application given to the following resolution of the Territories Council is not questioned, but it illustrates the situation. The resolution, which is dated May 30, 1945, and relates to road construction, reads:—

It is therefore agreed that the N.W.T. Administration will assure the Department of Transport that financial responsibility up to \$15,000 will be undertaken from the N.W.T. Liquor Vote on the understanding that the Vote will be recouped by \$5,000 from the C.P. Air Lines and \$5,000 from the Giant Yellowknife Mines, Ltd. These figures are subject to modification in the light of actual costs of the enterprises outlined.

The development of the Territories has reached a point which permits the view to be entertained that the House of Commons should be provided with an accounting which would bring all receipts and disbursements into a single statement and thus portray the actual state of affairs.

### General Election Expenditures

7. Section 61 of the Dominion Elections Act requires the Auditor General to tax and pay costs incurred in holding an election. Expenditures in connection with the 1945 general election amounted to \$3,103,066.67, which is an increase of approximately \$400,000 over those of the 1940 general election. As of March 31st no payments had been made to the returning officers for Humboldt, Labelle, Lake Centre and Stormont for their services, as no claims had been received from them.

No appeals were filed from any decision of the Auditor General, but as the Audit Office both taxes and audits the accounts, two exceptional transactions are noted. The Canadian War Service Voting Regulations, 1944, as enacted by c. 26, Statutes 1944, provided that the Chief Electoral Officer appoint six scrutineers to attend at polls in the United Kingdom, two each to be nominated by the Leader of the Government and the Leader of the Opposition and two on the joint recommendation of the leaders of political groups having eight or more members in the House of Commons. Two scrutineers thus appointed became incapacitated, after arrival in the United Kingdom, and were hospitalized. A substitute functioned on 11 days in one case and on 16 days in the other. These substitutes were paid at the rate of £6 for each day of service. Scrutineers from Canada were eligible to receive \$15 per diem remuneration and \$15 per diem living allowance, plus transportation expenses. In taxing the accounts the \$15 remuneration was disallowed on those days when a substitute functioned, but the living allowance was paid, as the engagement was regarded as providing for its payment from the date of leaving to that of return to place of ordinary residence in Canada.

It is suggested that when the Dominion Elections Act again receives the attention of Parliament, consideration be given to section 61. Objectives of audit are impaired when the same office taxes, pays and audits the accounts. A more desirable arrangement would be to have the Chief Electoral Officer tax accounts, the Comptroller of the Treasury pay and the Auditor General audit payments.

## THE BALANCE SHEET OF CANADA

9. *Liabilities.*—These include only those liabilities which have been ascertained and brought to account. Obligations incurred for interest accrued but not due (except with respect to War Savings Certificates) and for goods received and services rendered but not paid for in the fiscal year are not generally included. Obligations payable in other than Canadian currency, such as those portions of the Funded and Floating Debt payable in London and New York, are recorded at par of exchange. Indirect or contingent liabilities under government guarantees, not included in the Balance Sheet, are set out in Schedule "V" thereto. Interest on the refundable portion of taxes on personal incomes to an estimated amount of \$7,500,000 had accrued to March 31, 1946, but no charge to interest on public debt was made therefor, nor was a liability for the interest set up in the Balance Sheet.

10. *Active Assets.*—Revenue in arrears, and stores and equipment are not included in the assets, with the exception of the stores inventories of the Departments of Public Printing and Stationery and Transport, and the metals purchase accounts of the Royal Canadian Mint. Assets held in other than Canadian currency are recorded at par of exchange.

11. *Reserve for Possible Losses.*—The Balance Sheet's summary listing of \$5,688,440,733.93 of Active Assets ends with:—

Less: Reserve for possible losses on ultimate realization of Active Assets.....\$ 150,000,000

There is no legislative authority for the reserve. The practice was voluntarily introduced by the Minister of Finance six years ago when a reserve of \$25,000,000 was established, and a like amount has been added each year since. In being thus accumulated by equal annual amounts, it is clear that the reserve has not been based on a consideration of the realizable value of active asset items at the close of successive fiscal years. Initially, the description was

such as to signify that it was one for losses on loans and advances. The text was changed to the present form in 1943-44, making it applicable to all assets shown as Active Assets. The effect, for balance sheet purposes, is to reduce the value of the assets and correspondingly increase the net debt.

In order that examinations might be made to establish whether the amount of the reserve accumulated to March 31, 1946, was a reasonable one, in relation to the recorded Active Assets at that date, the Deputy Minister of Finance was asked to list the items to which it could be regarded as related. No list was provided, the Deputy Minister replying that:—

The wording of the item is intended to be as fully descriptive as possible of its nature and purpose. In other words, it is a general reserve against all our active assets.

The item, therefore, is to be regarded as a valuation adjustment arbitrarily made, with the adequacy thereof a matter of opinion. Attention is consequently drawn to the principle involved rather than to the sufficiency of the amount stated.

A means should be available to make valuation adjustments to the end that balances in the accounts reflect their true worth; but the present practice does not operate to achieve that result. There has been a trend (a) to postpone writing off actual losses on realization of assets—an example is set out in Para. 82 of this report; and (b) to omit transfers between active and non-active assets accounts, although the formula enunciated to the House of Commons in 1920 contemplates that only items which are readily convertible into money or are interest producing be treated as Active Assets.

In view of the large sums involved and the diverse character of the assets, it is suggested that the subject be regarded as one which merits legislation defining procedures for determining the classification and valuation of assets for balance sheet purposes.

12. *Net Debt*.—At March 31, 1946, the Net Debt of Canada, being the excess of the recorded Liabilities over the Active Assets, was \$13,421,405,449.21. It was represented by:—

	Non-Active Assets	Consolidated Deficit Account	Net Debt
Balance, April 1, 1945 .....	\$ 1,557,786,530 03	\$ 9,740,575,487 74	\$ 11,298,362,017 77
Add:			
Expenditures, 1945-46 ...	27,699,039 17	5,108,529,466 65	5,136,228,505 82
	1,585,485,569 20	14,849,104,954 39	16,434,590,523 59
Deduct:			
Revenues, 1945-46 .....	421,175 50	3,012,763,898 88	3,013,185,074 38
Balance, March 31, 1946 .....	\$ 1,585,064,393 70	\$ 11,836,341,055 51	\$ 13,421,405,449 21

The over-all deficit and increase in the Net Debt during the fiscal year was \$2,123,043.-431.44. The corresponding amount in the preceding fiscal year was \$2,558,277.124.80.

13. *Non-Active Assets*.—These consist of those investments regarding which realizability or productivity is not present. In the year 1945-46, the principal transaction was an adjustment of the recorded value of the Canadian National Railways Securities Trust Stock. The Canadian National Railways Capital Revision Act, 1937, requires that the stock, which represents the Government's equity in the railway system, be adjusted to reflect any surplus earnings of the railways not paid over to His Majesty and any capital losses and other charges in respect of which His Majesty has made no contribution. During the calendar year 1945, surplus earnings of the system were \$24,756,130, and capital losses were \$1,167,121.47 on line abandonment and \$957,967.06 on retirement of rolling stock. Thus there was a net increase of \$22,631,041.47 in the book value of the Securities Trust.

## REVENUES

14. Cash receipts and other credits to Revenue totalled \$3,013,185,074.38, an increase of \$325,850,275.18 when compared with the corresponding total of the previous year. A comparison by classifications with 1944-45 revenues is:

	1944-45	1945-46
Ordinary ..	\$ 2,300,097,373 42	\$ 2,363,161,853 91
Special ..	363,505,168 25	626,971,003 50
Credits to Non-Active Assets ..	568,003 60	96 39
Capital Refunds ..	728,195 16	375,643 41
Adjusting Entries ..	22,436,058 77	22,676,477 17
	<u>\$ 2,687,334,799 20</u>	<u>\$ 3,013,185,074 38</u>

15. The Consolidated Revenue and Audit Act, 1931, directs that the Auditor General shall satisfy himself that the revenues are being fully accounted for, and shall examine, at his discretion, the accounts of all persons employed in the collecting and managing of the revenues.

Examinations disclosed some collections being held an inordinate length of time pending administrative decisions. Instances were also observed where debtors, in making payments, were allowed to offset their accounts against the department; thereby charges to appropriations were avoided. Examinations, by tests, were made of departmental accounts receivable records; in some instances administrative procedures are not such as permit it to be readily established that charges were made for all services for which charges should have been made. While it is recognized that war activities disturbed departmental establishments and procedures, it is apparent that the general expansion of administrative activities makes it desirable that legislation place direct responsibility on specified officers to assess and collect the revenue in those divisions of the public service where revenue collecting is an incident in departmental administration.

16. The Public Accounts list, under departmental headings, accounts receivable of the departments. The use of the expression "accounts receivable" is not entirely apt, for some of the accounts originated in overpayments, or by defalcations, etc. Approximately \$10,000,000 is recorded as having been due and payable for more than a year. Of this, about \$5,000,000 is rated as uncollectible. Many of these accounts have been outstanding for years—some originated in the last century—but no procedure is currently available to departments to write them off. The result is that sometimes cumbersome devices are adopted to clear up accounts. An example is to be found in the revenues of the Department of Agriculture, where \$47,243.58 is recorded as received for a building purchased by the Growers' Cold Storage and Ice Company Limited, Grimsby, Ont. The Government of Canada constructed the warehouse in 1914 at a cost of \$25,384. A sale to the Company was authorized by Order in Council P.C. 1925 of June 11, 1921. The price was \$12,665, and Order in Council P.C. 3231 of September 5, 1921, authorized a mortgage for that amount to be taken. The principal was to be paid in five years and interest at 6 per cent was fixed. The Company defaulted all principal payments, but paid \$759.90 by way of interest in March, 1923. In 1939 fire partially destroyed the premises. Order in Council P.C. 2/2370 of June 4, 1940, waived all rights of the Government to participate in proceeds of insurance. By March, 1945, accrued principal and interest owing amounted to \$47,243.58. Vote 431 of Appropriation Act, No. 1, 1945, (assented to on March 29, 1945) included a grant of \$47,959.25 to the Company. A cheque was issued on April 25, 1945, for \$47,243.58, as a charge to 1944-45 accounts. The Company endorsed it over to the Receiver General of Canada and by Order in Council P.C. 3080 of May 1, 1945, the mortgage was declared satisfied and discharged.

17. It is a condition associated with various subsidies paid by the Commodity Prices Stabilization Corporation, the Canadian Wheat Board and the Agricultural Food Board that subsidies be refunded in the event of export of the commodity on which the subsidy was paid. An examination, made as of March 31st, of the Export Permit Branch of the Department of

Trade and Commerce disclosed that approximately \$144,000 was being held in undeposited remittances. This sum represented refunds of subsidies, and should have been, but was not, transferred to the agency which made the payment in the first instance. Subsidy payments in the year are therefore overstated by this amount.

18. In December, 1942, the Commodity Prices Stabilization Corporation was directed to pay a subsidy of two cents a quart to distributors of fluid milk. Between December 16, 1942, and July 30, 1944, a milk distributor claimed and was paid a subsidy of \$1,945.68 in excess of that permissive by the plan. Civil and criminal actions were instituted. He offered \$1,000 in settlement of the civil action. The offer was accepted and civil proceedings discontinued. The transaction presents the question: Has a Crown corporation capacity to make such a settlement?

19. In the course of the year, Wartime Prices and Trade Board prosecutions produced the major portion of the revenue from fines. \$618,183.40 was collected because of infractions of its regulations. The Board reported that a further \$291,913.05 remains to be collected. Of this, \$130,608.50 was in the hands of the City of Toronto. Because of the distribution of responsibility, it may not be safely regarded that all fines, which should be credited to Consolidated Revenue Fund, are received by the Receiver General. When a department decides to initiate proceedings because of the breach of a statute, it requests the Department of Justice to retain and instruct counsel. When the proceedings are ended, the Deputy Minister of Justice taxes the account of counsel and advises the department concerned as to the amount to be paid. The Department of Justice, as a rule, does not concern itself with the collection and disposition of any fine imposed. On the other hand, the administrative department, having taken a subordinate part in the proceedings, may limit its interest to the decision of the court. Thus, after judgment, there may be no active administrative interest in the disposition of fines collected or ordered to be paid. Some time ago the Audit Office suggested that the Department of Justice be designated to supervise this phase of litigation.

20. Order in Council P.C. 309/5720 of August 24, 1945, authorizes a refund of \$1,800 to Canadian Pacific Air Lines, Limited, this

representing a fee of \$200 per month for the period January 1 to September 30, 1944, for services of Departmental (Reconstruction-Air) Radio Stations along the North West Staging Route, during which period the said Company operated no flights along the said route.

The "fee" was one of contract. The payment to the Company was made out of 1945-46 revenues. To the end that parliamentary control over public moneys be maintained, this payment more properly should have been recorded as an expenditure charge to the appropriation for radio station services.

21. In 1939 the United Kingdom Government arranged with the Aluminum Company of Canada for the erection of a fabricating plant at Kingston. Later the agreement was extended to include an alloy tubing plant. The cost was \$6,815,576.63. Pending execution of a formal contract, the Company paid \$593,029.34 between July, 1941, and July, 1942. This rent was calculated by use of the following formula:

such proportion of the total depreciation (as ordinarily accepted for taxation purposes) and of interest at  $3\frac{1}{2}$  per cent on the total undepreciated capital cost of the works inclusive of land as is represented by the ratio of the actual tonnage of hard aluminum produced in the works each year to the total capacity of the works; a ton of soft aluminum being regarded as the equivalent of  $\frac{4}{10}$ ths tons of hard aluminum.

In March, 1943, the Government of Canada became the owner of the property and in December, 1943, the Company made a further rental payment of \$620,200. No further payments had been received up to March 31, 1946, and no contract was produced during the audit to disclose the liability of the Company for the use of the plant.

22. *Sales Tax.*—Section 86 (1) of the Special War Revenue Act requires the tax to be calculated on the "sale price" of manufactured goods, but in certain circumstances the Department of National Revenue collects tax calculated on lesser amounts. Examples are:

(a) For the fur manufacturing industry: it was directed that, for purposes of tax computation, deductions of 10 per cent and 37 per cent be made from sales to retailers and consumers, respectively. The object was to reduce all sales to the approximate "wholesale price level" of the industry as a whole.

- (b) For the carbonated beverage manufacturing industry: it was directed that, although increases in the sale prices had become effective on August 1, 1945, the sales tax (and also the excise tax) was to continue to be computed on the basis of the former prices.

In making regulations such as the foregoing, the Department relies on section 99 (1) of the Special War Revenue Act, which reads:

99. (1) The Minister of Finance or the Minister of National Revenue, as the case may be, may make such regulations as he deems necessary or advisable for carrying out the provisions of this Act.

It is not apparent that authority to make regulations is intended to extend to the purposes above noted.

An amendment to the Special War Revenue Act, assented to on December 18, 1945, exempts certain classes of building materials and equipment from sales tax. In giving administrative application, a departmental regulation lists, with respect to each class, the sub-classes to be regarded as tax exempt and those which are taxable. Further, with respect to one of the classes covered by the amendment, namely, "Furnaces, hot water and steam radiators not to include fittings, for the heating of buildings", it was directed that furnaces, with air-conditioning equipment, as well as those with oil-burning equipment, be treated as 60 per cent tax exempt; also that furnaces combining air-conditioning and oil-burning equipment be 33½ per cent exempt. In exercising the foregoing discretion, the Department is relying on the general authority conferred by section 99 (1) of the Act, above quoted. Regardless of the merits, the section does not appear to delegate the power to do what has been done.

23. *Excise Tax Stamp Commissions.*—Section 102 of the Special War Revenue Act permits the Minister of National Revenue to appoint various persons to sell excise tax stamps. By Order in Council P.C. 67/932 of April 22, 1939, it is provided that chartered banks and other persons authorized to sell stamps

may be allowed or paid a remuneration or commission at the rate of 2 per cent of the face value of all individual purchases...amounting to \$10 or over, such commission to be allowed or paid at the time of purchase...

In the fiscal year, \$222,566.86 was so deducted. The matter is noted because it involves the exercise, by the Governor in Council, of an appropriating power with respect to revenue, not specifically provided for by the Act.

24. *Excise Tax Revenues.*—Excise taxes derived from postage stamps used in payment of stamp duties on (a) cheques, bills of exchange and promissory notes, and receipts to banks, (b) money orders and travellers' cheques and (c) post office money orders and notes, and letters and postcards, are not included in the Department of National Revenue's statement of revenues. Instead, these collections are included in Postal Revenue reported by the Post Office Department.

25. *Income Tax.*—The Auditor General in 1938 drew attention to an opinion of the Deputy Minister of Justice given to the Minister of Finance. In this opinion is to be found:

...the Auditor General has the same powers of audit of income taxes as he has with regard to the revenue of any other department, except in so far as the documents mentioned in section 81 of the Income War Tax Act are concerned. He is not permitted to see these documents for two reasons: first, because he is precluded by the provisions of the said section 81, and second because he has no power to review the findings of the Minister.

The pertinent subsection of section 81 of the Income War Tax Act reads:

81. (1) No person employed in the service of His Majesty shall communicate or allow to be communicated to any person not legally entitled thereto, any information obtained under the provisions of this Act, or allow any such person to inspect or have access to any written statement furnished under the provisions of this Act.

Without access to taxpayers' files, it is not possible for this Office to satisfy itself regarding all matters related to the collection of the revenues, including:

- (a) the propriety of amounts, purporting to represent assessment decreases, entered to the credit of taxpayers' ledger accounts;
- (b) the correctness of refund amounts paid to taxpayers in those cases where tax amounts collected by employers, from employees' salaries and wages, exceeded the amount of the tax assessments;
- (c) the correctness of penalty amounts imposed for the late filing of income returns, in accordance with the provisions of the Income War Tax and Excess Profits Tax Acts;

- (d) the extent to which effect is given to remissions authorized by order in council;  
 (e) the extent to which recoveries are effected from trustees in bankruptcy when the Division is a creditor in bankruptcy proceedings.

Within the limitations above noted, audit tests were made of the procedures (other than those related to assessing) followed in district offices and at head office. It was observed that, although a procedure is provided for following up overdue accounts, follow-up practices were in arrears at most district offices visited, and to a marked degree in several.

Section 77 (3) (a) of the Income War Tax Act directs that every person, subject to the provisions of the Excess Profits Tax Act, 1940, who fails to deliver a return within the time provided, "shall be liable to a penalty of twenty-five dollars for each day of default, with a maximum penalty of twenty-five hundred dollars." The Department usually imposes a penalty for one day, regardless of the length of time of the default. Subsection 3 (b) of the same section provides penalties for like defaults by persons who are not subject to the Excess Profits Tax Act, but that paragraph ends with: "Provided the Minister may reduce or waive any penalty under this paragraph." Under the circumstances, it does not appear that the legislation contemplates the exercise of a discretion in applying the provisions of paragraph 3 (a).

The following orders in council, like those listed in Para. 72 of last year's report, and which continued in force during the year under review, have the effect of amending or suspending provisions of the Income War Tax Act:—

- (a) P.C. 23/1751 of March 16, 1945, provides that certain ex members of the Royal Canadian Mounted Police be granted the privilege of having "postponed" pensions taxed when granted, at the rates applicable in each of the respective calendar years, as if the pensions in question had been granted from the day following their discharge from the Force.  
 (b) P.C. 2492 of April 10, 1945, permits the deferment of the payment of 1944 taxes owing by individuals or estates, from April 30 to August 31, 1945, and grants exemption, during that period, from payment of the interest provided for by section 48 of the Act.

26. *Post Office Revenues*.—Payments to Canadian Kodak Sales Limited, for processing airgraph message films, amounted to \$14,353.42 during the year. These payments were made from revenue, the authority relied on being section 65 of the Post Office Act, which reads:

65. Postmasters whose compensation is not fixed by law may be paid by a percentage on the amount collected by them, or by such salary and allowances as the Postmaster General, having due regard to the duties and responsibilities assigned in respect to each post office, by regulation determines in each case.

The Department states that for official purposes the company was treated as a postmaster. Because of the special nature of the service rendered, the view may be entertained that the treatment strains the intent of the section, especially when it is used to make payments without specific appropriation. The airgraph message service was discontinued on July 14, 1945.

During the year, as in previous years, discounts were allowed users of postage meter and postage register machines, although, with two exceptions, they were not licensed under section 7 of the Post Office Act to make sales to the public, and, in fact, used the machines only in prepaying their own postage. The Department advises that the practice of granting discount to users of postage meter machines was discontinued on April 1, 1946, but continues in effect so far as postage register machine users are concerned.

Until recent years, postal scrip (postal note stamps) was available only in one, two and five cent denominations, for the purpose of increasing the value of postal notes beyond their face values (which are multiples of ten cents). In December, 1942, new denominations of ten and twenty-five cents were issued. Since that time, postal scrip used has shown a marked increase, especially in making separate remittances. This increase is shown by the following summary, based on amounts accumulated in departmental statistical records:—

Year	Attached to Postal Notes	Used as Separate Remittances	Total
1942-43 .....	\$ 124,507 68	\$ 54,929 39	\$ 179,437 07
1943-44 .....	184,466 91	380,134 10	564,601 01
1944-45 .....	242,606 48	636,069 01	878,675 49
1945-46 .....	255,716 42	833,151 39	1,088,867 81
	<u>\$ 807,297 49</u>	<u>\$ 1,904,283 89</u>	<u>\$ 2,711,581 38</u>

Remittances made by means of postal scrip avoid the fee charged by the Department for postal notes, and also escape the excise tax applicable to remitting instruments.

27. *Tariff and Tax Changes by Use of the War Measures Act.*—Section 284 of the Customs Act empowers the Governor in Council to transfer to the free list, or to reduce customs duty rates on articles used in Canadian manufactures. By relying on the War Measures Act, special tariff treatment was also authorized to be applied to imports of articles, other than materials used in Canadian manufactures, and also when the aim was to exempt from War Exchange and Special Excise taxes. In summary form, the list is:—

- P.C. 2433 of April 10, 1945—according special tariff treatment to imports under Tariff Item 409g.  
 P.C. 2866 of April 24, 1945—according special tariff treatment to imports under Tariff Item 442a, and granting exemptions from war exchange tax and special excise tax thereon.  
 P.C. 3037 of April 26, 1945—according special tariff treatment to imports under Tariff Item 506c, and granting exemptions from war exchange tax and special excise tax thereon.  
 P.C. 3355 of May 10, 1945—granting exemption from war exchange tax with respect to certain imports under Tariff Item 383.  
 P.C. 3356 of May 8, 1945—according special tariff treatment to imports under Tariff Item 43b, and granting exemption from war exchange tax thereon.  
 P.C. 3652 of May 24, 1945—according special tariff treatment to imports under Tariff Item 238h, and granting exemption from war exchange tax and special excise tax thereon.  
 P.C. 3845 of May 29, 1945—according special tariff treatment to imports under Tariff Item 561b, and granting exemption from war exchange tax thereon.  
 P.C. 3979 of June 5, 1945—granting exemption from war exchange tax on imports of coal and coke.  
 P.C. 3980 of June 5, 1945—granting exemption from war exchange tax and special excise tax with respect to certain imports under Tariff Item 109a.  
 P.C. 4175 of June 14, 1945—according special tariff treatment to imports under Tariff Item 83a.  
 P.C. 4612 of June 28, 1945—according special tariff treatment to imports under Tariff Item 115a and granting exemption from war exchange tax thereon.  
 P.C. 4738 of July 5, 1945—according special tariff treatment to imports under Tariff Item 199h, and granting exemption from war exchange tax thereon.  
 P.C. 4739 of July 5, 1945—according special tariff treatment to imports under Tariff Item 353b, and granting exemption from war exchange tax thereon.  
 P.C. 4844 of July 10, 1945—granting exemption from war exchange tax with respect to imports under Tariff Item 386a.  
 P.C. 5047 of July 17, 1945—granting exemption from the 25 per cent excise tax with respect to coin collectors used on pay telephones.  
 P.C. 5371 of August 2, 1945—according special tariff treatment to imports of oranges.  
 P.C. 6224 of September 25, 1945—granting exemptions from war exchange tax with respect to imports under Tariff Item 39e and certain imports under Tariff Items 204 and 534.  
 P.C. 6326 of October 2, 1945—according special tariff treatment to imports of fresh lobsters, and granting exemption from war exchange tax thereon.  
 P.C. 7018 of November 20, 1945—according special tariff treatment to imports of tomatoes.  
 P.C. 7388 of December 21, 1945—according special tariff treatment to imports under Tariff Items 540c and 540d.

Some of the orders in council were in effect for a limited period only.

28. *Customs Act Penalties.*—Section 168 (2) of the Customs Act reads:—

Any collector or other proper officer may receive from any person charged with any contravention of this Act, although no seizure of goods has taken place, a sum in money equal to the full amount of the penalty or forfeiture to which he may be liable for such contravention, to be determined by the collector or other proper officer, together with the estimated costs of the proceedings in the case.

Deposits accepted by customs officers are frequently less than the penalty or forfeiture to which persons may be liable under various penalty sections in the Act. An illustration is an undervaluation case. The value entered was \$27,200.25, whereas the value subsequently determined was \$34,207.37. The deposit accepted was \$4,374.21, computed as follows:—

Double the duty short-paid on suppressed invoices and charges .....	\$ 3,574 02
Duty short-paid on undervaluation of labels and paper boxes .....	74 29
War exchange tax and excise tax short paid .....	725 90
	<hr/>
	\$ 4,374 21

Section 203 of the Act provides that the penalty in such a case is to be equivalent to the value of the goods in question, together with an additional penalty equal to the value of such goods. By section 2 (g) of the Customs Act, "value" for the purpose means the duty paid value. Computed on this basis, the penalty imposed should have been \$85,615.48. The Department's view is that literal application would result in unnecessary hardships and inconvenience, and

that its practices adequately safeguard the public interest. If such be the case, the text of the various penalty sections may merit legislative consideration, for a consequence of present practice is to substitute the opinion of a collector for the exercise of a discretion by the Minister, as vested in him by section 174 of the Act. By that section, after the Deputy Minister makes a report, the Minister may

either give his decision... and the terms, if any, upon which the thing seized or detained may be released or the penalty or forfeiture remitted, or may refer the same to the court for decision.

### Refunds and Remissions

29. Section 50 (2) of the Consolidated Revenue and Audit Act, 1931, directs that attention be drawn to refunds or remissions of any tax, duty or toll made on the authority of an Act of Parliament.

30. Refunds and remissions of customs duties, excise duties and excise taxes were made during the year, in amounts totalling \$951,259.32, exclusive of refunds and remissions to Government departments and Crown corporations, agencies of other governments, and religious, educational and other non-profit institutions. Those involving sums of less than \$1,000 totalled \$10,981.40. The others were:—

31. In Para. 64 of last year's report, attention was drawn to an order in council of October 18, 1944, "because it may be that it trenches on the field of Parliament". The order in council authorized remission of excise duty, in excess of \$1.50 per proof gallon, on spirits distilled from wine produced at a registered winery from native fruits, when the spirits were used exclusively by licensed wine manufacturers. Parliament in 1946 amended the Act; but not to the extent necessary to meet a like objection which may be taken to Order in Council P.C. 1/6361 of October 2, 1945—cited as made under the authority of section 33 of the Consolidated Revenue and Audit Act, 1931. The Order in Council remits excise duty in excess of \$1.50 per proof gallon on "grain" spirits used "exclusively by wine manufacturers

licensed under the Excise Act and regulations as bonded manufacturers, for production of native wine". The following is a list of remissions during the year to manufacturers concerned:—

Acme Wine, Toronto, Ont. ....	\$ 20,241 27

32. Refunds and remissions of income and excess profits taxes of specified amounts, made by the Governor in Council with respect to 1945 and prior taxation periods, where amounts involved exceeded \$1,000, were:—

Name	Taxation Period	Amount
Anderson, P. M. ....	1940 to 1942	\$ 1,581 02
British Columbia Sugar Refining Limited ....	1943, 1944	120,690 58

33. Remissions, without the tax amount being established, were authorized by the following orders in council:—

P.C. 170/3859 of May 30, 1945, in favour of J. C. Kaufman, with respect to the indemnity received in the 1944 period, as Associate Delegate in Canada of the International Red Cross Committee of Geneva.

P.C. 171/3859 of May 30, 1945, in favour of E. L. Maag, with respect to the indemnity received in the 1943 and 1944 taxation periods, as Delegate in Canada of the International Red Cross Committee of Geneva.

P.C. 64/4488 of June 23, 1945, in favour of 163 employees of the Inspection Board of the United Kingdom and Canada, with respect to salaries and living allowances received in the 1942 period while stationed in the United States.

P.C. 266/5928 of September 8, 1945, in favour of Miss A. A. Carter, with respect to living allowances received in the 1942 and subsequent periods, while acting as Secretary Assistant to the Representative of the Canadian Shipping Board, Washington.

P.C. 151/6976 of November 17, 1945, in favour of Ventures Limited, with respect to part of a dividend of \$263,088.32 received from La Luz Mines Limited in the 1945 period.

P.C. 160/7050 of November 23, 1945, in favour of 30 members of Boards of Review under the Farmers' Creditors Arrangement Act, with respect to per diem living allowances received in the 1940, 1941 and 1942 periods.

P.C. 99/9 of January 4, 1946, in favour of Colonel H. DesRosiers, with respect to one-half of the pay and allowances received in the 1939, 1940, 1941 and 1942 periods.

P.C. 123/326 of February 1, 1946, in favour of E. A. Maginnes, with respect to the lump sum payment of \$2,211.85 received in the 1944 period, on retirement from the Royal Canadian Mint.

34. Refunds or remissions to classes of persons, with effect in 1945 and prior taxation periods, were authorized during the year in favour of:—

- (a) unmarried radio commentators and technicians of the Canadian Broadcasting Corporation, while serving outside of Canada, with respect to living allowances received by them in 1940 and subsequent taxation periods, subject to a maximum of \$60 per month in 1943 and subsequent periods (Order in Council P.C. 205/5928 of September 8, 1945);

(b) Canadian-engaged employees of the Inspection Board of the United Kingdom and Canada, while serving in the United States, with respect to living allowances received by them in 1943 and subsequent periods (Order in Council P.C. 65/4488 of June 23, 1945).

35. Five orders in council of 1943 and 1944 (noted in previous reports) were of a nature as to continue into the 1945 taxation period, refunds and remissions with respect to levies on certain individuals and corporations. Included were persons performing duties in Washington, the relief being with respect to living allowances.

36. Allowances made to various companies, by reason of agreements entered into on the authority of section 8 of the War Exchange Conservation Act, are not now listed as the agreements have already been laid before the House of Commons. These agreements permit accelerated depreciation deductions from income. The largest is related to the agreement with International Nickel Co. of Canada Limited, authorized by Order in Council P.C. 5768 of July 31, 1941. It provides that a special allowance of up to \$5,000,000 in each of the taxation periods 1941 to 1945 be made with respect to special depreciation on the Company's mines and facilities for producing nickel-bearing ore at an increased rate. In 15 other cases special annual allowances in effect during the year ranged from \$2,800 to \$195,000. No new agreements were entered into during the year under review, apart from one amending, in minor degree, an earlier agreement.

37. Refunds or remissions to classes of persons, authorized in previous years and having continuing application to the 1945 taxation period, comprise those in favour of:—

- (a) Non-residents, with respect to payments made to them by way of royalties, or in respect of technical assistance or data, under contracts entered into by the Department of Munitions and Supply or Canadian suppliers (Order in Council P.C. 5706 of July 19, 1943, as amended by P.C. 1291 of April 5, 1946). The authorizing Order cited the fact that each of the contracts then in force "contains a term to the effect that payments thereunder are to be made without deduction of Canadian income tax or that, if any deduction is made, payments thereunder will be increased to such amount, as after making the deduction, will result in the payee receiving the amount specified in the contract".
- (b) Farmers, with respect to any additional tax found due by reason of including the amount received from the encashment of wheat participation certificates with their other income in the year of encashment, over and above the tax which would have been claimed if they had been taxable in the year of receipt of the certificates (Order in Council P.C. 6020 of August 1, 1944).
- (c) Employees of the Air Service Division of the Department of Transport, while serving in Newfoundland and Labrador, with respect to living allowances received by them (Order in Council P.C. 103/7934 of October 14, 1944).
- (d) Representatives, officials or other employees of the United Nations Relief and Rehabilitation Administration, with respect to official salaries, allowances or other emoluments received from the Administration (Order in Council P.C. 9132 of December 15, 1944).

38. A remission of succession duty of \$3,308.81 was made during the year in favour of the Chancellor of the Exchequer of the United Kingdom, in respect of a bequest of the residue of his estate by the late William Frederick Robinson.

39. The Minister of Finance, at the conclusion of his budget speech on October 12, 1945, gave notice of resolutions to effect changes in Schedule A of the Customs Tariff, one being:—

Resolved, that any enactment founded upon the foregoing resolutions...shall be deemed to have come into force on the thirteenth day of October, one thousand nine hundred and forty-five, and to have applied to all goods mentioned in the foregoing resolutions imported or taken out of warehouse for consumption on and after that date, and to have applied to goods previously imported for which no entry for consumption was made before that date.

Although the Department of National Revenue has long taken notice of budget resolutions and applied new rates in anticipation of legislation, as it did in this case, it has no statutory authority so to do. It has not the benefit of legislation such as in the United Kingdom, where the Provisional Collection of Taxes Act, 1913, and section 6 of the Finance Act, 1926, permit application of new rates before assent is given to amendments in taxing statutes. On November 12, 1945, the Customs Tariff resolutions were withdrawn. Order in Council P.C. 131/7157 of November 30, 1945 (made under the authority of section 33 of the Consolidated Revenue and Audit Act, 1931) authorizes refund or remission of the difference between the duties paid and those which would have been payable if the Budget Resolutions had not been introduced.

## APPROPRIATION ACTS

40. Amounts made available by parliamentary appropriations, disbursements therefrom and the lapsed balances are:—

41. The following departments had lapsings of over \$500,000 in annual Appropriation votes:—

Agriculture .....	\$1,974,005 34
Finance .....	1,176,382 32
Fisheries .....	1,035,444 60
Justice .....	704,029 01
Labour .....	2,115,926 38
Mines and Resources .....	2,495,850 19
National Health and Welfare .....	1,692,841 70
National Revenue .....	750,144 08
Post Office .....	3,826,610 97
Public Works .....	5,484,627 36
Reconstruction and Supply .....	3,588,924 73
Royal Canadian Mounted Police .....	623,005 34
Trade and Commerce .....	1,259,165 35
Transport .....	3,078,942 19
Veterans Affairs .....	39,914,090 55

The principal votes were:—

*Agriculture.*—Votes 25, 442 and 650 provided \$870,323.31 for subsidies for cold storage warehouses. Of this amount, \$620,884.66 lapsed.

*Finance.*—Vote 424 provided \$1,000,000 for the payment of any amounts owing in respect of the Dominion's share of advances, not exceeding \$3,200 per house, made jointly with approved lending institutions for the construction of new houses, and for the payment of losses in connection with the National Housing Act. Of this amount, \$677,148 lapsed.

*Justice.*—Votes 101 and 471 provided \$3,750,453 for the operation and maintenance of penitentiaries. Of this amount, \$558,018.40 lapsed.

*Labour.*—Votes 111 and 477 provided \$6,692,700 for administration of the Unemployment Insurance Act. Of this amount, \$507,735.85 lapsed.

Vote 112 provided \$13,500,000 for the Government's contribution to the Unemployment Insurance Fund. Of this amount, \$986,221.34 lapsed.

*National Health and Welfare.*—Vote 209 provided \$2,392,070 for family allowance administration expenses. Of this amount, \$670,973.10 lapsed.

*National Revenue.*—Vote 227 provided \$11,075,604 for the expenses of district offices of the Income Tax Division. Of this amount, \$505,566.72 lapsed.

*Post Office.*—Vote 234 provided \$14,651,279 for railway mail service. Of this amount, \$1,152,837.87 lapsed.

Vote 235 provided \$19,862,725 for air and land mail services. Of this amount, \$2,138,508.48 lapsed.

*Public Works.*—Vote 251 provided \$900,000 for the purchase of the Royal College of Physicians Building, London, England. The whole amount lapsed.

*Reconstruction and Supply.*—Vote 308 provided \$1,500,000 for departmental administration, including expenses incidental to organization. Of this amount, \$604,076.56 lapsed.

Vote 180 provided \$4,500,000 for payments in connection with the movements of coal. Of this amount, \$2,596,916.46 lapsed.

*Royal Canadian Mounted Police.*—Votes 313 and 576 provided \$7,000,647.40 for land services arising out of the Royal Canadian Mounted Police Act, enforcement of Federal Statutes generally, and other incidental expenses. Of this amount, \$576,578.60 lapsed.

*Transport.*—Votes 387 and 600 provided \$2,578,900 for the construction and improvement of airways and airports. Of this amount, \$1,332,647.52 lapsed.

*Veterans Affairs.*—Vote 400 provided \$4,741,431 for rehabilitation services. Of this amount, \$1,351,566.10 lapsed.

Votes 401 and 608 provided \$13,982,361 for treatment services. Of this amount, \$4,086,500.14 lapsed.

Vote 408 provided \$11,000,000 for War Veterans' Allowances. Of this amount, \$2,196,111.05 lapsed.

Votes 418 and 616 provided \$3,785,740 for administration of Soldier Settlement, British Family Settlement, General Land Settlement and Veterans' Land Act. Of this amount, \$653,849.07 lapsed.

Vote 617 provided \$1,500,000 for the payment of grants to veterans settled on provincial lands in accordance with agreements with provincial governments under the Veterans' Land Act. The whole amount lapsed.

Vote 426 provided \$55,000,000 for purchase of land, improvements, stock and equipment under the Veterans' Land Act. Of this amount, \$28,958,789.71 lapsed.

Parliament's control over public money is, to a degree, dependent on the efficiency employed in calculating estimates. Attention is therefore drawn to the fact that with respect to comparable votes, \$26,258,295.96 lapsed in 1944-45 and \$43,572,665.97 in 1945-46.

42. In addition to expenditures incurred under the authority of annual Appropriation Acts, payments totalling \$846,033,302.64 were made under the authority of various statutes which authorize charges to Consolidated Revenue Fund without further appropriation. The principal items were:—

Interest on Public Debt .....	\$409,134,501 56
Cost of Loan Flotations and Annual Amortization of Bond Discounts and Commissions .....	22,310,719 73
Old Age Pensions .....	33,715,092 01
Subsidies to Provinces .....	14,446,629 22
Dominion-Provincial Taxation Agreement Payments .....	98,051,768 64
Family Allowances .....	172,632,146 98

43. Loans, advances and investments totalling \$166,679,598.79 were made under the authority of the following statutes:—

Bretton Woods Agreements Act, 1945 .....	\$ 69,062 50
Canadian Farm Loan Act, c. 66, R.S. ....	2,100,000 00
Canadian National Railways Financing and Guarantee Act, 1940 .....	79,645 09

National Housing Act, 1944 .....	1,160,461 31
Surplus Crown Assets Act, 1944 .....	1,293,074 09

\$166,679,598 79

44. The War Appropriation Act, 1945, and the War Expenditure and Demobilization Appropriation Acts, 1945, granted \$3,365,000,000 (subject to allotment by Treasury Board) to defray expenditures and to make loans and advances. Expenditures for general war and demobilization purposes, including \$720,894,100 for United Nations Mutual Aid, totalled

\$3,254,319,108.04, while loans and advances amounted to \$19,215,773.96. The latter consisted of:—

Dawson Creek Sewage Disposal .....	\$ 34,606 37
Eldorado Mining and Refining (1944) Ltd. ....	2,943,178 32
Polymer Corporation Limited .....	3,524,189 12
Purchase of railway equipment leased to Canadian National Railways— 1946 Agreement .....	11,399,341 48
Steep Rock Iron Mines, Limited, Development .....	778,318 12
Wartime Food Corporation Limited .....	289,431 76
Welland Chemical Works Ltd. ....	246,708 79
	<u>\$ 19,215,773 96</u>

45. Section 3 of the War Expenditure and Demobilization Appropriation Act, No. 2, 1945, reads:—

3. (1) The Government of Canada may act as the agent of the Government of any British or foreign country allied with His Majesty for any purpose which, in the opinion of the Governor in Council, will aid directly or indirectly in the prosecution of the War, and any obligations or costs incurred temporarily or assumed by the Government of Canada in the exercise of the powers hereby conferred may be paid out of any unappropriated moneys in the Consolidated Revenue Fund.

(2) Any expenditure required to be made by the Government of Canada under any contract for munitions of war and supplies entered into by the Government of Canada for the purpose of enabling any company wholly-owned by the Government of Canada to fulfil its obligations in respect of orders received by such company from the government of any British or foreign country allied with His Majesty may be paid out of any unappropriated moneys in the Consolidated Revenue Fund.

Advances totalling \$840,916,970.11 were made under the authority of this section to:—

Australia .....	\$ 1,068,459 68
Belgium .....	2,020,971 00
France .....	86,985,135 77
Netherlands .....	10,477,842 93
Union of Soviet Socialist Republics .....	8,819,032 06
United Kingdom .....	31,545,528 67
Foreign Exchange Control Board .....	700,000,000 00
	<u>\$840,916,970 11</u>

The section has been part of the annual War Appropriation and War Expenditure and Demobilization Appropriation Acts since 1939, and it has been utilized each year. Consequently, as at March 31, 1946, the cumulative amount recoverable was \$1,723,091,838.51 from the following:—

Australia .....	\$ 1,086,207 95
Belgium .....	2,021,551 63
France .....	88,330,865 80
Netherlands .....	12,935,240 50
Union of Soviet Socialist Republics .....	8,843,876 26
United Kingdom .....	57,542,622 42
United States of America .....	2,281,622 24
Other Governments .....	49,851 71
Foreign Exchange Control Board .....	1,550,000,000 00
	<u>\$1,723,091,838 51</u>

46. Of the \$1,800,000,000 appropriated by the War Appropriation (United Nations Mutual Aid) Acts, \$1,715,948,923.09 had been spent to March 31, 1945. This left \$84,051,076.91 available for expenditure in 1945-46. Disbursements totalled \$84,044,600.46. In addition, amounts totalling \$725,894,100 were allotted from the War Appropriation, 1945, for the purposes of United Nations Mutual Aid. Payments totalled \$720,894,100. The \$5,000,000 balance lapsed at the year-end.

Mutual Aid assistance ceased as of September 1, 1945. At that time various items of industrial equipment were under contract for delivery to the Union of Soviet Socialist Republics. Subsequently, in anticipation of a suitable financial arrangement, shipments were made of goods, but no agreement being made, outstanding contracts were cancelled. The sum involved, \$3,302,765.63, remained a charge to the Mutual Aid appropriation.

47. Amounts totalling \$239,585,488.75 were paid out under the authority of the War Service Grants Act for war service gratuities and re-establishment credits. In the previous fiscal year payments totalled \$20,228,354.53 and were classified as ordinary expenditures.

48. The United Kingdom Financial Agreement Act, 1946, approves an agreement dated March 6, 1946, between the Government of the United Kingdom and the Government of Canada, which provides for the cancellation of certain obligations of the United Kingdom in connection with the British Commonwealth Air Training Plan. This net liability of \$425,000,000 was written off and charged to expenditures.

50. *Vote 35*.—Section 9(*h*) of the Public Works Act vests in the Minister of Public Works the management, charge and direction of

All other property which now belongs to Canada and the works and properties acquired, constructed, extended, enlarged, repaired or improved at the expense of Canada, or for the acquisition, construction, repairing, extending, enlarging or improving of which any public money is voted and appropriated by Parliament, except works for which money has been appropriated as a subsidy only, and every work required for any such purpose.

*Vote 35*, "Agricultural Research Special Projects", granted \$200,000. This is subdivided by the Details into: wages \$57,000, equipment \$53,000, supplies and materials \$67,000, travelling expenses \$14,000, freight, express and cartage \$5,000, telephones, telegrams and postage \$2,000, and miscellaneous \$2,000. Order in Council P.C. 11/6637 of October 24, 1945, authorized the Department of Agriculture to enter into a \$16,935 contract for the erection of an engineering laboratory at Swift Current as a charge to the vote. Attention is drawn to the transaction because the text of the vote is not of a nature as to convey an intent to apply it to constructing buildings, and no documents were produced during the audit to signify that the Minister of Public Works had delegated his responsibility to the Department.

51. *Votes 103 and 229*.—A grant of \$5,000 to the Frontier College was approved by Order in Council P.C. 93/6637 of October 24, 1945, and charged to the Department of Labour Administration vote under the subhead "Sundries". Attention is drawn to the transaction because the payment is not one which clearly relates to "Departmental Administration". The transaction also presents a question as to the extent of the authority of the Governor in Council to make grants to non-public bodies. Ordinarily, such grants are made by specific vote, or the intent to make a grant is set out in Estimates' Details. Another small grant is a charge to *Vote 229*. That vote provided \$77,950 for the administration of the Canadian Travel Bureau. A grant of \$200 was made to the Canadian Association of Tourist and Publicity Bureaus. The payment differs from that to the Frontier College, in that it was made without the Governor in Council authorizing the payment.

52. *Vote 108*.—The Department of Labour Act, c. 111, R.S., instructs the Minister of Labour to collect, digest and publish statistical and other information relating to the conditions of labour. Publication is by the *Labour Gazette*. The practice was early adopted of engaging correspondents to collect information for the editors of the *Gazette*, but since 1943 the compilation has been by the Bureau of Statistics and other divisions of the public service. Audit

inquiry failed to disclose any use being made of reports now received from the correspondents. Nevertheless, in the fiscal year 39 correspondents were paid \$6,418.18; of this amount, \$903.18 represents cost of living bonus payments.

53. *Vote 111.*—This vote provides for the "administration" of the Unemployment Insurance Act, 1940. Moneys for the payment of benefits are a charge to the Unemployment Insurance Fund. Some benefit payments are made in cash. On December 10, 1945, a cheque was cashed to provide a Montreal office with money to pay benefits. A hold-up resulted in a \$4,500 loss. The Fund was replenished by a payment out of Vote 111. Attention is drawn to the payment as losses of this nature are not provided for by the legislation. In other words, it may be either a cost incidental to administration or a capital loss.

54. *Vote 230.*—On December 22, 1945, the National Film Board engaged the services of the organist and choir of Christ Church Cathedral, Ottawa, to make a recording for a film. The direct cost was \$93: 16 singers \$48, and organist's fee \$45. Later the Ottawa Federation of Musicians sent the Board the following:—

May this serve as a bill for a standby organist in respect to your using Godfrey Hewitt for a film recording. The amount due to this federation is \$60.

The \$60 was paid. The explanation provided is that, as the organist who took part in the recording was not a union member, a standby organist, provided by the union, was necessary. Files do not disclose the name of the standby organist, his attendance during the recording nor the liability of the Board for such a charge.

Order in Council P.C. 5528 of August 9, 1945, accepts as of October 31, 1945, the resignation of John Grierson, Government Film Commissioner. On January 24, 1946, the London office of the National Film Board paid Trans-Canada Air Lines £85 for the trans-Atlantic passage of Mr. Grierson from Prestwick to Montreal. The expenditure is recorded as a charge to Vote 230 although Mr. Grierson was no longer in the service of the National Film Board when the trip was made.

55. *Vote 250.*—It became necessary in 1944 to provide accommodation for the Post Office at Brooklyn, N.S. The Department of Public Works arranged for the rental of space (which had been used as a restaurant) for a period of one year from July 29, 1944, with the option of renewing for a further period of one year. The rental was \$50 per month, subject to approval by the rental administrator. He set the rent at \$25 per month. The owner refused to sign a lease. The Crown had taken possession and in 1945 gave notice that the option to renew was being exercised. Order in Council P.C. 238/1046 of March 22, 1946, authorized the Department of Public Works to pay the owner \$500 as "compensation for disturbance of business", in addition to the rental of \$25 per month. Upon receipt of this payment the owner signed the lease. Rental of \$525 for the period July 29, 1944, to April 30, 1946, was paid in May, 1946.

56. *Vote 269.*—In the examination of Public Works Department's records, instances were observed where payments, totalling \$7,377.60, had been made to suppliers prior to completion of work or delivery of material. The contracts involved were among those awarded near the end of the fiscal year. Payments in some instances were from 60 to 80 per cent of the full price. The Department's explanation was that this was done "so that we may pay a percentage out of funds now available for fiscal year" (1945-46).

57. *Vote 309.*—In addition to moneys appropriated for its services, the National Research Council, under authority of section 10 (a) of the Research Council Act, c. 177, R.S., expends moneys received through bequests, donations or otherwise. Such receipts are credited to special accounts, transfers therefrom being made to the vote or fund in need of supplementary aid. A summary of the transactions recorded in these accounts during the year is:—

Balances, March 31, 1945 .....		\$1,453,662 61
Receipts—		
Contributions from private firms, revenues arising from research work, royalties, bond interest, etc. ....	\$ 485,001 59

Outstanding collectible amounts at March 31, 1946, totalled \$89,782.08.

58. *Vote 337*.—An Act of the Legislature of Ontario, respecting Hours of Work and Vacations with Pay, provides that every

employee in an industrial undertaking shall be given a vacation of at least one week with pay for every working year of his employment.

Regulations provide that, in the construction industry, employees be provided with a vacation-with-pay stamp book to which credit stamps (equivalent to 2 per cent of earnings) are to be attached weekly. The employee is to present the book annually to any provincial savings office or branch of a chartered bank and receive cash equivalent to the stamps. The Exhibition Branch of the Department of Trade and Commerce intermittently employed workmen who would be eligible to receive the benefits of the Act were they not employed by the Government of Canada. Stamps to the value of \$129.61 were purchased as a charge to this vote. The practice was discontinued at the fiscal year-end.

59. *Vote 418*.—Construction was undertaken in 1945 of approximately 2,200 houses for purposes of the Veterans' Land Act. Practising architects were commissioned to prepare 22 designs. The fee was generally \$160, this giving the Department the right to use a design 16 times. After that, \$10 was paid the architect for each time a design was used. The architects had no responsibility with respect to actual construction. The \$10 fee was paid 1,437 times with respect to 7 designs. Therefore, in addition to the initial fee, four architects received \$14,370 for seven plans. The Department has since acquired the designs under an arrangement which permits use without further payment.

60. *Vote 426*.—In May, 1945, tenders were invited by the Director of the Veterans' Land Act for the construction of 9 houses at Boucherville, Que. Bids, ranging from \$45,884 to \$70,200, were rejected as excessive. On August 30, 1945, a contract was made with the contractor who had submitted the lowest firm price bid. This contract called for the construction of 17 houses at cost, with the contractor receiving \$175 per unit for his services. In the fiscal year \$87,018.10 was paid by way of progress payments. Administrative officers advise that this contract is under investigation; consequently the payments have been accepted in the audit subject to that qualification. Further claims of \$103,820.85 with respect to the contract were, at the time of audit, in the Department.

61. *Vote 538*.—The Department of National Revenue contracted in British Columbia for a harbour boat engine. A contractor's invoice dated March 31, 1946, for \$14,137 was paid on April 30 as a charge to 1945-46 appropriations, although delivery had not been made in the fiscal year and the contract required acceptance to be contingent upon issue of a certificate of the Steamship Inspection Service of the Department of Transport. This certificate bears the date May 14, 1946. Section 30 of the Consolidated Revenue and Audit Act, 1931, prohibits payments under contracts until

in addition to any other voucher or certificate which is required in that behalf, the deputy minister or other officer charged with the administration of the particular service, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by contract, is fair and just.

Under the circumstances, the payment charged to 1945-46 appropriations may not be regarded as maturing within that year.

62. *Flax Subventions.*—Order in Council P.C. 6,2969 of April 25, 1945 (made under the authority of the War Measures Act) authorizes:—

That a sum equal to 33½ per cent of the purchase price be paid to processors who have equipped their mills with turbine and tow scutching machines manufactured in Canada, purchased between 1st January, 1940, and 31st March, 1945; and that this sum be paid upon evidence of purchase under conditions satisfactory to the Flax Fibre Administrator of the Agricultural Supplies Board . . .

\$220,000 was allotted from War Appropriation and \$173,843.72 was disbursed in the fiscal year. The administrative application given to the order in council has been to regard the essential test as being that applicants equipped their mills during the period designated. An alternative application of the order in council might be to regard it as relating only to equipment forming an integral part of establishments as of the date of the order in council. For that reason, attention is drawn to the fact that payments were made on machines which, prior to the date of the Order, were destroyed by fire. In those cases, proceeds of insurance adjustments were taken into calculation in determining subsidy payment. There is also the case of a company which installed machinery in January, 1941, at a cost of \$5,886.62, but later sold it for export to Peru. In its application, the company represented that it had suffered a loss of \$4,220.36. A subsidy payment of \$1,962.21—one-third original cost—was made.

63. *Damage to Merchant Shipping.*—By an Exchange of Notes in May, 1943, it was agreed by the Governments of the United States and Canada that each waive against the other claims arising from collisions between vessels of war. Order in Council P.C. 105/1326 of April 6, 1946, recites that it was being arranged that the plan be extended to all claims involving merchant shipping. Claims against Canada were estimated to approximate \$4,000,000 and those against the United States, \$650,000. Because of these facts, the order in council states that a claim of Park Steamships Limited against the United States was \$250,000, and that of Canadian National Steamships \$119,000. The order in council authorizes these sums to be paid the companies as a charge to "Naval Service Appropriation". Attention is drawn to this direction, because (a) the agreement was between Governments; (b) the damage was done by United States' ships, and (c) no act of negligence on the part of the Royal Canadian Navy is associated with the particular claims. While the expenditure is within the scope of the War Appropriation Act, the associating of the outlay with the operations of the Canadian naval service has the effect of distorting the actual cost of operating that service.

64. *Restoration of Leased Properties.*—A usual condition in wartime leases of land and buildings was that the Department of National Defence should return the property in the same condition as when taken over, reasonable wear and tear excepted. Some properties were restored to original condition. In other cases, owners were paid an amount estimated to be that required to recondition their property. In cases where buildings were erected on leased properties, settlements with respect to restoration costs have taken alternative forms:—

- (a) buildings and installations were left *in situ* in consideration of a complete release; or
- (b) a deduction was made from the estimated restoration costs of the salvage value (usually 10 per cent) of Crown erected buildings, the balance of the compensation being paid in cash.

65. *Air Training Schools.*—Fifteen final inspections were made of accounts at civil-operated flying schools of the R.C.A.F. The attention of administrative officers has been drawn to the necessity of operators satisfying the Department that all savings in operating expenses and moneys belonging to canteen and station-benefit funds were distributed in accordance with the terms of the agreements with the Crown. The schools were issued a "closing allowance" of \$2,200. As of the fiscal year-end, a complete accounting of these advances had not been made by all schools.

66. *Settlements of Munitions Contracts.*—The Department of Reconstruction and Supply advises that 6,218 companies and persons have been requested to submit information relative to renegotiations and that preliminary examinations indicate that a comprehensive review should be made in 2,578 cases. As of April 30, 1946, the Minister had received, or arranged for, recoveries of \$384,747,911 from contractors. In some instances voluntary refunds were made. In other cases the contracts were renegotiated under the powers vested in the Minister. Settlements were also effected in various contracts based on "ceiling prices". Approximately 80 per cent of the \$384,747,911 involves adjustments of Excess Profits Tax payments. At the year-end, accounts receivable amounted to \$117,673,806.99. Refunds collected have not all been credited to the account, "Special Receipts War Revenue". Whenever information as to the related contract is temporarily insufficient, a practice is to credit the money to an open account in Consolidated Revenue Fund.

On May 30, 1942, the United Kingdom Government contracted with Ottawa Car and Aircraft Limited for the production of 1,000 Mark III Vickers machine guns, less barrels and spare parts. Subsequently the contract was assumed by the Canadian Mutual Aid Board. On October 31, 1943, it was cancelled after production advances totalling \$1,148,707.55 had been made to the Company. At the year-end no accounting had been made of the advance nor a settlement effected, but on July 9, 1946, the Governor in Council authorized a settlement. This involved a further payment of \$126,292.45 being made to the contractor.

In the year sales were effected of various plants which had been constructed for the production of munitions. Inventories were not invariably taken of the plant, equipment, stores, etc., transferred when sales were made on an "as is" basis. For such reasons, the records of the Department's central inventory records division may not now be regarded as reliable or up to date.

67. *National Housing Administration.*—Section 32 of the Central Mortgage and Housing Corporation Act provides that auditors of the Corporation be appointed by the Governor in Council. The Audit Office ceased examination of transactions as of January 1, 1946. Most of the construction work relating to the home conversion plan had then been completed. The public outlay will not be fully recovered in many cases, due to conversion costs materially exceeding the estimates on which rental rates were calculated. An example is a property on St. Jean Street in the City of Quebec. In order to provide 24 apartments, an agreement was made for a conversion plan estimated to cost \$70,000. The Crown was to pay \$36,000 and the owner \$34,000. The actual cost of the work was \$107,766.51, including equipment, etc., of which the Government's share was \$73,766.51. Assuming operating costs remain constant and the property is continuously occupied over the period of the agreement at existing rental rates, there will be a loss of about \$27,750 at the end of the agreement.

It was estimated that \$25,000 would be the cost of converting a property on Burnaby Street, Vancouver, into 12 apartments. The Crown's investment was to be \$16,000, the owner to pay the balance. The owner paid \$9,000 and the Regional Director gave a receipt stating it was payment in full for all liability of the owner. The final cost of the work was \$33,608.90. The owner contests liability for the \$8,608.90 excess which was paid by the Department to the contractor.

A property on West 14th Avenue in Vancouver was leased in November, 1943, and a contract let to convert it into 6 apartments. Little construction work was done and in July, 1944, a new agreement was executed. An increase of \$3,000 in the cost was involved, the owner agreeing to contribute the amount. Work proceeded slowly and in March, 1945, the National Housing Administration Regional Director gave notice of cancellation of agreements. The owner and contractor contested the action taken. Negotiations resulted in an agreement, authorized by Order in Council P.C. 4450 of June 22, 1945, whereby the owner and contractor jointly accepted \$4,000 in full settlement of all claims. The project was then abandoned.

Order in Council P.C. 7499 of December 28, 1945, transferred, as of January 1, 1946, the administration of the Home Conversion Orders to the Central Mortgage and Housing Corporation, and P.C. 7502 of the same date transferred the administration of Emergency Shelter Regulations to the Corporation. As of December 31, 1945, the National Housing Administration had six permanent employees. Three of these were transferred to the Corporation and two were assigned to other duties in the public service. The sixth, the Director of Housing, was granted three months' retiring leave on March 1. His position was abolished and on April 17, 1946, by Order in Council P.C. 76/1523, he was granted an annual allowance of \$1,174 and retired from the public service as of June 1. As of that date he was 50 years of age, with 10 years and 8 months' service.

68. *Transactions with War Assets Corporation.*—This Corporation adopted the practice of charging departments which purchased surplus Crown assets. Expenditure statements for the fiscal year 1945-46 include payments by departments to the Corporation. The largest were: National Defence (Army) \$9,289,908.50, and R.C.M.P. \$1,952,605.89. After the close of the fiscal year an opinion given by the Deputy Minister of Justice was to the effect that no authority existed for such payments to the Corporation, as it acts merely as the agent of His Majesty and consequently no sale could be effected by the Corporation to a department of the Government of Canada. On this opinion coming to the notice of the Treasury Board, it issued this direction:—

The Board are of opinion that it is desirable to continue the principle of payment for supplies and equipment purchased by Departments from War Assets Corporation, and direct that in future such payments be credited direct to Miscellaneous War Receipts.

By agreement with the Government of the United States, various defence projects constructed in Canada were acquired by the Government of Canada. War Assets Corporation was directed to appraise, take possession, pay the United States and dispose of the property. Included were hospital facilities at Dawson Creek, B.C. By Order in Council P.C. 793 of February 20, 1945, the Department of Veterans Affairs was authorized to acquire these "to provide hospital accommodation in that locality" for patients of the Department and of the Department of National Defence for Air. The cost was to be \$68,000. The R.C.A.F. withdrew its request for hospital facilities, and further investigation caused the Department of Veterans Affairs to decide it was both uneconomical and unnecessary to maintain a hospital at Dawson Creek. However, to provide War Assets Corporation with funds to pay the United States Government the appraised value of the property, the Department paid \$68,000 to the Corporation in October, 1945, simultaneously declaring the property surplus to departmental requirements; whereupon the property was consigned to the Corporation for re-disposal. Attention is drawn to the \$68,000 charge to Veterans Affairs accounts because the outlay was not used to provide a departmental service.

Expenditures of the Canadian Mutual Aid Board include payments for munitions and supplies which became surplus to its requirements with the ending of hostilities. Generally, physical possession was vested in various branches of the Services. Therefore, until War Assets Corporation certifies as to deliveries made to it, the stores position of the Board cannot be exactly established. The records of the Board disclose that from November, 1945, to the end of February, 1946, the Board consigned to the Corporation munitions and supplies to the book value of \$251,082,238.69 without formal receipts being delivered by War Assets Corporation. Of this total, approximately a third is related to automotive vehicles, spares, etc. Other major groups are: weapons and parts \$64,570,880.19; ammunition \$43,110,543.48; radar \$23,573,857.03; railway flat cars \$7,319,896.82 and barges and lighters \$7,269,157.97.

Various contracts for automotive vehicles were cancelled when Mutual Aid assistance was discontinued on September 1, 1945, but contracts for relative tires and tubes were continued because advances, varying from 80 per cent to total cost, had been made to contractors. The contracts included the usual inspection clause. The goods were declared surplus Crown assets. In January, 1946, apparently at the instance of War Assets Corporation, the contracts were amended by deleting the inspection provision. Therefore, no inspection was made of the goods when the contractors made deliveries on order of War Assets Corporation. No certificate was produced during the audit to establish that deliveries were in accordance with contract.

69. *Wartime Prices and Trade Board.*—Commencing in November, 1939, fees of clerks of the peace, incurred by enforcement counsel and agents of the Wartime Prices and Trade Board in connection with prosecutions in the Province of Quebec, were paid on the basis of the provincial tariff. In 1945 the Supreme Court of Canada decided that all fees paid to provincial officers in respect of proceedings under Part XV of the Criminal Code be in accordance with the scale provided by section 770 of the Criminal Code. The provincial scale is higher than that provided by the Criminal Code. No recovery of overpayments was effected in the fiscal year.

70. *Family Allowances Act.*—By section 2, "any person who is in Canada contrary to the provisions of the Immigration Act" shall not be eligible for benefits under the legislation. It is an administrative estimate that child allowances are in payment with respect to over four thousand children who, on entry into Canada, were not recorded in accordance with the provisions of the Immigration Act. At the year-end, investigations of these cases were proceeding. Allowances were being paid upon proof of age and residence qualifications being established to the satisfaction of administrative officers.

Applications for family allowances are not required to be supported by proof of age as a prerequisite to the commencement of payments. An unattested declaration by the parent is accepted, which later is verified from birth records furnished by provincial authorities. This verification, as at July 1, 1946, has been nearly completed with the exception of the Province of Quebec. In this Province it is not expected that its records will be furnished until the late Fall so that verification will not be completed until after payments have been in issue for possibly up to two years.

71. *Payments to Service Personnel.*—A review of accounting procedures with respect to awards and payments under the Dependents Allowance Regulations disclosed that the system was not sufficiently flexible to cope with the heavy volume of discharges following the end of hostilities. A considerable number of overpayments occurred because of failure to stop payments to dependents following discharge of personnel from the Army and R.C.A.F. or on award of pension to dependents of deceased R.C.A.F. personnel. Due to the fact that the

records of assignments for insurance, War Savings Certificates and Victory Bonds, and also those relative to cash receipts and overpayments, were not up to date, an audit of these accounts was not completed. Steps were being taken at the year-end to improve controls. As of March 31, 1946, departmental accounts record overpayments of \$2,171,336.83. This amount is not regarded as other than approximate, as postings of overpayments and of recoveries were in arrears.

Examinations of war service gratuities' payments disclosed instances of final payments having been made before notification of overpayments of pay and allowances or other debits were received by the War Service Gratuity Branch. Safeguarding procedures have been introduced. Nevertheless, it is probable that no recovery will be effected in many instances.

Transactions with respect to re-establishment credits were noted where down payments had been made on automobiles, washing machines, etc., although there was no immediate prospect of delivery. Several of these payments have since been recalled. Payments were made to retire or reduce mortgages without simultaneous payments being made by the veterans, although the Act in the year 1945-46 restricted payments to "an amount not exceeding twice the amount that the member himself simultaneously contributes to such purpose". The Act has since been amended to remove this restriction, but the payments made in the fiscal year under review contravened the provisions of the then existing statute.

It was noted in the examination of naval accounts that "Japanese Campaign Pay" was being used in calculating "Overseas Supplement" part of the war service gratuities. An opinion was given by legal officers of the Department permitting the pay to be taken into calculation, but on reconsideration it was reversed. Action was taken to recover overpayments, which were not numerous.

Although Canadian Naval Regulations require overpayments of Pay and Allowances to be refunded, Orders in Council P.C. 106/6976 and P.C. 105/6976, both dated November 17, 1945, authorize waiver of recovery of overpayments of "Hard Lying Money" (extra pay when recipient is required to live in cramped quarters on shipboard) of approximately \$181,440 and Officers' Servant Allowances of approximately \$12,000. In both cases the money had been paid when the personnel were not at sea. It was stated that the payments had been made and received in good faith.

As required by Order in Council P.C. 79/96 of January 15, 1937, pension claims under the Militia Pension Act are submitted for audit before an award is made. A claim with respect to a naval officer was returned to the department with the following observation:—

The computations for pension are certified as correct, subject to the following qualification:—

When this officer was Commander in Chief, Canada North Atlantic, he received \$4.50 daily as command money and entertaining allowances. He relinquished this command on May 12, 1945, and thereupon ceased to be eligible to receive the \$4.50.

By Order in Council P.C. 5978 of September 11, 1945, approval of a grant of retiring leave of 189 days was given, at the end of which (March 14, 1946) the officer's retirement from R.C. Navy was to take effect.

On November 13, 1945, the officer was appointed retrospectively to a staff position at Naval Service Headquarters, with effect from September 5, 1945.

The officer neither reported for duty (he being on retiring leave) nor apparently performed any Headquarters duties associated with the appointment.

The officer, nevertheless, was paid \$2.25 per day as staff pay from September 5 until retired, and this amount has been taken into pension award calculations.

The pension granted by the Governor in Council took the staff pay into calculation, with the result that the annuity is \$509 more than it otherwise might have been.

Order in Council P.C. 77/8785 of September 26, 1942, permits pensions to be augmented by taking into calculation service rendered during the war by re-employed pensioners. The Act fixes maxima for pensions which may be paid to servicemen. The order in council is silent regarding maximum pension payable by way of augmentation, but Treasury Board notified the Department of National Defence that the intent was to restrict additional pensions to a sum not exceeding two-thirds of the annual pay and allowances at first retirement in the case of non-commissioned officers and men. The Department secured an opinion from the Deputy Minister of Justice, which reads:—

I am of the opinion that subsection 5 of section 4 of the Militia Pension Act does restrict the augmentation of a pension provided for by P.C. 77/8785. I have taken note of the several points mentioned by you in support of the contrary view. It is true that the augmentation is to be calculated on a slightly different basis from the original pension, but it nevertheless is to be an increase in that pension and nothing else. The order is made "notwithstanding any other statute or regulation", but that is not the

equivalent of providing that the increase is to be paid notwithstanding anything to the contrary in subsection 5 of section 4 of the Militia Pension Act. More precise language would in my opinion be needed to exclude this last-mentioned provision.

The view I take of the question is that the provisions of the Militia Pension Act are to apply except insofar as there can be said to be a true repugnancy between the Order in Council and the statute. There is no such repugnancy in the case of subsection 5 of section 4.

In 1946 a further legal opinion was sought, the case quoted being that of a retired militiaman who, during his second period of service, attained officer status (for purposes of the Militia Pension Act, the individual is still a militiaman). The Deputy Minister of Justice gave the opinion that:—

the pensioner whose status you have requested to have clarified is entitled to have his augmentation of pension computed on the basis of 6/50 of the pay and allowances which he was receiving when he retired from active service in the Army on 8th December, 1945, and that his augmentation of pension should not be subject in any way to the proviso to Para. (c) of section 14 of the Militia Pension Act.

This opinion has been applied by the Department to award additional pension to two militiamen and to a former militiaman who attained officer status during second period of service. The Treasury Board has, since the accounts of the year were closed, directed the Department to submit a suitable amendment to conform with the original intent.

Audit of war pension awards disclosed over-issues amounting to \$10,126.30, of which \$9,591.27 is recoverable. Reductions in future payments amount to \$5,217.60 annually. Under-payments to pensioners totalling \$536.46 were adjusted.

**72. Foreign Currencies.**—Listed as Army expenditures is an amount of \$16,752,354.02, being the dollar value of 40,155,455.40 Dutch guilders. This Dutch currency was acquired by Canadian Paymasters in excess of that made available by the Netherlands Government for payment of Canadian troops in Holland. It mainly came into possession of Paymasters by reason of an arrangement whereby receipts of Auxiliary Services canteens were converted into sterling by the Army. Records indicate objections by the Netherlands Government to redeeming the currency, but negotiations towards a settlement were being carried on at the fiscal year-end.

**73. Payments to Public Employees.**—Attention is directed to the following cases because they are exceptions from ordinary practice.

A Treasury Board direction of December 18, 1944, requires the consent of the Board to payment of expenses of employees who are temporarily assigned duties at places other than their regular station. The general purpose is to regulate payment of living expenses when the period exceeds two months. Throughout the fiscal year a principal clerk, with Ottawa headquarters, was continuously stationed in Toronto. His living expenses of \$1,748.67 were charged to Vote 339. A like situation existed with respect to a Clerk Grade 3, who was stationed in Montreal. Payments of his living expenses totalled \$1,773.77. Both are permanent employees of the Bureau of Statistics. In neither case was Treasury Board consent obtained.

The nominal headquarters of an Income Tax regional examiner was listed as Ottawa, but in the fiscal year he spent only 29 days at headquarters. On 263 days he was in Toronto, on 22 in Montreal and 31 days were spent in the cities of Kingston, Belleville, Hamilton and London. Living expenses were paid except when in Ottawa.

The National Film Board had several cases where employees, designated as having a certain headquarters, were spending little time at such headquarters. Action was taken to designate new headquarters in some cases.

Order in Council P.C. 157/326 of February 1, 1946, authorizes the Department of Veterans Affairs, (a) to arrange that a part-time medical officer, Toronto, receive a course of training by a New York doctor "in connection with the fenestration operation", (b) to pay a fee of \$1,500 for the course, (c) to pay his travelling and living expenses while absent from Toronto, and (d) to pay his part-time salary of \$250 monthly, and also \$500 "to compensate him for loss of professional fees during his absence from Toronto".

Order in Council P.C. 202/3859 of May 30, 1945, authorized payment of a living allowance of \$12 per day to an officer of the National Film Board representing the Board in the Office of the Canadian High Commissioner, Australia. Subsequently, without the concurrence of the Governor in Council being obtained, he was loaned to the Government of Australia, another person assuming the duties in the High Commissioner's Office. No repayment was made by the Government of Australia in the fiscal year. It is a departure from practice to pay living allowances to an officer seconded to another government.

The National Film Board, in order to fill a large order, placed its stills laboratory on a two-shift basis, but required certain regular officers to work part of both shifts. Instead of compensating them by overtime payments, salary rates of 15 persons were temporarily increased.

The same practice, but for a different reason, was applied in the case of 6 employees temporarily assigned to positions outside of Canada. In these instances the purpose was to compensate for higher living costs and to recognize increased responsibilities.

The position of Assistant Deputy Minister of Finance is one subject to the provisions of the Civil Service Act. The 1946 directory of classification issued by the Civil Service Commission lists the salary at \$6,000-\$6,300. The present occupant is in receipt of a salary of \$7,500. In 1935 the then Assistant Deputy Minister was appointed a member of the Farm Loan Board. Vote 410 of that year's Appropriation Act provided an allowance of \$1,500

to the representative of the Department of Finance as a member of the Canadian Farm Loan Board during tenure.

Vote 7 of the 1936 Appropriation Act was phrased as follows:—

Finance—

Salaries, and to increase the salaries of the Commissioner of Tariff and the Assistant

Deputy Minister of Finance by the sums of \$2,000 and \$1,500 respectively, in lieu of

allowances now being paid ..... \$342,328 50.

Upon the Assistant Deputy Minister being appointed, on October 1, 1936, a member of the National Harbours Board, the Deputy Minister of Finance was appointed, and has continued to be, the Finance Department's member of the Farm Loan Board. On February 1, 1937, the Civil Service Commission promoted the present incumbent to the position of Assistant Deputy Minister at the initial salary of \$6,000. Order in Council P.C. 47/4135 of June 8, 1945, stating as made "under the authority of Vote 7 of Schedule A of the Appropriation Act No. 6, 1936, Chapter 50 of the Statutes of 1936", directs that the salary of the Assistant Deputy Minister be at the rate of \$7,500 per annum from April 1, 1945.

Order in Council P.C. 5688 of August 21, 1945, provided a scheme to settle claims for damages to private property in the Halifax area by reason of disorders in May, 1945, and because of explosions in a Naval magazine in July, 1945. The Order in Council authorizes the Minister of Finance's agent "to engage such expert assistance as he considers necessary to carry out his duties hereunder." The Comptroller of the Treasury had in his employ at Halifax a man assigned under the Civil Service Act at a salary of \$191.51 monthly. Without consulting either the Comptroller of the Treasury or the Civil Service Commission, the special agent of the Minister authorized additional monthly payments of \$250 to this employee. He ceased to be an officer of the Treasury on December 31, 1945, becoming an employee of the special agent at \$325 a month (increased to \$350 on March 1st). Order in Council P.C. 41/630 of February 22, 1946, made under the authority of the War Expenditure and Demobilization Appropriation Act, 1945, gives the instruction "to waive recovery" of salary payments totalling \$2,000 made during the period from May 1 to December 31, 1945, "for services in connection with settlement of compensation claims arising from the Halifax disorders and the explosion at Bedford Magazine".

Section 5 (2) of the Public Works Act directs that persons employed by the Department of Public Works be "appointed in the manner authorized by law." The Department rents properties, not currently required for public purposes, to various persons. Ordinarily, rent collections are made by departmental employees. An exception is at Ottawa where, since December, 1941, a local real estate agent collects rentals on various properties which were secured by expropriations. He receives 5 per cent commission, which amounted to \$1,420.67 in the fiscal year.

In September, 1944, the National Film Board sent an officer to London to act as co-ordinator of newsreels. Accountable advances for expenses were made to him from time to time. For the period September, 1944, to April 15, 1945, he proffered an accounting of \$5,134.36, which included \$949.59 disbursed for entertaining. As of March 31, 1946, an accounting had not been accepted for \$1,167.19. The Consolidated Revenue and Audit Act, 1931, requires that all outstanding accountable advances be repaid within sixty days after the close of the fiscal year. That was not done in this case, but deductions, first of \$40 a month and later increased to \$100 a month, are being made from his salary since April, 1946. Another officer was accredited in June, 1944, to the Armed Services Film Unit overseas as a war correspondent. A per diem living allowance of \$8 was authorized for him while in London. He returned from this assignment in November, 1945. Net advances of \$6,627.36 were made and his accounting for \$4,248.23 was accepted. Thus, at the year-end \$2,379.13 remained to be adjusted. The officer has left the employment of the National Film Board.

In April, 1940, the Governor in Council, acting under the authority of the War Measures Act, made rules to regulate appointments in various wartime agencies of the Government. These made provision for investigations of need, rates of salary and selections by the Civil Service Commission. The order in council vested a discretion in the Treasury Board to exempt agencies from the scope of the order. On July 3, 1945, the Treasury Board exempted the Wartime Prices and Trade Board from the requirement of investigation and certification of appointments by the Civil Service Commission.

During the war a scheme of war risk bonuses was applied for the benefit of seamen. It was made applicable to persons employed by the Crown. As of March 31, 1946, bonus was still being paid to such persons as (a) postal clerks on the ferry service between Prince Edward Island and the mainland, (b) crews of coastal service boats of the Department of Transport, and (c) crews of Department of Fisheries' boats.

Order in Council P.C. 7431 of September 21, 1943, provides that,

notwithstanding anything contained in the Judges Act or in any other statute or law of Canada or of any province, a Judge or other person holding judicial office, whether Federal or provincial, hereafter appointed by such Board as a Court of Rental Appeals...be paid out of the War Appropriation for each day on which he is actually engaged on hearing such appeals and applications a sum by way of war duties supplement, to be approved by the Treasury Board, together with his transportation expenses (including automobile), attending and returning from any place other than his place of residence in the performance of the duties aforesaid.

The Treasury Board on September 23, 1943, gave effect to the Order in Council by authorizing payment of the sum of \$15 per day by way of war duties supplement to a Judge or other person holding judicial office, whether Federal or Provincial, hereafter appointed by the Wartime Prices and Trade Board as a Court of Rental Appeals for each day on which he is actually engaged on hearing such appeals and applications, in conformity with the provisions of the above mentioned Order in Council.

Various judges were remunerated under this executive direction. For example, payments of \$3,375 were made to a county court judge for the period October 1, 1943, to July 31, 1945, with respect to appeals heard on 225 days. In the examination of expenditures of the Department of Justice, it was noted that for 201 of the enumerated days he also received the allowance provided by the Judges Act for attending in County Court. Judges' salaries are fixed and appropriated by the Judges Act. Attention is drawn to the transactions arising out of the order in council because the authority apparently relied on to make it is the War Measures Act—a statute which does not seem appropriate when used to vary specific parliamentary grants.

74. The Cloth Accounting Division of the Department of Munitions and Supply was organized to facilitate the procurement of cloth for manufacturers engaged in the manufacture of Service uniforms and clothing. As of June 30, 1945, cloth on hand amounted to 27,772,312 yards. After cessation of hostilities with Japan, contracts for over 9,000,000 yards were cancelled. 7,721,489 yards valued at \$4,842,485.57 were consigned to War Assets Corporation for disposal. At the year-end, inventories were 5,334,533 yards. Profits of the Division were \$1,652,318.65 in the fiscal year. Audit disclosed that, between January and November, 1945, cloth to the value of \$1,089.67 had been sold to civil employees. The Department advises that as its officers had no authority to approve such sales, steps were being taken to avoid any recurrence. A theft of approximately 2,556 yards of naval gabardine (value \$6,644.95) was written off in January, 1946, with Treasury Board approval. An R.C.M.P. investigation did not establish who were the culprits.

75. At the fiscal year-end, invoices for \$6,445,025.58, representing shipments made by DeHavilland Aircraft to various R.A.F. and R.C.A.F. depots, were applied against production advances made to the Company. Proof of delivery was established by the records for invoices approximating \$1,000,000, but no proof of delivery on the balance was produced in the course of audit. Departmental officials are satisfied, however, that the stores were received, and the Deputy Minister of Reconstruction and Supply approved the adjustment of the accounts. The transaction is accepted in the audit as subject to the foregoing qualification.

76. For several years the Wood Fuel Division of the Department of Munitions and Supply procured wood fuel for domestic use. The account has been closed since the end of the 1945-46 fiscal year. From inception to termination, 500,647 cords of wood were purchased. The total cost, including freight, etc., was \$7,848,507.88. Sales produced \$3,573,324.33. Therefore, the loss was \$4,275,183.55. This amount may be reduced by the collection of a few small accounts

receivable and the disposal of 2,066 cords still held. In the fiscal year 1945-46 contracts with Thunder Bay fuel operators were renegotiated. The original contracts were on a firm price basis averaging \$8.65 a cord. A joint submission by the pulp companies was made for additional compensation, they having suffered losses on production at the fixed price. The contracts were amended to a cost basis and the following settlements made:—

Company	Cords Purchased	Contract Price	Revised Costs

Freight, storage and trucking costs in connection with this wood amounted to \$255,610.06, while sales of 56,408·8 cords produced a revenue of \$370,108.99.

## BALANCE SHEET ACCOUNTS

### Civil Service Superannuation Account

77. The amount standing to the credit of this account at March 31, 1946, was \$85,444,365.30, which is a net increase of \$6,297,137.28 in the fiscal year. Credits to the account were:

Employees' contributions .....	\$1,689,957 55
Government's contribution .....	2,696,037 93
Interest .....	3,169,002 52
Retirement Fund transfers .....	2,848,344 64

Expenditures charged to the Account were \$7,106,205.36, an increase of \$994,047.48 over the previous fiscal year. The number of annuitants increased materially in the last two years, mainly in the prevailing rates of pay classes and because the retirement of many civil servants was postponed during the war as a decision of policy. During the first twenty years the Act was in force, approximately 9,000 annuities were approved, while in the last two years about 2,400 awards were made.

The 1944 amendment to the Act vests Treasury Board with a power to designate, for the purposes of the Act, employees who are not in receipt of stated annual salaries. Several so designated were over the age for superannuation at the time of designation. One in 1937 had the opportunity to become a contributor under the Superannuation Act, but elected to continue at the higher prevailing rates of pay and forego the benefits of superannuation. Although he was 62 years of age and had been on sick leave without pay from April 11, 1945, he was designated as permanent for superannuation purposes on October 1, 1945, and retired on account of ill-health on October 15, 1945. It was directed that his salary for superannuation purposes be the salary he would have received had he accepted classification on April 1, 1937, together with such annual increases as might have been granted to him from that date.

It was also observed that six men who had been employed for some time on temporary certificates and eligible for leave and other benefits of the Civil Service Act were designated for superannuation purposes in their old classes at prevailing rates of pay, on the understanding that they would revert to their continuing positions when their war work was completed. At the fiscal year-end these employees were still serving on temporary certificates at higher rates of pay.

Cases such as the foregoing are incidents in the application of any new pension scheme. Attention is drawn to them because it is obviously desirable that exceptional cases should be treated in a manner which neither creates embarrassing precedents nor burdens a fund which, to the extent of approximately 50 per cent, consists of contributions by civil servants. In cases such as the foregoing, much might be said in favour of a special appropriation being provided to defray outlays with respect to them.

### Government Annuities Account

78. The credit balance was \$243,537,624 as of March 31, 1945. Receipts in the fiscal year were \$57,815,486.95 and disbursements \$13,860,454.95. Thus the credit balance as of March 31, 1946, was \$287,492,656.

Section 8 of the Annuities Act provides that an annuity shall not be granted or issued for an amount less than ten dollars a year, and a regulation made under the provisions of section 13 of the Act is:—

That should payments made by an annuitant be not sufficient in the aggregate to earn the minimum annuity of \$10 per annum, all moneys received, with compound interest at four per cent per annum, shall be returned to the purchaser or his legal representatives.

In October, 1927, a contract was issued for a deferred annuity to mature in October, 1945. Premiums paid were sufficient to purchase an annuity of only \$19.43. The purchaser not being interested in an annuity of that amount, an application was prepared to repay the premiums received, without interest. Pre-audit certification was withheld as the Act does not appear to grant authority for such a payment. The Department submitted a recommendation to the

Governor in Council to amend the Annuities regulations to permit refund of premium payments at maturity without interest, whenever amounts paid in are not sufficient to earn an annuity of \$50, and Order in Council P.C. 1041 of March 22, 1946, makes the amendment. At the suggestion of this Office an opinion as to its validity was requested from the Deputy Minister of Justice, who advises that a legislative amendment is necessary to achieve the desired result.

### King's Printer Advance Account

79. On March 31, 1946, the amount outstanding as a charge to the Advance Account was \$1,046,373.17, and was represented by:—

Inventories of Printing and Stationery Branch .....	\$ 960,235 03
Accounts Receivable .....	72,952 16
Operating Deficit—Printing Branch .....	13,185 98
	<u>\$1,046,373 17</u>

A deficit of \$13,185.98 resulted from the year's operations of the Printing Branch. There was a surplus of \$73,440.98 in the operations of the Stationery Branch; a deficit of \$4,825.19, carried forward from the previous year, reduced the surplus to \$68,615.79.

Accounting records of the King's Printer for the year 1945-46 remained open until June 5, 1946, at which date amounts still owing by departments for 1945-46 printing and stationery totalled \$72,952.16:—

External Affairs .....	\$ 1,504 07
Finance .....	4,239 28
House of Commons .....	6,132 90
Labour .....	11,162 83
Munitions and Supply .....	38,780 81
National Film Board .....	1,084 30
Secretary of State .....	7,326 45
Other departments owing less than \$1,000 .....	2,721 52
	<u>\$ 72,952 16</u>

### Post Office Savings Bank

80. The balance at the credit of the Post Office Savings Bank Account as at March 31, 1946, was \$35,537,214.78, an increase of \$2,068,528.10 during the year. Interest at the rate of 2 per cent is currently paid on deposits and is computed from the commencement of the month following the deposit up to the close of the month preceding a withdrawal.

Since March 31, 1943, the total of the balances in the accounts maintained by Post Office for depositors in the Post Office Savings Bank has not been balanced with the departmental controlling account, nor with the records of the Department of Finance. However, postings to the individual accounts, which had been considerably in arrears during the war years, have been brought up to date.

Losses by reason of fraudulent withdrawals have increased sharply:—

Year	Fraudulent Withdrawals	Recoveries to March 31, 1946	Net Losses to March 31, 1946
1943-44 .....	\$ 4,827 92	\$ 10 00	\$ 4,817 92
1944-45 .....	8,520 11	843 99	7,676 12
1945-46 .....	23,128 52	2,223 27	20,905 25
	<u>\$ 36,476 55</u>	<u>\$ 3,077 26</u>	<u>\$ 33,399 29</u>

The above amounts do not include misappropriations totalling \$4,528, by a postal employee, extending from 1940 to 1944, the full amount of which was recovered. Prior to 1923, a depositor desiring to make a withdrawal was required to apply to the Savings Bank head office at Ottawa. That office issued a cheque in his favour, after verifying that a sufficient balance remained at the credit of his account, which was there maintained. On receiving his cheque through the postmaster in his locality, the depositor presented his pass book for the purpose

of having it written up. Such a system, while cumbersome, reduced the danger of fraudulent withdrawals to a minimum. In 1924 a system was introduced which permitted local cash withdrawals up to \$25 (later to \$50, and now to \$100). The danger of fraudulent withdrawals thereby increased. If the practice of permitting cash withdrawals at any post office is continued, further safeguards are necessary. The Department is considering the matter.

### R.C.M.P. (Dependents) Pension Fund

81. Section 86 of the Royal Canadian Mounted Police Act, as enacted by c. 40, Statutes 1934, requires the Dependents' Pension Fund to be annually examined by the Auditor General. Four per cent interest, as directed by the statute, is credited to the account. A summary of the operations for the year ended March 31, 1946, is:—

Balance at credit, March 31, 1945 .....	\$ 407,178 87

### Soldier and General Land Settlement Loans

82. Schedule "H" to the Balance Sheet for the year ended March 31, 1939, stated that \$16,525,917.49 was the amount "transferred to non-active accounts to provide for revaluation and losses" on land settlement loans made by the Soldier Settlement Board. The face value of loans, etc., outstanding was then \$57,225,301.41. Schedule "D" to the Balance Sheet as at March 31, 1946—as in all intervening years—records \$16,525,917.49 as the sum provided for revaluations and losses. To March 31, 1946, established losses amount to \$27,771,119.81. It is regarded as doubtful if the \$1,017,772.68 book value of properties and equipment which have been repossessed will be realized. Under the circumstances, these active assets must be regarded as overvalued.

### Transport Stores Account

83. The Balance Sheet records \$1,412,990.87 as invested in stores under authority of the Department of Transport Stores Act, c. 28, Statutes 1937, as amended. This amount has not been reduced by stores issues amounting to \$24,137.17 made prior to March 31, 1946. Had these issues been charged to the votes concerned, over-expenditures would have occurred in Votes 360 and 396. The inventory includes obsolete and inactive materials valued at \$108,120.29, as well as \$842.07 of stores consigned to War Assets Corporation for disposal. Since the close of the fiscal year, a report has been made to the Treasury Board, under section 47 of the Consolidated Revenue and Audit Act, 1931, to the end that action may be taken to reduce the account by the amounts stated.

### Unemployment Insurance Fund

84. Section 77 of the Unemployment Insurance Act, 1940, creates an Unemployment Insurance Fund. As of March 31, 1946, the amount standing to the credit of the Account was \$317,993,491.86, an increase of \$49,870,668.28 in the fiscal year.

The Act limits charges to the Account to payments by way of insurance benefits and refunds of contributions. Examinations disclosed that insurance contributions were being retained in error in respect of 196 employees of Research Enterprises Limited (a Crown company), the salary ranges being outside the field of insurability. The amount involved was \$2,723.34, added

to which there was the further one-fifth Government contribution of \$544.67. The amounts have since been refunded. It was also observed that 264 employees of the Aluminum Company of Canada were credited with a week's insurance benefit in error. Benefits were set up to commence from the date of separation from employment, whereas wages had been paid (by law) for a further seven days in lieu of notice.

Section 42 (1) (b) of the Act vests the Unemployment Insurance Commission with power to make regulations with respect to the determination of benefit for classes of persons whose normal employment is only for portions of the year in occupations which are seasonal. The provision has for its purpose the application of the insurance principle that seasonal workers should not enjoy insurance protection beyond the limits of the normal season applicable to their employment. No such seasonal regulations have as yet been promulgated.

## MISCELLANEOUS AUDITS

## Aero Timber Products Limited

85. This Company produced sitka spruce logs in special aero grades, to sell to sawmill operators for conversion into aero grade lumber. Its activities in the year were confined to the removal and marketing of logs on hand, cutting having been discontinued in April, 1944.

Sales for the year amounted to \$493,461.79. Cost of sales, including \$30,992.33 for logs acquired from sub-contractors, totalled \$597,163.77, while administrative expenses were \$34,234.14. The resultant operating loss of \$137,936.12 was increased \$11,802.83 by cash discounts paid, and offset by \$190,721.51 for surcharge received on lumber sales, giving a net profit of \$40,982.56. The cumulative deficit to March 31, 1946, was \$3,254,294.10. The United Kingdom Ministry of Supply, which was a heavy purchaser of aero grade lumber, had agreed to share in the ultimate deficit of the Company, and that was taken into consideration in the general settlement between the Canadian and United Kingdom Governments, but is not reflected in the corporate accounts.

Crown-owned capital assets with a cost valuation of \$1,012,406.89, inventories of \$16,152.76 and standing timber valued at \$150,942.80 were transferred to War Assets Corporation for disposal.

## Allied War Supplies Corporation

86. This Corporation supervised, directed and administered Government-owned chemical, explosive and ammunition-filling projects which were operated by private contractors. These were financed directly by the Department of Reconstruction and Supply. Thus expenditures incurred by the Corporation and recorded in its accounts were those relating to administrative costs. Administrative expenses for the year ended March 31, 1946, totalled \$275,451.86, including \$26,048.47 provided for winding-up expenses. The Corporation ceased business as of June 25, 1946.

## Board of Grain Commissioners

87. In the fiscal year 1945-46 revenues were \$2,039,000.57 and expenditures \$1,920,986.47. A comparative summary with the year 1944-45 is:—

The Dominion Government Account reflects the results of cash transactions with the Dominion Government. Construction and operating expenses were paid from parliamentary votes; cash receipts were credited to Consolidated Revenue Fund and reported by the Department of Trade and Commerce. Government advances for open freight account are made in accordance with the provisions of section 163 of the Canada Grain Act to meet freight, weighing and inspection charges on grain shipped to or discharged from government elevators. These charges are recoverable from the owners of the grain.

Section 163 of the Canada Grain Act provides that an accountable advance not exceeding \$500,000 may be made out of the Consolidated Revenue Fund for working capital of the elevators and for weighing, inspection and other charges with respect to grains received or discharged. The disbursements are recoverable from the owners of the grain. During the year \$446,207.64 was advanced and paid for freight, weighing and inspection of grain. Recoveries amounting to \$485,742.98 were credited to the advance account during the year, leaving a balance outstanding of \$477.92.

Sections 138 and 138a of the Canada Grain Act provide for annual weighovers of grain stocks in terminals and eastern elevators. Grain overages disclosed in excess of those prescribed in these sections are sold. Sales amounted to \$2,038.10 during the year, and this sum was credited to the Board of Grain Commissioners' grain overage account, making a total of \$12,055.72 as at March 31, 1946, as shown in the Balance Sheet of Canada under Deposit and Trust Accounts.

### Canadian Arsenals Limited

88. This Company was incorporated on September 20, 1945, under the Dominion Companies Act for the Department of Reconstruction and Supply. Its functions are to organize and operate arsenals and other plants for the production of military stores and equipment, to expedite the reconversion of manufacturing facilities from a wartime to a peacetime basis, and to assist in the clearance of government-owned plant and equipment. During the fiscal year the arsenals continued, to a material degree, to be operated as departmental services, with costs reflected in departmental statements.

To March 31, 1946, sales of the Company amounted to \$165,652.52; cost of sales was \$149,568.74, leaving an operating surplus of \$16,083.78. Administrative expenses totalling \$121,214.99 and factory expenses amounting to \$770,511.69 were charged against advances received from the Department of Reconstruction and Supply.

The balance sheet at March 31, 1946, does not include assets acquired by transfer from the Department of Reconstruction and Supply for which values have not been settled.

### Canadian Broadcasting Corporation

89. Income for the year ended March 31, 1946, totalled \$6,132,263.43, while expenditures were \$6,210,689.16, with a resultant operating loss of \$78,425.73. The main items of income were licence fees, \$3,773,284.76, and commercial broadcasting, \$1,683,838.38. The Board of Governors, in June, 1946, resolved

that in view of the fact that the income for the fiscal year 1945-46 was lower than expected, and that such ample provision had been made in the past allowing for depreciation and obsolescence that the value of fixed assets as shown in the books less past allowances for depreciation and obsolescence is well above their actual value, it was agreed that no allowance for depreciation and obsolescence should be made in preparing the financial statement for 1945-46.

The accumulated reserve for depreciation and obsolescence is \$2,195,661.93 against fixed assets of \$3,183,768.72. There is also a \$400,000 Reserve for Renewals and Replacements.

### Canadian Wool Board Ltd.

90. This Company, controlled by the Minister of Finance, deals in domestic and other wools and in related commodities and products, to provide for civilian requirements. Sales of \$22,337,235.87 in the year ended March 31, 1946, together with subsidies of \$1,969,871.18 and other income of \$22,673.61, gave a total income of \$24,329,780.66. Cost of sales was \$24,293,568.96 while other expenses were \$482,898.62, a total expenditure of \$24,776,467.58. The net loss for the year was \$446,686.92. Inventories at March 31, 1946, totalled \$4,876,522.96.

### Citadel Merchandising Co. Limited

91. This Company acted for the Department of Munitions and Supply in acquiring machine tools for the use of contractors authorized to receive capital assistance from the Crown. It also, on the Department's behalf, leased machine tools to contractors. The Company ceased operations as of October 15, 1945. From April 1, 1945, to the close of business, expenditures in respect of machine tools totalled \$473,495.03, net. Administrative and warehouse expenses for the period, including winding-up expenses, were \$156,362.96.

### Commodity Prices Stabilization Corporation Limited

92. This Company, acting under the direction of the Wartime Prices and Trade Board, buys and sells commodities and subsidizes firms and individuals for the purpose of controlling prices of goods. The net outlay was \$97,158,335.22. It represented subsidies paid, \$79,517,188.70; net loss on commodity trading, \$16,230,325.29; administrative expenses (less service charges

applied), \$1,411,186.34; other charges, \$850.10; less other income, \$1,215.21. The audit report to the shareholders contained the following observations:—

Subsidies paid by the corporation are subject to adjustment under the provisions of Limitation on Subsidies undertakings and contracts, and in the case of commodities exported or used as ship stores, to refund under the Repayment of Subsidy Order. Subsidies paid are also subject, in some instances, to investigation and adjustment by officers of the corporation after payment. Therefore, payments now recorded may not be regarded invariably as final.

Subsidy claims in process, but not approved at March 31, 1946, have not been considered as liabilities of the fiscal year ended that date.

The management has certified that all commodities in inventory at March 31, 1946, were held in warehouse or were in transit at that date. Due to the volume of stock on hand, particularly in the case of tea, it was not possible to reconcile completely the corporation's inventory records with stocks in warehouse at February 28, 1946, as certified by the several warehousemen. No deficiency was noted during the course of the audit. However, some adjustments may be necessary on the final disposal of stocks.

In addition to direct subsidies, some importers are subsidized indirectly by means of partial or complete relief from the payment of import duties and taxes on certain commodities, under the authority of orders in council.

### **Eldorado Mining and Refining (1944) Limited**

93. Order in Council P.C. 8265 of October 27, 1944, authorized the Minister of Munitions and Supply to secure the incorporation of a company with share capital and to transfer to it

all the property, assets and rights of Eldorado Mining and Refining in consideration of the assumption by the new company of all the obligations and liabilities of or incurred by Eldorado Mining and Refining.

The fiscal year of Eldorado Mining and Refining was the calendar year. Its assets were taken over and liabilities assumed by the new Company as at January 1, 1945. The change from a corporation without share capital to a company with share capital was made to facilitate administration—ownership continues to be exclusively in the Crown.

Revenues from sales of radium and ore concentrates, etc., and from custom refining, totalled \$1,589,737.21 for the year 1945. Production costs, including selling and administrative expenses, totalled \$1,669,404. The operating loss was therefore \$79,666.79. After adding special charges (net) of \$259,298.10, a net loss of \$338,964.89 was sustained in the year.

The balance sheet published in the Public Accounts carries the following footnote:

The amounts realizable from certain radium inventories (book value, \$525,618.93) and from certain accounts receivable (book value, \$171,347.87) are dependent on the outcome of litigation arising from the investigation authorized by Order in Council P.C. 3329 of May 7, 1945.

At the close of the year the inventories of refined radium were adjusted from their recorded cost value to an arbitrarily established "estimated realizable value". Had this adjustment not been made, the net loss for the year would have been \$148,268.39 instead of \$338,964.89. The audit certificate to the balance sheet was given subject to this, and the outcome of litigation.

As at December 31, 1945, the Company had capital assets with a cost valuation of \$2,337,669.01, against which there were reserves for depreciation of \$756,727.56.

### **Export Credits Insurance Corporation**

94. The Corporation, for a premium, insures exporters against loss accruing on goods exported, by reason of insolvency or delay of the importer or his inability to secure the currency with which the purchase price is to be paid. Income amounted to \$76,017.69 in the fiscal year ended March 31, 1946. Expenditures were \$24,751.22. The balance, \$51,266.47, was transferred to Underwriting Reserve.

Total assets are \$5,060,548.02, of which \$4,888,531.83 is invested in Dominion Government bonds. The Underwriting Reserve is \$51,563.02 and consists of the excess of income over expenditures for the years ended March 31, 1945, and 1946. At March 31, 1946, the Corporation had a contingent liability of \$2,099,775.32 in respect of exports made and export contracts entered into by policy-holders to February 28, 1946, and a potential liability of \$6,430,400 in respect of both actual and anticipated exports under policies issued to March 31, 1946.

Part II of the Export Credits Insurance Act permits the Governor in Council to authorize special credit arrangements to facilitate and develop Canadian export trade. This may take the form of loans or the guaranteeing of obligations of foreign governments or their agencies to enable them to purchase and pay exporters for the cost of Canadian produced goods. Loans authorized totalled \$277,000,000, and as of March 31, 1946, \$67,412,051 was owing by:—

Belgium .....	\$25,000,000 00
Czechoslovakia .....	3,191,551 00
Netherlands .....	25,150,000 00
Netherlands Indies .....	1,800,000 00
Norway .....	9,495,000 00
Union of Soviet Socialist Republics .....	2,775,500 00

Contracts by an agency of the Government of the Union of Soviet Socialist Republics with various Canadian producers have been guaranteed to a total of \$3,466,000. At March 31, 1946, obligations totalling \$90,301.99 were outstanding and subject to guarantee.

### Federal Aircraft Limited

95. The main activity of the Company was supervising various wartime aircraft production programs, including the settlement of contract termination claims connected therewith. Payments to contractors in connection with some of the programs are made and recorded by the departments concerned. Administrative expenses for the year to March 31, 1946, were \$416,546.73, and warehouse expenses were \$82,537.59.

The Company ceased business as at June 30, 1946. The administrative expenses during the period April 1 to June 30, 1946, totalled \$59,959.52, including provisions for winding-up expenses.

### Federal District Commission

96. On general account, revenue during the fiscal year ended March 31, 1946, amounted to \$227,934.90, including the statutory grant of \$200,000. Expenditure of \$226,549.85, less an increase of \$12,562.44 in operating inventories, left a balance of \$13,947.49. Maintenance and improvement of grounds adjoining Government buildings, Ottawa, and improvements to the parkway system cost \$154,463.58 during the year. The amount made available for this purpose from parliamentary appropriation, Vote 66, was \$133,500. Therefore, the excess of expenditure over revenue was \$7,016.09. This was absorbed from the \$205,826.52 surplus funds carried forward from the previous fiscal year.

Land, roads, driveways, bridges, parks, boulevards, equipment, etc., under the control of the Commission at March 31, 1946, had an estimated value of \$5,744,137.15.

### Foreign Exchange Control Board

97. Order in Council P.C. 7378 of December 13, 1940, directs that:—

An annual audit of the transactions of the Board shall be made by the Auditor General in such manner as he thinks proper and he shall certify to the House of Commons that in his opinion, having regard to such examination, the transactions of the Board have or have not been in accordance with the provisions of this Order and that the records of the Board do or do not show truly and clearly such transactions.

The fiscal year of the Board is the calendar year. From the information and the explanations received in the course of the audit, I am of the opinion, having regard to such examination, that the transactions of the Board for the fiscal year ended December 31, 1945, have been in accordance with the provisions of the Order in Council and that the records maintained show truly and clearly such transactions.

### Inspection Board of the United Kingdom and Canada

98. The Board was created in 1940 under an agreement between the Governments. Its functions were to make inspections in Canada and the United States and to conduct research and experimental work as required. It also acted as liaison agent between the technical services

of the United Kingdom, United States and Canada. Expenditures in the fiscal year were \$18,077,945.74 and were assessed against the Governments as follows:—

	Running Costs		Capital	
	in Canada	in U.S.A.	Expenditures	Total
Canada .....	\$ 6,821,655 45	\$ 87,951 62	\$32,550 70	\$ 6,942,157 77
United Kingdom .....	10,775,346 25	327,891 03	32,550 69	11,135,787 97
	<u>\$17,597,001 70</u>	<u>\$415,842 65</u>	<u>\$65,101 39</u>	<u>\$18,077,945 74</u>

The Board was dissolved as of March 31, 1946, when the Government of Canada took possession of all lands, buildings, machinery, stores, etc., in accordance with the terms of the general settlement of war accounts between the two Governments. These assets had an estimated worth of \$8,371,136.61.

### Melbourne Merchandising Limited

99. This Company deals in wool and other commodities. Sales during the year ended March 31, 1946, totalled \$6,770,889.68; cost of sales amounting to \$5,904,112.69, the gross profit was \$866,776.99. Warehousing expenses were \$99,140.91 and administrative expenses \$29,875.84. The net profit for the year was, therefore, \$737,760.24.

The Company maintains a reserve for losses on special sales of commodities from stocks which may be found surplus to Canadian service forces' requirements. The balance at the credit of the reserve account as at March 31, 1946, was \$978,465.86, after \$600,000 was transferred from surplus account, and after absorbing losses of \$1,282,934.14 on special sales during the year.

### National Battlefields Commission

100. The accounts of the Commission for the fiscal year were audited pursuant to the provisions of section 14 of the National Battlefields at Quebec Act. The Commission is granted \$75,000 annually by the Act. The credit balance of the Commission at the commencement of the year was \$14,131.36. Receipts during 1945-46 totalled \$78,507.81, while disbursements amounted to \$78,787.07. Thus the credit balance at March 31, 1946, was \$13,852.10. Further progress has been made towards the introduction of an accounting system which will permit the production of comprehensive statements of the assets and liabilities and of the operations of the Commission.

### National Harbours Board

101. The National Harbours Board Act directs that the port fiscal year be the calendar year. Harbour transactions as recorded in the Public Accounts of Canada relate to the fiscal year of the Government. The accounts of the various harbours for the year ended December 31, 1945, were audited in accordance with section 34 of the National Harbours Board Act.

Revenues, totalling \$14,696,430.75, include \$150,000 from the City of Montreal and \$150,000 from the Province of Quebec towards the deficit of the Jacques Cartier Bridge. As neither the City nor the Province made payments in the year nor in the year 1944, the sum of \$600,000 is now carried in the Board's accounts as owing by the City and the Province.

Expenditures amounted to \$17,785,080.30. A general classification follows: operating expenses, \$6,851,248.77; interest on debentures held by the public, \$1,012,703.43; interest due the Dominion Government, \$7,049,727.04; addition to reserve for replacements and depreciation, \$1,934,562.20; and miscellaneous charges, \$936,838.86.

A summary of revenues and expenditures and surplus or deficit on operation is:—

The expenses of the Head Office, Ottawa, for the year, amounting to \$145,641.53, were pro-rated and are included in the above expenditures.

The operating deficit for the year was \$3,088,649.55, and a further net amount of \$281,241.80 was charged to deficit account as the result of capital asset write-offs and other adjustments.

A condensed summary of the December 31 balance sheet position of the Board is:—

The Saint John Harbour has a debtenture indebtedness to the public of \$1,258,182.35, and debtentures of \$19,000,000 are outstanding with respect to the Jacques Cartier Bridge. In addition, matured debtentures of Halifax, \$14,500, Saint John, \$1,000, and Three Rivers, \$1,000, in the hands of the public, have not been presented for redemption.

Loans from the Government to the National Harbours Board to March 31, 1945, as reflected in the Balance Sheet of Canada, amounted to \$156,023,486.17. During the year 1945-46 further advances of \$650,615.14 were made and repayments amounted to \$157,251.86, leaving a net balance of loans outstanding at March 31, 1946, of \$156,516,849.45. Interest paid by the harbours in the Government's fiscal year ended March 31, 1946, was \$3,950,029.59, and is recorded as revenue of the Department of Finance:—

Halifax .....	\$ 350,000 00
Saint John .....	550,000 00
Three Rivers .....	150,000 00
Montreal .....	1,850,000 00
Vancouver .....	1,050,000 00

	<u>\$3,950,029 59</u>

Net operating surpluses of Port Colborne and Prescott Elevators for the calendar year 1945, amounting to \$149,836.97 and \$82,778.37, respectively, are recorded as revenue of the Department of Transport.

In the fiscal year each harbour had an operating surplus, but interest charges resulted in all harbours, except Three Rivers, ending the year with deficits. As of December 31, 1945, the harbours collectively owed the Government of Canada \$65,141,798.85 by way of matured interest unpaid—the sum owing by the Quebec Harbour is now \$1,754,577.32 in excess of the principal originally borrowed.

The National Harbours Board Act, 1936, provides authority to write off interest in arrears as of the date that the National Harbours Board became responsible for the ports. The statute also empowers the Governor in Council to fix new rates of interest on the loans and advances. No action has been taken to write off the \$30,802,866.74 of matured interest as of December 31, 1936, nor has any general change been made in the rates of interest. On \$104,647,979.56 the rate was 5 per cent when the Board became responsible for payments. Experience having demonstrated that the several harbours cannot fully discharge the interest liability, this Office made the matter the subject of a special report to the Minister of Transport in November, 1945.

The by-law establishing the National Harbours Board Pension Plan was made on May 21, 1943, and the provisions of the Civil Service Superannuation Act were incorporated therein. Following the 1944 amendment to the Superannuation Act, to provide for the inclusion of certain prevailing rates employees as contributors, a like amendment was made to the Board's Plan, with effect from August 1, 1945. The amount standing to the credit of the Fund at March 31, 1946, was \$1,038,620.33, a net increase of \$464,974.30 during the fiscal year. Payments amounted to \$54,065.90. Contributions of employees were \$244,801.11; contributions of the Board were \$248,519.66; and interest added amounted to \$25,719.43.

### National Railways Munitions Limited

102. This Company manufactured naval guns and gun carriages. Deliveries during the year, on the basis of billing prices authorized by the Department of Reconstruction and Supply, together with \$53,657.40 for work completed under special orders, totalled \$3,402,860.10. The cost being \$3,527,824.59, a deficiency of \$124,964.49 resulted. The balance at the credit of Reserve for Adjustment of Interim Billings Account at March 31, 1945, was \$2,680,556.69. During the year there was charged thereto, (a) the above \$124,964.49, (b) losses due to contract termination of \$1,836,901.88, (c) closing down expenses \$221,867.03, and (d) sundry adjustments \$8,782.56. The balance of \$488,040.73 of the reserve was transferred to the credit of surplus account as of March 31, 1946.

As at March 31, 1946, the Company had in its charge Crown-owned capital assets with a cost valuation of \$3,044,143.91.

### Northern Transportation Company Limited

103. This Company is a subsidiary of Eldorado Mining and Refining. It carries on a commercial transportation business serving the Mackenzie River District between Waterways and Aklavik. Revenues for the year ended December 31, 1945, amounted to \$736,891.53. Operating and administrative expenses were \$733,459.93. The resultant profit was \$3,431.60.

Boats, barges, buildings and equipment have a cost valuation of \$1,455,255.72 against which a reserve for depreciation of \$482,328.45 has been provided.

### Park Steamship Company Limited

104. This Company supervises and controls the operation of Crown-owned dry cargo vessels and tankers, through the medium of established steamship companies acting as managing operators.

Income for the year ended March 31, 1946, totalled \$113,885,981.38, while expenses were \$63,647,168.01, giving a net profit of \$50,238,813.37. These amounts include only the transactions relating to voyages which have been completed and accounted for by managers. The profit may be regarded as recovery of capital expenditures, as no depreciation was provided for in the corporate accounts. The net earnings from completed voyages for which accountings have not yet been received from managers are estimated as likely to be \$17,101,185.02. At March 31, 1946, the Company had in its charge 105 dry cargo vessels and 8 tankers, the cost value being \$182,519,098.43.

### Polymer Corporation Limited

105. This Company manufactures Buna S and Butyl rubber and other products associated with the production thereof. It also acquires and re-sells crude rubber to manufacturers.

Sales of Company products during the year ended March 31, 1946, totalled \$21,323,146.92, while cost of sales amounted to \$18,336,924.77, giving an operating profit of \$2,986,222.15.

Sales of imported rubber were \$2,989,503.95. The cost was \$4,408,601.28. Selling and administrative expenses rated as applicable thereto being \$147,890.57, there was a loss on this business of \$1,566,987.90; but subsidies of \$1,593,232.10 converted this into a profit of \$26,244.20.

The above profits, plus other revenues of \$226,934.97, and less selling and administrative expenses in connection with the Company's own products, \$645,252.82, resulted in a net profit of \$2,594,148.50 for the year.

Land, plant, equipment and other fixed assets are shown in the balance sheet at a cost of \$49,609,669.99, from which has been deducted \$21,962,937.35 for abnormal construction costs, etc., as approved by the Board of Directors. Inventories are as follows: materials and manufacturing supplies including coal, \$1,037,394.97; work in process, \$656,907.88; finished manufactured rubber, \$361,287.40; and imported rubber at estimated current laid-down cost, \$1,331,184.06; a total of \$3,386,774.31.

By order in council of June 14, 1945, the Company was authorized to undertake expenditures of a capital nature not exceeding \$2,400,000 in respect of the fiscal year ended March 31, 1946. At March 31, 1946, \$865,166.49 had been expended.

### Research Enterprises Limited

106. This Company manufactures special technical equipment. Goods delivered during the year ended March 31, 1946, had a value of \$44,467,792.50, on the basis of provisional billing prices authorized by the Department of Reconstruction and Supply, after giving effect to an adjustment of \$5,000,000 in favour of the Department in respect of charges made during the year. Production costs amounted to \$45,205,010.90, while special credits (net) were \$1,761,550.05. The \$1,024,331.65 balance was carried to Reserve for Adjustment of Interim Billings Account.

Engineering, experimental and administrative expenses of \$288,134 incurred by Turbo Research Limited during the year were borne by Research Enterprises Limited, in accordance with the terms of an agreement between these companies and the Minister of Reconstruction and Supply, as authorized by Order in Council P.C. 5932 of July 28, 1944.

Inventories of materials, general stores, work in process and finished goods at March 31, 1946, had a value of \$4,742,248.83, after deducting a reserve of \$1,418,647.84 for adjustments with respect to materials rendered surplus to requirements upon termination of production.

As at March 31, 1946, the Company had in its charge Crown-owned capital assets with a cost valuation of \$6,534,975.46.

### Small Arms Limited

107. This Company manufactured rifles and other small arms. It ceased operations as of March 31, 1946. During the year goods delivered had a value of \$2,439,852.94 on the basis of billing prices authorized by the Department of Reconstruction and Supply. The manufacturing cost was \$2,092,009.02. The excess of \$347,843.92 was carried to Reserve for Adjustment of Interim Billings Account.

Costs arising out of contract terminations and expenses applicable to the post-termination period were \$1,982,109.80. The custody, administration and control of the Crown-owned capital assets previously in the Company's charge, with a cost valuation of \$7,410,791.59, were transferred to the Department as of March 31, 1946.

### Sorel Gun Plant

108. This project was operated jointly by the Department of Reconstruction and Supply and Sorel Industries Limited. Operation of the plant was discontinued as of January 31, 1946. The project was under the direction of a Control Committee, the majority of the members being named by the Minister of Reconstruction and Supply. A summary of the Balance Sheet at January 31, 1946, is:—

The capital contribution of \$5,256,955.95 by Sorel Industries Limited consists of land, buildings, machinery and equipment which remain the property of the Company. Depreciation of \$4,929,276.08 has been provided in connection with the Company's plant. Of this amount, \$4,911,400.41 has been paid to the Company.

Buildings, machinery and equipment contributed by the Dominion Government cost \$11,505,165.54. Depreciation of \$10,088,365.67 has been provided thereon and \$10,088,198.60 was paid to the Receiver General. Order in Council P.C. 465 of February 9, 1946, authorized sale of the Crown's equity to Sorel Industries Limited.

### **Sugar Administrator**

109. The Sugar Administrator is responsible, under the direction of the Wartime Prices and Trade Board, for the importation of cane sugar and the acquisition of domestic beet sugar, and for the sale of such sugar to refiners and other authorized users. The fiscal period ends August 31. Profits realized are retained by the Administrator and form a reserve for the stabilization of sugar prices in Canada. Surplus funds are invested in Dominion of Canada bonds. Sugar transactions do not involve Consolidated Revenue Fund moneys, but administrative expenses, paid by the Wartime Prices and Trade Board, are a charge to Consolidated Revenue Fund.

### **Turbo Research Limited**

110. This Company was engaged in research work with respect to gas turbines and rocket propulsion. During the year ended March 31, 1946, engineering and experimental expenses were \$383,447.93 and administrative expenses were \$33,665.62, a total of \$417,113.55. Of this, \$128,979.55 was recorded as applicable to a turbine power unit in process of manufacture, while the remaining \$288,134 was charged to Research Enterprises Limited. As at March 31, 1946, the Company had in its charge Crown-owned capital assets with a cost valuation of \$717,137.62.

The Company ceased business as of July 31, 1946. During the period April 1 to July 31, 1946, engineering and administrative expenses were \$53,208 and administrative expenses were \$10,358.63, a total of \$63,566.63. Of this, \$5,397.13 was recorded as applicable to the turbine power unit, while the remaining \$58,169.50 was charged to Research Enterprises Limited. As at July 31, 1946, the accumulated cost of the turbine power unit, \$134,376.68, was charged to the Department of Reconstruction and Supply.

### **Veterans Housing Project (Ottawa) Ltd.**

111. This Company was incorporated on May 30, 1945, under the Dominion Companies Act, for the Department of Reconstruction and Supply. To March 31, 1946, costs of construction totalled \$1,011,407.52. As construction was completed late in the year, rentals amounted to only \$2,621.76. Administrative and operating expenses were \$5,028.91. The operating loss was \$2,407.15.

### **Veterans Housing Project (Toronto) Ltd.**

112. This Company was incorporated on May 23, 1945, under the Dominion Companies Act, for the Department of Reconstruction and Supply. To March 31, 1946, construction costs totalled \$2,863,550.86. Housing rentals were \$8,684.12. Administrative and operating expenses were \$9,634.01, resulting in an operating loss of \$949.89.

### **Victory Aircraft Limited**

113. This Company manufactured heavy bombers. It ceased operations as of November 30, 1945. From April 1, 1945, to that date, aircraft and spares delivered were valued at cost of production, \$31,381,769.38. Production costs, after deducting \$31,891.15 for cash discounts and miscellaneous revenue, were \$56,757,274.66, from which were deducted \$1,150,000 for materials and work in process transferred to the Department and \$1,508,493.28 for cost of work completed for special orders. The balance of the production costs, \$22,717,012, was considered as costs pertaining to contracts terminated.

### War Assets Corporation

114. The primary function of the Corporation is to dispose of surplus assets of the Government of Canada. During the year sales (including sundry rental revenue) amounted to \$123,530,310.51, less direct charges for warehousing, reconditioning, etc., of \$7,527,681.28, or a net total of \$116,002,629.23. Sales on account of other bodies amounted to \$1,348,058.15, less direct charges of \$10,704.03, or a net total of \$1,337,354.12. Total net sales were therefore \$117,339,983.35.

The Corporation is allowed a 5 per cent commission on net proceeds of sales. This, with miscellaneous revenues, totalled \$5,872,356.97. Administrative expenditures were \$4,080,116.72, of which \$3,027,308.78 was disbursed in salaries. The Corporation therefore ended the year with a balance on administrative account of \$1,792,240.25.

The audit report to the Corporation contained the following observation:—

The procedures and practices of the Corporation were not of such a nature as to permit establishing by examination of records maintained that all assets received for disposal had been fully accounted for.

The Corporation's observation on this is set out in its report tabled in the House of Commons on August 16, 1946, and is as follows:—

It is quite apparent that, unless operations of the Corporation both as regards the taking over of surplus and the sale of surplus are stopped for a considerable period (estimated to be two months), it is not possible to prepare an inventory without which inventory the Auditor General would not be in a position to delete the qualification noted above.

The Corporation feels that a stoppage of operations by the Corporation would be entirely unjustified, as the safeguards that have been instituted to protect the Crown-owned property in its custody are of such a nature that only minor losses of property are likely, and the necessity for accepting surplus so that the original custodian departments may demobilize their personnel, or, alternatively, contractors may clear their plants and return to civilian production are of paramount importance.

### War Supplies Limited

115. This Company contracted with departments and agencies of the United States Government for the supply of munitions and supplies manufactured in Canada. The Department of Reconstruction and Supply covers commitments made by the Company. As at April 1, 1945, the amount due from the United States Government was \$50,824,457.31 U.S. During the year ended March 31, 1946, shipments made totalled \$154,779,853.74 U.S., while collections deposited to the credit of the Receiver General of Canada amounted to \$173,342,014.50 U.S. The balance due as at March 31, 1946, was \$32,262,296.55 U.S., which includes \$18,350,000 U.S. as the estimated value of shipments made but not invoiced at that date. Administrative expenses for the year were \$114,573.30 U.S.

The provisions of the agreement between the Company and certain agencies of the United States Government, regarding the limitation of profits, may entail refunds of amounts received or adjustments of amounts receivable by the Company. To March 31, 1946, interim refunds of \$40,000,000 and \$10,000,000 had been made, on the Company's behalf, to the United States War Department and its Maritime Commission.

### Wartime Food Corporation Limited

116. This Company is a subsidiary of Commodity Prices Stabilization Corporation Limited, and makes subsidy payments on certain foodstuffs. These amounted to \$600,048.53 in the fiscal year. Administrative expenses were \$60,519.71.

### Wartime Housing Limited

117. This Company constructs and operates housing projects. Cumulative capital expenditures to March 31, 1946, amounted to \$81,156,699.64, represented by: land, \$1,168,148.65; land improvements, \$11,998,793.23; buildings, \$66,104,564.53; and equipment, furnishings, etc., \$1,885,193.23. Title is in the name of His Majesty.

Housing rentals for the year being \$5,664,343.18 and miscellaneous income \$25,147.97, a total of \$5,689,491.15 resulted. Operating expenses were \$1,589,754.08, cost of operating staff houses, cafeterias and welfare activities \$249,177.15, provision for municipal services, etc., \$594,790.67 and head office administrative expenses \$557,629.35, a total of \$2,991,351.25. The

net profit for the year was \$2,698,139.90. The profits earned by the Company may be regarded as recovery of the capital expenditures, as no depreciation on buildings was provided for in the corporate accounts.

The Company also undertakes special projects, including the development of municipal services at cities where housing projects are located, and the erection or rehabilitation of buildings for the use of Government departments. Expenditure for these purposes totalled \$4,515,841.40 for the year. This sum is recoverable.

### Wartime Metals Corporation

118. This Corporation developed and operated marginal and sub-marginal base metal mining properties, and also supervised a number of other properties on behalf of the Department of Munitions and Supply. Costs incurred with respect to the latter properties were not recorded in the Corporation's accounts, being regarded as departmental expenditures. It ceased business as of August 31, 1945. To the close of operations, capital expenditures of \$1,277,109.11 had been incurred. Sales of metal and mineral concentrates, at cost for the account of the Department, totalled \$153,771.79 from April 1 to August 31, 1945.

### Wartime Shipbuilding Limited

119. This Company financed and supervised the cargo shipbuilding program and the naval shipbuilding program (except wooden ships and small boats).

The recorded value of ships in course of construction, including ship conversion work in process, was \$85,653,427.10 at the commencement of the fiscal year. Construction costs and expenses totalled \$150,256,850.99 during the year, while the ships delivered and conversion work completed totalled \$179,001,948, at billing prices authorized by the Department of Reconstruction and Supply. The \$56,908,330.09 remaining as at March 31, 1946, represented the accumulated cost of ships under construction. These ships were declared surplus to the Department of Reconstruction and Supply, and consigned as at March 31, 1946, to War Assets Corporation for disposal. Since the close of the fiscal year Wartime Shipbuilding Limited has been engaged in completing ships for War Assets Corporation.

To March 31, 1946, the total of billings issued exceeded the estimated cumulative costs of the ships delivered and conversion work completed by \$8,985,939.49, and this amount was carried at the credit of Interim Billings Adjustment Account at that date.

### Yukon Council

120. Revenues and expenditures of the Yukon Consolidated Revenue Fund were audited in accordance with the provisions of section 22(1) of the Yukon Act, c. 215, R.S.

No grant was made by the Government of Canada to the Territorial Government in the fiscal year 1945-46. The Liquor Account surplus of \$291,002.20, as at March 31, 1945, was increased by profits of \$348,102.43 from liquor sales during the year 1945-46. Transfers from the Liquor Account were \$320,000 to the General Account and \$50,000 to the Post War Work Account.

## AUDITOR GENERAL'S REPORT

The recorded assets of the Territory increased \$30,371.55 during the year and now total \$545,048.17. A comparative balance sheet is:—

121. Although the war has ended, this Office and the accounting divisions of the public service continued to be understaffed for the volume of work to be performed. To the extent practicable, comprehensive tests and examinations were made of all accounts. The co-operation and assistance extended by administrative and accounting officers materially facilitated the audit.
